**WHY DO PEOPLE BUILD?**

You see residences going up all over the city every year. Stone masons, carpenters, laters and plasterers are busy by the hundreds building new abodes.

Why this continual building? The answer is "profit." Many of these new houses are being built to rent to others; many are for new homes for the builders. In both cases it means a profit—dividends for the one in the shape of rent returns, and a saving for the other, who has been paying rent.

If you would like to build a house, or buy one, come and figure with us.

We can furnish you with a house, lot or money.

**MCCANN'S,**

51 Brock street.

**BARRIEFIELD CAMP**

**MILITARY TATTOO WILL BE HELD ON WEDNESDAY.**

Arrangements are now being made for this big event—Divine Service on Sunday Morning—Notes From the Camp.

Everything is now in full swing at the military camp, at Barriefield, and the different regiments are fast getting down to hard work. Wednesday morning the first shower of rain visited the camp, and while it was a very heavy one, no damage was done. The tents in use are all first-class, and can stand for everything outside of a small-sized cyclone. The shower on Wednesday afternoon came just as the men were about to leave the field for the day, and thus caused no inconvenience.

At a meeting of the officers held at headquarters, with Col. Gordon, presiding, it was decided to hold a military tattoo, on Wednesday evening next on the camp grounds, and all the necessary arrangements are now under way for this event, which is always looked forward to with great interest each year, by the general public. This year's tattoo will be carried out on more elaborate plans, and in addition to all bands in camp the 14th and 57th Regimental bands will take part. The 57th band has not yet arrived, but will come this week with a composite regiment from Peterboro.

At all the military tattoos held in the past, a great deal of trouble has been caused by horses being too near the lines, and the request is made that on Wednesday evening the horses be kept a safe distance away from the scene. A cordial invitation is extended to the general public to attend. It is best that the horses should be taken to one side in order to avoid accidents.

Arrangements have also been made to hold divine service at the camp on Sunday morning at 9:30 o'clock, when the service will be conducted by the Rev. Canon Starr, assisted by some of the other clergy. Possibly the 14th Regiment will also march over from the armories for the service, but this has not yet been decided. Arrangements are being made for a Roman Catholic church parade on Sunday morning.

**Officers of 47th Regiment.**

Following are the officers of the 47th Regiment: Col. Mayhew, Maj. Ferguson, Maj. Amey, Maj. Sharpe, Maj. Bell, adjutant; Capt. Knight, Capt. Hunter, Capt. C. H. Gray, Capt. Healey, Capt. A. W. Gray, Capt. Hannah, Lieut. Truesdale, Lieut. Rattan, Lieut. Reynolds, Lieut. Partridge, Lieut. Campbell, Lieut. Mayhew, Lieut. Oswald, Lieut. Adams, Lieut. Laidley, Lieut. Tett, Lieut. McKeown, Lieut. Mowck, Quartermaster Redden, Maj. Currie, medical officer; Maj. Thomas Kelly, paymaster; Capt. Rev. J. W. Jones, chaplain.

**Notes of the Camp.**

Lieut. Powers, 14th field battery, suffering from broken collar bone, and Trooper Johnston, of the 3rd Dragoons, who had his left leg broken, were reported to be doing as well as could be expected at the hospital.

Major Alger, of the 49th regiment, was killed by a bullet in the chest, by the death of his brother-in-law, Mr. Huyck. Major Alger's home is in Stirling.

There is at present very little sickness in the camp, but it is early yet to comment on this.

Capt. Hemming, of the British navy, and a brother of Lieut. Col. Hemming, is a visitor at the camp. A composite regiment of six companies will arrive at the camp on Saturday from Peterboro, with the 57th regiment band.

The old butts being used are in bad condition and almost ready to topple over. The new butts were not ready for use.

Caterer Moon, of the 49th regiment, is receiving compliments on all sides for the fine appearance of his mess tents. The decorations have been very nicely arranged.

Major Thomas Kelly, paymaster of the 47th regiment, is one of the veterans of the camp. He served in the North-West rebellion and is one of the oldest members on the grounds. Everyone in camp has a good word to say about the water supply. The general opinion is that it is the best ever supplied the military camp here.

Col. Biggar, chief director of transport and supplies, Ottawa, officer commanding the C.P.A.S.C. and the A.S.C., arrived at the camp yesterday afternoon, and inspected No. 3 company. He was delighted with the condition in which he found everything.

The 9th Brigade Field Artillery, under command of Lieut. E. W. Rathbun, of Deseronto, have the cleanest and finest lines in the whole camp. All the instructors are R.C.H.A. men, sent from Petawawa, and they are doing excellent work. Every tent in the 9th brigade is marked with small whitewashed pebbles, and the mess tent on the hill is also neatly arranged. The brigade also has a fine Union Jack and monster Canadian flag, in a prominent place. The officers are well equipped.

The strength of the 47th Regiment is twenty-six officers and 335 non-commissioned officers and men. The regiment has one of the best drill bands on the grounds.

Major Morgan, as principal veterinary officer, is giving good satisfaction, and his many old friends are glad to see him back in camp.

Ell Robbs, tonsorial artist for the camp, is a very popular man.

There is more Catarrh in this section of the country than all other diseases combined. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Harko's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only reliable cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sole Druggists, 75c.

Take Hall's Family Pills for constipation.

47th Regiment has "made good." He has his tent nicely fitted out.

Col. Biggar returned to Ottawa at seven o'clock last night.

The sister of the 47th Regiment, Sergt. Muller, of Barriefield, is an old soldier. He served with the 60th Rifles, and in the Franco-German war. He is a Swiss veteran, and has medals and papers for service. He has been with the 47th Regiment for twenty years.

The engine pumping the water is now in first class condition, and is giving an abundant supply of first quality water. A new auxiliary water supply has been made out of the water cross beds at Navy Bay, where a concrete basin has been installed.

According to reports going the rounds, the officers have decided to put their foot down against the granting of passes for leave of absence from the grounds after 10 p.m., and some officers have intimated that they will not issue them, only in cases of necessity. Military police have been placed on the Catarqui bridge to see that the men have the necessary permission. All offenders stand a chance of losing their efficiency pay.

Major Sands is one of the most popular medical officers in camp, and is looked upon as the practical military joker.

Randmaster Kimberley, W.O., of the 47th Regiment, is at present attending the D.R.A. matches, at Ottawa, but will report at the end of the week.

**BANK CLERK SKIPS.**

From Harrowsmith With Money Parcel of \$1,200.

Toronto Telegram.

Covering up his trail very carefully at the start, a young clerk in the employment of the Metropolitan Bank at Harrowsmith has fled with a parcel of \$1,200 in bank bills which was to be sent to the head office in Toronto.

His flight was on Wednesday last week, but the matter has been kept quiet, partly because of the respectability of the family and partly in the hope of capturing him quietly.

He was sent to the post-office on Wednesday with parcels for mailing. Keeping out the parcel of \$1,200, he registered another parcel which was addressed to the head office. He was thus able to give his manager a receipt for the registered package and so make a clear getaway.

The young man had received permission to go to Kingston to attend a day, but when he did not return next day on the train which was to bring him back, the manager at Harrowsmith became suspicious and got in communication with the head office. Then it was discovered how near the clerk was to getting away.

The young man went through Kingston on Wednesday night, and likely was in the United States by next morning.

Detectives employed by the guaranty company who put up his London Guaranty and Accident certificates are hot upon his trail. The lapse of a week without a capture is disheartening. The delay in giving publication to the facts may make his flight easier, but the detectives think it may fall the fugitive into a snare.

The missing bank bills are of various denominations. They are not new or unsigned, nor on one bank only. Their numbers are not known, and it is said, and little difficulty would be experienced in passing them.

"That young man was about eighteen years old," said Mr. Ross, general manager of the Metropolitan Bank. "He was in our employ for about two and one-half or three years, I believe, and he having come to us as a junior."

"Usually two men go to the bank in cases like this, but I suppose there was nobody at the Harrowsmith branch at the time except the manager and this clerk. The parcel had to be sent and so he went along with it. Yes, his registering another parcel and so getting the receipt covered up his trail at the start. The parcel he registered was an envelope which contained cheques and other papers, which did not require registering."

"The manager expected him back at Harrowsmith the next day, but when the young man didn't come in on the train which he said he would come back on, the manager's suspicions were aroused."

"We have been very fortunate in escaping trouble with clerks running away. We have been very careful at all our branches, but, as I said, I suppose the manager and this clerk were alone at the time."

"We have started the whole matter over to the guaranty company, but as yet they haven't found the missing clerk."

The young man's name is Roy Purdy.

The young man was well thought of as he has family and connections, and his father, living on a farm close by, has offered to make restitution even to his last dollar.

**Wonders At Wonderland.**

This week Vesper, London's impersonator, society and novelty entertainer, is exhibiting at Wonderland theatre, and Will West, of Toronto, who sings tenor with operatic effect, is describing the handsome illustrated pictures, "The Road to Yesterday."

The moving pictures were "Under a Crocodile Skin," a comic drama, and "The Brahmin's Miracle," in colors. The illustrated songs and moving pictures are changed every other day, Mondays, Wednesdays and Fridays; the vaudeville acts are changed twice a week and vaudeville artists arrive at Wonderland every day.

The manager intends to put on special updated attractions that go with moving pictures and vaudeville direct from New York city. To-day is children's day at Wonderland.

**Had Fine Gatherings.**

Every evening this week "Rockpoint Camp," the summer home of R. J. Reid and family has been the scene of happy gatherings. On Monday evening a taffy pull was given, on Tuesday evening a corn roast and on Wednesday a turn-out in large numbers, and the huge bonfire on the shore certainly looked very inviting. Numbers of Chinese lanterns were strung around, and the scene was very pretty. Quite a number from the city drive out to the camp in the evening to attend the fun.

**IN MARINE CIRCLES**

**GOOD BOAT BUILDING SEASON ANTICIPATED.**

Some Marine Regulations That Require a Looking Into—Davis Dry Dock in Good Condition—Movements of Vessels to and From This Port.

There promises to be a busy season of boatbuilding here during the fall and winter. Two steamers of about 100 feet in length are likely to be constructed by the Davis Co., as well as a couple of steambarge tugs for heavy canal traffic. Then there will be a number of steam and gasoline yachts built for various parties by the same company. Last winter it was dull in the shipbuilding line here. The outlook for a busy season this year will cause satisfaction.

**Dock In Good Condition.**

The Davis dry-dock is again in good working order, after two mishaps this past summer. The concrete repairs made to it promise to keep it secure. It has cost the Davis Co. company nearly \$3,000 to put the dock in shape after the misfortunes which befell it. The company would do more reconstruction at it if a long lease of the premises could be secured.

The property in question is leased from the K. & P. railway company which holds a ninety-nine year government lease, and it will not release for a period of longer than five years at a time.

**A Suggested Overhauling.**

Local mariners are agitating for some change in the marine regulations regarding the issuing of certificates to captains, mates and engineers. Some time ago changes were made in the regulations. One instance might be cited: The new law requires a captain's certificate to be endorsed as to what kind of steamer it refers to. One local captain who has had thirty-five years' experience and a certificate that length of time has been unable to get his certificate endorsed without undergoing examination. His old certificate gives him the right of navigating a steamer on lake and river, but he is now not allowed to navigate a passenger steamer, even after all his experience. Other mariners with more than half a century's certificates endorsed without examination. This is a matter that the Dominion Marine Association might take up with the department of marine, and see why all old captains should not be treated alike. There are many unsatisfactory regulations which require to be overhauled. The new civil service commission, in fact, might do some overhauling of that department to the betterment of the steamboat service. Another complaint of mariners is the tedious delays of marine men to suffer through the negligence of some persons at Ottawa in forwarding them registration certificates of ownership of their vessels. Ofttimes, inspectors cannot issue the certificate of inspection through the delay caused by old logies at Ottawa, who should be shelved if they cannot do their duty.

**No Longer Need Inspection.**

The local marine inspectors have received notice from the department that hereafter no vessel of five tons or more will require inspection. This will release a large number of little gasoline boats carrying passengers, which all along have had to undergo inspection. These boats are used for pleasure and are not dangerous. The new law requires that they be certified to conform with the United States regulations. The two countries having different laws regarding these small boats made matters complicated, when there is reciprocity of inspection. The Canadian law was the better one, as the people were protected. Now, it will rest wholly on the inspectors.

**The Penalty of Fast Living.**

It is paid for by an irritable condition of body and mind, by exhaustion and broken sleep. If you must eat and live, keep in mind the sustaining power of Ferrozone, a wonderful tonic and reconstructive. Ferrozone is a blood maker, a nerve strengthener, a heart and brain invigorator. It creates appetite, insures perfect digestion and undisturbed sleep, restores the vitality and strength lost by excessive living very quickly. Ferrozone will do you irrefragable good. Try it. Price 50c per box or six boxes for \$2.50 at drug stores or Polson & Co., Kingston.

**Gray Hair Restored.**

The proper way to restore gray hair is not to dye it but to restore healthy activity to the scalp and hair bulbs by natural color restorers. This will result from the use of Dr. Dawson's Hair Restorer. In bottles, 50c., at Wade's Drug Store.

**A Heartless Husband.**

A carpenter, residing in an Eastern Ontario town, left home in the spring in search of work as a carpenter. The last message received by his wife was dated from Kingston in June. Now their baby is dangerously ill and the neglected wife is left alone to bear the sorrow.

**Going To The Coast.**

Rev. Dr. Ryckman and Miss Ryckman are arranging to take a trip to Victoria, B.C., where the Methodist mission board will hold its annual meeting in October.

**Brockville And Ogdensburg.**

Friday, 8 a.m., steamer America, owing to the numerous requests, will make one more trip, 50c. return.

Just arrived per S.S. Virginian, a full line of Jacob's Irish biscuits, Glacier wafers, Alpine wafers, puff cracker, ch. sandwich, milk ch. biscuits, Sydney Polo, Small Clifton, Jamaica, Colonial, Thin Social, Breakfast Ottoman, Rifle Nut, Ginger Nut, Miranda, Oaten Shortcake, Federation, at Gilbert's store.

Another post office has been opened in Leeds county, Ontario, by the Hon. the attorney and popular E. J. Grenon is postmaster.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

**Kingston's Famous Fur Store.**

**FUR-LINED CLOAKS**

For the street, for the carriage, for the opera.

Shells of broadcloth, covert cloth and tweeds, lined with Squirrel, Hamster, Muskrat, and Mink. Collar and Cuffs, if desired, are of most every variety of fur.

We wouldn't attempt to describe these garments here—styles are so many and varied. We make to order if you prefer it.

Prices \$25 to \$200.

We sell the best \$50.00 Fur-lined Coat, for men and women, in Canada.

**George Mills & Co.**

Makers of Fine Furs, Princess St.

with the people as to the risk they will take in travelling as passengers on gasoline launches of from thirty to forty feet long.

**Marine Notes.**

The steamer Advance called here last night for her own west.

The steambarge Hinckley was at the Kingston and Pembroke wharf today.

The steambarge Hinckley arrived light, from Cape Vincent, this morning.

The steamer St. Joseph, of Oswego, is expected to arrive at the government dry dock for repairs the end of this week.

Steamer North King, down and up to-day; steamer Athol, from bay port, steamyacht Castanet, up to-day.

The schooner Sir Oliver Mowat, undergoing repairs in Davis' dry dock, cleared yesterday for Sodus, to load coal for Bowmanville.

**Warning To Bicyclists.**

The police have been notified by the chief to pay strict attention to bicyclists and to summon any that are found riding on the sidewalks. It is some time since any one has been summoned for this, and the riders are becoming quite free and easy with their walks. In future, any one caught riding on the walks will be asked to appear before the police magistrate. Is the far walk from King street, through the market to the city buildings, considered a sidewalk, or are people allowed to ride on it? is asked. This pavement is certainly a walk, else, why does it exist. The police and city officials must not ride on it, either.

**"Quincy Adams Sawyer."**

Now and then the theatre-goer finds a play that he would rather see again than an entirely new one. Such plays are not written very often, but once in a great while they make their appearance and they live on for many years. "Quincy Adams Sawyer," the great rural drama success, which is remembered as a most decided hit when seen here before, is a play that has a taste for seeing again, and its return to this city, at the Grand on Saturday, September 5th, matinee and night, will be hailed with genuine delight.

**Should Be Careful.**

Merchants should be very careful in buying articles from boys, as in many cases they are receiving stolen property. This has often happened here, and if the lad is successful once in disposing of his plunder, it only leads him to try again. Under certain conditions the storekeepers are liable to a heavy fine for receiving stolen goods. If a youngster comes into a store to dispose of a gold watch for two or three dollars, the merchant must suspect that there is something wrong.

**Royal Military College.**

The Royal Military College opened Tuesday afternoon for the second and third year students, who reported at six o'clock. This session, there are 101 cadets on the roll, the largest number in years. Exactly an even hundred are now in college, one cadet being on sick leave. Cadet Grasset, of Toronto, is battalion sergeant-major.

**Too Many Druggists.**

The Canadian Pharmaceutical Association began its first annual meeting in Toronto, Tuesday afternoon, with delegates from all parts of Canada. N. C. Polson, Kingston, rather startled the meeting by a declaration that too many druggists are being manufactured, and that it would be a benefit if the pharmacy colleges could close down for the next ten years.

**Meeting Of Queen's Trustees.**

Queen's University trustees had a meeting yesterday afternoon, when the resignation of Prof. Shortt as head of the political science department was received. In the meantime the work was done by the professor's assistant, Mr. Skelton, M.A. An appointment to fill the vacancy will be made later.

**Five Per Cent Advance.**

It is understood that the Grand Trunk railroad has granted an increase of five per cent. to some of the trainmen in its employ. The men admit that they did not get all they wanted, but say they were contented with what they were given, because of the prevalent depression of trade and the scarcity of money.

**Gray Hair Restored.**

The proper way to restore gray hair is not to dye it but to restore healthy activity to the scalp and hair bulbs by natural color restorers. This will result from the use of Dr. Dawson's Hair Restorer. In bottles, 50c., at Wade's Drug Store.

**A Heartless Husband.**

A carpenter, residing in an Eastern Ontario town, left home in the spring in search of work as a carpenter. The last message received by his wife was dated from Kingston in June. Now their baby is dangerously ill and the neglected wife is left alone to bear the sorrow.

**Going To The Coast.**
