Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE SOLE ead of a family, or any male over 18 old, may homestead a quartersection (160 acres, more or less) of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. DUTIES.-Six months' residence upon and cultivation of the land in each of within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son; daughter, brother or

In certain districts a homesteader in good standing may pre-empt a quarter-section along-side his homestead. Price \$3.00 per acre. Duties .- Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fitt- acres extra.

A homesteader who has exhausted his nomestead right and cannot obtain pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Purchased homesteads may be acquired on any available lands on either odd or even numbered Sections South of township 45, East of the Cal-gary and Edmonton Railway and the West line of range 26, and West of the third Meridian and the Sault Railway line. Duties .- Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

question the statement that the Nazarene was the child of Mary and Joseph and that His true greatness came from above; "but," he added, "to my mind the supernatural conception of Jesus robs His life of its supreme meaning to the identification of Jesus with humanity." The theory expounded by Dr. Hindley is being severely criticized among orthodox ministers in Spokane. Deputy of the Minister of the Interior. Twenty Years Ago

Twenty years ago all well dressed men had their shoes made to measure by the local shoe maker or a good city shoe maker. How many do so now? Not one in a thousand, because they can get a better fitting and more stylish shoe ready-to-wear for the same or less money.

Twenty years ago every well-dressed man had his clothes made by the custom tailor. To-day thousands of well-dressed men wear nothing but ready-for-service clothes, because they are more stylish than the custom made garments. They fit as well or better, and cost from \$5.00 to \$15.00 less per garment.

There is no doubt whatever but that the wholesale tailor is crowding out the custom tailor just as the wholesale shoe maker has crowded out the custom shoe maker. Within the last few years hundreds of custom tailors have gone out of business. Some of them have taken positions in wholesale shops and others have gone into the ready-to-wear business. When you come to think over it how can it be otherwise. Wholesale tailors do such an enormous business that they can it be otherwise. Wholesale tailors do such an enormous business that they can afford to pay a princely salary to designers. These expert designers get salar-

ies as high as \$5,000 a year.

How many custom tailors could fill this position? You may say the man who buys the clothes must help to pay this big salary, but when you remember that one of these big wholesale houses sell nearly fifty thousand Suits and Overcoats a year you will see that the cost of all the style on each of these suits or overcoats is only ten cents. It is the biggest ten cents worth on the market.

The designer in a wholesale tailor shop spends his whole time and energy in designing. The smaller custom tailor learns a system of cutting when he is a young man and he cuts that way until he quits the business, He is also a coat maker, vest maker, trouser maker, bookkeeper, collector, buyer and seller and knows something about the duties of each of these positions and not enough about any one of them to set the world on fire. He also does business on a credit basis and his losses are pretty big every year. Somebody has to pay for these losses. He buys cloth in single suit lengths while the wholesale tailor buys in sixty yard bolts, and an order for two or three hundred bolts is nothing unusual. Who do you think buys the cheaper? One of the great factors in big improvement that has taken place in the wholesale tailoring trade within the past ten years is the system of tailoring by experts in every department of the business. Each man in a wholesale tailoring shop has one single thing to do in the making of a garment and he is doing that one thing from Monday until Saturday, and every week in the year, until he becomes marvelously proficient. Take the hanging of the sleeves for instance. This is done by men who do absolutely nothing else. That is why sleeves in wholesale tailored garments are nearly always put in more smoothly and more correctly than the

No other wholesale tailors in Canada have done as much towards perfecting this class of garment as the 20TH CENTURY BRAND people in Toronto. Their or shops are recognized as model shops all over America and are visited by experts from every Country. They make nothing but fine tailored garments for men and in seven short years their business has grown to be one of the largest in the land. Their garments are known and appreciated in every province of the Dominion and their styles are copied right and left. We are Sole Agents in Kingston for this celebrated firm and invite you to come and inspect their Fall and Winter models that we have in stock. No custom tailor in this part of the country can equal them for style, fit and good tailoring. We make this assor-

tion, because we know we can prove it.

The Heroic Deed Was Performed During a Cold Night-Her Work Would Test Strong

Spokane, Wash., Nov. 10.-Mrs. Marie Talma, Chelan county, Wash., has been awarded a silver medal by the Carnegie hero fund commission for bravery displayed at the risk of her own life in saving Mrs. Jacques and two helpless children from death by freezing in the snow and ice crusts on the north bank of Lake Chelan, west of Spokane, last January.
