ST. REGIS LUMBAGO CURE

The Best On The Market
St. Regis Lumbago Cure
Bedford, Ont., Aug. 26th, 1908.
The W. A. Singleton Co.
I think it my duty to tell you of the great good St. Regis Lumbago Cure has done me. I was troubled with lumbago severely for about six years. Sometimes could scarcely raise up from a chair. I tried several Doctors and took nearly every kind of Patent Medicine, but it did me a little better while the medicines lasted, and when it was done I was not fit to work in a very short time afterwards. About first of June I was advised to try St. Regis Lumbago Cure and am happy to say I had not taken half a bottle till the backache was gone and I have not felt it since. And it takes great pleasure in recommending it to others. I have been troubled with lumbago or kidney troubles for 15 years and it is to be all it is recommended for and a trial will be better for anyone than a recommendation.

Yours very sincerely,
JAMES McNEIL,
Clerk of Bedford Township

SEEKS RECOMPENSE

HOTELMEN OF PROVINCE OUT FOR COMPENSATION.

Will Try and Impress Legislature With Fairness of Their Demands When Local Option Shuts Shop.
Toronto World.
The first annual meeting of the Ontario Licensed and Allied Trades Association will be held in Victoria Hall, Wednesday. The circular announcement to members says:
"The convention needs your opinion and discussion on many important matters now before the trade of the province, and you are urgently requested to be present and assist the convention with your ideas. If the convention cannot be attended by all the members of the trade in your municipality, kindly see that your fellow-traders appoint one or more delegates to represent them at the convention. The executive would also welcome letters during the next few days suggesting topics for the order paper of the convention."
"The association is now entering into fifty campaigns against local option in parts of the province. Last year the association won nearly all its campaigns against local option losing only a few places where the trade took no interest. United action is required in the coming contests."
"The association will now throw more energy into the question of the repeal of local option by-law, which topic will be taken up by the convention."
"The association presents to you the hotel men: Local option was defeated in nearly all of the important places last year. The Collingwood high license by-law was quashed, the license reduction by-law in Toronto was quashed, and the local option by-law in Orillia was quashed. A body of Ontario hotel men recently secured the enactment of a dominion law by which the hotel men is protected from the "dead beat."
"Filled with hope by these successes the association expects that with your co-operation there may be found at this coming convention some plan of making the trade of Ontario a unit that may appeal to the legislature for favorable legislation, and in particular, compensation, for the hotel men who lose their licenses through local option."

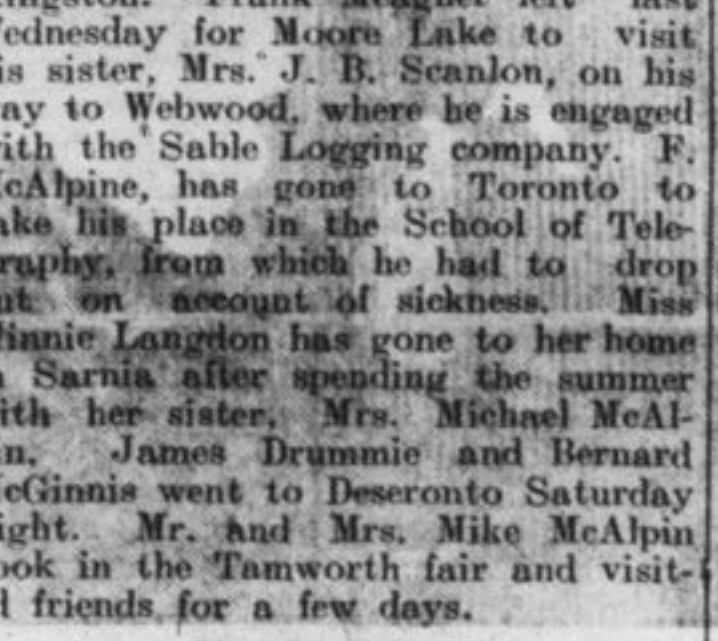

Marriage At Marysville.

Marysville, Sept. 28.—The rattle in these parts are suffering from want of water. Some cheese factories are talking of closing down on account of the scarcity of milk. A pretty wedding took place this morning at eight o'clock, in St. Mary's church, when Miss Edna M. McAlpin, the charming daughter of John Fields, became the bride of William James O'Sullivan, of the third concession. Another wedding is to take place on Wednesday morning at the same hour when Peter McAlpin, a prosperous young merchant of Deseronto, will wed Miss Frankie Currey, third daughter of Mrs. Nora Currey, also of the second line, to the altar.

Mr. and Mrs. John Fahy, of the Marysville House, has been spending the past week visiting friends in Kingston, Brewer's Mills and Elgin. Misses Annie and Selia Meagher and T. B. Williams, of the Reserve, spent Sunday the guests of Miss Mary Traynor. Miss Annie-Port is with Miss Annie E. Kelly. Mrs. John Russell visited Matthew, a six-month-old child, in Kingston. McAlpine has a son, a son, who will take his place in the School of Telegraphy, from which he had to drop out on account of sickness. Miss Minnie Langdon has gone to her home in Sarnia after spending the summer with her sister, Mrs. J. B. McAlpin. James Drummond and Bernard McGinnis went to Deseronto Saturday night. Mr. and Mrs. Mike McAlpin took in the Tamworth fair and visited friends for a few days.

FASHION'S FORM.

Gown For Theatre or Informal Evening Wear.

The accompanying design shows a charming style for an informal evening gown. Voile, chiffon cloth, marquisette and such semi-transparent fabrics would all be desirable material after this mode, or silk or satin could be used with excellent effect. The model was in black satin Directoire, trimmed with heavy guipure lace. The little "folded" guimpe was of white tulle, and was in a pointed decolletage but a "high-necked" guimpe of tulle or white lace could be used if desired.

DESPONDENT AT DESERTION.

Girl Shoots Herself and Then Becomes Suicidal.

Welland, Ont., Sept. 30.—Carmela Barsella, an Italian girl, aged twenty, tried to commit suicide by shooting herself. A few minutes afterwards she was delivered of a son. She is making satisfactory progress towards recovery, though the bullet entered her left arm and lodged in her neck. The young woman came from Italy only three months ago. Deceived by her lover she joined her father and brother here. The latter went out for a walk, and in their absence the girl picked open a trunk and took out the weapon.
The child is quite strong and healthy.

Guards Shot Down and Over \$50,000 Stolen.

St. Petersburg, Sept. 30.—A successful train robbery has been executed by a band of thirty men near Vilna, and a large force of police and troops has been sent by special train to the scene. The authorities have not as yet captured the robbers or recovered the money stolen, which is estimated at between \$50,000 and \$100,000. The guard on board the train consisted of six men only. The robbers took possession of a small station before the arrival of the train and shot down the guards as the engine slowed up, before they could seize their arms. They kept up a constant fusillade during the robbery to intimidate the passengers, a number of whom were wounded by broken glass. None of the passengers were seriously hurt.

THE SPORT REVIEW.

Interesting News From the Various Sporting Fields.

Canada won the gymnastic competition at the International Sporting Congress at Rome, Ireland, France, Italy and Belgium followed.
The Buffalo Baseball Club is on the market, and it is evident that the Bisons will be under different management and ownership next season.
Last year Detroit and Chicago baseball teams played 50 box receipts aggregating \$101,728, of which the players received \$54,933. Of this Chicago won \$32,960, and Detroit, \$21,973.
Roulback, of Chicago, accomplished the great feat of shutting out Brooklyn twice Saturday. He was as strong at the end of the second game as at the beginning of the first. He gave his opponents five hits in the first and three in the second.
The Ottawa hockey team is after Moran, of Quebec, for goal, and he is almost sure to go there. Fulford will not play. Ross, of Montreal Wanderers, has, however, been practically signed. The others expected are: Stewart, of Wanderers; Morrison, of Shamrocks, and Shore, of Winnipeg.

Detroit is coming back to form again, after having jumped into the lead in the American League. With but a week to go, the leaders in the two big leagues only nosing in front by the narrow margin of one point, there will be some tail doings the next few days.
At a meeting of the executive of the Ottawa Football Club, "Tommy" Clancy, one of the finest football coaches in Canada, was appointed coach for the season. There was considerable discussion in Ottawa, last season, over the clashing of the coaches of the senior and intermediate teams, and this season the Ottawa does not intend to have a repetition of the friction.
Rev. Father Stanton, of Ottawa College, believes the Canadian game could be improved slightly by allowing substitutes to be used to a limited extent during a contest. He claims, however, they could not be thrust in a game on the wholesale scale prevalent in the United States colleges, as the effect of fresh players in the Canadian game would have a far greater effect on the result than in American rugby.
"No wedding bells for the Detroit Tigers." That was "Hughie" Jennings' declaration, yesterday, as he announced that Ty Cobb may be benched. Hereafter any member of the Detroit ball club desirous of committing matrimony must not do so during the period he is under contract to play ball for Detroit. Marriage and the accompanying honeymoon have no place in the baseball season. Jennings was moved to the playing season by the fall down of Cobb, ever since his wedding this summer. Tyrrus has not taken the same interest in the game, and his batting has been steadily falling away.

ABOUT NEW HAMPSHIRE.

A Young Lady Tells About What She Saw.
Hanover, New Hampshire, Sept. 25.—(To the Editor): Would you like to hear a little about the old granite state in New England. This is a beautiful country, with its mountains, green valleys and broad rivers. Hanover is a lovely town and very old, but I will write about it later. I want to tell you about the fog we watched the morning after we came here. We climbed Dewey's Hill, which overlooks Hanover, and we last Friday an hour before we saw any change in the fog. Then the first thing we saw were the tops of two pine trees which appeared to be up in the sky. Then we saw Velvet Rock, a very high hill. Presently grandpa came to the other side of the hill and then we saw the prettiest sight. Up in the sky, or what seemed to be, we could see hills and hills, below them the thick fog, then underneath we could see beautiful green fields and farmhouses. After a while the fog began to shift and very slowly down the river. Then we began to see Hanover. First we saw Faculty Row, where many of the professors live, then the park and then the rest of the town came gradually into view. It really was a very fine sight.

FLINTON HAPPENINGS.

Fire Burns Stables—Death of Mrs. William Craig.

Flinton, Sept. 28.—Fires in many places are not finished yet, as the winds seem to fan them to a blaze. J. D. Pringle has lost three large stacks of hay during the recent fires. Mrs. Edward Turner received word of her mother at Belleville, falling striking her head and breaking her arm, and was badly injured in other ways. The old lady is in her eighty-third year.
Charles Airhart went north from here, and when he gets there his blues were in ashes and he had hard work saving the house, but now reports danger is past. Rev. Mr. and Mrs. Irwin and daughter, Agnes, are visiting her sister, at Niagara-on-the-Lake.
Mrs. William Craig died, on September 21st, at the home of her nephew, William Molyneux, where she has been living since her home was destroyed by fire, on September 7th. She was a sister of the late Mrs. Maud Molyneux, and a cousin of the late Rev. W. M. Allen, who was stationed here about seventeen years ago. She leaves a husband, but no children. Among the mourners from a distance were Mr. and Mrs. W. W. Hudsons, from Madoc, and Mrs. Jarvis, from Wilton. Rev. D. W. Williams of Wilton has a grave, Mrs. Allen repairing and fixing up mill property here.
Louis Lessard, two and a half years old, has the misfortune to fall down stairs and break his leg in two places, on September 18th. F. Gray and his mother were in the village on Thursday last. Mrs. Eliza Sedgewick is visiting her daughter, Mrs. Halley Stone. Joseph Barker, of Dryden, is renewing acquaintances here. Mr. and Mrs. C. W. Wouldn't Be Right.

Would it be right for Attorney-General Foy to accept a bribe from a railway company, as a condition for the company to argue its case before the Ontario railway board? If not, how can it be permissible for another lawyer-minister to act in a similar way?

Brotherly Love and Charity sometimes only lasts as long as it takes to say it.

THE NIGGER IN THE WOOD-PILE

Thousands of people go through life feeling more or less miserable without ever knowing the reason. They suffer from headaches, indigestion, pains in the back, and at the slightest chill get rheumatism or neuralgia.
They try to cure these separate outbreaks, never suspecting that the root of the whole trouble is the failure of the bowels to move regularly, and in many cases the sluggish action of kidneys and skin. The result, of course, is that the whole system gets clogged with impurities, which soon turn to poison, and show their presence in various ways.
"Fruit-a-lives"—or fruit juices tablets—promptly stir up the sluggish liver, regulate the bowels, and stimulate the kidneys and skin to do their work properly. Thus they cure all these troubles by removing the cause, and make it possible to really enjoy life. 50c a box—4 boxes for \$2.50. Trial size 25c. Fruit-a-lives Limited, Ottawa.
