THE BOARD OF WORKS

DISCUSSES ENCROACHMENT ON PATRICK STREET.

W. J. Turkington Challenges Land Surveyor's Plan—No Prosecutions on Egress By-Law Till City Buildings Exits Made Right.

The board of works had quite a lot of business to transact at yesterday afternoon's meeting. There were present, Alds. Graham (chairman), Craig, Henderson and McCann.

Charles Keller appeared before the board and asked that Raglan Road be opened to Division street, a distance of fifty feet. He had put up one house there this season, and would put up two more this fall, if the street was extended. The city would get \$21 a year taxes, and it would be a good investment. The necessary land could be secured cheap, on motion of Ald. McCann, the chairman and the city engineer were authorized to consult the city solicitor with reference to securing an option on the land necessary to extend this street.

It was decided to recommend the construction of two-thirds vote of the city council: On Hickson street, north side, from Montreal street; Montreal street, east side, from north limit, lot 3; Russell street, north side, from Division street; Ontario street, east side, from Johnson street.

The engineer reported that the board of works would be pretty well squeezed if it had to get along with an additional \$750 from the city council for the end of the year. Lots of necessary things would have to be left undone. At present the board hadn't a cent to go ahead on, and, therefore, it was essential that the finance committee make a grant on Friday evening. A grant of \$1,000 should be given. Ald. Craig said that, no doubt, the finance committee would do the right thing. The mayor had promised to see that the board of works was not handicapped through lack of funds. Ald. Graham said that, if the board got an additional \$1,000, it would have received \$1,500 less than last year, and yet it had done more work.

Ald. Graham said that a manhole on Wade's lane required flushing at once. The stench was awful. The engineer said the manhole would be attended to as soon as funds were available. Grates all over the city required flushing, on sanitary grounds, but the work could not be begun until the finance committee provided the streets department with more funds.

J. L. Whiting wrote, on behalf of Miss Matthews, who owns a lot at the corner of Division street and Raglan Road, asking the board to attend to a drain at that point, which was blocked, and flooding her land. This matter was referred to the engineer.

W. J. Turkington, Patrick street, asked for permission to build several steps over the street line to his house. It seems that the front fence encroaches seventeen feet on the street line, according to the official plan of T. W. Nash, P.L.S., and the house encroaches two feet over the line. Mr. Turkington bought a rough-cast house and erected it on a lot he bought on Patrick street, thinking the fence was the street line. The engineer said the fence must be moved back, and recommended that if Mr. Turkington did this, he be given the right to erect portico and steps over the street line. This recommendation the board adopted.

The sisters of the House of Providence petitioned for rebate of \$14.37 for snow shovelling on King street, along by St. Mary's-on-the-Lake. The engineer said that the sisters had not been charged for that portion of walk. The charge was for 600 feet of walk on Union street, from Ellerbeck street. The House of Providence also applied for concrete walks around that institution on Ordnance and Montreal streets, as the boardwalks are in a wretched condition. The engineer said that the walk inspection would likely take place next week.

A large petition was received from citizens on behalf of James Earl, for permission to sell edibles from a wagon near the corner of Princess and King streets, in front of the residences of Senator Sullivan. Ald. Craig thought that Dr. Sullivan might object, but Ald. McCann didn't think the senator would raise any objections. It was decided to place Mr. Earl on the market square corner until another place is provided. In the meantime Dr. Sullivan will be consulted.

On recommendation of the chairman and the city engineer, the petition of Charles Livingston and R. Uglow, for the cutting down of three trees in front of their residences, on the corner of Union and Barrie streets, was granted. The trees are too close together and the removal of three of them will be a benefit.

The city engineer asked for instructions as to the course to be followed respecting the enforcement of the by-law respecting egress from public buildings. He suggested that the city buildings be first altered to comply with the by-law, and following that a test case be made of any hospital, school, hall, church and theatre. On motion of Ald. Craig, the board decided that the engineer take no action on outside buildings, until the city buildings were first made to correspond to the by-law.

W. J. Turkington entered the meeting at this juncture, and spoke about his difficulty on Patrick street. He said he didn't think his fence was on the street line, and he disputed the survey of Mr. Nash. The engineer said it was very clear that the fence was on the line of street, as a walk could not be laid in the locality in question in line with other walks on that thoroughfare. Mr. Turkington thought of engaging an outside surveyor. Chairman Graham said he and others intended doing the same, as they challenge Mr. Nash's surveys of various streets. The committee informed Mr. Turkington that if he couldn't remove the fence now, they would give him till next spring to do so. The permission to build the portico would depend upon the fence being moved back to the line of his house. They would not insist upon the house being moved back.

It was decided to patch the foot of William street, over which the heavy

'T'WAS GREAT SUCCESS

KINGSTON TOWNSHIP FAIR ON THURSDAY.

There Was a Record Attendance, and a Fine Afternoon's Sport—Horse Races, Baseball and Football.

On Thursday, the annual fair of the township of Kingston Agricultural Society was held, at the fair grounds, and was a decided success in every way. The weather was perfect, and the directors were more than pleased with the result of the show. Close upon four thousand people were on the grounds, and the sports held the crowd until early in the evening. The programme included horse races, a football match, and baseball game, and the sports were all of an exciting and interesting nature.

The securing of the fair grounds for the exhibition, was a good move on the part of the directors, as there was far better space for exhibits. In the main building there was plenty of room for the exhibits, and the usual crowding was done away with. An exceedingly good showing was made in the vegetable and fruit line, and the ladies' work brought forth many favorable comments.

The horse races were all good, and well handled. There were some long delays, owing to slight mishaps that could not be avoided, but this was amply paid for when the horses were on the go. George Barragh acted as starter, Smith Elliott and Thomas Nicholson, judges, and Charles E. McCutcheon, timekeeper. There were four events, a free-for-all, green race, three-minute trot, and running race, all in half mile heats.

The free-for-all, Syka Direct, owned by C. Horne, Kingston, had no difficulty in capturing first prize, in three straight heats. In the green race Topsy W., owned by W. Cordukes, secured first money, and Charles McKay, owned by C. Horne, Kingston, won the three-minute class. The running race event went to D. Sheehan, of Westbrook, with Amelia Recedes. It was getting dark, when the last heat of the three-minute trot was run, of the horses could be seen covering the course, but as to the one in the lead, this could not be ascertained, until the horses were on the home stretch. Some very good time was made. The following is a summary of the events:

Free-For-All.
Syka Direct, (C. Horne, Kingston) 1.1.1.
Mernzo, (J. Purdy, Kingston) 3.2.2.
Easter Sunday, (F. Haffner, Kingston) 3.2.2.
Truswell Junior, (J. Lyon, Harrowsmith) 4.4.4.

Time, 1.12; 1.14; 1.12.

Running Race.
Amelia Recedes, (D. Sheehan, Westbrook) 1.1.
Nora K., (G. Bliss, Kingston) 2.2.
Dr. Wax, (A. Moore, Kingston) 3.3.
Time, 59; 59 seconds; 59 seconds.

The baseball match Harrowsmith vs. Glenvale, attracted no end of excitement, the Harrowsmith nine winning out by 16 to 15. At Harrowsmith fair, a week ago, Harrowsmith defeated Glenvale by one run. There has been great rivalry between the teams all summer, and both have played good games. Glenvale started out very strong in yesterday's battle, but Harrowsmith won out in a grand stand finish. Glenvale was several runs ahead up to the very last stage of the game. Harrowsmith then went to work and by heavy batting evened up the score, and the excitement was at fever heat. When the winning run was scored the team was loudly cheered. Following is the line-up of the teams: Glenvale, R. Ellerbeck, 2b.; G. Irwin, 1b.; G. Bliss, c.; Curran, c.; C. Hilliard, 2b.; J. Ellerbeck, c.f.

Guy's Minstrels on Saturday.
The Ottawa Free Press says, as the curtain rose in the Grand Opera house last night, Guy Brothers' masterpiece, "Love Me as I Like to be Loved," swelled through the house. Seated in a circle in the front of the stage, were the comedians and singers, and behind them were the orchestra, consisting of ten instruments, each player being a past master in his art. Albert Guy sang "Why Did She Break My Heart," supported in the course by six of his company, and was encored time and again. The duo following the minstrel performance was equal to anything seen in Ottawa this season. The performance was concluded by the pantomime of the Clowns' Frolic, which solicited a continuous roar. Guy Bros. will be at the Grand in Kingston on Saturday, September 26th, matinee and night.

"Billy" Laird umpired the game, and gave entire satisfaction.

The association football match was between teams representing Elginburg and Glenburnie, Elginburg winning by 1-0. The match was very interesting throughout.

A. McLeod was the referee, and the teams were as follows:

Elginburg—Goal, Frederick Ball; full-backs, J. Silver, B. Tolls; half-backs, Roy Revell, Alexander Silver, and R. Silver; forwards, H. Townsend, G. Smith, A. Bearance, Joseph Smith, (Capt.) Alexander Smith.

Glenburnie—Goal, D. Lavelle; full-backs, R. Smith, N. Lillis; half-backs, C. Stokes, J. Caulbin, M. McGarvey; Edward McGarvey, (Capt.) W. Blacklock, H. Stuchebly.

In the 100 yards race put on at the close of the horse races, W. Laird secured first, George Vanhorn second, and J. Blacklock third.

Notes Of The Fair.
The directors are deserving of much praise for the success of the show. George Mills' "Teddy Bears" were at the fair. They made a great hit. J. Bannister, Portmouthe, was struck in the eye with a baseball, but this did not prevent him from entering in the horse races.

The exhibit of the penitentiary was much admired.

John McKay's fur store had an attractive display in the main building.

The track was awfully dusty. It would have been well to have had it sprinkled.

A lady who was watching the ball game was struck in the face by the ball but was not seriously injured.

"What Happened Then."
De Wolf Hopper, with his big singing company, will present a fantasy entitled "What Happened Then," at the Grand, Monday, September 28th.

Messrs. Schubert have endeavored to make this the most satisfying attraction ever sent out by them, and their efforts together with the extraordinary clever company, and the brilliant, witty and original book; the fascinating, catchy, tuneful and melodious music in addition to one of the most beautiful and costly scenic productions and the hundreds of bewilderingly exquisite costumes, surely stamp it as an attraction par excellence.

Dyspepsia Is A Crime.
Nearly all conditions that in breaking down of health have their beginning in chronic indigestion or dyspepsia.

These troubles can be effectively cured at any stage by use of Day's Dyspepsia Cure.

This preparation has Digestive, Tonic and Laxative properties. Each bottle contains sixteen days' treatment. For sale only at Wade's Drug Store.

Many Drunken Men Seen.
The number of drunken men seen on the streets during the past week is exceptionally large. They are becoming an abominable nuisance. On Wednesday night one of them tumbled on the pavement on Sydenham street—dead to the world. A kind-hearted lady brought him out a cushion, and pilloved it under his head. After a time he was removed to his home. Yesterday several drunks careened up and down Princess street, and it kept the average pedestrian busy dodging them.

Married At Cushendall.
A pretty wedding took place, on Wednesday evening, September 23rd, at King's parsonage, Cushendall, when Miss Hannah Louise Cooke, daughter of William B. Cooke, was united in marriage to James Albert Carey. The ceremony was performed by Rev. J. H. McConnell, R.D. The bride was prettily attired in a seal brown travelling suit.

The largest tobacco farm in the world is said to be located near Amsterdam, Ga. It consists of 25,000 acres of land, on which is grown about one-third of all the Sumatra tobacco used for wrappers in the United States, and gives employment to about 3,500 persons.
