YEAR 70—NO. 286.

KINGSTON, ONTARIO, SATURDAY, DECEMBER 5, 1908.

LAST EDITION

MADE DECREE

Parliament and Constitution Coming.

EIGHT YEARS HENCE

EMPEROR RE-AFFIRMS PROMISE OF PREDECESSORS.

Everybody Must Obey the Orders and No Vaccination or Indifference Shown—Spirit of Late Majesties Will Be Comforted and Good Government Secured For Countless Ages.

Peking, Dec. 5.—An important decree was issued reaffirming the promise made by the late dowager empress regarding the convocation of a parliament and the proclamation of a constitution. The decree contains the following: "Every one from the emperor downwards must obey this decree. The date of the eighth year of Hsuan Tung is fixed for the convocation of parliament and is unalterable. Let no vaccination or indifference be shown, but let everybody quicken his energies so that the constitution may be proclaimed a fact and tranquillity prevail universally. Thereby the spirits of their late majesties shall be comforted and good government secured for countless ages."

The first year of Hsuan Tung's reign officially begins on January 22nd.

Another Agreement.
Shanghai, Dec. 5.—It is stated here that information has reached the Chinese board of foreign affairs to the effect that Germany and Japan have concluded an agreement concerning China, similar to the one concluded between Japan and America.

TO CONSTRUCT DAM
At the Foot of Lake Temiskaming.

Ottawa, Dec. 5.—Tenders have been received by the department of public works for the construction of a dam at the foot of Lake Temiskaming, which will permit of the storage of 27,878,400 cubic feet of water in that lake to be used during the dry season to maintain a sufficient supply of water in the Ottawa river for power purposes. Later on dams will also be built on Lake Kippewa, Lake Quince, Barriere river, Lake Expansive and on Ashcroft lake for a like purpose. If present expectations are realized the dam at the Long Sault Rapids, just below Lake Temiskaming will be finished by next fall.

It will be 1,100 feet in length and will be constructed so as to keep the lake level from falling to eight feet of the low-water mark. At the same time the dam will be six feet below the high water mark in Lake Temiskaming of 1904, and so will not involve the flooding of any private property or the payment of any land damages. The dam at Lake Temiskaming are for the most part high, and the same is true of some of the other storage basins which the government scheme is to utilize. Plans are about complete for the dams at the Quince and at Barriere river, so that these works can be placed in hand at an early date. Temiskaming alone, however, has an area of 125 square miles, and it is expected by the government engineers that the construction of this dam will have immense benefit on the river levels below.

GERMANY AND CANADA.

Paper on Readjustment of Commercial Relations.

London, Dec. 5.—The commercial treaties association in Berlin will publish shortly a memorial entitled "Concerning the Readjustment of the German-Canadian Commercial Relations." From this it appears that numerous manufacturers for years have maintained businesses in Canada without profit in the hope that the tariff would soon be settled. It is also shown that the removal of the surtax would alone result in a considerable development of German export trade. The advantages to Canada of an understanding with Germany are also exhaustively set forth; much that now comes to Germany from Argentina and the United States could be bought from the dominion. The commercial treaties association now suggest the arrangement between Germany and Canada that in return for the removal of the surtax on German goods Germany should grant the dominion the provisional establishment of a German conventional tariff, with a clear recognition of the existing preference in favor of Great Britain.

CRYSTALS IN NEW ONTARIO

Man Found Some That Look Like Diamonds.

Toronto, Dec. 5.—Frederick Dane, of the Temiskaming and Northern Ontario railway commission, to-day, returned from a trip to the north, and has brought with him five samples of crystal, which look like diamonds. These have been shown to an expert, who, Mr. Dane says, declines to express an opinion as to whether they are diamonds or not. These crystals were found in the clay belt east of the new town of Cochrane, together with others, in considerable number. One of the stones is about the size of an \$800 diamond.

A LABOR FAMINE.

Factories Now Busy Cannot Get Help.

Akron, Ohio, Dec. 5.—Sudden revival of business activity here promises a labor famine for the near future. Hundreds of employees are being put to work. At a Chamber of Commerce meeting rubber manufacturers stated that 3,000 additional men would be needed very soon and that they knew not where to find them. Automobile tire factories are said to be working day and night to fill orders.

Will Not Discuss Make-Up.

Hot Springs, Va., Dec. 5.—President-elect Taft has made it decidedly plain that no information for publication might be expected from him regarding the make-up of his cabinet until he is ready to make the official announcement of the entire cabinet. Acting on the declaration, he declined to discuss the Buffalo Mailers' Association. The present duty is thirty cents a bushel, and since it was imposed Feldman said the making industry in New York state has been to a large extent destroyed.

Want Canadian Barley.

Washington, Dec. 5.—At the ways and means hearing, yesterday, free barley from Canada was the theme of the argument of Charles L. Feldman, representing the Buffalo Mailers' Association. The present duty is thirty cents a bushel, and since it was imposed Feldman said the making industry in New York state has been to a large extent destroyed.

Many Rendered Homeless.

Centralia, Pa., Dec. 5.—Sixty-five families are homeless in this city as the result of a fire which wiped out three squares of property in the heart of the town. The fire started on Thursday night in a building occupied by a moving picture show and spread rapidly among the frame houses.

PURE FOOD CRUSADE

UNUSUAL CASE IN THE TORONTO POLICE COURT.

Two Grocers Fined \$25 Each and Costs For Selling Print Dairy Butter As Creamery.

Toronto, Dec. 5.—An unusual case came up in the police court, yesterday, when John Lyons, grocer, and William Duckworth, were charged with selling print dairy butter as creamery. The prosecutor was the dominion government, represented by J. A. Patterson, K.C., Toronto, and D. M. Macpherson, Lancaster, dominion inspector. The offence is punishable under a special federal act, passed three years ago, known as the inspection and sales act, in connection with the crusade for pure foods. Duckworth and Lyons, it is alleged, bought from farmers in Grand Valley large quantities of dairy butter, which, on arrival here, was carted to Lyons' grocery, where, in the cellar, the plain paper wrapper surrounding the butter were changed for wax paper ones, marked "From Grand Valley Creamery." Both men pleaded guilty and were fined \$25 and costs.

Should Interest Ladies.

Some splendid gifts for smokers are illustrated, described and priced on page 12 of to-day's issue. This attractive advertisement should make it easy for the ladies to decide upon what to send "him" for Christmas.

From Every Standpoint.

Quality, fit, style, value, Campbell Bros' fur-lined coats are not surpassed in Canada.

The marriage is announced of Miss Myrtle Davis, daughter of Mr. and Mrs. Peter Davis, Roblin, to Earl R. Lockwood, Enterprise, to take place on December 21st. Fine imported neckwear on sale tonight. Livingston's. My Valet service \$1 per month.

HAS CUT IT OUT

No Education Bill to Be Introduced.

WARRING ELEMENTS

THE TWO BRANCHES OF CHURCH BUSY.

The Reasons Which Have Brought About the Withdrawal of the Measure—H. Barnato Left An Immense Estate—Gave Well to Charity.

London, Dec. 5.—Premier Asquith announced in the House of Commons yesterday, that government would withdraw its third attempt to draw up an educational bill. The withdrawal is due to the opposition of some conformists on the one side and the bishops of the Church of England and the prelates of the Roman Catholic church on the other. It is hopeless, the premier said, to expect any satisfactory settlement between the warring factions over the matters in dispute.

Left By Estate.

London, Dec. 5.—According to South African newspapers, the estate of the late H. H. Barnato, who died a few days ago amounts to \$25,000,000. It is stated \$1,250,000 is bequeathed to various charities.

A COMMON CAUSE.

Fort Covington, N.Y., Citizens Urge Prohibition.

Montreal, Dec. 5.—Fort Covington, in New York state, and Dundee, in the province of Quebec, are neighboring municipalities. The former village and township have been under prohibition law for thirty years, while Dundee is under the licensing system of this province. The Citizens' League for the maintenance of law and order of Fort Covington, has issued an appeal to the municipal electors of the township of Dundee urging the latter on December 7th (next Monday), to vote for no license. The appeal says that while politically the issue is not one of concern to the people of Fort Covington, morally it is an important matter; for the reason that it is very easy and quite common for people to go to Dundee and purchase and drink liquor and return home to cause disorder or commit crime. This is an injustice to both places. But the ratepayers of Fort Covington for the support of Dundee, who buy so by drink, and the havoc wrought in their homes by the same agency was the most serious feature.

TO BE EVACUATED.

Washington, Dec. 5.—Secretary Wright of the war department stated that he knows of no reason to change the plan for the complete evacuation of Cuba by American troops. This statement was made after a conference with Governor Magoon, who has arrived here.

TAKES HIS LIFE.

Said He Could Stand the Pressure No Longer.

Malone, N.Y., Dec. 5.—A horrible suicide occurred here in the person of John W. Miller. Some time ago Miller was charged with forging the name of James Farley, the strikebreaker, to a cheque on which he got \$350, and two weeks ago Miller was indicted by the grand jury and in default of \$1,000 bail was placed in the jail here. Yesterday he had an affecting interview with his wife and soon after her departure he cut his throat from ear to ear with a razor, his fatal act being discovered by his attorney, G. H. Main who called to consult with him.

SHIPPING DISASTER FEARED.

Furniture and Lifeboats, Bearing Name "Soo City" Found.

Montreal, Dec. 5.—Fears of a terrible disaster in the Atlantic are entertained by shipping men as a result of a telegram received from Newfoundland, which states that lifeboats, bearing in furniture and sixty life belts, carried during the past few days, in a schooner named "Soo City," have been picked up near Cape Ray. A steamer of that name is reported to be overdue, and the dread is that she may have been lost with all on board. Telegraphic and cable inquiries to Newfoundland have failed to bring further particulars.

The 'Soo City' is believed here to be a new vessel, built in the old country, for the upper lakes.

Order your corsets at New York Dress Reform, and you will be sure of a perfect fit. See Bibby's 50c silk knots. Feathers dyed. My Valet.

HAS BEEN ARRESTED

On Charge of the Murder of Her Husband.

Rochester, N.Y., Dec. 5.—Mrs. Georgianna Sampson, widow of Henry Sampson, of Palmyra, who died on November 1st, as the result of a gunshot wound, was formally accused of the murder of her husband by the district attorney of Wayne county and placed under arrest.

This action was the culmination of an inquiry into the circumstances surrounding the death of Sampson, a nephew of the late Admiral Sampson, who commanded the American fleet at the battle of Santiago.

The death of Henry Sampson took place on the Allen farm, located between Palmyra and Macedon, in Wayne county. It was at first believed that Sampson took his own life, but following his death stories were circulated which discredited that theory.

There were reports of frequent quarrels between Sampson and his wife, and finally the coroner of Wayne county decided upon a rigid investigation.

The will of Sampson has been offered for probate. It conveys the entire estate to Mrs. Sampson, showing the intestate condition in which Henry Sampson held his wife at the time the will was executed. The value of the estate is not given, but it is said it is worth \$5,000.

Aylmer Won't Act.

Ottawa, Dec. 5.—Ottawa city is making another attempt to have Aylmer village treat its sewerage in a separate tank before putting it into Lake Deschenes. The Quebec board of health said this was to be done but Aylmer ignores the order and proceeds with its sewerage scheme.

The Low water and prevalence of typhoid at Aylmer make the possibility of contaminating the capital's water supply.

Leeds' Dairy Meeting Held in the Town of GANANOQUE.

An Old Landmark Removed by the Razing of the Old M. E. Church—Few Residents Can Remember When it Was Built.

Gananoque, Dec. 5.—Quite a largely attended special session of the dairy men's association was held in town hall here, yesterday afternoon, under the auspices of the Eastern Ontario Dairymen's Association, J. R. Dargavel, M.P.P., director for the district board and president of the county association, occupied the chair. Interesting addresses were given by G. G. Publow, chief dairy instructor of Kingston; Senator Derbyshire, of Brockville, honorary president county association; Henry Glendinning, Marlborough, first vice-president; R. G. Murphy, secretary, and others. The local dairy instructor, the district also gave a detailed account of his season's work.

Gananoque Council, No. 284, R. T. of T. held their semi-annual election of officers, Thursday evening; the following were elected: S. L. Robert Sheppard, president; W. H. Wainwright, Carrie (Cous) financial secretary; Laura Ferris; recording secretary; Mabel Seal; treasurer. Mrs. J. M. Taylor; herald, E. X. Beloin; guard, Estella Adair; sentry, H. Benson; auditors, W. Pratt and A. De Witt; trustee, three years, J. G. Bates; secretary, three years, Thomas Malloy; grand council representative, R. Sheppard; alternate, Laura Ferris.

"Uncle Tom's Cabin" was presented at the Grand last evening and attracted a good audience.

During the past few days one of Gananoque's old landmarks has been removed by the tearing down of the old building on W. V. Bulloch's property. Fine street, occupied for the past quarter of a century by the local Salvation Army corps as barracks, and which was prior to that the old Methodist Episcopal church. Very few of the old residents of the town can remember when it was erected.

W. J. Bulloch, proprietor of the Glendowie Poultry and Pet Stock yards, King street west, disposed of several fine collie dogs from his kennel during the past few days.

Brookville, Dec. 5.—The independent party which was so thoroughly defeated here in the municipal elections last January, is again planning to run a full ticket in the elections this winter. The independents opposed the compromise system which was brought into effect here some three years ago where by both political parties nominated five members to the council, and took alternate years to nominate the mayor. Last year the matter was fought at the polls, and only one candidate for the council was elected by the independents, but since then a strong organization has been built up, and it is expected that this year will see more effective work done by the young party.

Timothy R. Palmer, St. Paul, Minn. who resigned, last Friday, as president of the Minnesota Mutual Life Insurance company, has committed suicide by shooting himself. Melancholy caused by ill-health, is the only known motive.

As the result of the coroner's inquest into the death of Charles Castor Dearlove, found buried under the ruins of his barn, which burned Thanksgiving night, in Prattsburgh, N.Y., Charles Dearlove, a companion of Dearlove, is charged with the crime.

Judge Donoghue, sentenced Crawford White, Almonte, to five years each on charges of stealing an overcoat from Martin Manion, Renfrew, and another overcoat from the house of Jacob Hamilton, of Renfrew. The sentences are to run concurrently.

A telegram received in Paris from the governor of Indo-China, says that the four native leaders in the plot discovered some weeks ago to poison a detachment of French troops, and who, after a trial, were condemned to death, were executed, yesterday.

A telegram received in Paris from French West Africa, says that a detachment of French spahis have had a serious engagement with a band of Moors. The French lost in killed one lieutenant and twelve privates, while the enemy suffered heavy losses and were routed.

INDEPENDENTS WARM UP.

Expect to Make Themselves Felt in Municipal Contest.

Brookville, Dec. 5.—The independent party which was so thoroughly defeated here in the municipal elections last January, is again planning to run a full ticket in the elections this winter. The independents opposed the compromise system which was brought into effect here some three years ago where by both political parties nominated five members to the council, and took alternate years to nominate the mayor. Last year the matter was fought at the polls, and only one candidate for the council was elected by the independents, but since then a strong organization has been built up, and it is expected that this year will see more effective work done by the young party.

London, Dec. 5.—The Constantinople correspondent of the Express quotes Grand Vizier Rissani Pasha as saying: "I am emphatically of the opinion that Austria does not intend to make war."

To Re-organize Navy.

Constantinople, Dec. 5.—The Yeni Gazette, a Young Turk organ, says the government has selected Rear-Admiral Cross, superintendent of the Devonport dock yard, to re-organize the Turkish navy.

WELLINGTON TIDINGS.

Death of Miss McDonald—Harold Jarvis Concert.

Wellington, Dec. 5.—Miss Lizzie McDonald died on Monday, Nov. 23rd. The funeral took place from the family residence on Wednesday, Nov. 25th, Rev. Mr. Houck officiating. Interment took place in the Friends' cemetery. Mrs. Lewis Garrett will be at home to her friends this week. Mrs. Thomas Hardy and daughter, Maude, returned home from Toronto last week. Mrs. William Pierson, of Hillier, was the guest of her sister, Mrs. Anna Dunning, last week. Miss Mina Pierson was the guest of Miss Hattie Montgomery last week.

Dr. and Mrs. Titus purpose moving to Missouri in the near future. Rev. George McCall, Napanee, will preach here on Sunday next. Mrs. Henry Groer has typhoid fever. Arthur Clark will spend the winter in Rochester.

The Grand song recital by Harold Jarvis, the great tenor, in Wellington, under the auspices of the Epworth league, of the Methodist church, was a pronounced success. The church was filled to its utmost capacity, many coming from Pieter, Bloomfield and Hillier. Miss Platt, of Pieter, played three piano solos in a truly artistic manner and her accompaniments to Mr. Jarvis' songs were perfection.

Mrs. Henry Smith and mother, Mrs. Cooper, went to Oshawa on Thursday last. Mrs. Smith will spend a few days visiting her parents. George Chubb, of Trenton, was in town on Wednesday last. The bazaar under the auspices of St. Andrew's church, held in the town hall, was a success. Harold Jarvis, of Detroit, who sang in the Methodist church on the 25th of November, was entertained at the home of J. F. Clark. Mrs. Armina Theson and grandson, Ormand Hill, purpose leaving for New York state on the 10th.

Death of Daniel Higley.

Napanee, Beaver.

The death of one of Napanee's oldest residents occurred on Wednesday morning, when Daniel Higley passed away at the ripe old age of eighty-nine years. He was born in Onondaga county, New York state, on February 23rd, 1819. In 1854 he came to Canada, his misadventure on our shores of what was known at that time as the Stone Mills at Glenora, his occupation being a millwright and he was considered one of the best in the country in his day. Five years later he came to Napanee and has been a continuous resident of our town, as well as well known by the citizens, as well as by the older generation, and his cheer "good morning" was looked for expectantly by the little ones who were great favorites of the old gentleman. He leaves two sons and one daughter to mourn. The sons are Daniel, in Vancouver, B.C., and Edward, in Mexico. The daughter, Mrs. Ferguson, lived at home with her father, as did also a sister-in-law, Mrs. Shaw, and a grandson, Daniel Ferguson, who have the sympathy of many friends in their bereavement. The funeral took place Friday afternoon.

A Worthy Suggestion.

Ald. Elliott in his suggestion in the council that Prof. N. F. Dupuis might superintend the erection of the City Hall clock, paid a high compliment to a famous citizen, a professor of high mathematical attainments, and a designer and builder of scientific works that has given him a world-wide reputation. It was a compliment to a ratepayer that the kindly heart of Ald. Elliott fittingly expressed and instead of sneers should be his recompense.

WILL NOT BE WAR

THIS IS THE FEELING IN THE NEAR EAST.

Said Personal Influence of the Austrian Emperor is For Peace—The Vizier of Turkey Also Says There'll Be No War.

Vienna, Dec. 5.—Notwithstanding the departure from Flume of two troop-laden steamers, which are reported to be bound for Cattaro, and the rumored confirmation of the report of a skirmish between Austrian troops bound for Bosnia and a band of Servians two or three days ago, there is a feeling of optimism accompanied by a great rise in prices at the Bourse. This is apparently attributable to the increasing belief that the emperor's personal influence is being exerted in the direction of peace, and the advance of winter, which is daily becoming severer in the Balkans.

There is also a rumor which, however, is wholly unconfirmed, to the effect that Austria has agreed to take over part of the Ottoman debt as compensation to Turkey for the annexation of Bosnia and Herzegovina.

The Vizier's View.

London, Dec. 5.—The Constantinople correspondent of the Express quotes Grand Vizier Rissani Pasha as saying: "I am emphatically of the opinion that Austria does not intend to make war."

To Re-organize Navy.

Constantinople, Dec. 5.—The Yeni Gazette, a Young Turk organ, says the government has selected Rear-Admiral Cross, superintendent of the Devonport dock yard, to re-organize the Turkish navy.
