Reduces Fat
A Pound a Day
 The simplest, surest and most Effective Way To Get Rid of Surplus Flesh Without Drugs.

How To Prove It To Yourself Without Any Expense Whatever.
 The first thing not to do when trying to reduce your weight is to take something that contains drugs of any kind or to try to starve the fat away.
 The moment you begin to do that, you give a distinct shock to the entire nervous and digestive systems, and though you may lose some fat as a result, you will lose your health with it. Cases are numerous of fat people becoming permanently invalids by the use of starvation diets and dangerous remedies.
 Fat people as well as others, should realize that, as a general rule, there is a remedy for every defect of the human organism. Nature provides a remedy for nearly every disease. It is a law of the universe. This is true of that dangerous and uncomfortable disease—obesity. Nature provides a remedy, not from the dangerous drugs and poisons extracted from minerals, but from extracts of fruits, plants, herbs and other organic materials which are harmonious to the human system.
 Among such materials there is known a remedy for obesity which has not yet become universally known, but the use of which has already resulted in enormous benefit, and most probably in the saving of many lives.
 This remedy is known as RENOVO. The rate at which this remedy will reduce fat, and do it harmlessly and surely, is truly remarkable. A pound a day is ordinarily the loss recorded, being done by compelling perfect assimilation of the food, and sending the nutriment where it belongs.
 The most remarkable feature of RENOVO is that you can take all you want of it without running the slightest risk of harm. It can be chafed like candy and is pleasant to the taste.
 Many physicians, who before were at a loss to know how to cure obesity, are now prescribing RENOVO with remarkable success. It is a great nerve-strengthening and digestive stimulant, and inducing a general relaxation of mind and body. Wrinkles which appear in nearly every case of reduction of fat where injurious drugs and starvation processes are tried, do not occur where RENOVO is used.
 There is nothing "just as good" as RENOVO. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by The RENOVO Co., 3332 Rensselaer, Detroit, Mich. The company will gladly send you a trial package free by mail if you write them. No return, no free packages at drug stores.
 For sale and recommended in Kingston by Henry Wade, Druggist.

Twitching of the Nerves
 Became almost unbearable until Dr. A. W. Chase's Nerve Food brought about a cure.
 Tapping of the fingers, restlessness, sleeplessness, inability to control the nerves.
 What a story of exhausted nerves is told by these symptoms. Nervous prostration and paralysis are not far away unless restorative treatment is used.
 The writer of this letter was fortunate enough to learn about Dr. A. W. Chase's Nerve Food and tells his experience for the benefit of other sufferers from diseases of the nerves.
 Mr. William Branton, Strathroy, Ont., writes: "My nervous system was all unstrung. I could not sleep, had no appetite, my digestion was poor and my nerves twitched. Twenty-four boxes of Dr. Chase's Nerve Food completely restored my health."

 SOFT, GLOSSY HAIR.
 It Can Only Be Had Where There is No Dandruff.
 Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly soap prittants, have been abandoned, and the public barbers and doctors included have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Boddy, Dickinson, N.D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy."
