

FRUIT JUICES CLEAR THE SKIN

The skin mirrors faithfully the state of the blood, and the blood shows how well—or how badly—the liver, bowels, kidneys and the millions of tiny glands in the skin are doing their work. If these organs are not properly clearing out the waste matter, the blood will be poisoned and the skin sallow, "muddy" and sprinkled with pimples. Plenty of ripe fruit helps more than any other food to cure this condition, but even more effective, as well as less expensive, are "Fruit-a-tives." These are little tablets of concentrated fruit juices, combined in such a way as to many times increase their action on those organs that eliminate impurities. One or two "Fruit-a-tives" a day will keep the blood pure and give the skin the clear glow of health. 25¢ for trial size box—5¢ for regular size—6 for \$2.50. Dealers everywhere should have both sizes. If you are unable to obtain "Fruit-a-tives" in your neighborhood, they will be sent on receipt of price. *Fruit-a-tives Limited, Ottawa*.

Five men lost their lives in the fire at the Belmont hotel, at Denver, Colo., on Tuesday.

You shake down the ashes
not the coal—in the

"Hecla" Furnace

There are
four
grate bars
in the
"Hecla"

Each
one can
be
shaken
separately.

You don't have to shake the whole fire to get out the ashes around the edges of the firepot. You don't shake down a lot of good coal with the ashes. You don't have to use a poker at all.

The "Hecla" Triangular Bar Grate allows you to shake just the part of the fire where the ashes are, without disturbing the rest of the coal.

Naturally, one grate is easier to shake than four all geared together. That is why people find the HECLA "no trouble to look after."

Fused Joints—a patented "Hecla" feature—keep the house free of gas, smoke and dust.
