LONGING FOR A CHANGE.

In Belleville the proposal has been made that the city return to the ward system of selecting members of the council, and the Ontario opposes it with considerable vehemence. Indeed our contemporary charges against the ward system, defects which have not hitherto been apparent.

The category of failings is startling enough. Here are some of them: That the ward system has contributed unnecessarily to the city's indebtedness; that "men of questionable character were elected to the council"; that "the municipal machine has been overloaded"; that "there was no end of log-rolling"; and consequently improper public expenditures; that one greater helped another, and that "the treasury was looted accordingly."

In favour of the general system of elections it is contended that "all the evils of the ward system" have disappeared; that good value has been had for the money spent; that public ownership of water works, and gas works has been successful, and that "politics have been almost" mark the word almost—"got rid of in the administration of public affairs."

The experience is different in different places. In Hamilton and Guelph the people are longing for a return to the ward system, for the virtues it possesses.

COLLEGE HONORARY TITLES.

Collier's Weekly comments ironically upon the number of honorary titles which the colleges are handing out. "Has the peerage of England a right to a place on the rolls," it asks, "and if that be so by what miracle did Lord Northcliffe escape?" The editor adds that Viscount Milner is said to be looking for a Canadian post, and all the L.L.D.'s he can get "he needs in his business."

One is shocked with these statements. What the moving consideration may be with the senate of Toronto university he does not know, but Queen's was understood to have honoured only those who honoured themselves and their country, or who rendered public service which entitled them to larger distinction.

The reference to Lord Milner is not understood. Seeking a Canadian post, and accepting any leverage that will help him in his ambitions? Well, well. The noble lord has not been suspected of playing that kind of a game, and it is not becoming to him, anyway.

Lord Northcliffe is in another class. He may not be seeking titles, and he may not appreciate them. In any case it is to be hoped there will be no recognition of anything but worth.

THE BIRTHDAY HONORS.

Outside of the honors conferred upon members of the civil service—in recognition of officials who have been a credit to the country and the cause which they espouse—the most notable instance of kindly favour is the conferring of knighthood upon the general manager of the Bank of Montreal and the publisher of the Montreal Star.

Mr. Clouston is the representative of the financial interests of Canada. A year ago there was an experience which was accentuated in banking circles. It was met by the adoption of an extremely cautious policy. The general manager placed his finger upon the public pulse, diagnosed the condition of the times, and prescribed a course of treatment which was regarded as eminently wise and sane. He deserves knighthood and may be expected to carry it gracefully.

Sir Hugh Graham is a representative journalist. Rumour has credited him with political ambitions, but there has been no evidence of it outside of the financial and personal support he has tendered to certain men. Knighthood means, in this case, a personal recognition of personal worth and as it comes to a newspaper man the newspaper profession—perhaps the most independent and least sycophantic in the world—it may be expected to tender its congratulations.

The recipients of birthday honors must, of course, in their several spheres, stand more than ever, for the highest ideals in public and social life.

SUSPENDING THE OFFENDERS.

Few of the old officials will represent the marine department at Quebec by the time the Cassels' commission closes its enquiry. The suspensions are going on, as the evidence of men who have had to do with the department involves or implicates many members of the staff. The commission did not expect to spend as much time in

the historic city, but their work is so fruitful of scandal that it cannot now be discontinued until it is complete.

There can be no mistaking the meaning of some transactions, though the contributors to the boodle fund persist in calling them "interest" instead of commission. The idea that the government obtained accommodation through the Quebec officials is simply preposterous. The government is able to finance its own transactions. It may be tedious in its proceedings, and unnecessarily so. There is no reason why accounts for supplies cannot be checked and paid monthly. The lapse of two or three months while financial statements are passing through the usual routine, is altogether wrong, and the sooner a new system is introduced the better. It may be the result of the skill of the production engineers who were called in to advise the department, and if so there will be some further, but practical return for the thousands of dollars which have been paid to them.

That there was boldness about this Quebec grafting goes without saying. Correspondence was produced which showed that the commission of five per cent. was specifically arranged, and so that there would be no doubt about it. Moreover, the commission was paid over by clerks of the supply houses and charged up like the items of any contract. The whole transaction was so shameless that there can be no defence of it, and restitution should follow. Every dollar that has been wrongfully wrung from the contractors and added to the cost of the goods should be returned to the government to which it belongs, and there should await the offenders not only the loss of office but the punishment which is their due for every breach of trust.

NO CHOICE IS GIVEN.

Thanksgiving Day in Kingston was very largely a holiday, a day of idleness, since most people after their Sunday were restive and not in the humour for prolonged inactivity. The intent and meaning of the day were therefore obscured. The object of it was ignored.

The proclamation of the government should be read in every pulpit in the land. It should be no formal document. President Roosevelt caught the true spirit of the occasion—the spirit that actuated the Pilgrim Fathers—and made of his message to the people a sermonette. Roosevelt was in real earnest about Thanksgiving Day. So should every man and woman who sits down and gives the subject a minute's serious consideration.

Perhaps there is force in the objection to the shifting of the date. There seems in Canada to be no fixed idea in regard to the day. It varies from year to year according to the vagaries or whims of the party in power. The last argument in favour of a Monday for thanksgiving was, it is alleged, a concession to the commercial travellers. They must feel themselves to be immensely flattered by this recognition of them. The millions made subject to the convenience of thousands! The American government is not moved by any special consideration for any class. Its Thanksgiving Day, like election day, falls on the same date year after year.

The date—whether it falls on a Monday or a Thursday—should not affect the situation. Those who were intensely religious—and thankful—will attend a special service on any day, and in any kind of weather. The number may be small. The more the pity. The service should be held, however, and no church is warranted in omitting it. A reference to the season, the crops, the harvest, will not do. There is a day set apart for meditation upon the works of Providence, and that day should be observed if there is to be a reasonable response to the proclamation of the government.

EDITORIAL NOTES.

Have you been vaccinated? No? Well, as a good citizen, attend to the matter at once.

Sanitation is something one cannot put upon another. It is a public matter and it concerns everybody.

Is the omission to hold a thanksgiving service in some of the churches a sign of the times? And if so, what is the sign?

Canada leading in the suppression of the opium traffic! Glorious news. W. L. Mackenzie King's report on the revelations in British Columbia was an eye-opener.

The sentence of Morse—the ice king and bank wrecker, through his wild speculations—demonstrates that when justice takes hold of an offender in real earnest he realizes it. Money, not

A Very Sudden Death.

James H. Stevens, of Lawlorton, New Ontario, met a sudden and peculiar death, Oct. 21st. While prospecting with his son, and they were separated, he was stricken with illness and fell where he stood. The son found him only a few minutes later, but life was extinct. Deceased was an experienced miner and much respected for good qualities of personality. He was in the 65th year and leaves a devoted wife and attached family. Interment was made in Hailybury cemetery.

The election of Governor Charles S. Deneen to serve another term as governor of Illinois will be contested by his defeated democratic rival. They demand that the ballots be recounted. The demand for a recount will be made upon the legislature, as provided for in the statutes.

Lionel Nowall was drowned while canoeing at Stratford.

even millions of it, or influence or prestige, cannot save some people from their due.

Why should a government official have to pay public accounts with his own note, which the bank discounts? This is a phase of the Quebec enquiry which wants looking into.

Congratulations to Dr. C. K. Clarke on his elevation to the deanship of the medical college in Toronto. Ability and culture will assert themselves if given the opportunity, and Dr. Clarke has both.

A witness in the Quebec enquiry said that some accounts with the government hang fire for six months and some for years. Why should that be? No "business man" would tolerate such a practice. Why should the government?

Now the imperial parliament is concerning itself with the care and welfare of children—their training, education, and equipment for industrial life. Asquith's government has become truly paternal.

The New York taxicab strike is over. It affected thousands of men. They are to be taken back by the taxicab company as vacancies occur. Result—loss of work, wages and power. Do strikers pay? Ask those who have suffered from them.

The prisoners in the Toronto jail are confined for thirteen hours out of the twenty-four in solitary darkness. Prisons are meant to restrain and reform men, not to make them crazy. Civilization in Toronto is not advancing very fast.

Little Hocken, of the Orange Sentinel, has some comfort. He has found one strong defendant in his issue of the "Duty of the Hour" pamphlet—Col. Sam Hughes, of Lindsay. Hocken will be considerably set up in consequence.

Roosevelt, it is said, will enter the U. S. senate. He will have to enter something. He cannot remain idle. But it is one thing to be a member of the senate and another thing to be its dictator. Can "Teddy" get along anywhere without his big stick?

The city is providing for a boulevard along Montreal street, and it is hoped the city will take care of it. Montreal street has a great deal of traffic upon it, and the tastes of the people should be fairly represented on it.

Provided quarantine does not prevent several hundred of our citizens should go to Toronto with Queen's footballers on Saturday and then "root" for them as the play proceeds. A strong backing is all the students want, and they will be the champions.

The McCallum experience, his misuse of the funds of the bank of which he was the teller in Toronto, should be a warning to stock speculators. When bank managers and their associates are caught and robbed by sharks the average money lender had better be cautious.

THE HALLS OF QUEEN'S.

Elections of Arts Society and Concourse.

The arts society elections were held last Saturday morning. The number of votes polled was about 135, owing to a great many being out of the city for Thanksgiving. The retiring president, W. A. Dobson, was returning to office. The following is a list of the incoming officers:—Honorary president, Prof. J. L. Morrison, M.A. (accl.); president, Allan Donnell, (accl.); vice-president, W. R. Leadbeater; secretary, E. L. Jull; treasurer, W. J. Lamb; auditor, D. A. McArthur, M.A.; critic, D. C. Gaverly; committee men, P. G. and P. M. W. A. Dobson, (accl.); '09, W. H. Burgess; '10, G. N. Urrie; '11, A. D. Pringle; '12, Mr. Ross.

Concourse: Iniquitous et Virtutis;—Chief justice, H. W. MacDonell, (accl.); Jr. judge, C. H. Elliott; Sr. prosecuting attorney, R. E. McLaughlin; sheriff, A. B. Turner; clerk, S. C. Cormack; chief of police, G. B. Kendrick; Jr. prosecuting attorney, E. B. Wylie; critic, G. E. McKinnon; constables, '09, W. Dobson, '10, H. MacDonald; '10, G. S. Otto, G. E. McDonald; '11, H. D. McCulloch, J. McIntosh; '12, R. H. McKinnon, R. Bruce.

Garfield Platt, M.A., Ottawa, occupied the chair at the regular meeting of the Alma Mater Society, last Saturday night. The resignation of D. C. Gaverly from the debate committee was received. A sum of money was granted to procure pictures of A.M.S. executive for the various reading rooms as well as for the honorary president. Notice of motion was given that at the next regular meeting of the society, the positions of Alumni editor and Medical editor be declared vacant and that the society proceed to appoint men to fill these vacancies.

DR. HAMILTON'S OINTMENT MAKES NEW SKIN.

Magical in Curative Action, Removes skin destroying blemishes, pimples, blotches, Eczema, psoriasis.

Overcomes dryness, redness and crinkling of skin. Both a food and cure for every form of skin trouble. At druggists 50c. or by mail post-paid, from Polson & Co., Kingston.

DR. HAMILTON'S OINTMENT MAKES SICK SKIN WELL.

Only those who have been tortured with Eczema can appreciate how Mr. Trumpet struck out. Being a railroad man, he was called upon to do all kinds of heavy work. The constant strain of lifting, weakened the kidneys.

I received the sample box of Gin Pills and was greatly benefited by them. My kidneys were in such bad condition I could not lift or stoop without pain. In fact, they stung me nearly all the time. I have taken three boxes of Gin Pills, working all the time at heavy work on the railroad and did not lose a day.

FRANK TRUMPET, Napanee, Ont.

Do sharp twinges catch you as you stoop? Are you subject to Rheumatism, Sciatica or Lumbago? Does your Bladder give trouble? Take Gin Pills on our positive guarantee that they will cure you or money refunded. 50c a box—6 for \$2.50. At dealers, or direct if you cannot obtain from druggist. Sample box free if you mention this paper.

Dept. B, National Drug & Chemical Co., Limited, Toronto. 117.

TOWN OF GANANOQUE

TWO ROAD RACES HELD ON MONDAY.

Gananoque Man in Montreal Herald Race—The Rugby Match—Salvation Army Captain Transferred.

Gananoque, Nov. 10.—At nine o'clock Monday morning the much-talked-of boys' road race was brought to a successful issue. It was eligible only to boys under fifteen years of age, one and one-half miles northward, from the Provincial Hotel and return. Ex-Mayor W. J. Wilson started the crowd off at the appointed time, there being twenty-one in the line-up. Two handsome cups and a medal were donated as prizes. The following was the order of the finish: First, Edgar Cummings; second, Patrick McDonald; third, Patrick Wiley; fourth, O'Gorman Lee; fifth, J. Amo; sixth, J. McAuley.

At 10.35 o'clock, the senior event started from the square in front of the International Hotel, around the regular block, making a distance of eight and one-half miles. Frank Macneil started the contestants, and in this event six handsome cups and trophies were offered. There were nine starters all getting away well together, and were in a bunch as they went around the Provincial corner, with O'Brien slightly in the lead. At Gananoque Junction O'Brien had increased his lead to about one-quarter mile. The finish was made: First, Robert O'Brien, 33 mins.; second, William Garrah, 50 mins.; third, W. Brennan, 63 mins.; fourth, Roy Mullins, 64 mins.; fifth, E. Compeau, 65 mins.; sixth, Rex Cobbe, 66 mins. At the finish O'Brien was a good mile ahead of the second man.

At the Driving Park yesterday afternoon, Gananoque's Junior O.R.F.U. met the Kingston Youth Club's aggregation in the regular schedule game of this district. The game was started about 2.30 p.m. with "Hod" Knight acting as referee and Laird of Kingston, umpire. At half time the score stood, Gananoque, 7; Kingston, 1, and a kick was made against Mr. Knight as referee, and Russell Britton was substituted. Laird was also superseded by Murphy as umpire. The last half was rather strenuous, and at the finish the score stood, Gananoque, 15; Kingston, 6. The local team put up a hard fight, and their victory was well earned. Kingston fought hard to win, but the work of George Taylor and Betsman, decided the day. This means a look-out at least for the local team for the finish.

Captain and Mrs. F. W. Richardson who have been in charge of the local Salvation Army Corps for several months past, have received marching orders from headquarters and are to report at Sherbrooke, Que., for duty this week. It is understood that they will be succeeded here by the captain and his wife who have lately been in charge at Sherbrooke.

William Wing, Sydenham street, has been appointed by the A. C. A. as caretaker of Sugar Island, six miles east of the town, which they purchased a few years ago, and where they hold their annual encampment.

Howard Linklater, one of Gananoque's well known long distance runners, was one of the starters in the Montreal Herald's around the mountain road race yesterday.

The following are among the holiday visitors in town. The Misses Marion Allen and Minnie Gedwin and Mrs. R. D. Moncrieff, of Kingston, with the former's aunt, Mrs. Clark Allen, Main street, Mrs. Sinclair and Mrs. Smith, Brampton, with their sister, Mrs. William Salter, James St. Mrs. Walsh, Ottawa, with their aunt, Mrs. Munder and son, Joseph, of Montreal, with his family, Garden street, Jabez Coombs, Carleton Junction, with his family, First street, Carrie Briggs, Kingston, model school.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty. In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden. It is to these faithful women that Lydia E. Pinkham's Vegetable Compound comes as a boon and a blessing, as it did to Mrs. W. Barrett, of 602 Moreau St., Montreal, who writes to Mrs. Pinkham: "For years I was a great sufferer from female weakness, and despite every remedy given me by doctors for this trouble, I grew worse. One day a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and am thankful to say that it made me strong and well. It is to these faithful women that Lydia E. Pinkham's Vegetable Compound comes as a boon and a blessing, as it did to Mrs. W. Barrett, of 602 Moreau St., Montreal, who writes to Mrs. Pinkham: "For years I was a great sufferer from female weakness, and despite every remedy given me by doctors for this trouble, I grew worse.
