## KILL THE DANDRUFF GERM.

Or Your Hair Will Fall Out Till You Become Bald. Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and ultimately, baldness. After Prof. Linn, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. Destroy the cause, you remove the effect. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c. and \$1.00. G. W. Mahood, special agent.

## A SYDENHAM'S SCHOOLS.

Doing Fine Work—New Public School Principal.

Sydenham, Jan. 6.—Educational matters in Sydenham are in a most encouraging condition. With a recently renovated high school building, filled with studious students, from all parts of this extensive county, an efficient staff of teachers, with improved school equipment, and an interested board of trustees, this institution will continue to hold its place as a leading secondary educational centre. We also cannot speak too highly of the work done in our public school. We have generally been very fortunate in the appointment of teachers to this important village school. Over two years ago the board secured the services of Thomas P. Maxwell, one of the most experienced and successful teachers in the province. During his term the school has shown marked advancement in every way. The several classes sent up to the entrance examinations made their mark and sufficient of them to secure a passport to the adjacent high school. One year ago Mr. Maxwell's pupils, approaching his painstaking efforts to help them, presented him with an elegant oak-finished book case and secretary. Casualties seldom happen singly, and so the surprise of a year ago was followed this year by a beautiful oak rocker, also the gift of these same appreciative pupils. To the regret of the trustee board and community, Mr. Maxwell resigned his principalship at the end of the past year, and in the future will give his attention to high school work. He is succeeded by F. W. Barnett, who is also a teacher of experience and who will, no doubt, give the school his best efforts.—COM.
