**THE HALLS OF QUEEN'S**  
DEBATE ON COMPULSORY VOTING.  
Principal Patrick, D.D., of Manitoba College, Winnipeg, to French in Convocation Hall Next Sunday Afternoon.

By Arts Correspondent.  
The regular fortnightly meeting of the Arts Society was held yesterday afternoon. There was a very small meeting and no very serious questions were discussed. A. Laing, B.A., was appointed critic of the society to fill the vacancy caused by resignation of D. C. Gaverley. M. J. Patton acted as critic. The question of arts dinners will, it is hoped, be the subject for renewed discussion.  
The meeting of Q.U.M.A. next Saturday morning will be held in the usual place and will be addressed by C. W. Lawrence on the subject "A Good Work for the Turk."  
The last Sunday afternoon service in Convocation Hall for this year, will be held next Sunday. Principal Patrick, D.D., of Winnipeg, will be preacher. These services have been of an interesting nature to students and their friends, a fact proved by the unusually large attendance. A similar series of services will be held in the spring.  
At the last regular weekly meeting of the political science and debating club, the subject of debate was, "Resolved, that compulsory voting should be insisted on in Canada by law on pain of disfranchisement." The affirmative was taken by Messrs. R. N. Palmer and R. MacKinnon, while the negative was upheld by Messrs. J. G. MacFarlane and G. P. Williams. Professor Morrison in criticizing the debate, said the affirmative used to good advantage the material at their hand, while the negative took a decidedly practical view of the subject. G. C. Gibbons, K.C., chairman international waterway convention, will address the club, it is expected next Friday morning.

**STILL GOOD ORE.**  
Said \$500,000 Worth Has Been Disclosed.  
Spokane, Wash., Dec. 9.—Five hundred thousand dollars worth of gold bearing ore, averaging more than \$20 a ton, was discovered by J. L. Harrier and his associates near Republic, Wash., north of Spokane, underground in the slopes of the old Republic mine, operated by Patrick Clark, Spokane, and Canadian interests. It was given out soon after the cyanide mill failed to save the ore that the reserves at that time developed on the property had been depleted, but the find shows that the ore did not " peter" out. Experts say that copper and other base metals caused an oxidation of the cyanide solution and that this neutralized and nullified its effect on the crushed ore. Assays and smelter returns show the ore is better than \$20 a ton, and indications are there is several million dollars' worth of it on the property.

**Married in New York.**  
Ottawa, Dec. 9.—Today, in New York, Frederick Drummond Hogg, eldest son of William Hogg, Esq., K.C., Ottawa, married Miss Elizabeth Breco Vandusen, eldest daughter of Mr. and Mrs. Clifton Vandusen, who are prominent in New York society circles. The wedding took place at the home of the bride's parents, 132 East Thirty-ninth street, and the ceremony was performed by Dr. William R. Richards. Miss Vandusen's younger sister, Miss Helen H. Vandusen, was her maid of honor and only attendant; Mr. Webster was Mr. Hogg's best man and the ushers were: Robert White and Mr. Greene, Ottawa, and Capt. A. C. Hill, of Governor-general's Foot Guards. Mr. and Mrs. Hogg will reside in Ottawa.

**IN HUMBLE LIFE.**  
A Tragedy Reported in Home in New York.  
New York, Dec. 9.—Strict economy which two young Jewish girls had imposed upon themselves to enable them to support themselves and their younger sister, and, at the same time, save enough money to bring their mother to this country, cost them their lives, to-day. They were found dead from inhaling illuminating gas in a little room which they occupied together in ten East Side tenement. The girls were Molly and Ida Kaplan, respectively nineteen and seventeen years of age. They had been in the country three years, and during that time had saved every cent they could from their every evening they attended night school. Each week they washed their own clothing for the sake of economy. Last night it was raining, and so the wet clothing was hung out to dry in the little room on a line stretched from a gas jet to the far side wall. In some manner during the night, the weight on the line caused it to slip, turning the gas cock and flooding the room with the deadly vapor.

**A DRY SCIENCE DINNER.**  
Toronto Will Have One of Kind To-Night.  
Toronto, Dec. 9.—There will be several unusual features in connection with the annual dinner of the science faculty of Toronto University, which is to be held this evening. In the first place it will be the first "dry" science dinner on record. There will be no wine or intoxicating liquor of any sort, either for the students or guests. Every evening they attended night school. Each week they washed their own clothing for the sake of economy. Last night it was raining, and so the wet clothing was hung out to dry in the little room on a line stretched from a gas jet to the far side wall. In some manner during the night, the weight on the line caused it to slip, turning the gas cock and flooding the room with the deadly vapor.

**AN OPEN LETTER.**  
Results So Surprising That They Seem Marvelous Are Common to Mi-o-na the One Dependable Stomach Remedy.  
Mrs. J. A. Pillow, of North street, Gananouque, Ont., says: "Mi-o-na is worth its weight in gold for quickly and permanently curing dyspepsia. I became so bad that I was unable to leave my bed. There was a constant burning in my stomach, I would belch up gas every few minutes and could not eat but very little, as the food would quickly ferment and make gas that caused a serious depression of the heart. Perspiration would break out all over my body. I would become so weak that I could not stir and would often fall on the floor in a helpless state. The pains in my stomach were terrible. I could find no position in which to sit or lie without suffering and I was so nervous that the least noise affected me. Headaches were constant. I would become dizzy and spots would appear before my eyes. I had no ambition to get around and everything seemed to tire me. The first box of Mi-o-na gave me more relief than anything I had previously tried. The second box of Mi-o-na cured me. I am well and strong and have not had an hour's suffering since. I will always be grateful to Mi-o-na for the cure given me and glad to recommend it."  
"In the face of such evidence it is easy to understand why G. W. Mahood feels assured in saying to you, money back if Mi-o-na fails to relieve either trivial or serious stomach troubles."

**St. Regis Lumbago Cure**  
The Best On The Market

**DOWN IN GANANOQUE.**  
The Factories Running Four Days a Week.  
Gananouque, Dec. 9.—The local Salvation Army corps, which has been without a meeting place for some time past, have at last made arrangements to hold their Saturday night and Sunday meetings for the winter in McKenzie's opera house. Ensign and Mrs. McDonald are in charge and they purpose holding the other week night services at the homes of the members.  
A daughter of Mr. and Mrs. Paul Bishop, River street, was removed to Hotel Dieu, Kingston, to be operated on for appendicitis.  
A number of the local factories, since the water supply has permitted them power for six days a week, have been compelled to reduce their time to four days a week on account of sickness of orders.  
George Williams, for several years past cheese maker at Gananouque cheese factory, who took a course at Kingston dairy school last winter, purposes removing to Kingston, this week, where he will take a course in the Kingston Business College.  
W. J. Bulloch, proprietor of Glenholme Poultry and Pet stock yards, left this morning for Guelph, where he will spend a few days. Antonio Sherby, North street, has gone to Cleveland, Ohio, where he purposes locating. Mr. and Mrs. S. Latimer, Stone street, north, are spending a few days in Kingston, the guests of their daughter, Mrs. F. N. Hurd, Division street.

**WOULD NOT DO IT**  
To End Boycott Would Be Anti-Patriotic.  
Constantinople, Dec. 9.—Kamil Pacha, the grand vizier, and Marquis Pallavicini, the Austro-Hungarian ambassador, with Rechid Pacha, the Turkish ambassador to Austria, had a long conference. No results, however, were reached, for Marquis Pallavicini is convinced that in spite of his desire to act, Kamil Pacha at present is completely powerless to put an end to the Ottoman boycotts.  
"The grand vizier solicited the intervention of the Young Turk committee, which, however, categorically declared that it would be an act of unpatriotism to put an end to the boycott which is now becoming so disastrous to Austrian interests."

**Fragrant as the Rose**

Only the most delicate natural perfumes are used in Baby's Own Soap. That is only one difference between it and other soaps—in other soaps chemical or synthetic perfumes are used.

**Baby's Own Soap**

—obtains its delicate clinging aroma by the perfect blending of the sweet vegetable oils which are used in its manufacture, with the slight addition of natural flower essences imported from one of the most reliable houses in Grasse, France.

Imitators of "BABY'S OWN" aiming to produce their soaps as cheaply as possible, naturally—do not buy expensive flower perfumes and vegetable Oils.

**ALBERT SOAPS LIMITED, MFRS., MONTREAL.**

**To Suffer From Headaches Makes Life Miserable.**

It takes a person that had had or is subject to headaches to describe the suffering which attends them.  
The majority of cases are caused by constipation and dyspepsia. The dull throbbing, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

Mrs. Allison E. Brown, Sumnerfield, N.B., writes:—"I have been troubled with Constipation and Headaches for a long time. After trying different doctors to no effect, a friend asked me to try Burdock Blood Bitters. I find I am completely cured after taking three bottles. I can safely recommend it to all."
