THE SPORT REVIEW

OTTAWA AND HAMILTON TO PLAY OFF HERE.

Championship Game to Be Settled in Kingston on Saturday—Queen's Practising Hard For Game in Toronto.

On Wednesday evening Hugh C. Nickle received word that the big game between Hamilton Tigers and Ottawa City for the championship of the Interprovincial Rugby League, would be played here on Saturday next. This game is the centre of attraction in all sporting circles at present. Each team has lost one game this season. Ottawa lost in Hamilton, and Hamilton lost in Ottawa, leaving them a tie. This game should bring over a thousand people to the city, and will be a good thing for the local hotels. Both teams will likely arrive here on Friday evening, and excursions will come from Hamilton and Ottawa on Saturday.

Queen's Athletic grounds, on which the game will be played can accommodate 3,000 people. Kingston is interested in both Ottawa and Hamilton teams, but perhaps favors Ottawa to win, as one of Ottawa's chief players is "Jack" Williams, whose home is in Kingston, and who used to play with Queen's. Ottawa has two other ex-Queen's players in Dr. Sheriff and George Kennedy. Then Hamilton's star half back, Simpson, learned rugby at Queen's, having played full-back and half-back, with Queen's senior team for five years.

The telegram received by Mr. Nickle was from Percival Molson, president of the league. The two teams could not agree on a place so he chose Kingston.

H. Davidson of Montreal, will arrive at midnight to-night to look after the game. Hamilton are expected on Friday evening with a large bunch of supporters, and word has been received here that Ottawa wants accommodation for anywhere from six hundred to a thousand people.

It Was A Great Success.

The senior road race held by the Y.M.C.A. on Thanksgiving day, was the first to be pulled off by the association, and proved a great success. The members have shown much enthusiasm in these races, and it has been shown that there is some very good material.

Queen's Practising Hard.

Queen's seniors and juniors had a fine practice on Wednesday afternoon, in preparation for their games with Varsity on Saturday. The senior team will be in fine condition, and every man will be in shape for the game of his life. The team to go up against Varsity has not been picked yet and will not be until to-night. It is thought that the same team will line up against Varsity as defeated Ottawa College on Saturday last. Crawford is not yet fully recovered and it is not known whether he will be able to play or not.

Swimming Contest.

Much interest has been aroused at the Y.M.C.A. in the swimming contest for the shield offered by William Bearance and Charles Moxley, the popular swimming instructors. The contest is open to all in the intermediate and senior class, and the first event will be pulled off next Wednesday night, and the contests will be held every Wednesday night following until concluded, from nine to ten o'clock, when the swimming tank will be placed at the disposal of the swimming class. The events promise to be most interesting and include the following: Long dive, neat dive, 50 yards swim (any style), best "stunt" off swing, 50 yards on back, plate diving contest, potato race, obstacle race, under water race.

Arranging Basketball Games.

Physical Instructor Thompson, of the Y. M. C. A., is arranging for a tour for the intermediate basketball team, in the near future. It is proposed to leave here on a Friday, play Albert College, in Belleville, that night, go on to Peterboro, and play a game there, on Saturday afternoon, then on to Lindsay for a game Saturday night, remain in Lindsay over Sunday, then back to Belleville, for a game on Monday night.

The Intermediates are playing good ball and should attract much attention on the tour which has been mapped out. Everything at present points favorably to the trip, and it is hoped to have the arrangements complete within a few days.

Mr. Thompson is also arranging for a game for the second intermediate team at Prescott.

Sporting Notes.

Saturday next will see the finish of football Ottawa, Ottawa College and McGill doing the finale. College is out to win one game, and McGill must be the victims. Public sentiment at Hot Springs, Ark., is much in favor of the resumption of racing, and the law will probably be amended to permit it at the next meeting of the state legislature. Varsity defeated McGill in their association football game at Toronto by 2 goals to 0. Queen's play in Toronto, Saturday. The game will take place at twelve o'clock.

Acting under orders of the famous "Hurry-up" Yost, coach of the University of Michigan football team, an offer of a free Varsity course has been tendered "Jack" Ryan, Ottawa's celebrated wine player, to join Michigan, and finish out the season with the football squad.

The following telegram has been received:

VISIT OF LONGBOAT

THE FAMOUS INDIAN RUNNER TO KINGSTON.

The Redskin Ran An Exhibition Five Miles at the Roller Rink—A Thousand People Witnessed the Relay Contest.

"Tom" Longboat, made his initial appearance as a professional at the roller rink on Wednesday evening, before over a thousand people, running five miles in twenty-six rounds. This is also the Indian's first appearance in this city and his presence aroused great interest. Never has the roller rink held as large and orderly a crowd as it did on Wednesday night. "Tom" did not arrive in the city at noon Wednesday, staying off in Deseronto, but about five o'clock the famous Indian runner and his Indian girl friend from the west, drove into the city behind a fast gray team. The Indian certainly gave the crowd the slip as many were at the train to see him.

Longboat was to run against five men in a five mile relay, but only three men could be secured, J. Thompson, physical director of the Y.M.C.A.; Private Billoreau of the R.C.H.A., and P. McMaster of the city. McMaster and Thompson each ran two miles. The track was laid out on the outside of the skating surface thirteen laps around the rink. The course was measured in the morning.

When Longboat stepped on the floor, he was greeted by loud cheers which continued till he was ready to start. The start was made about the centre of the rink on the left hand side, facing Queen's gymnasium. W. F. Nickle, M.P.P., George A. Mackie, and C. C. Folger, were the judges. Thompson ran the first mile with the Indian, giving him a good race until the last two miles when "Tom" pulled away from him quite early and about seventy yards ahead. McMaster followed Thompson and when he quit the Indian's lead was not quite so great, but he was running easy, and last mile he was in the lead. During the first two miles the broad smile of the fine Thomas beamed upon every one around the rink side, and any words of encouragement to him from the sides were always acknowledged. McMaster came on for the third mile, and the Indian going on a little excursion lapped him easily at the end of his mile having a lead of a lap and a half. The Indian had covered the three miles in a little over fifteen minutes.

McMaster put up a good run for the fourth mile gaining half a lap. This runner put up the best exhibition of any of the local men, making a good show of himself. Thompson appeared again for the fifth and last mile. The Indian was running easy and did not seem in the least distressed by his long grind. As the last mile began to close up, Mr. Longboat began to open out and finished the last lap faster than he had run any before in the evening.

POISONOUS CATARRH.

It Causes the Weak to Die Young, and Invariably Leads to Incurable Consumption.

Catarrh has at least one fortunate feature—it can be cured by "Catarrhazone." In every case this remedy gives instant relief. Never was it known to fail in curing thoroughly. Archibald Bass, of New Harbor, writes: "Catarrhazone proved a remarkable remedy in my case. I suffered terribly, from catarrh in the throat and nose, and was so stuffed up every morning, I could hardly draw my breath. The mucus dropped back into my stomach, upset my digestion and kept me sick all the time. Catarrhazone relieved in a short time and cured perfectly. Surely your case isn't worse than this. Catarrhazone will cure if you give it the chance. The complete outfit lasts two months and costs \$1; this size is guaranteed to cure. Sample size, 25c., at all dealers. Get Catarrhazone to-day!"

Reception To Bishop.

On Tuesday evening of last week a reception was given Archbishop Gauthier, on the occasion of his feast day in the reception hall of the convent of the Congregation of Notre Dame. The hall was tastefully decorated. An address of congratulation to his grace was read by Miss Anna Leahy, one of the graduates. A feature of the evening was a piano duet on six pianos by the Misses Leahy, Carl, Hanlon, Nicholson, Howison, Campbell, Simpson, Dolan, Lovitt, Shannon and Breveland. At the close of the archbishop's address of thanks and appreciation, diplomas were presented to the following young ladies: Kathleen Brochier, Anna Leahy, Theresa Berthiault, Kathleen Diamond, Pauline Dawson, Rose Nicholson, Mary Egan, and Edna Fitzgerald, of Kingston; Carmel O'Brien, Carleton Place; Mary McDonald, Portsmouth, and Tessie Enmond of Portmouthe.

Hurt At Rochester.

"Harry" Phillips, aged nineteen, formerly employed at Knox's store, in this city, was the victim of a serious accident at Rochester, on Monday. He was squeezed in an elevator in the Cornwell building, on Main street east. Phillips is employed in a furniture store there. He was in a dangerous condition when removed to the hospital. His many Kingston friends hope for a speedy recovery.

CORRIGAN'S.

QUIETLY MARRIED.

Miss Corbett Was the Very Charming Bride.

Owing to the recent serious illness of Archdeacon Macmorris, the marriage of Daisy Gertrude, eldest daughter of Mr. and Mrs. Charles H. Corbett, Court Place, to Robert Henderson, only son of the late Warren L. and Mrs. Henderson, of Morrisburg, Ont., took place very quietly on Wednesday evening at St. James' rectory, instead of St. James' church, as announced. Archdeacon Macmorris officiated. The bride wore a tailor-made gown of navy blue broadcloth, with touches of velvet and handsome buttons. A blouse of white, embroidered Brussels net, in tiny acordion pleats and chic hat of navy blue velvet, trimmed with smart white wings completed the stylish costume. She carried a beautiful shower bouquet of white bridal roses and wore the groom's gift, a diamond and turquoise ring. Mr. and Mrs. Henderson left for Ottawa and from there will go to Morrisburg to visit the groom's mother, Mrs. Warren Lyman Henderson. The popular bride received a large number of very lovely presents, which testified to the loving esteem in which she is held.

Need Better Blood.

A good share of chronic diseases are due to lack of nutrition of the vital organs. These organs get their nutriment from the blood. The blood must be pure and rich in iron to keep the system in order. Those who are in any sense run down get by the use of Wade's Iron Tonic Pills (Laxative). They are a great nerve strengthener and blood maker. In boxes, 25c., at Wade's drug store. Money back if not satisfactory.

Picton's Walking Club.

Picton has revived its Walking Club the meets of which used to be such a marked feature of the town's social life "years and years ago." Some kind person is reviving tales of woe and old club didn't do, and drawing comparisons between it and the present strenuously-minded members of the new organization, but what do they know? Mrs. David Barker, "Old Grange," gave the walkers tea this week.

In A Class By Itself.

If you have been accustomed to using ordinary liniments, try Smith's White Ligniment the next time and see how much quicker it relieves and cures. It belongs in a class by itself and yet costs less than the common kind. Cures rheumatism, neuralgia and all external injuries. Large bottles, 25c., at Wade's drug store.

Argyle For Next Summer.

The steamer Argyle, beginning next May, will go into commission again on the north route, calling at Cobourg, Port Hope, Newcastle, Bowmanville, Oshawa and Whitby. About \$3,000 will be spent in fitting the steamer in first-class condition from stem to stern. This was decided in Toronto last week.

A Winter Comfort.

For pain, cold feet or in sickness a hot water bottle is invaluable. Especially needed in winter. The right kind here at 50c. up, for the two quart size. Fountain syringes, bulb syringes, and all rubber sick room supplies at Wade's drug store.

Expressed Thanks.

Miss Hurst, V. O. nurse, returns thanks to R. F. Harvey for \$5 for poor fund ticket and tickets from Hugh Nickel, for gifts of clothing from Mrs. Henderson, Mrs. Frederick Davis, Miss Smythe and H. Arthur.

Fall Importations Of 1908.
