Some Women Look Sloppy.

Beauty and Grace Disappear With the Growth of Fat,

There is nothing so repulsive in woman's appearance as an over-development or extreme growth of fat in any part of the body. A woman's form is essentially one of grace; the lines beauty vanish as fat accumulates, and instead of beauty we see bulk, and what was once fair becomes a fright. People just can't help laughing at a (who might otherwise be somebody's sweetheart) trying to side-wheel around, to our women, we still must say that of thick diameter, and a bust-width it usually is.
