AT BARRIEFIELD CAMP

ARRIVAL OF THE DIFFERENT REGIMENTS.

Military Work was Commenced in Earnest To-Day—Orders Issued by the Commandant—Notes of a Day. Although yesterday was the opening day for the military camp at Barriefield, this day was given over for the receiving of the different regiments, and the completion of the plans for the camp. Early in the afternoon the regiments commenced to arrive, and by night, the 3,600 men, soon under canvas. Military work commenced in earnest to-day. All day yesterday, the Barriefield road was crowded with carts, all loaded with camp supplies. The tents were all in readiness for the men, and as each regiment arrived, the members were detailed off to their own section. With hands playing, and the men on a good brisk march, the men arrived at the camp and made a most creditable showing, notwithstanding the fact that the roads are very dusty, giving their uniforms anything but a fine appearance. Although the camp is made up of a great many "green" men in the ranks, men who have never been in camp before, there are also a great many of the "old-timers," and all of them are very glad to get back.

Yesterday was a very busy day with the cooks of the various regiments, and their assistants. They hustled around by the morning and got their stoves up, and in the afternoon they made a raid on the wagons that carried over the supplies. One cook was noticed peeling potatoes with a butcher knife, but when asked what he was doing, he said, "There is nothing against you in the court and I hope that you will never appear here again."

A young man was accused of being drunk and disorderly. Constable Mullinger was the complainant. He said that while passing the Chinese restaurant on King street, about 11:45 o'clock, Monday night, he noticed the accused being chased out of the door by the proprietor. The accused had refused to pay for a lunch, and after being made to settle up used language towards the proprietor and also to the constable.

Three dollars and costs, or thirty days, was the magistrate's verdict. The case of Simon Burns, arrested several days ago, and remanded, was then taken up. Burns was accused of stealing a hide from a K. & P. freight car, on August 28th. The hide had been shipped to John McKay.

"I am not guilty, sir," said Burns, when arraigned before the court. Frank Deline, cartage foreman at the K. & P. freight shed, told the court about missing the hide from the car. He said that the seal on the car had been broken open.

Clarence O'Neil, the second witness called, stated that he knew nothing about the case and was asked to step out of the witness box by the court. William Aubin said that at noon on Friday last he saw two men in the railway yards. They were looking at something on the ground, which appeared to be a hide. Witness is sure that the accused was one of these men, but could not say who the other man was.

Michael Hogan, the other witness called, was not present, and as his evidence was considered of great value the magistrate decided to adjourn the case for a day. Constable Bateson stated that he had served Hogan with a summons on Monday afternoon.

The case of the four employees of the K. & P. railway, charged with tearing down the boat house of John Tweedell, was further enlarged for three weeks.

Major McLean, G.G.F.G., having reported for duty as brigade-major, 7th Infantry Brigade, is taken on the strength from this date. Lieut. Donnelly, R.O., is taken on the strength from this date, as orderly officer to officer commanding 2nd Cavalry Brigade. Capt. Powell, R.C.D., is taken on the strength from this date, as brigade-major, 2nd Cavalry Brigade. The duties to-day will be furnished from the 7th Infantry Brigade. Camp medical orderly officer for to-day, Major H. A. Turner, 46th Regiment. Veterinary officer for to-day, to be detailed by the officer commanding 4th Hussars.

The following regiments parade to-day for musketry instruction: 16th and 40th Regiments. The 16th Regiment paraded at the butts for firing practice at 2 p.m.

Musters parades commenced this morning. No excuse will be allowed for absence. Commanding officers are responsible for the sanitation of their units. The medical officer and his sanitary squad will build the necessary incinerators and garbage sinks. The medical officer will organize a sanitary service with his squad, and such other fatigue men as he may require to clean up the lines, and burn all the rubbish and garbage constantly.

The officer commanding No. 3 Cavalry Field Ambulance, will detail one sergeant and four men as camp sanitary police, to be under the direction of the camp sanitary officer.

It is notified for general information that the camp post, telegraph and telephone offices are situated in the divisional headquarters lines, next to the divisional headquarters office.

Some Bugle Calls. The Bay of Quinte railway brought the members of the 5th Field Artillery from Tweed and intermediate points, on a special train, reaching here at two o'clock Monday afternoon. There were eight cars and horses. The company made a fine run.

The Y.M.C.A. tent was put up on the grounds, yesterday, and the usual services will be held there in the evenings for the men. Secretary Nelles will be in charge.

The smiling face of Capt. Healey is again with the 4th Regiment. An annual camp without the captain would be like a ship without a rudder.

A. Moon, caterer for the 49th Regiment, was the busiest man on the grounds yesterday. He had his tent looking spick and span early in the afternoon, and worked like a Trojan. He is a hustler.

The 47th Regiment is at its full strength. The familiar face of "Duke" McCann

bridge is again noticed at camp. He is an orderly in the 47th Regiment, and, yesterday, announced to his comrades that on November 5th he would be seventy-six years of age. "Almost getting too young to go to camp now," said "Duke" with a sly wink of his eye. "Duke" has several medals for serving his country in the early days. He took part in the siege of Sebastopol. Hats off to the "Duke!"

Ideal weather favored the opening day at camp. Although quite warm, there was a cool refreshing breeze.

Lieut. George Kidd, of the 4th Hussars, is one of the most popular men in camp. His many Kingston friends were glad to see him back again in uniform.

ANOTHER CITIZEN FINED.

For Expecting On Court Room Floor. Charged with expecting on the floor in the police court room a citizen, who failed to put to bed the young man told him to go outside. The court imposed a fine of \$1 and costs. When the accused did not appear yesterday the magistrate issued a warrant for his arrest and he was taken in charge by Constable Bateson. When asked why he did not appear in court at the proper time he said that he understood that the case was set for Wednesday.

The seventeen-year-old lad, arrested a few days ago on a charge of stealing a bicycle, was discharged, the magistrate stating that the complainant had reported to him that satisfactory explanations had been given, showing that the lad was not guilty.

"I am glad that it turned out this way," said the court to the accused. "There is nothing against you in the court and I hope that you will never appear here again."

THE SPORT REVIEW

LACROSSE TEAM IS IN GOOD CONDITION.

Hope to End Season By Trimming Belleville—Rugby Teams at Work All Over the City—General Notes on Sport.

The lacrosse team had a fine practice on Monday evening at the cricket field, nearly all the players being in line. The boys are in fine shape and all are anxious for another game. In all probability one will be arranged with Belleville in the near future to decide which is the better team. Captain Singleton is quite confident that he can now put it all over the men from that "Beautiful Isle of Slumberland," as his players are all trained to a nicety. The local team have a good record this season. They have not lost a game so far, but have tied three with Belleville.

Rugby Teams at Work. The different junior football teams around the city are now beginning to put in their appearance in different fields. The old cricket field is the main stand-by and every afternoon and evening numerous teams are at work there. There are some good players among the youngsters and before long they will be fit for junior O.R.F.U. ball. Although no meeting has been called, or nothing definite done, it is likely that there will be a junior team in the O.R.F.U. series. Plenty of good players are wandering around waiting for some one to start a team.

Clayton Yacht Club. Clayton, N.Y. Yacht Club has elected officers for the ensuing year as follows: Commodore, J. H. Stebbins, Jr.; vice-commodore, C. W. Rees; rear commodore, J. P. Gillespie; secretary and treasurer, W. J. Ross; fleet captain, Rev. Father Garand; fleet captain, M. H. Matty; official measurer, Ernest Serrall.

The Season Opened. The duck season opened to-day, and before daylight many hunters were dimly distinguished making their way towards the water front to get their boats and get down to their shooting-box early. Some large bags of game are expected in the city to-night.

Ready For Footballers. "Allie" Pierce has everything in readiness for the Queen's football players when they put in an appearance. "Allie" says that Queen's will have the best team in the intercollegiate this season, and will certainly land the championship.

A Challenge Issued. Long Lake baseball players do not like the treatment they recently got at Sbarbot Lake and now challenge Sbarbot Lake players to meet them at Long Lake baseball grounds on Sept. 10th, at 4 p.m.

The priests of the diocese will arrive in the city, next Monday, to attend the annual retreat, which will continue until the following Saturday morning. Archbishop Gauthier arrived home, last week, greatly improved in health by his recent trip to Mount Clemens.

During the summer months, the stores here closed at five o'clock, and from now on will remain open until six o'clock. The early closing is very much appreciated by the clerks, and would be welcomed by them if put into force all the year round.

Rendered Fine Solo. On Sunday evening, at Oakville, Ont., Miss Lettie Shea, of Queen Street Methodist church choir, rendered a solo in excellent voice. Her singing was greatly admired by the large congregation.

Complaints are beginning to come about women being insulted by boys and young men as they pass by certain corners in the city. Many rude and disgusting remarks are made and a stop should be put to it.

The death took place, Sunday evening, of Mrs. Mary McCoy, widow of the late David McCoy, Belleville. She had been a resident of the city for fifty-six years.

HOME FROM PETAWAWA.

The Camp One of Best Ever Held There. Corporal Belch and Ptes. Ross, Smith and Desjardine, of the P.A. M.C., have returned home from camp at Petawawa.

The men are well pleased with the camp, and the general opinion is that it was one of the best ever held there. There were about ten cases of typhoid fever, but all of these were contracted while the men were at Quebec and could not be traced to the camp at Petawawa. The cases were cared for at the cottage hospital in Pembroke, and all the patients made rapid progress. The water at the camp was in first class, there being no complaints made regarding it. The work of installing a system of sewerage at the camp is now going on.

The members of the R.C.H.A. will return from camp about September 22nd.
