NEW COUNTY CLERK

J. W. BRADSHAW, OF TICH-BORNE APPOINTED.

Dr. Edwards Will Act Till Jan. 1st—Charitable Grants the Same As This Year—Auditor Minnes Re-appointed.

At the Wednesday afternoon session of the county council, Dr. J. W. Edwards resigned as county clerk after nine years' service. He stated that he had canvassed no member of the council as to a successor.

Councillor Drew moved, seconded by Councillor Rankin, that the resignation be accepted. The mover stated that Dr. Edwards had given excellent service to the county, and it was doubtful if the county would get as good a man to succeed him. Both the mover and seconder suggested Dr. Edwards be asked to continue as clerk until January 1st, and that a successor be not appointed until the January session.

On motion of Councillors Drew and Rankin, the council placed on record its appreciation of Dr. Edwards' service, and congratulated him upon his election to the House of Commons. Dr. Edwards thanked the council for its appreciation of his services. He would be glad to assist his successor in getting accustomed to the work.

On motion of Councillor Franklin seconded by Councillor York, the appointment of a clerk was left over till Thursday morning.

A deputation of General Hospital governors consisting of Dr. H. P. Juff, James A. Minnes, F. G. Lockhart, B. W. Robertson, W. B. Dalton, J. Chown, R. Waldron, F. Welch and Medical Superintendent Boyce, waited upon the council to ask for an increased grant to the hospital on account of the increased expenditure rendered necessary by the higher cost of commodities, increase of patients, and improvements to buildings. The present county grant is \$1,000. The claims of the hospital and of its benefit to the people of Frontenac were ably set forth.

Councillor Rankin gave notice of a by-law to raise \$20,000 for current expenditure. It would be necessary, he said to ask the larger townships to pay in the county rate as soon as possible. The expenditure that the county council had to meet this year was \$10,000 more than in 1902. However, next year, the expenditure would be far less.

On motion of Councillors Drew and Godwin, a by-law was passed re-appointing Thomas D. Minnes as county auditor at a salary of \$125. The by-law fixing the grants to charitable institutions was moved by Councillors Franklin and Davis. The same grants as last year were passed, viz.: General Hospital, \$1,000; Hotel Dieu, \$700; Infants' Home, \$150, and Orphans' Home, \$100.

County Clerk Appointed.

The appointment of a county clerk to succeed Dr. J. W. Edwards was taken up at the Thursday morning session. Councillor Brash moved, seconded by Councillor Drew, that J. W. Bradshaw, farmer, of Bedford, be appointed. The question of balloting or a clerk was considered, but the clerk said this could not be done. The council, however, could adjourn for half an hour, and ballot. Then they could convene again and elect the one who received the highest vote on the ballot. The council decided to follow this procedure, on motion of Councillors Drew and Miller.

The applications received for the position were: Thomas N. Healey, George H. Gillespie, E. B. Purdy, J. H. Hughson and William Pillar, of Kingston; J. W. Bradshaw, of Tichborne; Warren Wilkins, Verona.

The council resumed its session at 11:30 o'clock, after being out for half an hour. Councillors Brash and Drew again brought in their motion for the appointment of Mr. Bradshaw, and the resolution was carried unanimously. Dr. Edwards will act as clerk till January 1st.

A bill was received from the Ontario Bridge company, of Toronto, for \$800 for extras in connection with the erection of the Loughboro Lake bridge. The contract was \$7,500, but the company's bill was \$8,300, a ten feet more bridge than the contract called for.

LETTERS TO THE EDITOR.

A Season Of Trial.

Kingston, Nov. 19.—(To the Editor): It was really good to read in your valuable paper, of Wednesday, that one faithful Christian man stood boldly to the front, to question the discrimination made against the Sunday schools of our city, in favor of places of amusement. It is good also to note that the decision of the city ministers is conditional, they to close, if other sources of contagion do likewise. Some of the business of the board of health is similar to Dickens' circumlocution office. The dairies, and the water used for cattle and cleansing purposes do not seem to have been inspected. More than one individual is inclined to believe that the quarantine system is at fault, and that the old-fashioned placard was not entirely useless. In many instances, a heavy fine was imposed on anyone leaving the infected dwelling. The card of warning, bore the solemn words: "May the Lord have mercy upon this house." One individual could supply all the needs of the quarantined families, with provisions, by making daily calls with a horse and rig.

To my thinking mind, it is plain to see that, we are passing through a season of trial at such a time. Is it wise to make the little ones doubt the preserving power of God in His own house, and to feel secure in the light amusement that might well be dispensed with for a time? No matter how many may be set to guard our houses, "Except the Lord keep the city, the watchman walketh in vain."

Board of Health.

The board of health had a meeting, Wednesday afternoon. The city solicitor advised that the board could not close places of amusement. The proprietors must do it themselves if they saw fit. It was reported that vaccination was very general a member of the board stating that he thought the epidemic would be "rounded up" in a couple of weeks if everybody got vaccinated.

FOUR YEARS' SEARCH

HIRAM CAMPBELL, SOUTH VANCOUVER, ARRESTED.

Charged With Grand Larceny in Montana—Had Lived Quietly in the Canadian City With His Wife and Started Business—Made Some Money.

Vancouver, Nov. 19.—A search which has lasted four years throughout the United States, Eastern Canada and Mexico, was concluded, last night, when Provincial Constable Smith stepped into a house on Seventeenth avenue, South Vancouver, tipped the startled occupant, Hiram G. Campbell, on the shoulder, and put him under arrest on a charge of grand larceny, alleged to have been committed at Columbia Falls, Montana. Campbell has been living quietly in South Vancouver for the past four years, his wife being with him. The couple had the reputation of being retiring in disposition, and were well spoken of in the neighborhood. The crime Campbell is accused of committing was the theft of \$10,000 from a lumber company, of Columbia Falls, of which he was an official. During his residence in Vancouver, Campbell is reported to have made considerable money in speculation, and he is said to have interested himself in a local manufacturing establishment, through the acquisition of stock in the business.

CHILDREN'S AID SOCIETY.

Agent Macallum May Have to Retire.

A meeting of the Children's Aid Society was held at the city police court, on Wednesday afternoon, under the presidency of Rev. Alex. Laird. Several matters of important business relating to the work of the society were dealt with, and committees were appointed to act with the agent of the society, Rev. D. Macallum, to deal with other matters. The society has several children in its care, whom it would be glad to place in good foster homes. The agent reported well of many of the children. Arrangements were made for the annual meeting to be held in December. It was a matter of regret for all present that Mr. Macallum, who has so long and so well served the community as the agent of the society, is at present in somewhat feeble health, and feels under the necessity of relinquishing his duties in the near future. A committee was appointed to consult with him in the hope that arrangements might be made by which he could still continue to give to the wards and the work of the society his excellent and most discriminating supervision. Mr. Macallum is a gentleman of invaluable gifts in work that calls for both delicacy and decision, and only because of conditions that imperatively demand it will the society be led to listen to his appeal to be released in the near future.

An Opinion From Nova Scotia.

Amman, N.S. Miss H. Brown has been cured of bronchitis, and throat trouble by Catarrhazine which gives instant relief to coughs and colds, and is the cleanest and most convenient cure for catarrh. Almost everyone here uses Catarrhazine which the druggists claim is the best remedy they sell. It prevents winter ill, and two months' treatment costs only one dollar, sample size, twenty-five cents. Better get "Catarrhazine" yourself.
