THE SHACK IN EVIDENCE. It is a grievance with one English writer that in Canada, in pioneer service, people have to live in shacks five miles from the nearest neighbor.

HE WAS FULLY SATISFIED. It is reported that the leaders of a party which suffered so much in the late municipal election are consoling the defeated candidates with assurances that next time they will surely win.

THE DEFEATED CANDIDATES MAY HANKER for another collision with stronger men, but they would do well to profit by their experience.

WHAT CAN BE DONE? It is a matter of profound regret that the by-law which authorized the bonus of \$10,000 to the Wormwith piano factory did not receive the necessary number of affirmative votes to give it effect.

DIVIDING THE PROFITS. Mr. Carnegie has brought himself into the limelight by advocating a reduction in the tariff on iron, on the ground that the time has arrived when the "trust" which dominates the business can get along without the protection which it enjoys.

There were 6,100 licensed places in Ontario thirty-five years ago. The return for 1907 showed 2,474. In the license year 1909-10 they will not greatly exceed 2,000.

Mr. Carnegie has brought himself into the limelight by advocating a reduction in the tariff on iron, on the ground that the time has arrived when the "trust" which dominates the business can get along without the protection which it enjoys.

Whatever the cause, the by-law has failed to carry, and the question is, Can nothing yet be done to retain the piano factory here? That it is of great value as a going concern, developing from year to year in earning power, in the employment of men and distribution of wages, and in the capacity for production, is admitted by all.

and a division of the earning strikes have disappeared. The value of this advantage may be imagined when one recalls the Homestead mills' strike, which led to one of the saddest experiences in the history of labour troubles.

EDITORIAL NOTES. One New Year resolution every property owner or tenant should make, namely, to keep the walks clear of snow.

The enemy still pursues him. The Toronto News will not have Mr. Macleod as speaker of the commons and Mr. Macleod will not have any of the News' chat.

THE OPTION LAW. There can be no denying that local option is taking a firmer hold in Ontario, and that the annual onslaught upon the liquor traffic is having its effects.

Longboat is the hero of the hour on the racing course. But he must nurture his powers or he will share the fate of another fleet-footed wonder some years ago, the great Deerfoot.

ROOSEVELT ROMAN EMPEROR. Theosophist Says Teddy Was One in Former Existence. Members of the Theosophical Society in Detroit recently discussed the assertions made by L. W. Rogers, national lecturer for the society, who, in an address, declared that President Roosevelt, in a previous existence, was undoubtedly a Roman emperor, and quite likely Augustus.

Old Age Pensions. With comparatively little fuss, Great Britain has inaugurated its system of old age pensions, involving the enormous annual expenditure of \$35,000,000, and it is more than likely that the total will increase, as it is not probable that all the septuagenarians have as yet put in their applications to take advantage of the act passed at the last session of parliament.

Mallorytown Messages. Mallorytown, Jan. 6.—The election passed quietly, although each of the candidates lost no time in securing voters.

That Reminds Me. It is a recognized fact that Abbey's Salt is infallible for Biliousness, Torpid Liver, Constipation, Sour Stomach, Indigestion, Sick Headaches and other Disorders of Digestion.

A Good Officer. In response to a personal letter of invitation from President Roosevelt, J. J. Kelso, Ontario superintendent of children's department, will attend a conference to be held at the White House, Washington, on January 25th.
