For she cannot help it. Women are often cross, irritable, hysteric, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of Toronto Ticket Office, 51 King ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E PINKHAM'S **VEGETABLE COMPOUND**

Mrs. Henry Clark, Glandford Station, Ont., writes to Mrs. Pinkham: "I have taken Lydia E. Pinkham's Vegetable Compound for years, and never found any medicine to compare with it for sick women.

"I had ulcers and a displacement of the female organs, and doctors did me no good: I suffered dreadfully until I began taking Lydia E. Pinkham's Vegetable Compound, which has cured me.'

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

Why don't you try it? Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

These were a relief to the sombre yet picturesque episode of Sir Walter Raleigh's reprieve, which arrives when he has already laid his head upon the block; followed by the dignified and impressive founding of the great Winchester college by William of Wykeham, in which masters and boys take all parts; and the donation to the cathedral of various lands by the great Northman, Canute. As there was a constant variety in incidents, and the processional element was insisted upon, there are lingering memories of masses of color, of stately marchings, of illustrious figures, and of brilliant "snap-shots" of the life long gone by.

On the opening day of the pageant a grand service was held in the cathedral; fifty archbishops and bishops were present, despite the counter attraction of he Marlborough House garden party. Major Hodder is a very inquisitive Englishman, who has been wondering why the Barbados, alone of the Antil les, are free from malaria. He thinks it must be because the Barbados, alone of the Antilles, are free from gnats and mosquitoes. But why no gnats? Because of the wild and beneficent profusion of fish called "millions." The millions eat the gnats while they're still larvae. Acting on Major Hodder's theory, the Jamaicans, the people of Colon, and the colonists of British Guiana have imported millions, and lo the gnats vanish.
