TO SAVE LIFE

They Each Gave Up Square Inch of Skin.

STIRRED BY STORY

VOLUNTEERED TO AID A GIRL SUFFERER.

Sixty-Five People, Business Men, Women of Society, Mill Hands and Others Make Grafting Operation Success.

Ansonia, Conn., Oct. 27.—In order that skin grafting might be employed as a last resort for Luboy Hodio, eight-year-old daughter of Mr. and Mrs. Paul Hodio, of Mill street, this city, whose death was expected as the result of burns she received while playing at a bonfire on October 3rd, sixty-six men, women and children surrendered a square foot of cuticle, yesterday afternoon.

Dr. F. C. Goldstein, of this city, who had charge of this remarkable case of skin grafting, said, last night, that, while it would be several days before he could definitely pronounce the operation successful, every indication pointed to the recovery of the child.

In response to an appeal from the pastor of the Greek Orthodox church, which the Hodios attend, the volunteers began to arrive at the Hodio home at two o'clock yesterday afternoon, and Dr. Goldstein at once began the work of cutting out circular pieces of skin and placing them on the surfaces of the girl's body.

Before the operation it was thought that forty persons would furnish enough grafts for the little victim, and this number had volunteered to contribute. But others who read of the case in the New York Herald were eager to help to save a life, and these swelled the number of contributors to sixty-six, thus making it necessary for only a few persons to part with more than one strip of skin.

Seventy-four grafts were obtained from the sixty-six volunteers. The grafts were uniform in size, each being a little larger than a nickel. The operation occupied three and a half hours, and so steadily was the line of arriving volunteers that not once was it necessary to wait for a subject.

On their errand of mercy persons in all stations of life met on the same level in the humble Hodio home. Leading business men, women of society, working girls and school children all bared their arms and submitted to the knife without wincing.

In the last hour a score of foundry workers from the big Farrell mill hurried from their toil and tendered their piece of epidemic. Among those who gave double portions were William B. Palmer, of Oxford, democratic nominee for state senator, and Dr. A. C. Hitchcock, a dentist.

During the entire operation the little patient was conscious, and laughed and cried in turn as the surgeon applied the grafts.

JURY ACQUITS DAY.

Ogdensburg Man Exonerated of Larceny Charge.

Ogdensburg, N.Y., Oct. 27.—David E. Day, a well-known young electrician of this city, in Canton jail, for six months, awaiting trial on the charge of grand larceny, second degree, and burglary, third degree, was acquitted, after twenty minutes' deliberation.

In January last, during the coldest night of the month, the thermometer being twenty-eight degrees below zero, H. K. Miller's variety store was entered and a large quantity of valuable cut glass pieces and boxes of cigars were stolen. The police were baffled, mainly because there was not a footprint to be seen on the new, hard show.

Three months later suspicion pointed to Day, who was employed in a theater in the same block. He had a key to the basement, and the cellars of all the stores on that time he entered easily from one to the other.

Sir Douglas Straight to Retire. London, Oct. 27.—It was announced yesterday, that Sir Douglas Straight, who has been editor of the Pall Mall Gazette since 1896, will retire in March next. His retirement is due to medical advice and the desire to rest after an exceptionally busy life. He is sixty-four years old, and was formerly a leader at the bar, and later an Indian judge.

River Fleet's 32,000 Employees. Geneva, Oct. 27.—Official statistics show that 1,318 steamships and 9,759 sailing vessels ply regularly up and down the river Rhine. The crews of the Rhine fleet number 32,000 men, and the aggregate value of the shipping is estimated at £5,000,000.

Woman's 'Fort Chabrel.' Paris, Oct. 27.—A woman named Sherman, who had been convicted of fraud, barricaded herself in her house at Breteuil, and the police have been endeavoring in vain during the past four days to arrest her.

Lynched For Horse Stealing. Moscow, Oct. 27.—Two horse stealers were lynched by an infuriated mob yesterday, at Malinoon, in Southern Russia, where horse stealing is regarded as one of the worst crimes.

Postmen on Skis. Paris, Oct. 27.—The French postal department has authorized all postmen in the Alps, Pyrenees and Vosges mountains to perform their daily rounds on skis when necessary.
