TRAIN FOR BUSINESS

Most men train their brains and almost entirely neglect their bodies. They do not seem to realize that keenness of judgment and clearness of thought depend as much on the body as on the brain itself. Any man can prove this to his own satisfaction by attempting to decide a weighty business problem while suffering with an acute attack of indigestion or a violent spell of biliousness.

The amount of work that the brain an do depends much on the healthulness of liver, bowels, kidneys and

all impurities. Thus the blood will be classes at the Y.M.C.A. kept pure and rich, the brain active, ligestion sound, and life made gleasant. "Fruit-a-tives" are now put up in two sizes—the new 25c box as well as the regular 50c size. If your dealerdoes not carry them, write Fruit-a-

NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL.

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Those who have never been troubled with kinney trouble know not the misery and suffering which those

afflicted undergo. Doan's Kidney Pills are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural.

They help the kidneys to flush off the acrid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

PREVENTION OF THE WHITE PLAGUE

The prevention of Consumption and its cure in the early stages is a matter of fresh air and nourishment, but to secure nourishment you must have appetite, and nothing is better known to medical science to stimulate and invigorate the system than the active principles of COD LIVER OIL—the only drawback has been that it has hitherto been impossible to separate the really valuable elements of cods' livers from the nauseous oil or grease, which fact has largely offset the good derived from the alkaloids or active principles con-tained in the OfL.

"BRICK'S TASTELESS" is a pre-paration of the valuable alkaloids or active principles separated from the grease and combined with Phosphorous in the form of the Compound Syrup of Hypophosphites, the nutritious Liquid Extract of Malt, and the Bronchial Tonic and Sedative Fluid Extract of Wild Cherry Bark.

In all cases of wasting diseases or an enervated condition of the system immediate improvement and eventual cure follow its use. Read Brick's guarantee with each
