ON MISSIONARY WORK ROAD IMPROVEMENTS COUPER FOR MAYOR

REV. DR. WHITE ADDRESSES BOARD OF TRADE WILL THE POPULAR ALDERMAN NEED TO TAKE HOLD DECIDES TO RUN

Spoke Last Night in Lecture Room at Sydenham Street Church—Gave Number of Fine Lantern Views.

There was a very large attendance at the young people's rally, held in the lecture room of Sydenham street church last evening, to hear an address delivered by Rev. Dr. White, superintendent of missions in British Columbia. The address was a most interesting one, dealing with missionary work in British Columbia. The speaker illustrated his talk with a large number of lantern slides, and these helped to make the address all the more interesting. Views were given of Vancouver, Fernie, Victoria, Port Simpson and Prince Rupert, with pictures of buildings and the people, and all was of a most instructive nature.

Rev. W. H. Sparling occupied the chair, and the opening prayer was offered by the Rev. T. E. Burke. Dr. White's heart is wrapped up in his work in the far west, and he has a way of telling his audience about the work which is most fascinating. In giving a picture of Fernie, showing the ruins of the last big fire there, Dr. White took occasion to refer to the noble work accomplished by Dr. Connelly, a native of Cataragi, who rendered valuable service in the hospitals at the time of the fire. Some fine views were given of the churches located in the mission fields, and stories of missionary work were related.

At the close of the address, Mrs. Small favored with a fine solo. A collected on behalf of missions was taken up.

Hard On Sleighting. The mild weather with last night's rain, was very bad on the sleighing, and to-day it was very poor, in some places. Business men are anxious for more snow, as they say that goods can be delivered more promptly with the sleighs. "We can do the work in one-third the time taken when the waggons are out," said one merchant to-day. The delivery men have no love for changing from the sleighs to the waggons, every few days, and they are always happy when the sleighing is good.

There Wasn't A Quorum. The waterworks committee was called to meet yesterday afternoon, but a quorum of members did not attend. Those present were Aldermen Craig, Couper and Graham. Another meeting will be called for Wednesday afternoon to wind up the year's business. The superintendent's withdrawal of his resignation will be accepted and his salary increased.

Nearing Christmas Rush. Just ten more days until Christmas, and every day now, makes it busy at the post office. Parcels which have a long distance to travel, should be posted in ample time, so that they are certain to reach their destination in proper time. At the express companies, everything is very busy, and from now on to the end of the year, there will be a big rush.

"Three Swallows." Sir John Power and Son's "Three Swallows" Irish Whiskey. Famous for over a century. Of highest standard of purity. Distillers to His Majesty the King.

Can Do Evening Shopping. Last evening, the merchants began opening their stores for Christmas shoppers. The stores will be open nightly from now until the close of the 24th. There were quite a lot of shoppers out yesterday.

Piles Cured in 6 To 14 Days. Pazo Ointment is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

To The Canoe Club Dance. Invitations have been received in the city for the annual "At Home" of the Brockville Canoe Club, to be held in the Hotel Strathcona, Thursday evening, December 31st. A large number from the city will attend.

Notice. Office and warehouses of the Worm-wuth Piano company at present are 232 Princess street, next door to R. J. Reid's furniture store, Phone 378.

Still On The Route. The steamer Aletha will likely make trips to the city until Christmas, if the weather does not become so rough that the little craft cannot come out.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

IN THE GOOD OLD FASHIONED DAYS. Powdered Wigs Formed An Important Adjunct to a Gentleman's Apparel. It is safe to say that the majority of bald men of to-day would gladly receive the old dignified custom if they could. But they can do the next best thing to it, that is, hold on to what hair they have.

Of the \$20,000 By-Law Which Goes to the People—The Money Vote Will Not Increase the Taxes.

It will be necessary for the Board of Trade to again take hold of the road improvement by-law, which is to be submitted to the people at the January elections. The amount this time is for \$20,000, the increase being made on account of the permanent road paving scheme being defeated. The roads provided for by the city engineer outside of the business section will alone cost \$12,500, and more money will be required to repair, or rebuild the blocks included in the defeated pavement scheme. The sum of \$20,000 was placed in the by-law, but all of this amount will not be required for next year. Probably \$1,000 or \$1,500 will be left over for 1910. Out of the \$12,000 voted by the people a year ago, about \$500 remains. The money spent this year was carefully and economically expended. For the benefit of enquirers, it might be said that \$20,000 for road improvements next year will not increase the taxes. The debentures are issued for a period covering ten years, and comes yearly out of the board of works appropriation.

'INDIAN' IN POLICE COURT.

Told Magistrate Why He Had Been Drinking. Daniel Byron has been having his share of trouble of late. He just completed a short term, in the county jail, for drunkenness, and in the police court, this morning, he was charged by license inspector Wright, with being under the influence of liquor, when on the "Indian" list.

"It was just like this your worship," said Byron, when arraigned. "I had been out of work for some time, and felt somewhat discouraged. I had searched around the city for work, and could not get anything to do. I went to the Queen street ship, and there I found a man loading a small boat with provisions. It was raining at the time, and the man, asked me to help him, and I did so."

Byron assisted in putting away the provisions, but trouble came his way when the post office good whiskey boat owner had purchased. The man, in part payment for his work, offered him a drink out of the bottle, and he could not resist the temptation. One drink was followed by another, and still another, and by the time the boat was ready to start, Byron was "completely knocked out," as he admitted to the court. He remembered starting to go up Princess street, but that was all. When he came to himself, he was in the police station.

But "I'm done with all this now," added Byron. "I was converted, through the help of the Salvation Army, and by the help of God, I am going to be a better citizen, and I would ask that you give me a chance."

The magistrate then imposed a fine of \$10 and costs, with the option of one month in jail.

The license inspector withdrew a similar charge against Albert Wiseman, and the case was dismissed. A drunk was fined \$1 and costs, and another was remanded a day.

And Thus Accede to the Request of Over a Thousand Ratepayers—The Successful Career of Ald. Couper.

At the request of over a thousand ratepayers, who either signed a petition or waited personally upon him, Ald. Daniel Couper has consented to become a candidate for the mayoralty. His decision to enter the field practically means that he will be mayor of Kingston for 1909. The people want him, and have given emphasis to this in no uncertain way. Ald. Couper is a successful merchant and liked by all who come in contact with him. He has served four years in the city council as alderman, and his stand on important civic questions has always been for the people. The poor man's interests have always received from him the most careful attention. Hence Ald. Couper has been a representative of all the people and not one class.

Daniel Couper was born in Kingston on Feb. 17th, 1862. His father was Scotch and his mother Irish, so that he has a fine quality of blood flowing in his veins. He has resided in Kingston all his life, and is therefore, a thoroughbred Kingstonian. He was educated in the public schools here, then entered the grocery business as clerk with the late John Ward, in 1877. In 1886, he became a partner with Mr. Ward, having shown himself to possess excellent business qualities. On Mr. Ward's death in 1892, Mr. Couper bought out the whole grocery business, and has been sole proprietor ever since, building up a fine trade.

In religion, Mr. Couper is a Presbyterian, a member of Chalmers church, and a soloist in the choir of that church. He is a leading member of the Royal Arcanum and of the Ancient Order of United Workmen. In politics Mr. Couper is a liberal. He was first elected as member of the city council in 1904, as representative for Frontenac ward. For the years 1906, 1907 and 1908, he has served Rideau ward.

The largely signed petition presented to Ald. Couper was prefaced thus: "Sir,—We, the undersigned electors of the City of Kingston, have watched with great satisfaction your career as a municipal councillor. You have stood consistently and fearlessly for the people, and their rights on all questions, and at all times. At the present time, feeling the need for a strong, courageous man at the head of our city government, we earnestly request you to accept nomination for the mayor's chair for 1909."

14TH'S HOCKEY RIVAL IS OUT OF THE SENIOR O.H.A. SERIES

Stratford Will Not Put a Senior Team on the Ice This Winter—Only Kingston and Toronto in the Series.

The Stratford Herald came out on Saturday with a tearful article announcing that the Stratford senior hockey team was a thing of the past. The big "S" will only grace the sweaters on the many forms of the intermediate and junior septettes (this coming season). This is certainly sad news to the supporters of the Stratford team, who were certainly of the opinion that their boys would be able to trim the 14th regiment boys. The article says in part: "Those who have nursed their wounded spirits since the end of the last hockey season with the hope that 'next year we'll do better,' when that fatal 14th regiment team was put away, may have shed copious tears. The mandate has gone forth from the executive of the local hockey club that this year there will be no senior hockey team in Stratford. Never, no never, will come that expected revenge on the Kingston rollers, who last season handed out that awful drubbing in the final game."

"Of course you all remember it, and the only consolation that trickled into the drooping spirits of local fans was the thought that these old rivals would meet again this season. A day or two ago the news of the disbanding of the Victorias of Toronto came and with the most feared senior aggregation in Ontario out of the game it looked a sure thing that Kingston and Stratford for the senior championship struggle. "But, alas! Money talks, and those long trips with few games would be ruinous to the finances of the club, and consequently Stratford will this year play intermediate and junior hockey only. This was decided at the meeting of the executive last night."

This is not such very good news to the Kingston club as they are sorry to see Stratford drop out. The soldiers had just as many trips and more than Stratford had last year. But they were not very far behind at the end of the year. At the present this leaves only four teams in the senior standing and three of these are in Toronto. Osgoode Hall, T.A.A.C. and Simcoes will enter and the 14th regiment will also go in. This will not make it any better for any of the above teams especially the 14th. It means that all the away-from-home games are in Toronto and this will not help the gates any. However, the soldiers are in the game to stay and will certainly do their best to retain the silver mug.

It Never Fails. You can soon forget all about aches and pains if you will keep a bottle of Smith's White Liniment at hand and use it promptly. It is the only liniment ever known that never fails to drive out neuralgia, rheumatism, lumbago, etc. 25c. at Wade's drug store.

Board Did Not Meet. The Board of Trade did not meet last evening to discuss the hotel proposition, as was expected. A meeting will be held later. The question cannot go to the people at the January elections anyway.

What more appropriate Christmas present than 5 lbs. 10 lbs., 30 lbs. or 50 lbs. of "Salada" tea in original cases? You can purchase this from your grocer in "Brown" label at 30c. per lb., or blue label at 40c. per lb., or the very finest quality in "Gold" label at 60c. per lb. Your gift will be appreciated three times a day as long as it lasts.
