of suffering, she is well. Read her the average. letter to Fruit-a-fives Limited.

"Dear Sirs,—Since my early childhood (and I am now in my seventy-third year) I have suffered indescribable shrunken grain was reported. Spring wheat, however, is becoming wheat, however, is becoming more popular in mixtures with other grains.

The prince my early childhood the spring wheat is steadily decreasing. While there was an average yield, considerable and insiderable shrunken grain was reported. Spring wheat, however, is becoming more popular in mixtures with other grains.

The prince my early childhood the spring wheat is steadily decreasing. While there was an average yield, considerable and insiderable a orders. Being the wife of a prominent physician (the late Dr. J. R. Flock), I, naturally enough, had a prejudice against proprietary remedies. I was, however, unable to benefit to any great extent through my lifetime, from taking the ordinary remedies of physicians, being constantly in delicate health from stemach disorder and vomitings. Accidentally I came into possessic of a sample of "Fruit-atives"—tried them, and found myself wonderfully benefitted. I take them now as my only medicine and they are

my friends and acquaintances, who have also had the best results from their use—and one lady friend that I but where got in early they did well, officiated at a society wedding, and

I am glad to be able to recommend will be the means of bringing your province. remedy before the public."
(Sgd.) Mrs. J. R. Flock.

London, Ont., Feb. 28th, 1908.
