Open Saturday Evening.

BOARD OF EDUCATION DECIDES THAT PUPILS MUST BE VACCINATED

Or Remain Away From School—Mr. Stoddard of the Collegiate Staff Released—Teachers Want More Salary.

The Board of Education last evening decided that on and after Monday next no public school or Collegiate Institute pupil would be admitted to classes unless he or she presents a certificate of successful vaccination within the past seven years. This was the result of the request of the Board of Trade that the Education board enforce the vaccination law.

In attendance at the meeting were: Trustees Martin (chairman), Anglin, Bennett, Chown, Craig, Godwin, Lambert, Macgillivray, Marshall, Metcalfe, McLean, Meek, Renton, Richardson, Walker.

Mr. Anglin moved that no teacher or pupil be admitted to the public schools or Collegiate Institute without a proper certificate of vaccination according to clause 26 of section 206, Revised Statutes of Ontario; that this regulation become effective on Monday, Nov. 16th, and remain in effect until revoked by this board.

Mr. Anglin stated that since the last meeting of the board public opinion as to compulsory vaccination had changed greatly, in view of the conditions that exist.

Prof. Macgillivray asked as to the proportion of pupils who had not been vaccinated.

Chairman Martin replied that a few days ago a census had been taken by the secretary and inspector, and it was found that about two-thirds of the children had been vaccinated.

Inspector Kidd stated in reply to Prof. Macgillivray that only one public school pupil had taken smallpox. Since Monday, many more pupils had been vaccinated, and the proportion unvaccinated was now much smaller. The inspector reported that the attendance in the schools had fallen off one-third during the past ten days.

Prof. Macgillivray asked if compulsory vaccination would allay the scare. The inspector replied that he thought if all the pupils were vaccinated, it might bring back many pupils to their classes.

Mr. Chown thought that the terms of the act should be carried out and he seconded Mr. Anglin's motion.

Principal Ellis stated that many Collegiate pupils were away because of sore arms or slight illness. He didn't think anyone was away because of fear of the disease. The principal said he had posted a notice advising pupils to be vaccinated, and to keep away from places of public indoor resort. He said that if the Collegiate happened to be closed, the result would be more serious than if a public school was closed.

An Opposition View.

Mr. Bennett held that the Board of Health should enforce the compulsory itself. He criticized the Board of Health for closing Cataract school. That was an arbitrary action. How did the Board of Health know the disease was contracted in Cataract school? Mr. Bennett said he wouldn't vote for compulsory vaccination. He favored vaccination, but force he would not advocate. He would leave vaccination to the good sense of the people. Why hadn't the city council or the Board of Health enforced compulsory vaccination?

Mr. Godwin wanted to know why four days had elapsed before Cataract school was fumigated? He declared that he would vote against compulsory vaccination.

Mr. Bennett said that his resolution did not force vaccination. It simply refused admittance to pupils who were not vaccinated. Cataract school was now closed. Was the board going to keep the two-thirds who were vaccinated out of school for the sake of the one-third who were not vaccinated?

Mr. Chown held it to be the duty of the Board of Education to look after the pupils of the schools. The city council and Board of Health had quite enough to do without looking after the education board's work.

Mr. Lambert said that the board should try and keep the schools open for those who were vaccinated. The question resolved itself simply into this: That those pupils who wouldn't be vaccinated remain out of school.

Mr. Walker said it would be cowardly for the board to do anything else than enforce the law, which was specially made for enforcement by the board. Mr. Meek said that he thought his responsibility to two-thirds of the people was greater than to one-third of the people, and hence he would vote for the motion. He felt that he could not imperil the many for the few.

Prof. Macgillivray also held that the will of the whole was to be preferred to the free will of the few. The schools must be protected, and hence it seemed only right and wise that unvaccinated pupils should be refused admittance to the schools.

Prof. Marshall drew attention to the

For Sick Children

Mrs. Rose Hawthorne Lathrop, Who Has Done so Much Good Among Sick Children of New York, Recommends Vinol.

"In my work among the destitute sick I give Vinol in many cases where it would be impossible to give cod liver oil in any other form. On account of the extreme weakness of the patient's stomach. I have known Vinol to restore appetite and infuse new life in many cases of sick women and children when everything else failed. Little children seem to delight in taking Vinol."

The reason Vinol is so far superior to old-fashioned cod liver oil and emulsions is because it contains all the medicinal, body building elements of cod liver oil actually taken from fresh cods' livers with the disagreeable oil eliminated and tonic iron added.

As a body builder and strength creator for old people, weak women, delicate children, after sickness and for all pulmonary troubles, Vinol is recommended by over 5,000 of the leading druggists of the United States. Your money will be returned on demand if Vinol fails to benefit. Geo. W. Mahood, Kingston.

THREE RUGBY TEAMS FROM KINGSTON HAVE GONE TO TORONTO.

The Big Queen's Varsity Game To-Morrow Afternoon—A Comment on the Ottawa-Hamilton Contest to Be Played Here To-Morrow.

Queen's first and third teams left at noon to-day for Toronto, accompanied by about 200 supporters. The first team will meet Varsity to-morrow, and on the issue of the game depends the championship, to some extent. Queen's have been working well all week and are in good trim. It is thought by a great many that Queen's can win this game, and if they do, they will try for Dominion honors with the winners of the Hamilton-Ottawa game here on Saturday.

Queen's seniors will line-up as follows: Williams, full-back; Leckie, Macdonnell, Crawford, halves; Moran, quarter; Bruce, Brewster, Gibson, scrum; Gallagher, Lawson, inside wings; Buck, Thompson, middle wings; Elliott, Murphy or Turner, outside wings.

The third team will line up as follows against Varsity III.: George, full-back; Goodwin, Macdonnell, Ramsay, halves; Kirkpatrick, quarter; Reid, Oughton, Battersby, scrum; Spearman, Desbrisay, inside wings; Hamilton, Connolly, middle wings; Loose, Barker, outside wings. "Ken" Grimshaw will umpire the junior game in Toronto.

The third team have a lead of twelve points to pull down, but will try hard to do it. Manager Grimshaw has had his players at work for some time, and they are showing up well.

Dr. Hendrie, Hamilton, and Russell Britton, Gananocoe, are officials for the senior game in Toronto.

Cadets seniors also left at noon for Toronto to meet Varsity II. in the final game for the intermediate college championship. The soldiers have a lead of sixteen points to overcome and do not feel any too confident of being able to do it. They will line up as follows: Smith, full-back; McKenzie, Reid, Boswell, halves; Gwynne, quarter; Holt, Blue Young, scrum; Rogers, Ringwood, inside wings; Parr, Arnold, middle wings; Goodlove, Goldie, outside wings.

The Hamilton-Ottawa Game. When Hamilton, Tigers and Ottawas meet on Queen's athletic grounds to-morrow afternoon, two of Ontario's best rugby teams will be seen in action. Local rugby critics will have a chance to estimate if Queen's, the likely intercollegiate champions, would have a chance to defeat the winners, if they met for Dominion honors.

There will be a great deal of betting on the result, but at this distance, it looks as though Ottawas would be the victors. Each team has lost a star player, but the Ottawas seem to have improved more than the Tigers in the past fortnight. The team from the capital are more confident than the Tigertown fourteen. P. MacKenzie, of Montreal, will be referee.

A Montreal despatch says: "The choosing of Kingston as the place in which to play off the tie match for the rugby championship is generally looked upon here as favoring Ottawa, and people laugh at the reports from Hamilton that Tigers think they have got the best of the Ottawas. To those unacquainted with the Kingston field it is a very difficult one to play on. There is usually a strong wind blowing, and as this has a habit of turning entirely around during the second half, the team which wins the toss and plays with the wind in the first half usually wins the match. There again at least three of the Ottawa team are not only perfectly familiar with the field, its holes and peculiarities, but are almost born and bred Kingstonians. "Jack" Williams and George Kennedy have played there often and Powell, who will replace Murray Kennedy played with the Royal Military College. It is therefore likely that the Ottawa team will be the favorite with the crowd also."

Reports of Committees. These committee reports were adopted:— Management.—That the tenders of Uglow & Co., for books for the Collegiate Institute library, viz. \$74, and for public school supplies for \$609, viz. \$1,217, be accepted. Only one tender was received in each case. The tender for supplies for rent was \$1,200. That Miss Susie Bawden, domestic science teacher, be given an increase in salary of \$50, the increase to date from September, 1908. Her salary will then be \$550, the maximum paid to public school teachers in the application of Mr. Bale, of the Collegiate Institute staff, for an increase in salary.—Your committee cannot recommend the re-consideration of the present salary schedule, under which Mr. Bale will receive an increase of \$50 in January, next. The receipt of \$200 from Queen's for pedagogy work will make his total salary for 1909, \$1,400.

Property.—That the request of Mr. Ettinger, principal of Central school, that a going to be used for fire purposes only, be placed in that building, be granted. The cost will be about \$10. That weather strips be put upon the interior of the windows of one room in Frontenac school, and the application of Mr. Bale, of the Collegiate Institute staff, for an increase in salary.—Your committee cannot recommend the re-consideration of the present salary schedule, under which Mr. Bale will receive an increase of \$50 in January, next.

Reports On Schools. Principal Ellis reported as follows regarding the Collegiate Institute for October.—Enrolled 412; average attendance 381. Corresponding figures a year ago, 415 and 388.

Inspector Kidd gave these public school statistics for October.—Enrolled 2,239, an increase of one over same month last year; average attendance 2,028, or ten increase over same month last year. In the kindergarten there were 195 pupils, with average attendance of 152. There were 26 new pupils admitted during October, of whom fifteen were new comers. There were eight cases of truancy and one pupil was suspended.

As the principal of Denot school is quarantined, the matter of filling the temporary vacancy was left to the Management committee with power to act.

The Management committee was given power to act in regard to erecting football goals on the Collegiate play ground and furnishing basketballs for schools requiring them.

The Property committee was given power to act regarding the request of the Collegiate pupils for the use of the Collegiate building for their "At Home" on Dec. 22nd.

On motion of Dr. Richardson and seconded by Prof. Marshall, the resignation of Mr. Stoddard, of the Collegiate staff, was left to the Management committee with power to act. A lengthy discussion took place upon the matter, but as Mr. Stoddard had the offer of the Lucan High school principalship and was remaining at present against his will, it was deemed in the interest of the Collegiate to release him. The Management committee will do this. A temporary teacher will be secured until Christmas and in the meantime a permanent teacher will be advertised for.

The board adjourned about eleven o'clock.

Wholesale Grocery Store.

Smith's Falls News. Robertson & Nicolle, wholesale grocers, Kingston, will open a branch in Smith's Falls. They have rented the premises of John Spence, lately used as a mica factory, and we understand Mr. Taggart, late with Mr. Lavoy, will be in charge of the store here. The firm will be represented here by their traveller, Mr. Shannon.

Ready For Contest.

The members of the Y.M.C.A. are putting in all the time possible, preparing for the swimming contests, which will commence now, in a few days. Some of the members are making a fine showing.

Only One "Bromo Quinine." That is Oxative Bromo Quinine. Look for the signature of E. W. Grove. Used the world over to Cure a Cold in One Day. 25c.

Gift To Patients. George Masoud, confectioner, Princess street, sent a box of fruit over to the patients at the hospital on Wednesday. It was very much appreciated.

Sale of Wings and Feathers

1,300 Wings and Feathers, of various designs and colors, are all this year's styles, and are worth from 75c each to \$1.75 each. To-morrow and Monday they will be on sale at

25c. Each.

These goods will not be exchanged or sent on approval. Special sale of Flannelettes at 8 1/2c yard. Special sale of Cotton Blankets Saturday. New Neck Frillings just received.

CORRIGAN'S.

MARINE NEWS. What is Found About the Wharves.

The steamer City of New York arrived from Montreal, with freight. The schooner Winnie Wing will clear from Wolfe Island, for Oswego, to load coal for Napawa.

Swift's Steamer Aethia, from bay points; steamer Dundur, down on Thursday; schooner Corneia, due from Sodus Point, with coal.

The schooners Bertha Kalkins, Kitchin and Corneia were wind-bound at Four Mile Point, this morning, awaiting a favorable wind.

At M. T. company's elevator: The tugs Mary P. Hall and Thomson cleared for Montreal, with three grain barges each; the steamer Kinmount arrived from Fort William, with 98,000 bushels of wheat.

LOOKING FOR SHELTER. Cool Weather Takes Them to Police Station.

The cool weather is attracting the knights of the road to the police station again. One night seven were taken in for protection, and nearly every night some one is given shelter. Some of these men who are cared for, make a practice of going to the police station, in the different places they visit. Some of the unfortunate are really in search of work, but again there are others who, if offered a job, would run away from it as fast as they could. On this account, the man who is endeavoring to hold his head up in the world, and making every endeavor possible to get along, has to suffer.

Ring For Capt. Conger. Captain William Conger, who has been for some time paymaster for Eastern Ontario for the militia department with headquarters at Kingston, and who has been promoted to the same position in Western Canada, with headquarters at Winnipeg, was on Wednesday evening at the officers' quarters in Belleville, presented with a beautiful signet ring by Colonel Stewart on behalf of the officers of the 15th Regiment as a mark of their esteem. Captain Conger is a Belleville man.

Mystery And Picture Show. Commencing on Monday, Nov. 16th, for a two weeks' engagement at the Grand Opera House, Professor John C. Green will present his high-class moving pictures, vaudeville and mystery show, an entirely new, elaborate and unique entertainment that is sure to please the public, including the best moving pictures in the world. Burton V. Peters, singing the latest illustrated songs, and Green, the magician, in his wonderful acts of magic, making a full two hours performance.

A Smallpox Cure. Cream of tartar, one p. int.; dissolved in boiling water, one p. int.; to be drunk when cold at short intervals. It can be taken at any time and is a preventative as well as a cure. It never leaves a mark, never causes blindness and always prevents tedious lingering.

B. A. Hotel Arrivals. J. M. Montgomery, Chicago; J. W. O'Helin and wife, Tweed; F. S. Wartman, Colborne; F. W. Dinnoek, John Sneath, C. H. Creighton, W. E. Jubler, H. H. Brown, R. Brayless, C. F. Thorne, C. J. Lamont, Toronto; C. R. Spencer Smith, Sheffield, Eng.; J. Lee, Belleville; James O'Reilly, Holleford; W. F. Cumming, M. Welsh, W. A. Bradbury, F. R. Hamilton, Montreal; J. A. Irwin, London.

Keep On Coming. The orders for ladies' fur-lined coats keep right on coming to us. The ladies realize that for pleasing styles, superior quality, perfect fit, and best values there are no coats to equal them made in our factory. Campbell Bros., the makers of fine furs.

In Civic Circles. A special meeting of the city council will be held on Monday evening to consider road paving and macadamizing.

Engagement Announced. The engagement is announced of Miss Margaret Churchill, of Covey Hill, Quebec, sister of Rev. Gordon Churchill, a recent pastor of Verona Methodist church, to John Pomeroy, of Oak Hill farm, Bellefont, Ont. The marriage will take place some time in December.

Fall Importations Of 1908. Prevost, Brock street, has received all fall importations for order work in his tailoring department. His ready-made clothing and gents' furnishing departments were never better assorted.

Livingston's for your overcoat.
