Another Long Sleep. Lowell, Mass., Nov. 6.-Miss Louise Pietta, who has at various times astonished physicians by her long slumbers, is again asleep. She has not been awake for five days. Her last long sleep was from June 5th to June 29th, and on various other occasions she has slept from one to three weeks without wakening. Physicians are at a loss to explain the cause of the peculiar malady.

Dean Reeve Resigns.

Toronto, Nov. 6 .- Dr. R. A. Reeve has resigned the position of dean of the medical faculty of Toronto University. He has held the office for twelve years, and it calls for too much time and money on his part, say his friends. Dr. Charles K. Clarke, superintendent of the Toronto Asylum, will probably succeed him.
