USED OLD KEYS.

Caught in Act of Taking Cash Box.

Galt, Ont., Dec. 1.—For the past six months petty thieving of cash has been going on at the Bell Telephone company's office here. Last night, about midnight, Chief Gorman arrested Karl Licht, aged eighteen years, and a former employee of the company, in the act of taking the cash box, containing about \$20 from the safe. Young Licht gained access to both office and safe by keys in his possession. On his being searched nineteen keys and several other articles were found on him. Licht appeared before Police Magistrate Blake, this morning, and pleaded guilty. He was remanded till next Monday, so as to allow an investigation to be made in to other small businesses.

THE 5 P.M. EDITION

CHIEF LOCKED UP SAID TO HAVE SHOT POLICEMAN WILKINS.

A Tragedy in the Park at Simcoe Early This Morning—Clothing Set on Fire By Shots—Constable May Die.

Simcoe, Ont., Dec. 1.—About one o'clock, this morning, Policeman Wilkins was shot while on duty. It is said that five shots entered his body from a revolver, and that his assailant was so close that the shots set fire to his clothing. When he regained consciousness, Wilkins found his way to the office of Dr. Bowby and was taken care of and was afterward removed to the hospital. His recovery is considered very doubtful. Acting on statements, made by Policeman Wilkins, the arrest of Chief of Police Malone was effected, charged with being the assailant. The chief is now locked up in the county jail. From Wilkins' statement it would seem that the two men met in the park, by arrangement, though for what purpose it is not known, and that Malone immediately opened fire on Wilkins. The first ball struck Wilkins in the eye, and as he turned to escape three bullets were fired in quick succession into his back.

The wounded man is in a dangerous condition. He says Malone was crazed with liquor when he did the shooting. Malone is said to have had two revolvers and a flask of whiskey on him when searched. There is said to have been trouble between the two men who constitute the entire police force of the town.

Chief of Police Malone, who is an Englishman and a South African veteran, has been on the force since February last. His home is in Strathroy. Wilkins, who also is an Englishman, came on in April.

TO TRY ANOTHER CASE.

And the One Will Determine the Other.

Detroit, Mich., Dec. 1.—It is quite probable the case in which 5,000 cases of Walkerville Club whiskey seized some time ago, by the United States government, at this port, for violation of the pure food and drug act, in being improperly labelled, will never come to trial in this city. The government has another case, almost identical which will be tried in Baltimore, within a few days, and it is probable the action taken there will determine both cases. In the meantime the 5,000 cases are in storage. The charges for their keep are \$100 per month for storage, and if the government loses it will have to settle. If the distillery wins, this expense will be added to the cost of production.

"The Riverman."

This work, the most important piece of fiction that Mr. White has undertaken since the publication of his greatest success "The Blazed Trail," is the flowing down the rivers of the logical successor to that work. After the cutting and the shedding of the lumber in the great forests, comes the floating down the rivers of the logs and their delivery at the mills to their owners. Like the woodman, the riverman is a distinct type, rough and hard, but simple, loyal, and honest, with a splendid physique, trained to quickness and alertness no less than to brute force, by the peculiar requirements of his dangerous craft. The story which the author has constructed out of such material and placed against the background of natural beauty and grandeur to which he responds like a poet, is most simple and yet most effective. "The Riverman," issued in beautiful illustrated edition, only \$1.25. Now on sale at R. Uglow & Co's., 141 Princess street.

Funeral Service.

At the home of C. Bayle, amidst a large gathering of friends, the last rites over Miss Elizabeth Cunningham, were performed by Rev. H. B. Whitmore. The deceased was only twenty years of age and several of these had been spent in great suffering from an incurable disease. The patient self-sacrifice of her eldest sister, did much to relieve the last and years of her life, and under the blessing of God enabled her to live as long as she did. Her many friends and neighbors were uniting in their sympathy and Christian ministries for the amelioration of her sad condition. She was deeply affected by their kindness, and was deeply grateful for them. Truly her many friends are grateful for the end that has now closed so pathetic and suffering life.

Students At The Bijou.

A picture drama of special interest to students and to medical students in particular, is offered at the Bijou, on Wednesday and Thursday. It is a powerful drama and with its story of an heroic young student who sacrificed his life to ensure the success of a surgical operation, and at the same time to bring financial aid to his impoverished family. Picture vaudeville also forms part of the programme. The film is a hand-colored one, and few actual vaudeville acts can equal it. Another fine melodrama and a song, "Take Your Girl to the Ball Game," complete the programme. The latter is said to be superior to "Take Me Out to the Ball Game."

The Pen Contest Results.

Mr. Kavanagh, King street, gets the Waterman fountain pen, offered by L. T. Best for the person who guessed the exact weight or nearest to exact weight of big Waterman pen to show window. His guess was 2 oz., 1 dr., 20 grs. The exact weight being 2 oz., 1 dr., 18 grs. Mr. Peeling, Queen's, was second, 2 oz., 1 dr., 30 grs., and Mr. C. H. Powell, third, with 2 oz., 1 dr. The guessing was close and contest full of interest, over 300 guesses being registered.

KING OF KINGSTON

Must Explain How He Came By Certain Jewelry.

Woodstock Sentinel-Review. Monday morning P. C. Dawson received word that a man was trying to sell a gold watch chain in the jewelry store of the City. It was suspected that everything was not all right, so about nine o'clock, after considerable searching, the constable placed the man under arrest, locating him in a jewelry store. He gave his name as F. G. King, of Kingston, and said he represented the firm of P. H. Davis, Montreal. He produced a couple of telegrams addressed to himself, purporting to be from Mr. Davis.

The man was brought before the magistrate and demanded for a week, the nominal charge being variance. Monday afternoon he was found \$5.05 in money, two razors, a lady's gold watch and a gentleman's silver watch, two gold watch chains, a pocket, a cigar case, a silver butter knife in a case and a book of G. N. W. telegraph blanks, with some of the sheets torn out.

King had been boarding at the Royal Hotel. Some valuable jewelry belonging to Miss Clara Farrell was taken Sunday night from her room. This consisted of a diamond brooch, a gold watch and three gold watch chains. Monday afternoon the gold watch found on King, as well as the two chains, were positively identified by Miss Farrell as her property. The diamond pin and the third chain were located at a local jewelry store where King had, it is alleged, sold the chain for \$3 and had received \$3 as a loan on the brooch. These two articles were also identified by Miss Farrell as hers.

When King comes up at the end of the week's remand the charge will be changed to theft.

TOTAL GRAIN RECEIPTS

For the Season Amounted to 14,766,054 Bushels.

During the season of navigation, which has just about closed, the grain shipments from the west to Kingston by vessel amounted, up to Dec. 1st, to 14,766,054 bushels. This is probably between 400,000 and 500,000 bushels less than last year, which established a record in grain shipment to Kingston. The present year was looked upon as dull in the shipping line, but the grain total shows that 1908 has not been far behind the prosperous year 1907.

Of the total amount that came here 13,862,366 went to Montreal by river barge down the St. Lawrence. The balance, 903,688 bushels, was shipped from here by rail.

The coal receipts here for the season amounted to 37,993 tons and four receipts 80 tons.

THE BEST AGRICULTURISTS

Are Taking Up Land in New Ontario.

Lieut.-Col. G. H. Hunter, who is back from New Ontario, whether he went to locate veterans' profits, says that the class of agriculturists coming into that newly-developed country is the very best. Many western Ontario farmers have settled in the district with their sons and are doing splendidly. The sale of timber alone brings a good sum yearly, and then the land is used for agricultural purposes. There are many excellent English farm hands settled in New Ontario. This class of Englishman, the colonel says, is much different from the Londoners who are seen in Canadian cities.

For Big Bonspiel.

The entries continue to pour in upon the secretary, for the big bonspiel to be held at the curling rink, in January, and the event promises to be one of the best of its kind ever held in Eastern Ontario. The special feature of the bonspiel will be the presence of the ladies' clubs. The routine game promises to flourish in Kingston this winter. Past seasons have been good, but the coming one will be a hummer.

The Harbor Was Rough.

The harbor presented a magnificent sight to-day. The waves rolled high and were washed to fury by the gale which swept over the district. The steamer Wolfe Islander crossed the harbor in the teeth of the gale, and many people watched the little vessel as it was tossed about.

A Mistake Made.

It seems that a mistake was made when the vaccination embargo was placed upon those entering Cape Vincent, from Kingston. As soon as the matter was placed before the proper authorities at Albany, and the conditions explained, the vaccination requirement was removed.
