Only Police Constable "Harry" Filson has to a large extent the success of the a few relatives and intimate friends been off duty a few days, suffering

street, between West and Simcoe streets, is a fine one, but such a magnificent building as proposed, placed in such surroundings of poor buildings and big coal sheds, and idle steamers blocking the view down the river, has cooled their ardor for it; while the small buildings on the Yacht Club side are also incongruous. The Macdonald Park site is one that they believe unexcelled on the continent for an hotel. They declare it rivals the sites of the Chateau Frontenac at Quebec and the Clifton house at Niagara. They believe they can bring double the number of persons there than they could if the hotel was ity. built on an ordinary site. They would replace the tower with a building so picturesque that the point would be I an object of beauty. They would come no further towards Emily street than the tower, mound, and would extend the building westward towards the

King street west, which would involve Rathbun properties, and make it a

dear site for the city to purchase. Trade and city council, and when this afternoon. I pared with plans. It's now up to the city of Kingston to take action.

Mr. Graves, like his two associates on this trip, is charmed with Kings ton. The weather has been superb and the crty at its best for their vist. Mr. Graves does not blame the citizens for being slow and easy-going, for he declares that if he had enough money to retire upon and settled is Kingston, he would loaf and not work. He is satisfied that Kingston has an hotel future that will some day surprise the people.
