THE OBJECT OF THE SCHEME IS SET FORTH

### HAS GONE DRY.

Drinking Places Closed By Government Agents.

Malone, N.Y., Sept. 25.—The village of Trout River, eleven miles north of here, situated on the international boundary line, noted as the place where the Fenians made a stand in 1870, and for its saloons on the line, has "gone dry" for the first time in fifty years.

United States and Canadian excise officers have got after the dealers and all drinking places are closed. During the rebellion the place became quite important as a business and trade centre, and smuggling operations became extensive in spite of the customs authorities.

### NOT GUILTY OF ALL.

Civic Foreman Gets Sentence of Thr : Years.

Montreal, Sept. 25.—Chastre, the former foreman of the road department, who succeeded in appropriating \$1,200 of the city's money by padding pay rolls, was sentenced to three years in the penitentiary. Judge Piche in sentencing the prisoner remarked, "I don't hold you responsible for all crimes committed in the city hall."

### Dislocated His Jaw.

New York, Sept. 25.—Joseph Krapka, twenty-one years old, of Wingfield, Ill., went to St. John's hospital, Long Island city, last night with a dislocated jaw. Dr. Quinn examined him and soon had the jaw in proper position. When the man was able to talk he told the physician he dislocated his jaw while whistling one of his latest songs. He thanked the physician, and left the hospital after telling him it would be a long time before he would try to whistle again.

**Lose Their Pastor.**

Toronto, Sept. 25.—Rev. Vernon K. Cowett, pastor of the First Western Baptist church, has asked to be relieved of his duties. Mr. Cowett has been suffering for some years with a throat affection which will necessitate his removal to a drier climate this winter.

## IT CAUSED SENSATION

PAY ROLLS FALSIFIED JAS. MILNE ARRESTED.

Superintendent of the Vancouver Electric Railway Accused—Was One Time a Toronto Resident.

Vancouver, B.C., Sept. 25.—A sensation in the business community was caused by the arrest of James Milne, general superintendent of the B. C. Electric railway in Vancouver and Victoria.

Milne was formerly a prominent official of the street railway in Toronto and received his training in Cleveland, Ohio. He is held on a charge of false pretence, growing out of alleged falsification of the pay rolls of the company, extending over a long period of time.

Two minor officials here were recently arrested on charges of falsifying pay rolls. One was sent to jail for three months and the other jumped his bail and fled to the United States.

Officials of the street railway stated that the matter has probably extended over several months.

As official in charge of construction, Milne handled thousands of dollars annually in British Columbia cities, especially in the erection of power works.

### GENERAL APPROVAL

To Scheme to Have An Australian Navy.

Melbourne, Sept. 25.—The British admiralty has given its general approval to the scheme of the Australian commonwealth for the formation of a flotilla of six torpedo boat destroyers, nine submarine and two torpedo ships as the nucleus of an Australian navy. It is believed that Parliament will vote readily the \$6,250,000 required for the building of the suggested flotilla. Officers and men will total 1,200 and will be provided by the imperial navy, but they will be paid by the commonwealth which will retain administrative control of the flotilla.

### KIDNAPPED YOUNG BRIDE.

Husband of An Eloped Ceremony money Accuses Parents.

Windson, Ont., Sept. 25.—Charging that her parents kidnapped his bride of a day, Harry Brown, of Jackson, Mich., has appealed to the authorities for aid. The couple eloped to Windsor and were married here. On their return the bride's parents got busy and are said to have abducted their daughter after calling her to the porch of her new home. Mrs. Brown admits she had to borrow "two bits" to make her car fare to Windsor. She claims to be nineteen, but her parents say she is only sixteen.

### Convicted Murderer Escaped.

Leadville, Col., Sept. 25.—Sherman Morris, alias Frank Sheriff, recently convicted of the murder of John Walsh, a Leadville saloon keeper, fifteen years ago, escaped from the sheriff, while being taken to the penitentiary at Canyon City to serve a twenty-five-year sentence. Morris, while handcuffed, jumped from a car window as the train was approaching Canyon City. He was brought here for trial from Michigan.

## BROCKVILLE'S LOSS.

The Electric Lighting Plant Suffered From Fire.

Special to the Whig. Brockville, Ont., Sept. 25.—About seven o'clock, last evening, fire broke out in the electric light plant and had a considerable start before being discovered. The town was soon in darkness so far as electric light was concerned. The roof of the main building is completely gone and the engine house is much damaged to such an extent that, at present, it is impossible to tell the exact damage and how long it will take to make repairs. The engine room was comparatively saved. The electric machinery suffered the most. Cause of the fire is said to have been a live wire.

### ASSAULTED BY CUBANS.

Acting U. S. Charge Attacked in Restaurant.

Havana, Sept. 25.—J. Cornell Taylor, chargé d'affaires of the U.S. legation, in the absence of Minister Morgan, was assaulted by a Cuban in this city, last night. Mr. Taylor was sitting with Capt. Granville Fortescue in a well-known restaurant, located next to the Hotel Anglais. The assault was unprovoked, and several Cubans were concerned in it. One of them without giving Mr. Taylor a chance to rise from his seat, struck him severely over the right eye. The assailant escaped, but his arrest and identification are expected shortly.

### HARTY SURE WINNER.

Conservatives to-day were very outspoken in their declarations that Hon. William Harty would win Kingston against any opponent on Oct. 26th. Four good stories were met one after the other this morning, and they conceded Harty a majority of from 250 to 400. When asked why they wished to oppose him, they said it wouldn't do to allow an acclamation. One of their number had to go up against the liberal candidate and suffer defeat, and when lots were cast, the unlucky one fell upon the president of their association.

### OFFERED A BRIBE

TO DESERT ORGANIZED LABOR.

The Evidence of President Gompers in Proceedings in Washington—Vanceleave Denies Charges.

Washington, Sept. 25.—Testifying in the proceedings against himself and other labor union officers, in violating the injunction decree of the district of Columbia, Samuel Gompers, president of the American Federation of Labor yesterday made serious charges against W. J. Vanceleave, president of the National Association of Manufacturers. Mr. Gompers declared that Mr. Vanceleave had himself, and other federation officers, engaged by detectives, and had undertaken to have him bribed to desert organized labor and to join its enemies.

### Vanceleave Denial.

Washington, Sept. 25.—W. J. Vanceleave interviewed regarding the Gompers charges said, last night: "Every reference made in regard to me or action on my part, is false, and I believe that Mr. Gompers knew it to be a lie when he made the statement. I never have and never will employ methods that are not straight."

### ROOSEVELT'S REPLY.

Gets After Haskell For Standard Oil Connections.

Washington, Sept. 25.—President Roosevelt, following upon a prolonged conference with members of the cabinet at the White House, prepared to make out of William J. Bryan, the democratic candidate, re-nominated for standard oil interests.

Strikes were arrested at St. Boniface charged with attacking C.P.R. men. One man, Richard Brown, was badly maimed. He is in a critical condition at the hospital, with a broken leg among other injuries.

The Post of Boston, announces that an expedition to attempt the overthrow of the United States of Colombia is preparing in that city under the leadership of a New York mining engineer. They are said to be well supplied with arms and machine guns.

John D. Rockefeller, in an article in the World's Work, Chicago, asks if it is true, as he has long been charged, that he forced his partners to go into the Standard Oil with him how it is that he has been able to make of these same men lifelong companions.

For fourteen years, he says, he has been out of business, and in eight or ten years he has only once gone to the company's office.

### Doctors Exclude Clergy.

Ottawa, Sept. 25.—That doctors were often excluding clergymen from the sick chamber until it was too late was the declaration of Rev. Canon F. G. Scott, of Quebec, at the Anglican general synod, in moving for the uncaging of sick persons.

Concluding, Mr. Roosevelt declares that no law defying corporation has anything to fear from Mr. Bryan "save what it would suffer from the general paralysis of business, which would follow democratic success."

No conservative will have a ghost of a show in this city against William Harty.

Bibby's \$2 hats for neatness.

Chief Baillie has in his possession a watch which was picked up on the market square.

Bibby's \$2 hats are it.

### Injuring New Worls.

It is reported that Macleod & Sons, Glasgow, are bringing out a new book by Dr. Watson, and the Clarks, Edinburgh, are bringing out one by Dr. Jordan, on "Biblical Criticism and Modern Thought." Other members of Queen's staff have been preparing important material for the press in connection.

A young man named Fairlie, reported the loss of a bicycle, to the police, to-day. He left the wheel in a lane way on Brock street, while he was in a store, on business, and when he came back, it had disappeared.
