The following scholarship awards have been made in this fall's theological examinations: David Strathorn, donation, \$75—A. D. Cornett, B.A., Kingston; Dominion, \$70, W. A. Dobson, Picton; Buchan, No. 1, \$65, A. Lang, B.A., Baltimore; Leitch Memorial, \$80 (tenable three years), R. H. Liggitt, B.A., Garden Hill; Testament, R. Brydon, B.A., D. D. Sarkis, B. Manougian, B.A.

Sarkis B. Manougian, B.A., B.D., will leave in a few days for his home in Turkey, Asia Minor, to take up the work of ministry. The students wish Mr. Manougian every success in his work.

will train this year's caste in "Much Ado About Nothing." A number of students have been vaccinated since the posters were put up requiring this to be done. A great number of students, however, have done so from a fear of the small-pox rather than through fear of force. The appearance of the posters apparently has not been regarded very seriously as yet.

**LETTERS TO THE EDITOR.**

**Expresses Thanks.**  
Kingston, Nov. 4.—(To the Editor): I desire to say through your paper that the credit for the anti-compulsory vaccination victory of last night is due to the influence of the press, the aid of the practicing physicians of the city and the attitude of the Board of Education on the question. We are also indebted to the spirit of fairness and courage shown by the aldermen of our city who gave us the fullest opportunity to be heard and then decided the case of compulsory vaccination on its merits. His worship the mayor should not be forgotten in our gratitude for a hearing and a fair show.—J. G. EVANS, M.D.

**The Tennis Tournament.**  
The finals in the singles of the Queen's tennis tournament, in which there were originally about forty entries, were played, on Monday, between W. A. Dobson and Arthur Mills, the former winning after an exciting contest by 7-5, 6-8, 6-2 and 6-4. Both played stellar tennis and got in some wonderful shots, Mills being the more sensational, but Dobson the steadier player. Mills and Dyk won the doubles championship from Black and McKel by 7-5, 6-4, 6-2.

"It's the best cough syrup I ever used," said a lady in Gibson's Red Cross drug store on Tuesday, speaking about Red Cross Cough Syrup, 25c bottles for 20c.

Dr. C. A. Pablow, Cornell University, and son of G. E. Pablow, Kingston, has passed his final Ontario medical council.

## THERE IS NO TRUTH IN STATEMENT OF MODERN TEACHING.

That There is in Man Something Good, a Divine Spark—Man is Dead in Trespasses and Sins—Bethel Church Service.

The service in Bethel church last evening was greatly attended than that of Monday night. The opening exercises were conducted by the pastor, Rev. George A. MacKenzie, after which Mr. Gabelin continued his discourse on "God's Great Masterpiece; Redemption," dwelling more particularly on the material out of which it was being produced. The first three verses of the second chapter of Ephesians shows that dark and vile indeed was the material God chose out of which to form His masterpiece, "passions and sins," thereby describes the condition of fallen humanity. Man unsaved, away from God and without Christ is in a state of corruption. There is no truth in that modern day teaching that tells us that there is in man something good, a divine spark that only needs developing. If that were so, there would have been no need of Christ's atoning sacrifice, the speaker said. Not only has the natural man no spiritual life, but he is also an enemy of God and subject to the wrath of God. Well might the question be asked: What can God do with such material? In the fourth verse of the chapter already referred to we get the answer: "But God who is rich in mercy... hath quickened us together with Christ, by grace are ye saved." We hear a good deal about the mercy of God, people tell us God is too merciful to punish the sinner, forgetting that mercy is founded on righteousness and that God in consistency with His own nature can be rich in mercy only because of Christ's atoning work. Those who do not believe in God's love and Christ's atonement are building in a foundation of sinking sand.

### HAD FINE GATHERING.

**Celebrated 20th Anniversary of Organization of Society.**  
A fine gathering was held at Cooke's church, on Tuesday evening, to mark the twentieth anniversary of the formation of the Woman's Foreign Missionary Society. The chair was occupied by Rev. Dr. MacAvish, who conducted the devotional exercises. A beautiful duet, entitled, "Peace," was rendered by Mrs. J. Evans and Mrs. Wm. Jackson, and afterwards, a series of views of Jerusalem and the Holy Land were given by Wm. Kennedy, who has spent the past two years in missionary work at Badkiaz, in Armenia, under the auspices of the American board of commissioners for foreign missions. The lantern slides were put on by Dr. Lake, and a full explanation of all the interesting points were given by Mr. Kennedy. At the close, refreshments were served. The offering amounted to \$30.80.

### THE LIGHT COMMITTEE

Will Have to Engage Another Lineman.

The Light, Heat and Power committee didn't have a quorum yesterday afternoon, but some routine business was transacted, with Alderman Givens (chairman), Chown and Couper in attendance. A quantity of supplies were ordered to be purchased from the Edison General Electric Company. The balance due Alexander Tait for extras in connection with the concrete foundation of the gas tank, amounting to \$188.80, was ordered paid.

The new lineman from Montreal has been relieved of duty at the light plant for a good reason, and the committee decided to advertise for another. Superintendent Folger reported that the new gas tank was not yet in operation, but would be before the end of the week.

### Cases of Barber's Itch.

The attention of members of the Board of Health and the Medical Health Officer has been directed to the fact that there are quite a number of cases of barber's itch in the city. This disease is not reportable to the health officer, although the local board about a year ago asked the provincial authorities to make it a reportable disease. The health officer says he has no authority in connection with the matter. As there are more cases of it in this city than elsewhere, the Board of Health could well consider the matter. The greatest care should be exercised in the barber shops.

### No Smallpox There.

The Whig takes pleasure in denying the story that a case of smallpox has been discovered at the Bijou theatre. There has been no sickness among the employees of that theatre worse than an ordinary cold, and the report that one of the audience was taken ill and was found to be affected is untrue. Several reports have been circulated with malicious intent to injure that theatre. The Bijou is all right, and has been so all along.

### The Nurses' Alumnae.

The regular monthly meeting of the Nurses' Alumnae Association was held on Tuesday. The chief topic of discussion was the opening of the registry for nurses at the Y.W.C.A. The plan has now been in operation about three weeks, and so far has been very successful. It will be given a three months' trial. There was also some talk of devising a scheme for raising money in aid of the nurses' home.

### Fall Importations of 1908.

Prevost, Brock street, has received all fall importations for order work in his tailoring department. His ready-made clothing and gents' furnishing departments were never better assorted.

Canadian policyholders of the defunct Mutual Reserve Fund Life, of New York, are informed that it will be a year before they need look for any return from the liquidators. Rev. Charles L. Stuart, Hamilton, has accepted a call from Calvary church, Waterbury, N.Y., to become its pastor, and will enter upon his duties October 25th. Pembroke asked assistance of Ottawa's fire department, this morning, and again later, but the city was indisposed to risk sending any apparatus out.

## TRADE IS REVIVING

**RETURN OF CUSTOM REVENUE FOR OCTOBER.**

Falling off is smaller than in Previous Months—For First Seven Months of Fiscal Year the Decrease Was Over Nine Million Dollars.

Ottawa, Nov. 4.—The customs revenue of the dominion for October shows a considerably smaller falling off, as compared with last year, than has been the case for six or seven months past, indicating that the expected revival in trade is beginning to be felt in the increasing orders for imported goods. For the month the customs revenue was \$4,316,473, as compared with \$4,939,031 for October of last year, a decrease of \$622,558. For the first seven months of the present fiscal year the customs revenue has totalled \$27,179,191, a decrease of \$9,163,575. For the balance of the fiscal year it is expected that there will be a steady betterment in the monthly statements of the customs revenue.

## Will Discuss Missions.

Instead of the regular prayer meeting at Cooke's church, to-night, it was deemed to take up the important question of missions, and there will be a conference on the action taken at the laymen's banquet. The church has always been doing good work along the line of missions, but following up the laymen's movement it is intention to set down a principle to work upon. Vaccination kept some of the city doctors very busy last night. Many citizens have been vaccinated.

## THE PARAGRAPH PULPIT

Unitarian.  
REV. C. W. CASSON.

Straightforwardness. There is no virtue greater than simple straightforwardness. It does not matter so much what a man believes, if he is only honest in his assertion. It is not by what we say, but what we conceal that we do injury to the cause of truth and religion. If every man would only flatly and fully declare himself, not hiding his opinion, not concealing his convictions or his doubts, but bravely dragging his timid thought into the light of day and the sight of other men, what a boon it would be! If all men were honest in expression, they would find that after all there was practical unity of thought and life.

Address, Rev. C. W. Casson, at 25 Beacon street, Boston, Mass., for the literature.

### THE VALUE OF COD LIVER OIL

No physician would dispute the value of COD LIVER OIL in nervous and pulmonary diseases. If the nauseous grease did not so derange digestion as to make it unpalatable, the good done by the beneficial principles of the oil.

"BRICK'S TASTELESS" there is no grease. It increases the appetite, stimulates the digestion, invigorates the nerves by nourishing them, and CURES Coughs, Colds and Bronchitis. Its timely use is an insurance against serious consequences, as the weakened system is a prey to germ disease, such as Tuberculosis, Typhoid and Typhus Fever, and Diphtheria.
