"Fruit-a-tives" Cured Backache After Doctors Failed Utterly.

"I have received most wonderful benefit from taking "Fruit-a-tives." I suffered for years from backaches and pain in the head and I consulted doctors and took every remedy obtainable without any relief. Then I began taking "Fruit-a-tives" and this was the only medicine that ever did me any real good. I took several boxes altogether, and now I am entirely well of all my dreadful headaches and backaches. I take "Fruita-tives" occasionally still, but I am quite cured of a trouble that was said to be incurable. I give this testimony voluntarily, in order that others | who suffer as I suffered may try this wonderful medicine and be cured." Mrs. Frank Eaton, Frankville, Ont.

Be wise. Profit by Mrs. Eaton's example, and start with "Fruit-atives." They will quickly relieve Pain in the Back, and stop Headaches because they keep bowels, kidneys and skin in perfect order and insure the blood being always pure and rich.

"Fruit-a-tives" is now put up in the new 25c trial size as well as the regu-All dealers should If yours does not, have both sizes. write Fruit-a-tives Limited, Ottawa.

He began life as a pedlar of sweets in the streets and ere he died he owned lieries and tramway systems. Of course he had the aid of men with the harmless necessary

The longest span of life is that of the elephant, which will survive two centuries. The shortest life, the mayfly's, which hatches, mates; lays and dies within a few hours, knowing but one day, followed by one darkness, from which it never awakens. The longest human life of modern times, 169 years, is bekins, of Yorkshire, England, 1501 to 1670. It was proved by court registers that he had appeared in evidence 140 years before his death From Mexico is reported the discovery of tree, the palo amarillo, which, according to

expert offical reports, will take the place of the guayule as a rubber-producing plant The known supply of guayule will be amarillo grows wild throughout Mexico, and yields ten per cent, of rubber and forty per cent of varnish and soap material, whereas guayule yields eight per cent, of rubber and no by-products. Here is richness,

"Sun worship enters largely into latter-day Christianity, and this shows the gradual de velopment of the Caucasian races up from barbarism." Thus declared Professor Oscar Montelius, curator of the National Swedish Museum of Stockholm, in a lecture at Chicago As a proof he evidenced the building of altars in churches at the eastern end. But the ver est tyro in church knowledge can tell hin that there are several intelligent reasons for the eastern position, into which no astrono-

mical consideration enters. Why is the Archbishop of York styled 'Primate of England?" York was created a see in the second century, and in 625 A.D. Paulinus became the first archbishop. Much dispute arose between their graces of York and Canterbury as to precedency. Eventually an appeal was made to Rome, and the dispute self Primate of England, and the Archbishop of Canterbury to be Primate of All England. What a good thing it would be if church folk could always settle their grievances with one word as the Archbishops did!

Who was "the man with a window in his stomach"? Alexis St. Martin, a French Canadian, who at age of 18 was accidentally shot while employed in Michigan, the charge of away tearing a great hole in his left side. For nearly two years, 1822-1824, the wound was dressed and bandaged frequently to relieve pain and retain food. Then a small fold or doubling of the coat of the stomach appeared, and grew until it closed the orifice with a kind of valve. This retained food, but could be pushed aside to show the stomach's interior For eight years Dr. Wm. Beaumont made observations on digestion through this unique aperture, laying the foundations of American
