

DO NOT BE WAR

Between Turkey and Bulgaria at Present.

NO LIGHT YET THROWN

ON THE SCOPE OF THE GREAT CONSPIRACY.

All Governments Are Proceeding With Caution—Don't Want to Let Their Armies Loose—Turkey Will Protest Against Annexation of Province.

London, Oct. 7.—Although no light is yet thrown upon the genesis or scope of the great political conspiracy which is slowly unfolding itself in South-Eastern Europe, there seems to be good ground for the hope that war will be averted for the time being, at least. All the governments are proceeding with the greatest caution and with the obvious desire to avoid any action which would let their armies loose. There is an apparent disposition among the powers signatory of the Berlin treaty to await Turkey's next step.

Meanwhile interest centres in the question of summoning an international conference. However probable the convention may be, it is certain no invitations to such a meeting have been yet issued to any power. Germany, so far as can be learned, has given no sign concerning a conference, and is maintaining extreme reserve. Austria is equally silent. Premier Asquith and War Secretary Haldane, in public speeches, yesterday, referred in the briefest manner to the crisis, making no revelations whatever. Foreign Secretary Grey will speak, to-day, when, if nothing is announced previously, it is said he will make some pronouncement of the British attitude.

Turkey To Protest. Constantinople, Oct. 7.—M. Pallavicini, the Austrian ambassador, yesterday, visited the porte and notified Kiamil Pasha, the grand vizier, of the annexation of Bosnia and Herzegovina, and the evacuation of Novi-bazar. Turkey will protest to the powers, but the loss of these provinces is not causing any popular resentment that can be compared with that aroused by the Bulgarian revolt.

Proclamation Posted. Sarajevo, Bosnia, Oct. 7.—The imperial proclamation setting forth the annexation of Bosnia and Herzegovina to Austria-Hungary, was posted, this morning, throughout the occupied provinces.

People Very Angry. Belgrade, Oct. 7.—Mobs of angry Serbians are to-day, surrounding the Austrian consulate, threatening to renew an attack, which began, last night, and continued until dawn, when a detachment of soldiers succeeded in beating back the infuriated crowds.

Some Late Despatches. Washington, Oct. 7.—American diplomatic agents in all European countries will be expected to keep watch on the Balkan situation. At the proper moment President Roosevelt will suggest that arbitration is better than war and that he is ready to offer a basis upon which negotiations can be carried on.

Paris, Oct. 7.—An international conference to settle the Bulgarian situation is assumed. Constantinople, Oct. 7.—The council of ministers has decided to protest against the annexation of the provinces of Bosnia and Herzegovina, by Austria-Hungary.

No Matter Of Their Concern. Vienna, Oct. 7.—The Austria-Hungary foreign office, to-day, boldly announced that neither the annexation of Bosnia and Herzegovina, nor Bulgaria's declaration of independence was a matter of concern of the other powers and that they didn't care whether the annexation was recognized or not as it was an accomplished fact and it could not be undone. Serbia's threatened invasion of Bosnia and Herzegovina is so imminent that Austria has begun the mobilization of two additional army corps to resist Serbia.

Toronto, Oct. 7.—A Bathurst street car, eastward bound, crashed into a Grand Trunk freight train going down grade at the diamond on Front street, near John street, shortly before nine o'clock this morning. The car was fairly well crowded, but the motor-man and several passengers in the front seats of the car jumped. Miss Belle Gummings, 14 Fern avenue, fell under the wheels of the freight train, which, fortunately, was stopped before she was run over. She was taken to the Western hospital. The other lady passengers were badly shaken up, but not seriously injured. Eye-witnesses of the accident say greasy rails and the failure of the street car brakes to work caused the accident.

A BUSH FIRE RAISER.

Novel Variety of Arson Near Almonte.

Ottawa, Oct. 7.—Aaron Bulger, a young man living at Clayton, a small village near Almonte, was arrested, yesterday, by Detective Reburn, of the provincial detective force, on a charge of arson. For some weeks past, bush fires supposed to be of incendiary origin, have been breaking out throughout the neighborhood, and on complaint of the residents the attorney-general's department sent Detective Reburn to investigate. As a result Bulger, who is seventeen years of age, has been arrested and has confessed that he set fire to the bush in several places because he wanted to see the trees burn. He has been committed for trial.

Killed For Family's Sake.

East St. Louis, Ill., Oct. 7.—To prevent his wife and eight children from becoming impoverished by his illness, August Figi cut the arteries in his wrist, and died in the Henrietta hospital here. While dragging her body, the police found side combs, a veil and ribbons, all of which have been identified as the property of the girl. The body has not been recovered.

Detroit Wins.

Chicago, Oct. 6.—Detroit took the Chicago League pennant to-day in a game that was a massacre. In surprise to the consternation and anguish of the local fans, the Tigers simply swept the Sox off their feet, and defeated them in a lop-sided, pitiable slaughter. Never did the Sox have a chance or a look in.

In Regard to the Crops on Western Prairies. Montreal, Oct. 7.—In the course of his remarks, at the C.P.R. shareholders' meeting, Sir Thomas Shaughnessy said that the estimate of the western crop made a year ago, is not astray as to quantity, but the quality was seriously affected by bad weather. All this had a serious effect on the company's business for the past year. He then referred to this year's crops stating that it was most bountiful and of excellent quality. Referring to the increase of fifty millions capital Sir Thomas said business required, in six years the C.P.R. required an increase of 650 locomotives, 842 sleeping and day coaches and 20,000 freight cars at an approximate cost of thirty millions. This increase must be continued as the development of traffic warranted. He announced that the distribution of dividends, on land interest account, will be continued for the current year.

WHITE SLAVE STORY

And a Hamilton Married Man Made Gains. Hamilton, Ont., Oct. 7.—William Burgess, a young married man, was committed for trial at the police court this morning, on the charge of procuring Maude Tamely for immoral purposes. The girl is only fifteen years of age and the story she told was sad in the extreme, equaling any of the awful white slave stories ever published.
