TAYLOR ONCE AGAIN

WILL BE THE SOUTH LEEDS TORY CANDIDATE.

Liberals Will Choose Opponent on Oct. 7th—Charles Macdonald Gananoque's Millionaire, Flees to England For the Winter.

Gananoque, Sept. 28.—The liberals of South Leeds have arranged to hold a big convention at Delta on Wednesday, Oct. 7th for the purpose of selecting a standard-bearer to contest the riding in the interests of the liberal party. So far, although different names are mentioned as probable aspirants to the honor, nothing has been definitely arranged in regard to the candidacy.

At Delta, on Saturday, George Taylor, the present member for South Leeds, again succeeded in capturing the conservative convention, being its choice to contest the riding in the interests of the conservative party. The name of Mr. Quinn, Lansdowne, was also before the convention. Dr. Elliott, Seeley's Bay, accepted for next election. The vote on the first ballot stood Taylor, 314; Quinn, 19. Mr. Quinn then moved to make the choice unanimous, pledging his support.

After the celebration of high mass in St. John's church on Sunday morning Archbishop Gauthier, of Kingston, administered the holy sacrament of confirmation to a class consisting of more than a hundred children. The ceremony was a most impressive one, several priests from the surrounding district assisting.

The coal schooner Horace Taber cleared light for Oswego last evening.

The Gananoque Yacht Club's club house has been undergoing a course of repairs during the past few days and shows a decided improvement in appearance.

In the police court H. Wheeler was charged with using improper language on the streets and was taxed two dollars and costs.

During the latter part of the week two other young men were given a night's lodging at the lock-up, and it being a first offence were allowed to go on promising to do better in the future.

W. B. Carroll, K.C., who has been spending the past week in Ottawa, has returned home. Charles Macdonald, "Blinkbonnie," Main street, left yesterday, en route for New York city, thence he will sail shortly for England to spend the winter.

The young ladies of the town held a meeting in their old club rooms, Boyd's block, Saturday evening, to talk over the question of reorganizing the young ladies' literary athletic club for the coming winter. Quite a number of young ladies are anxious that the club be made a permanent fixture, the sports and athletic parts of the organization being of special interest.

Miss Nellie Kirke, Pine street, has gone to Kingston where she will take a course in the Business College.

Mr. and Mrs. Oger, Brock street, who has been located here for the past five years, have left for their future home in Jamestown, N.Y., and will in future reside there.

The following have returned from short visits out of town: S. G. Cook, South street, from Ottawa; A. L. Knight, from Kingston; Mr. and Mrs. George Emery, Pine street, from a few weeks with their son, Dr. G. F. Emery, Ottawa; W. A. Wright, Charles street, from Ottawa; E. X. Belnois, King street, Morton; A. N. Parke, King street, from London and Western points; Miss Bertha Salter, James street, from Harrowsmith.

CRASHED INTO HYDRANT

And in Turning Off Water, the Main Broke.

On Saturday afternoon, a water main and hydrant on Queen street, near the corner of Clergy, came to grief. The steam roller was finishing the block between Sydenham and Clergy streets, and was at work just below the latter corner. The roadway had been well watered for finishing purposes, and this caused one of the wheels of the roller to slip when close to the hydrant. The wheel crashed into the hydrant and smashed it. In turning off the water, which was done very slowly and carefully by the foreman of streets, a section of the main broke, causing a double catastrophe. Waterworks men were at once put to work, and continued on duty all Sunday repairing the damage. They completed repairs this morning. The residents of the section were without water for some time.

People thought that the weight of the steam roller had smashed the main, but this was not the case, as the roller was not near it at the time. The main was an old one, and from appearances looked as if it had been very close to a break before. The waterworks committee, however, will no doubt see that Ald. Graham's board of works pays for the damage for which it was responsible.

A Minister Of Labor.

Sir Wilfrid at Berlin.

The time has come when the government feels that it should create a department of labor. The department is important enough to require the whole time and energy and attention of a minister of the crown, such as the railways have and such as other departments of public works have; and I repeat that at the first opportunity I shall submit to my colleagues and the representatives of the people of Canada in parliament, that the time has come when we should take this new step in the development of our country.

Kearny, N.J., Sept. 28.—The first woman elected to run for public office in this state was chosen here at Saturday's primaries, when Mrs. Pamela Eakins triumphed at the polls and became the "regular" nominee of the republicans for member of the board of education. Did Not Say It.

Montreal, Sept. 28.—Hon. L. P. Brodeur, minister of marine, denied the story published, stating that in his speech at the Soulanges convention he said that if the conservatives carried more than ten seats in the province of Quebec the Laurier government would be defeated. "I never made any such statement," said Mr. Brodeur. A. Bergevin, at the Soulanges convention, also positively denied that any such statement had been made by the minister or by any other speaker.

Eloped And Is Deserted.

Chicago, Sept. 28.—Mrs. William Titus, who said she was the daughter of a San Francisco millionaire whose name she refused to give, fainted in the office of the Chicago police department, yesterday, after she had told a story of having been robbed of $1,000 worth of diamonds. According to her story she ran away from home and married at Buffalo, N.Y.

After her arrival in Chicago, several days ago, she said her husband had disappeared with her entire belongings.

Diseased parts of the air passages can best be reached by dry air. The bronchial tubes and lungs can only be reached by dry air treatment from which you get the balsamic effect of living in the Pine and Eucalyptic Forests, where catarrhal and bronchial troubles do not exist.

Hyomei destroys the germs that cause disease of the breathing organs; you simply by the use of a rubber inhaler, mix Hyomei air with your inward breath as it reaches the diseased parts where catarrhal, bronchial, croup or pneumonia germs are multiplying by millions their life is snuffed out, as they are the disease, their extermination means quick improvement.

G. W. Mahood has the agency for Hyomei and will furnish the complete outfit for $1 under guarantee to satisfy.

THE PARAGRAPH PULPIT

Unitarian.

REV. C. W. CASSON.

The Oneness Of Life.

All men are in reality one in nature and at heart. The things that divide men into different and antagonistic classes are always superficial, if not unreal. The large soul realizes that he is one with his fellows in all that is of any real significance. He knows that the life that he lives is at unity with the life of all mankind, and that he is only part of the great human whole. He knows himself as one possessing the same life, nature, tendencies, inherent forces, possessed by all men. Seek to attain this largeness of soul and recognize your unity with all mankind.

Address, Rev. C. W. Casson, at 25 Beacon street, Boston, Mass., for the literature.
