TALK TO DEAD

What Ghost Club Members Will Try.

TO USE PASSAGES

FROM DIARY TO REACH PROF. C. COLLINS.

Will Assist in Creating the Commonwealth Navy By Leaving Certain Cruisers—The Inquest on Suicide of Major Gen. Luard Has Not Turned on More Light.

London, Sept. 22.—A body of occultists, known as the Ghost Club, is going to try to get into communication with the late Charlton Collins, an eminent professor, who was a member of the club, and who had, when he died, a compact with his fellow-members to try to communicate with the survivors after death. The members of the club propose to use certain passages in his diary as messages to Prof. Collins. These passages are unknown to anybody except intimate friends of the Collins family, and the experimenters say they will be able to tell immediately whether the medium whom they will employ actually has established communication.

A cable from Melbourne says Lord Crews has sent Premier Deakin a despatch which has pleased the Australian government, as the admiralty promises to retain certain cruisers in Australian waters, besides actively assisting the genesis of the Commonwealth Navy.

The inquest in the case of Major-General Luard, who committed suicide because anonymous letter writers had accused him of being the murderer of his wife, threw no light on the case. A letter from General Luard to his friend, Col. Warde, was read, saying: "I am satisfied that it is best to join her (Mrs. Luard) in the second life, as I can be of no further use to any one in this world, of which I am tired, and in which I care for nothing except to assist in the progress of the human race." A verdict of suicide, while temporarily insane, was found.

C.P.R. Takes American Road.

Chicago, Sept. 22.—A special dispatch to the Chicago Tribune says that the Chicago, Great Western railway company, together with all of its terminal facilities, rolling stock and motive power equipment will soon become the sole property of and subsidiary line to the vast system of the Canadian Pacific railway company, which seems to be a certainty, according to unofficial information from headquarters of the Great Western in St. Paul.

Was a General Decline.

London, Sept. 22.—The British board of trade's report, on foreign commerce for the six months ended June 30th, shows that exports and imports of every European country, except Spain, declined in that period, while Spain went ahead. Agricultural machinery, steam engines and mineral manufactures were most conspicuous among the increased imports, the main improvement in exports being due to increased sales of cheap wines and sherry.

Six Delayed Contests.

Ottawa, Sept. 22.—There are six Dominion constituencies in which polling will not take place until after the general elections. These are Chicoutimi and Saguenay, and Gaspe, in Quebec; Comox-Atlin, Kootenay and Yale-Cariboo, in British Columbia; and the Yukon. The election in the Yukon will probably not occur before December, much time being required to post the notices.

B. de Boucherville became Premier of Quebec. 1882—The Hon. J. A. A. McArthur, appointed Lieutenant-Governor of the Province of Manitoba and Keweenaw territory. 1905—The Canadian Manufacturers' Association, in convention at Montreal, adopted a resolution favorable to reciprocal preferential trade, and the appointment of an imperial commission.

Bears In The Road.

Ottawa, Sept. 22.—Alex. S. C. Thomas, while returning home from Bobeageon, recently, with a horse and buggy, was surprised to find three bears in the road about half a mile south of his house. They were an old bear and two cubs. One of the cubs was rolling fat and as lazy as a teddy-bear. The horse offered no objection to their presence, and they had to be "shooed" to one side of the road, where they sat on their haunches looking disconcertingly at the vehicle that had troubled them to move out of the way.

Big Barns Burned.

Whitby, Ont., Sept. 22.—Fire destroyed the barns on the farm owned by William Smith, ex-M.P., and tenanted by Horace Ellis, one mile south of Brocklin. The fire was caused by the explosion of a lantern. Much of the season's crop was lost, together with feed, implements, and two pigs.

A WEEK ON A WRECK.

Thrilling Experience of Captain and Five Seamen.

San Juan, Porto Rico, Sept. 22.—After a thrilling experience in a hurricane during which they suffered terrible hardships, Capt. J. B. Morris and five seamen of the schooner Mary B. Judge from Mobile for San Juan, were rescued, last Thursday, by the steamer Julia Luckenbach, for San Juan from New York.

The Mary B. Judge ran into a hurricane on September 11th. The schooner's masts were carried away and she soon filled with water. The captain and his crew lashed themselves to the top of the poop. All they had succeeded in saving was a little hard tack and a gallon of water. The water was exhausted in twenty-four hours, and the biscuits were doled out, one to each man, daily. On the 16th the men caught two gallons of rain, and when rescued a couple of days later, they had a gallon of water and eight biscuits left.

They had almost abandoned hope when the light of the Luckenbach was seen at 11:40 Wednesday night. With some masts and a few splinters clipped from the rail a fire was started, and the Luckenbach signalled to come to the rescue.

CHOLERA INCREASES.

It is Rapidly Decimating the Population.

St. Petersburg, Sept. 22.—The cholera continues to increase rapidly, day by day, in St. Petersburg. The preventive measures taken by the authorities had little effect in checking the spread of the epidemic. Between noon on Sunday and noon yesterday, the municipal hospitals reported the entrance of 280 cases and 155 deaths and the adding of the statistics from the military and suburban hospitals for the same period will swell the total to formidable proportions. There are thirty-four cases of cholera alone in Semenovskiy Military Hospital. Despatches received here from three provinces report 488 new cases and 201 deaths in twenty-four hours.

WINSTON CHURCHILL'S COAT.

Failure as a Wedding Garment, Says Tailor.

London, Sept. 22.—Winston Churchill achieved the distinction of wearing at his marriage a coat which, in the opinion of the editor of The Tailor and Cutter, was "one of the greatest failures as a wedding garment we have ever seen." The coat was too long and too heavy as a morning coat, and too short and skimpy as a frock. It gave the wearer a sort of glorified coachman appearance.

"Home of Juliet" Burned.

Rome, Sept. 22.—The house shown to tourists as the ancient palace of the Capulets at Verona, which is associated with the story of Romeo and Juliet, has been completely destroyed by fire. A fire which recently broke out in the centre of the village of Saint Angelo Canelli was extinguished by the use of wine, which was more plentiful than water.

AN ELECTRIC SPARK MAY TAKE THE PLACE OF THE SURGEON'S KNIFE.

New Surgical Instrument Invented in Berlin—Noiseless Spark Half-inch Long Does the Cutting—Sterilizes As it Cuts.

Berlin, Sept. 22.—Surgery by electricity is what is alleged to be possible with a remarkable electric knife just revised by a Berlin firm of medical instrument manufacturers. The new instrument, which is only half an inch long, does the cutting and sterilizes as it cuts. It is claimed for it that operations can be performed more quickly and with less pain than by the ordinary scalpel has been used.

To one end of a six or eight inch glass rod, through the centre of which passes a conducting wire, is fastened the blade with a cutting edge of a form similar to that of the commonly used surgical knives or like the simple probe. A high frequency current is employed, and when this is turned on a noiseless spark half an inch long appears from the point of the knife or probe. The spark incises the soft tissue with the same ease as a hot knife goes through butter without any apparent cauterization, but Prof. Bier's experiments have so far shown that a more profuse hemorrhage ensues than by the use of the common knife.

It is further claimed for the instrument that it sterilizes as it cuts, requires no sharpening and can be easily cleaned.

Ottawa, Sept. 22.—Alex. S. C. Thomas, while returning home from Bobeageon, recently, with a horse and buggy, was surprised to find three bears in the road about half a mile south of his house. They were an old bear and two cubs. One of the cubs was rolling fat and as lazy as a teddy-bear. MAJOR WEDS

A Quiet Event in a Toronto Church.

MISS BESSIE BOGART

BECAME THE WIFE OF MAJOR DEROCHE, OTTAWA.

Hosts of Friends Will Send Felicitations—Three Men From Kalarad Before Judge Madden—Man Sent to Central Prison For Horse Stealing—Personal Paragraphs.

Napanee, Sept. 22.—A marriage which will interest Napaneeans was celebrated, on Saturday last, at St. John's church, Toronto, when Miss Bessie C. Bogart became the bride of Major Alex. P. Deroche, of Ottawa, youngest son of H. M. Deroche, K.C., Napanee.

The ceremony was performed by Rev. E. Costigan, brother-in-law of the groom. After the ceremony Mr. and Mrs. Deroche left on the afternoon boat for Montreal and Quebec. After the honeymoon Mr. and Mrs. Deroche will take up their residence in Ottawa. Both the bride and groom are favorites in social circles in Napanee and have hosts of friends who wish them a happy and prosperous voyage through life.

The three prisoners from Kalarad township came before Judge Madden yesterday. Stanley Peterson pleaded guilty of arson and also to seduction of a girl between fourteen and sixteen years of age, remanded till October 1st for sentence. Charles Gonyon pleaded to be tried by Judge Madden and pleaded not guilty to a charge of arson; remanded till October 1st, at 10 a.m. for trial.

Francis Gonyon, of Kalarad, is in jail on a charge of threatening to kill and will be tried at the assizes opening here Monday, September 28th, before Justice Anglin.

Robert Richardson, arrested in December a couple of weeks ago, for the theft of a horse, was sentenced to six months in Central prison. Bert Perry for the theft of a watch was let off on suspended sentence.

A young Kingstonian, who was found in Mooney's orchard stealing apples, was let off on suspended sentence.

Mrs. A. W. Stewart and daughter, Marjorie, also W. A. Ferguson and wife, all of Lanark, were a few days last week with their grandmother, Mrs. M. J. Smith, at Mrs. Charlotte Allen's. Mr. and Mrs. F. S. Boyes returned Saturday night from their honeymoon, spent in Toronto, Buffalo, Philadelphia and Atlantic City.

W. L. Bennett returned Saturday from a three month's visit with his sons in the United States. Mrs. C. E. Bartlett left yesterday for New York to spend a couple of months with her daughter, Mrs. N. A. Briscoe.

WOMAN LEAPS FROM TOWER.

Suicide From Parapet of the Eiffel Structure.

Paris, Sept. 22.—A sensation was caused, yesterday afternoon, among the visitors to the top floor of the Eiffel tower, by a young woman named Mme. Mantion, of Billancourt, near Paris, suddenly jumping off the parapet and through the space between any one could stop her.

The unfortunate woman fell as far as the second floor, nearly 300 feet below, her body rebounding several times against the framework. She was killed outright, and her remains were taken to the morgue.

The reasons for her suicide are unknown.

ROBBERS GOT \$2,400.

Held Up Vermilion Bay Store-keeper.

Kemora, Ont., Sept. 22.—A hold-up occurred at Vermilion Bay, where N. Scheinman, a merchant, was robbed to the extent of \$2,400. While one of the desperadoes held Mr. Scheinman with a revolver the other man rifled the cash register. The men then made their escape, after firing two shots at a group of townspeople who had at once responded to the alarm given by Mr. Scheinman and started in pursuit. The police suspect that the two men responsible for this hold-up are the same who committed the series of burglaries recently in Winnipeg.

QUEEN AMELIE'S VISIT.

Bereaved Spouse to Rest in England.

London, Sept. 22.—Queen Amelie of Portugal will be England's next royal guest—but, of course, on a strictly private visit. The bereaved queen, whose health has been shattered by the tragedy of February last and her subsequent worries, is coming for a thorough rest and change in rural England. She is said to be only a shadow of her former self.

King Edward has offered to her, the use of either Barton Hall, in the Isle of Wight, or Birkhall House, near Balmoral.

Beaten Out of \$150,000.

Ottawa, Ont., Sept. 22.—About a year ago, Chinese began to arrive at King Edward, in Montreal. It is figured out that the government has lost \$150,000 in head tax.

THE LATEST REMEDY.

Milk Diet Prescribed to Reduce Stoutness.

Berlin, Sept. 22.—To reduce stoutness a diet of milk exclusively is the latest prescription. Prof. F. Moritz, of Strassburg, who has introduced the new cure, declares that it is the simplest, most comfortable and cheapest remedy for stoutness.

The patient must take no other nourishment than milk, but a little water may be drunk. The daily allowance of milk varies from two quarts to three pints and a half, and should be taken in five portions. The professor states that one patient lost fifty-six pounds in eighty-one days.

Pastor's Wife For Show Girl.

Philadelphia, Sept. 22.—While the Rev. Dr. Riley, of the Green Hill Presbyterian church in Philadelphia, is presiding to his large and fashionable congregation this winter his wife, Mrs. Margaret Harrison Riley, will appear as a show girl in the Fritzi Scheff Opera company, with which she is now rehearsing.

Arthur Powell Davis, the chief engineer of the great reclamation work planned by the United States government, is one of the country's best-known experts in handling difficult engineering feats. He will superintend this fall the beginning of attempts to reclaim waste lands that will involve an estimated expenditure of nearly \$10,000,000. Born in Decatur, Ga., February 29th, 1857, he is educated mostly in Kansas, and is a graduate of Columbia University, D.C. He has for years been handling important engineering problems for the United States.

FARMERS AGAIN RISE

TO PROCLAIM AN OLD TIME GRIEVANCE

Against the Gananoque Water Power Company—Lord's Day Alliance Meeting—Visitors in and Out of Gananoque.

Gananoque, Sept. 22.—The old-time grievance between the farmers in the rear of the riding and the Gananoque Water Power company has been having another airing during the past week, and the subject is one of vital importance to every manufacturer in town, as well as to his employees. Twice the farmers have brought their grievances before the courts of the land, and since the decision of the court has been in favour of the water power company, they have taken the law into their own hands by some persons unknown and efforts made to blow up the dam situated at Marble Rock, but unsuccessfully. During the past month, or so, of the year, the township council brought their grievances before the department at Ottawa, requesting legislation in parliament to regulate the matter; and of course a certain amount of the money raised by the state—unwisdom has been the condition of the water supply is sufficient to cause every workman to think of the subject—four days' work a week at present and prospects of less. The life of the town depends on its manufacturing establishments, and they depend in the main on the water supply. Therefore every citizen is interested in the case, whether he be manufacturer or employee or merchant.

A public meeting was held in the lecture room of Grace Methodist church on Monday evening, under the auspices of the local branch of the Lord's Day Alliance. Rev. Henry Gracey, president of the local branch, occupied the chair. Rev. W. A. Hanna, of Toronto, provincial secretary and Messrs. J. G. Linklater, J. A. Jackson, William McKenzie and W. B. Carroll, executive committee.

Miss Agnes Johnston, daughter of Mr. and Mrs. George L. Johnston, King street, has successfully passed her examinations and has received her first-class professional certificate.

Visiting in town: Mrs. Porter, Stella, with Mr. and Mrs. Thomas Meigs, Stone street; Mr. and Mrs. Joseph Kenny, Jones' Falls, with the latter's parents, Mr. and Mrs. John McArthur, First street; Mrs. Williams and Miss Williams, Toronto, with friends.

Visiting out of town: W. B. Carroll, in Ottawa for a week; Mrs. Squire and Mrs. O. D. Cowan, Pine street, in Boston for two months; Mrs. F. J. S. Skinner, King street, and Mrs. C. W. Taylor, Church street, at Clifton Springs, N.Y., for six weeks.

The following have returned after visits in town: William Beattie, Victoria, B.C., with relatives and friends; Mrs. Charles P. Cornell, New York city, from spending the season at Tara's Hall, at Tremont Park; Mr. and Mrs. George Gillies, Toronto, from spending a few weeks with relatives.

DIED IN MONTREAL.

John Dillon Left An Estate of \$84,000.

Toronto, Sept. 22.—John Dillon, the man who went on a rampage in Montreal last April, and shot several people and police officers before he was shot himself in the house in which he barricaded himself, left an Ontario estate of \$84,224, all in stocks. His will was filed for probate in Toronto, but the date of his demise in Hotel Dieu hospital is not given. He was formerly a Toronto book agent and his sensational speculations in Montreal created considerable interest all through Canada.

He made a will on April 20th, 1907, certified to by Henri Baby, Montreal. In addition to stocks held in Ontario he owned real estate in Montreal valued at \$16,530, and had \$9,525 insurance on his life. The legatees are four nieces and five grandchildren, who receive \$10,000 each, and A. G. Gardner, Montreal, receive \$1,000 each "as a slight recognition of the services to be rendered."

GAMBLERS SUPPORT POOR.

Taxed By French Government For Purpose.

Paris, Sept. 22.—In France the gambler supports the indigent poor. On the winnings of the pari mutuel establishments—which bets on the race courses are pooled—the state extracts eight per cent, and the greater part of this money goes to the various public charities controlled by the Assistance Publique (Poor Relief department).

The funds at the disposal of the state for the relief of the poor and for the upkeep of hospitals are further augmented by the profits from the games of petits-chevaux and baccarat at casinos, karsaux and clubs.

The government's proportion of the profits from these establishments cannot be far short of \$5,000,000, and when to that amount is added the income from the pari mutuel, the revenue derived by the state from gambling must be close upon \$10,000,000.

A BUFFALO HOLD UP.

Masked Men Forced Two Men to Enter Cellar.

Buffalo, N.Y., Sept. 22.—Two men with their faces covered with handkerchiefs entered the Lenox Hotel, and with revolvers forced Clerk G. J. Smith and Telephone Operator Doyle to leave their positions and then marched them into the basement, where they locked them in a small room. Returning to the office, the two men began a search for valuables. They secured only about \$130 in cash, but had succeeded in opening the safe, when Smith and Doyle, who had succeeded in liberating themselves raised an alarm and the hold-up men fled and have not been captured.

French Lad Greets Laurier.

Tilbury, Ont., Sept. 22.—An amusing incident occurred when the premier was receiving visitors at his car. A little French boy climbed up at the back of the special car, his progress being noted by the crowd with some enjoyment. He wriggled along the railing until directly under the premier's nose, then he thrust up a little fist to Sir Wilfrid, with a "bon jour, monsieur," perfectly audible to the crowd. When the premier smilingly shook hands with the little fellow and said a few words to him in French, the boy was plainly delighted, and the crowd cheered to the echo.

A CHASE OF MANY YEARS.

Brooklyn Lawyer is Charged With Defrauding Widow.

New York, Sept. 22.—Franklin C. Marrin, forty-two years of age, a lawyer of Brooklyn, was arrested in this city after a chase, it is stated, of many years. Marrin is charged with defrauding a widow, a Mrs. Caroline C. Barry, said to have been a friend of his family, of \$70,000 by means of worthless or forged mortgages.

Marrin has been occasionally heard from since his disappearance. Once he was located in Philadelphia, where, it is charged, he was mixed up in the Story Cotton Company, a connection that is said to have netted him much money.

Jumped His Bail.

Philadelphia, Sept. 22.—Franklin C. Marrin, arrested in New York, is wanted in this city by the federal authorities. He was one of the promoters of the Story Cotton company, which was closed up by the postal authorities on the ground that it did a fraudulent business through the mails.

Marrin was finally captured in Buffalo. Marrin was convicted and sentenced to five years in the penitentiary. He appealed the case and succeeded in getting out of prison on bail, pending a decision on his appeal. He then disappeared.

WE EAT TOO LITTLE.

Salt Eating Upheld By a London Doctor.

London, Sept. 22.—Dr. Daniel Sagar's attack on the salt-eating habit is creating much interest among medical men.

"In my opinion," said one of them, "very few people eat too much salt. The physiological advantages from eating salt outweigh any disadvantages through immoderate use. Salt should be eaten by all, and especially by children and young persons. It is absolutely necessary for vegetarians. The sulphate and carbonate and the traces of ferric oxide (iron) and phosphate of lime contained in salt cannot be taken in a cheaper or better form."

COURT'S DECISION.

Iowa Has No License to Sell Liquor.

Davenport, Iowa, Sept. 22.—According to a decision rendered by Judge Smith McPherson, of the United States circuit court, the Iowa liquor law system, under which saloons are now operating, is illegal. Judge McPherson declares that the Iowa statute has no license system, and that there has been no license system in Iowa for the last quarter of a century, and for that length of time there has been no lawful sale of liquor as a beverage within the state.

He further holds that no person under any circumstances can lawfully sell liquor as a beverage in Iowa.

APPEAL TO VOTERS

GIVE TAFT CONGRESS PLEDGED TO SUPPORT.

Roosevelt, in Letter to Chairman McKinley, Asks the Disinterested Citizens to Aid in Fight for Republican Ticket.

Oyster Bay, Sept. 22.—President Roosevelt in a letter to William B. McKinley, chairman of the republican congressional committee, appeals to disinterested citizens to join with the national republican committee and the congressional committee in a movement to elect William H. Taft as president and a republican congress to support him.

After reviewing some of the important legislation of the past seven years, the president declares that Mr. Taft and the republican candidates for congress seek election on a platform which specifically pledges the party to continue and develop policies which have been acted upon for seven years past.

"It would be folly," the president points out, "to elect Mr. Taft at the same time to elect a congress hostile to him and which would be certain to thwart and baffle him on every possible occasion."

Slept While Fire Raged.

Brockville, Sept. 22.—Sunday morning Henry Patterson, residing half a mile east of Greenbush, arose and put on a fire in the kitchen stove. With his mother he went out to do the milking, leaving his sister, a young lady, in the house asleep.

Upon coming from the byre with a pail of milk, Mr. Patterson was horrified to see the rear portion of the house all in flames and the roof about ready to fall in. His one thought was of his sister asleep in the front portion and hurrying to the already doomed building, he aroused her and got her out in time to save her life.

Two or three minutes later the structure, a large frame dwelling, was a mass of flames and before any of the contents could be saved, was totally destroyed.

The dwelling was owned by John Olds, of this town, and the loss to both him and Mr. Patterson will be heavy.

Will Have Campaign.

Toronto, Sept. 21.—The temperance forces of Toronto will unite on a campaign for license reduction in the approaching municipal elections. Archbishop McEvoy, of the Roman Catholic diocese of Toronto, will throw his influence on the side of license reduction.

DANCER KILLED IN ALPS.

Slips Suddenly and Falls on Rocks Beneath.

Paris, Sept. 22.—Mlle. Louise Sourbie, of the opera, was killed on the Mauvais Pass, in the Alps.

She was climbing with a friend, and had dismissed the guide, the most difficult part of the excursion being over. She slipped suddenly and fell on rocks below.

She was still breathing when picked up, but died soon afterward.

Mlle. Sourbie was a clever dancer, extremely agile and light, and had only retired from theatrical life a few months.
