

YEAR 76-NO. 3.

## COUPER MADE MAYOR

### By the Largest Majority Kingston Ever Gave.

### He Defeated Ald. Givens by 935 Votes—Mayor Ross, Ald. Henderson and J. H. Metcalfe are Among the Slain.

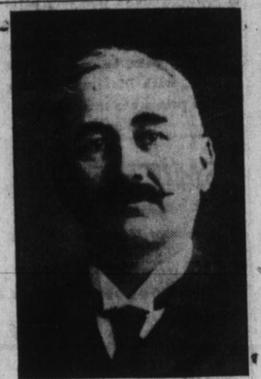

Alderman Daniel Couper was on Monday elected mayor of Kingston by the magnificent majority of 935. He came very near doubling the vote secured by his opponent, Ald. David A. Givens, who was completely snowed under by the largest majority ever given a mayoralty candidate in the history of Kingston. Every ward voted Couper. Daniel was the candy boy on Monday, and he certainly had the bells on, for he played rings around his legal rival for the mayor's chain. The total vote was the largest poll-

strong fight made against him, and when the result was announced in the Whig office after six o'clock, there was great cheering.

In Cataract ward there was a most vigorous battle, and Mayor Ross and Ald. Henderson were defeated. To John Tweedell belongs the honor of taking the measure of Dr. Ross, who was thought to be invincible in that section of the city. The mayor was defeated by thirty votes. Mr. Tweedell made good his declaration last Tuesday evening that he wasn't afraid to contest with the mayor if the latter's friends were bound to bring him into Cataract ward for political purposes. Ald. Henderson also fell short of the goal, by one vote, his defeat being caused by Ex-Ald. John McKay, who again proved his strength in Cataract ward. Mr. McKay had a hard opponent to defeat, and his friends are proud of him. John Tweedell also, a candy boy. He led Cataract poll.

The veteran James H. Metcalfe is also among the slain. He also was brought into the field by the conservative machine, and placed in Rideau ward to lay W. R. Clugston low. But the mason contractor, who is a brother-in-law of Mayor-elect Couper, was too much for James H., and he too was buried beneath the pile of ballots. Mr. Clugston's majority being 185. Mr. Metcalfe was defeated in every subdivision.

Ald. Christopher Graham was the only conservative machine candidate who survived the battle. He was too much for Marshall P. Reid in Victoria ward, where he has contested so long. Mr. Reid made a good run, however.

MAYOR-ELECT COUPER.

ed in a municipal contest in Kingston, being 3,304 or 191 more than a year ago, when Dr. Ross and Ald. Toye were in the field. The handwriting on the wall was very plain.

There was never any doubt as to the result of the election. It was Couper from the start, and any betting done was on what his majority would be. Ald. Couper's friends managed the polls perfectly, while Ald. Givens had a small number of workers in comparison. The defeated candidate came before the people of his own accord, while the victor was brought into the field by the people themselves. There was nothing political about the mayoralty contest. It was more like a general massacre. It was attributed to him the defeat of Mayor Ross, for had he not come forward for the mayoralty, Dr. Ross would have received a second term by acclamation, and been spared the humiliation of being defeated for an aldermanic seat. He had no such an excellent mayor.

The great fight was in an aldermanic contest. Dr. Anglin failed to defeat Ald. Toye in Sydenham ward, which remained true to the veteran of twelve years' service at a city council board, and returned him, by fourteen votes. Ald. Toye carried both subdivisions. Many of his friends thought he was beaten, in view of the

election costs.

Brookville, Jan. 5.—The election expenses of Hon. G. P. Graham and John Webster, the opposing candidates in the Brookville riding at the last dominion election, were \$1,073 and \$699 respectively.

## MAYOR T. W. SIMPSON

### NAPANEE'S NEW COUNCIL IS A GOOD ONE.

The Band Serenaded the Lucky Ones—Serious Accident to a Child in New York—The Late Personal Notes.

Napanee, Jan. 3.—The elections for "city fathers" resulted as follows yesterday:

Mayor—Dr. T. W. Simpson.  
Reeve—G. F. Rutlan.  
Councillors—W. A. Steacy, W. T. Gibbard, F. E. Burrows, F. C. Bogart, A. S. Kimbrough, A. Alexander.

The band started out about eight o'clock and serenaded the lucky men. The 1909 council are amongst the best of Napanee's citizens and much satisfaction is expressed over the election of these men. Some of them never asked a man for his vote, and this goes to show the fallacy of soliciting. Some of the defeated candidates were counting their majority beforehand from the number of promises, but when the ballots were counted these promises were given to other men.

Mrs. Charles Paisley is very ill with but slight hopes of recovery. Mrs. H. W. Huff is also very ill and her recovery is despaired of. Mrs. E. Wing and son, Louie, returned home yesterday after spending a week with her mother in Belleville.

Mrs. W. G. Wilson and son, Wilfrid, left yesterday after spending the holidays with her mother, Mrs. J. C. Allen. Miss Florence Bruce, Kingston, is visiting Miss Maud Weston. Earl Vanalstine is visiting friends in Syracuse.

The many friends of Mrs. C. E. Bartlett will be pained to hear that her little daughter, Ruth, met with a painful and serious accident in New York a few days before Christmas. Ruth was playing on the sidewalk when some boys, also playing, came along and knocked her down, striking her head on the pavement with great force. For several days she was unconscious and grave fears were entertained for her recovery, but later word received is more encouraging, and it is believed that she will recover.

Earl Abel and sister, Marguerite, of Toronto, are visiting friends in Napanee.

The poultry show opens to-day. This is the third year that Napanee has had this show and every year it is more successful than the previous one. This year everything points to a most successful show.

## LEGACY FROM CHARLES II.

### Poor Little Girl Gets £200 and £5 a Week.

London, Jan. 5.—The romantic story of a legacy left by Charles II was told to-day.

When fleeing from the battle of Worcester in 1651, Charles, as is well-known, was assisted to a hiding place in an oak tree by a farmer, named Richard Penderel. Then Charles granted the farmer six legacies, two of £200, and four of £100 a week. Two weeks ago a fruit porter, Charles Penderel, died, leaving a four-year-old daughter unprotected for. His sister, the wife of a London cabman, named Cassin, took the child into her own family, for which it was difficult to provide. The cabman's wife had heard something of Charles' legacy as a sort of a family myth, but had never regarded it seriously. Pressed by hard times, on seeing a reference to the Penderel legacy in a newspaper, she began to make enquiries. Eventually she was amazed to find that her niece was entitled to a pound a week for life, while an accumulation of £200 was awaiting her. The trustees of the legacy were made her niece's guardians, and they handed over the £200 to her.

## TO EVACUATE

### Reggio and Messina to Be Surrounded.

### STAY PESTILENCE

### BOTH PLACES WILL BE LEFT EMPTY

Until Their Future Fate is Decided—The Mayor of Rome Enters Papal Territory, the First Time Since 1870—Fears for the Mountain Villages.

Rome, Jan. 5.—It is now stated that the authorities have decided completely to evacuate Reggio and Messina, conveying everybody, even the newspaper men, outside. The cities will be surrounded by military lines to prevent anyone re-entering. This measure is taken in order to prevent pestilence breaking out. Both places will be left empty until their future fate is decided.

The mayor of Rome, yesterday, visited the injured survivors in the hospital of Santa Maria. This is the first time since 1870 that a mayor has set foot on papal territory. The incident specially appeals to popular interest, because Mayor Nathan is a virtual anti-clerical. His election to the mayoralty was particularly obnoxious to the Vatican. Nevertheless, on his visit to the hospital he was received courteously by the hospital authorities and he met Cardinal Merry del Val, to whom he was introduced. The two held a very affable chat.

Parliament will be convoked on January 11th. The minister of war says that all the forts around Messina, which contain tons of powder and million of cartridges, have not been injured. He also says that while he was at Messina at least 15,000 persons were taken from the ruins, injured and uninjured. The Italian navy has sent 600 tons of provisions to the affected district. All the treasure found has been placed aboard the warships. One pocket book was picked up containing £14,000, and much clothing has been found at Messina and elsewhere with bank notes sewed in it. Advice from Messina say that twenty looters were shot there, yesterday. Six thousand persons already have left there and 8,000 more will leave, to-day.

J. C. BAHNHORN, General President of the Brotherhood of Painters and Decorators.

## THE RHODES SCHOLARSHIPS.

### Making England Very Much Better Known.

London, Jan. 5.—At this season of the Christmas and New Year vacation, when the Oxford scholars and their families are in the country, the social life of this country, the work of this institution in uniting the colonies, the United States and Germany more closely to England is accentuated.

Dr. Parkin, the secretary, is convinced by his experience, that the bequest is a wonderful instrument for making England better known and more highly respected in the countries from which the Rhodes scholars are drawn. In 1908 there were 156 scholars in residence at Oxford under the bequest. Of these sixty-six came from the British overseas colonies and the dependencies, seventy-nine were from the United States and eleven from Germany.

This year it is anticipated that there will be 159 scholars altogether in residence in fraternal orders. Fifteen are being attached to a single college. Of this total eleven will be former scholars devoting their time to special studies.

## MADE A FINE STRIKE.

### Has Fallen Heir to An \$100,000 Bequest.

Spokane, Wash., Jan. 5.—L. C. Brown, formerly a councilman and prominent in fraternal orders, and business here, has received advice from Stillwater, Minn., that he is heir to \$100,000, bequeathed to him by his uncle, who made a fortune in the meat packing business. The executor of the estate, valued at \$500,000, searched for the Spokane man in the middle west and east, and it was not until Mrs. C. E. Coffman, a former resident of Stillwater, came into his store that Brown learned of his fortune. Mrs. Coffman saw an item of the old packer's death, also of the search for the heirs, in a Stillwater newspaper, and immediately notified Brown, who confirmed the news. Brown came to Spokane twelve years ago, when he was twenty years of age, and since then he has built up a good business. He visited his uncle fourteen years ago and had not heard from him since 1898. He was born 100 miles from Stillwater, where he remained until 1898, coming to Spokane the same year.

## RIOT NEAR CALCUTTA.

### Troops Fire on Mob Killing Several.

Calcutta, Jan. 5.—The prohibition by the police, in deference to Hindu feelings, of Mohammedan sacrifices of cows led to serious riots at Titagarh, just outside Calcutta. Troops were summoned from Barrackpore to quell the trouble, and were compelled to fire upon the rioters, several of whom were killed and sixty seriously injured. Two hundred arrests were made.

## Shot By Deserted Lover.

New York, Jan. 5.—Mrs. Elizabeth Orlop Wood was shot and killed on a lonely section of Yonkers, by Arthur Korber, a boy of twenty. It developed that they were sweethearts formerly, and that the girl married Wood after a tiff with Korber. The young woman's friends say there was no suicide pact.

He says he will place half his fortune at the disposal of the authorities and will personally oversee the distribution of the money among the survivors of the seismic disturbance in Italy. Bruno says he is out of business for all time, declaring also that he will devote the rest of his life to assisting his unfortunate countrymen in this country and at home. Just now, he added, his former townspeople are in the direst need and that is where the bulk of the money will go.

Of the causes of the fires, fifty-one are classed as unknown, while 114 were chimney fires. Spontaneous combustion was a frequent cause and bursted gas and mortar mixing are set down for two of nine fatalities, one was a fireman.

REV. DR. SYMONDS, who will take part in the Consecration Ceremonies.

## THE PASTORAL STAFF

### THREAT OF ANTI-RITUALIST DOESN'T WORRY THEM.

Objector Invites All Who Think As He Does to Appear and Make a Final Protest—Precautions Will Be Taken.

Montreal, Jan. 5.—There is a possibility of a disorderly interruption to the proceedings in connection with the enthronement of Bishop-Elect Farthing as diocesan of Montreal, in Christ church cathedral, on Wednesday.

Part of the ceremonial to be observed on this occasion is the presentation of a "pastoral staff" or crook, similar to those used by bishops in England before the time of the Reformation.

The use of these insignia has been objected to as favoring of Roman Catholicism by a considerable section of the extreme low church and anti-ritualist section of the church in England, and some of the famous Kennis riots of five or six years ago were directed against this usage.

Second has sent a letter to the local press in which he intimates that he will be on hand with a "body of men under my control," to protest publicly against this ceremony, and invites all good Protestants to be present and join him. The only address given by the writer is "Lather, P.O. Box 374, Montreal."

Those desirous of joining a society to be carried on upon the same lines as were pursued by "the late martyr, John Kennis," in England, are invited to write to this address, according to the notice already referred to.

None of the clergy or lay officers connected with the enthronement ceremony would make any statement this morning about the threatened interruption. It is understood, however, that precautions will be taken to preserve order and prevent any such interruption of the ceremony as would constitute a scandal.

The pastoral staff in question is that which was used by the first bishop of Montreal, Dr. Fulford. Its employment was discontinued for a time, but at the enthronement of Bishop Carmichael it was brought out and used, not without some protest in the press of the same kind as "Lather's." The staff is practically never employed except at the ceremony of consecration or enthronement.

## CASTRO'S HEALTH WORSE.

### London, Jan. 5.—According to the Berlin correspondent of the Daily Mail, ex-President's Castro's condition has suddenly become worse. An operation in the neighborhood of his kidneys will be performed in a day or two. Derangement of the liver, with constipation, injures the complexion, induces pimples, sallow skin. Remove the cause by using Carter's Little Liver Pills. One a dose. Try them. Most of the so-called golden opportunities that come our way are only platted.
