## GREAT LABOR PICNIC AT LAKE ONTARIO PARK ON MONDAY.

Marathon Race Won By R. O'Brien, of Gananoque. Orientals Beat Y.I.C.B.U. at Baseball—Other Features of the Picnic.

The monster picnic held on Monday by the Trades and Labor Council at Lake Ontario Park was a grand success in every particular. The labor men were favored by fine weather, and as they had a good programme they had a large crowd. In the afternoon fully three thousand people were at the park and in the evening nearly four thousand were in attendance. All found plenty of amusement, as numerous things had been arranged. The people started to the park at 12 o'clock noon and continued in a steady stream until late at night. Everything about the picnic was well managed and everything ran off without a hitch.

### The Marathon Race.

The main attraction of the picnic was the 10-mile Marathon race and it was one of the best races ever held in Eastern Ontario. Ten miles over the road is quite a grind, and a person must be in good condition to stand the strain. Out of the fourteen starters in Monday's race eleven came in good time. The day was an ideal one for the contest. It was just about cool enough and the light breeze was a great benefit. The sun was not very strong, not strong enough to worry the boys, in any way. The course was about ten miles, start and finish at the park. After leaving the park the contestants ran west to Davy's concession, to the Bath Road, to the G.T.R. railway, where they turned and ran back over the same course. Markers were stationed at every turn so that the runners could not make any mistake in the course.

Sixteen entries were received and fourteen runners started, bearing the following numbers:

1. P. Nicholson, Port Hope.
2. P. McMaster, Y.M.C.A.
3. A. Parkins, C.L.C.
4. W. Watt, B.C.C.
5. R. O'Brien, Gananoque.
6. R. Edger, Y.M.C.A.
7. W. Cole, Y.M.C.A.
8. F. Stone, Y.M.C.A.
9. A. Casterton, Y.M.C.A.
10. H. Spring, Y.M.C.A.
11. R. Atkinson, St. James' Club.
12. M. Smith, St. James' Club.
13. R. Partridge, St. James' Club.

The race was called for 1.30, and shortly after this hour every runner was on hand. W. F. Nickle, M.P.P., acted as starter; E. J. B. Pense, Ex-Mayor McFarlane, W. W. Gibson and William Driscoll, were judges, and T. J. Thompson, clerk of the course. W. W. Gibson followed the runners in a cab to watch the progress of the race. The grand stand and baseball diamond was black with people when the men lined up for final instructions, and when the word to go was given at 2.05 o'clock the men started away, followed by a hearty cheer.

### With The Runners.

At the start Nicholson took the lead, but only for the first quarter of a mile, when he dropped back giving his place to Watts, with Parkins, Atkinson and O'Brien in the next bunch. The rest were all bunched a little way behind. The first signs of distress came from Nicholson after the first mile and he was forced to enter the track. The rest were all running easy, and setting a very good pace. At the first turn, about a mile and a half from the start, Watts had a good lead, Parkins second, Atkinson third, O'Brien fourth, and Cole fifth. These five were stretched out, and the remainder were more or less bunched behind. At the end of three miles Watts still led, and was running a good race, without any signs of distress. He had a lead of about 200 yards and looked like a winner. Atkinson jumped from third to second, Parkins falling back to seventh place, the remainder remaining as they were at the former crossing. At the turning post another change had taken place in the runners. Watts was still leading, but not as strong as he had been, O'Brien was running second; Atkinson third, and Parkins came up to fourth.

Shortly after this the real race began and the runners began to show what they were made of. At this time three men had given up, Nicholson, Stone and McMaster. Stone's legs went bad, and McMaster took cramps so badly that he could not continue. Watts, Atkinson and O'Brien had attendants and these were a great aid to them on the return run. Shortly after the turn, Atkinson, who had been running a fine race, began to shorten the distance between Watts and himself, and between the sixth and seventh mile succeeded in catching up to him. He ran just behind him for some distance and as he saw the cader begin to weaken he forged ahead until he had a lead of about 10 yards, which he had no trouble in maintaining. Atkinson then saw it was up to him, and just after he crossed the bridge this side of Carthorpe's farm he also passed Watts. He could not overhaul O'Brien. Between the hill and the bridge Watts fell back to fourth place, Parkins passing him and capturing third. Watts held fourth place, Fletcher finishing fifth, and Cole sixth.

### Arrival At The Park.

As the first runner entered the park gate a loud cheer went up and the large crowd flooded the field to see the finish. O'Brien finished well, covering the distance in an hour and three minutes. Atkinson was only a minute and a half behind him, and Parkins made the run in an hour and six minutes. The other runners finished as follows:

- Watts—66 minutes.
- Fletcher—70 minutes.
- Cole—71 minutes.
- Edgar—75 minutes.
- Casterton—75 minutes.
- Stone—80 minutes.
- Partridge—80½ minutes.
- Smith—84 minutes.

Many surprises were sprung in the race, especially Atkinson and Parkins, two men to the running game. Parkins never ran a race before in his life and his showing was certainly a creditable one.

Shortly after the race the prizes, two cups and three medals, were presented to the runners by Mr. Pense.

and Y.I.C.B.U. put on a baseball game, and it was certainly a very one-sided affair, the Triple Links winning out, 23 runs to 8. In spots the game was good, and in spots it dragged terribly. Errors were numerous and hits were not by any means a rare event. The game was witnessed by a large number of people and at time the excitement grew to the scrapping pitch but noistic encounters were engaged in. The Orientals had the best of the argument from the go in, and from the end of the first innnings were not in danger of defeat. The winners played good snappy ball just when it was needed, and the losers made the game a burlesque just when they should have been applied to business. The team went to bat as follows:

"Billy" McFarlane made a satisfactory showing.

The feature of the game was a home run drive by Laird in the second innnings.

He picked out a shot that seemed to hit him and past it away out in left field, far out south of Coyne.

Dickson batted just before time and put the leather sphere up against the board fence in right field, good for two bases, scoring two runs. This is a fair sample of the hitting that was going on, Turcotte being touched up for sixteen hits.

McCormon threw a good game for the winners and received fine support.

William Laird made his debut behind the bat and certainly proved a find.

He handled the many curves with perfect ease.

The freshmen seemed to be badly up against it in this game, having lost from the start.

One of the bad errors cost them many runs at different times during the game.

In the second and fifth innnings, the winners scored 15 runs in five runs-each innnings.

In the last innnings the Irishmen made a hard fight to rally and even up but
