LIVINGSTON'S

MR. VILLIERS' VIEWS

IN REGARD TO PROVIDENCE AND FOREORDINATION.

A Sermon By the Pastor of the First Congregational Church Touching a Recent Catastrophic.

Rev. J. Charles Villiers preached at the First Congregational church, on Sunday evening, on "Was the Recent Fatal Accident at the Grand Trunk Crossing, Predetermined and Providential?"

"The judgments are far above, out of sight."—Psalm cv. He made reference to several serious accidents, costly in the loss of human life, and traceable to human negligence.

I do not suggest, said the preacher, that in the Providence of God, many things are not predetermined. Of necessity it would seem that there must be, and desirable, that there should be, but the question is whether everything, every detail of life, and all that relates to life is predetermined, whether everything is as it should be, and anything could be otherwise than it is.

The eagerness for dividends causes men to disobey the law, not always the statute law, but the law of God, which after all is more fundamental.

I venture, said the preacher, to say to-night, that the parties responsible for that accident at the Grand Trunk Crossing, ought in some way to be brought to realize their moral responsibility in the matter, and it seems to me that the community itself not only of Kingston, but of Ontario and Canada, will be culpable, if it allows such a happening, and many similar happenings throughout the land to take place with impunity and without its community protest.

The Providence of God permits some things which it does not foreordain, and such accidents as the one that happened on Tuesday last, are not according to the mind and will of God.

INCIDENTS OF THE DAY.

It is the intention to give the "Y.M.C.A. Sireus," recently put on at the association gymnasium, at the Grand.

A rehearsal will be held, on Thursday night, for the event.

Rev. O. C. Elliott, Stratford, a Kingston Old Boy, is always a welcome supply in the pulpit of the First Baptist church. He preached last evening to the pleasure and profit of all present.

William Maclean, of Michigan, only brother of the late Mrs. O. S. Strange, came to Kingston for the funeral.

From east to west, from north to south, on this continent, rare indeed is the community that has not its story of human life wasted and destroyed for lack of proper and adequate safeguards to protect it.

We are making human life too cheap. Not only is this true of the capitalist, it is true too, often, of the men not capitalists. Many are the contributing causes to the sorrowful fact that too often in the world of to-day, property is put above life, not in every direction, and in all circumstances, but in the matter of dividend earning, and especially on the part of great corporations. We take too many chances, in the hope that no evil will come of them.

To-night, that the parties responsible for that accident at the Grand Trunk Crossing, ought in some way to be brought to realize their moral responsibility in the matter, and it seems to me that the community itself not only of Kingston, but of Ontario and Canada, will be culpable, if it allows such a happening, and many similar happenings throughout the land to take place with impunity and without its community protest.

We must keep before our minds, and we must keep before the minds of the lawless and indifferent ones, the value and inherent rights of the human soul.

The Providence of God permits some things which it does not foreordain, and such accidents as the one that happened on Tuesday last, are not according to the mind and will of God.

THE SPORT REVIEW

QUEEN'S II AND CADETS MEET THIS EVENING.

Reference to Last Monday's Game—Frontenac Business College Defeated the Collegiates.

Queen's II and Cadets I will play their second game in the intermediate series at the covered rink this evening.

The ice is in fine condition and should promote fine hockey. Both teams have been working faithfully since the last game, and Queen's have a lead of three goals from the previous game, and should hold this lead.

Queen's will likely play the same team as they did on Monday night last, namely: Donohue, goal; Hazlett, point; Lockett, cover; Devine, rover; Tremble, centre; George, right wing; McKenzie, left wing.

Quite a little comment has been caused over the press reports of the former game, and as a result it is claimed that one cadet has been forbidden by Col. Taylor to again play hockey. Cadets' players were bigger and heavier than Queen's, and for this reason their checking may have appeared more strenuous than Queen's, when in reality it might have been quite fair.

Queen's players did quite a little roughing themselves, but Cadets secured the most penalties.

The game last Monday night was rather strenuous, and the press stated so, but it was not intended that any one player or any team should suffer.

Col. Taylor was present at the game and could see for himself how the players behaved, and it was by his order that the cadet was forbidden to play.

Collegiates Defeated. The Frontenac Business College seven defeated the collegiates, 3 goals to 1, at the Royal rink on Saturday night, after a hard battle.

At half time the score stood 2 to 1 for the winners. The game was fast all through, but the team work of the business boys won out.

Houghton and Yellowy were the stars for the winners. The teams lined up as follows: R.B.C. (3)—Marchand, goal; Lemmon, point; Yellowy, cover; Brouse, rover; Houghton, and Little, wings.

K.C.I. (2)—Sliter, goal; Twigg, Williams and Goodearle, wings.

Each team played without a centre, six men a side. H. McCartney made a satisfactory referee.

To Play in Toronto. The 14th seniors leave, at noon, Wednesday, for Toronto, to play their first game with the T.A.A.C. bunch.

They will have a final practice at the rink to-night, after the game. They are in fine condition and should have no trouble in defeating the T.A.A.C. team.

They will line up: Saunders, goal; Powell, point; Vahnon, cover; Crawford, rover; Bernier, centre; Richardson, right wing; Davidson, left wing.

The juniors will also have a practice to-night, before their game with Pictou on Thursday.

Marty Walsh's Victory. To "Marty" Walsh, the Queen's hockey star, belongs the credit of Ottawa's victory over Montreal Wanderers in Ottawa on Saturday night, for he scored the winning goal, besides shooting in another. The result was: Ottawa, 5; Wanderers, 4.

These two teams will be a tie for the Eastern championship. In two games played with each other, each team has scored eleven goals, so the teams are decidedly evenly matched.

Western Pros. Are Poor. W. W. Gibson witnessed the Toronto-Brantford professional hockey match in Toronto, on Saturday night, and was disgusted with the exhibition. He says that he would back five players of the 14th Regiment team or five of Queen's seniors to beat the heads off either Brantford or Toronto.

Games Arranged. Two games will be played in the Kingston Amateur Hockey League at the Royal rink on Tuesday evening.

The Royals will play the Canadian Locomotive works team, and the R.C. I.I.A. seven will play the Mic-Macs. Both games should be good exhibitions.

Basketball At Y.M.C.A. A new basketball league, with rather old names, has just been organized at the Y.M.C.A. Here are the samples: Oysters, Clams, Eels, Lobsters, Crayfish and Crabs.

To-night the opening games will take place, Oysters vs. Clams, and Crabs vs. Eels.

Signalling Course. A voluntary signalling course commenced on January 25th, for the Kingston garrison. Officers, N.C.O. and men desirous of attending can report at the armouries to-night.

The course will be conducted three evenings per week, on Mondays, Wednesdays, and Fridays, for a period of six weeks.

This affords a splendid opportunity for officers and men to qualify.

Doctor's Little Perquisite. At Lennox and Addington county council, Dr. McCarthy, Kingston, presented an account for \$50, for services to the poor of the county, before entering Kingston institutions, for December and January.

On motion the treasury was authorized to send a cheque for \$25 each month to Dr. McCarthy, commencing with January.

Patient Escaped. Some time during last night, a patient escaped from Rockwood hospital, and all morning a diligent search was made for him by the attendants.

This forenoon the missing man was located at Ernestown, and brought back to the city.

Was Further Adjudged. In the police court, this morning, the case of Henry E. Leaman, a batteryman, arrested on a charge of seduction, was further adjudged for a week, as the complainant was not able to appear. One drunk was discharged.

"The genuine" Blaud's Iron Tonic Pills, 100 for 25c., at Gibson's Red Cross drug store. Phone 230.

THE HALLS OF QUEEN'S.

A Queen's Western Club Organized.

Another organization or club, to be known as the Western club, has been recently filed. The objects of the club will be (1) to serve as a bond of union and fellowship among students of Queen's from Western Canada and (2) to visit far and wide throughout the west the name of Queen's.

All students who have lived in the west for at least twelve consecutive months are eligible for membership in the club. The officers made for the club are: Rev. Principal Gordon, president; John Neville, vice-president; J. E. Carrichal, secretary; William Stott, treasurer; M. M. Colquhoun.

W. R. Leadbeater, '10 arts, has lately undergone a very serious operation for appendicitis and is now confined to the general hospital.

He is doing as well as can reasonably be expected and his many friends in Queen's are looking for his speedy recovery.

At the last meeting of the debate committee final arrangements were made for the debate with Bates' College, U.S.A. Messrs. Ramsay and McArthur debated for Queen's at Bates' college last May and their return debate with the Americans will be in Convocation Hall on the evening of February 26th.

Messrs. S. S. Carmack and R. M. MacTavish have been chosen for Queen's. The subject selected is, "Resolved that the Monroe doctrine should not remain a part of the foreign policy of the United States," of which Queen's has negative.

LETTERS TO THE EDITOR.

Support The By-Law. Kingston, Feb. 1.—(To the Editor: Can you afford space to permit me to make a few remarks to my fellow assistants of the Cataract ward concerning the Wormwash by-law, which is to be voted on by the people on Thursday next.

As far as I have seen the fact that the Wormwash piano factory is situated in Cataract ward has been overlooked by those who have been advocating the passage of the by-law in the newspapers.

I am told on good authority that the majority of the employees reside in that ward also. This being the case a united support should be expected from that section of the city.

Any property owner in that ward, even if he owns but a single vacant lot, would be standing in his own light if he neglects to do all in his power to see that the by-law gets enough votes to carry it, because his property will be among the first to feel the unpleasant results of a defeat.

If the last vote Cataract ward did not do as well for the by-law as wards in the other ends of the city, no doubt because of ballot entanglements and lack of deliberate thought.

This time the voters of this ward should see to it that their factory remains with them, and thus share the rest of the city that Cataract ward is loyal to its industries.

"What we have we'll hold" should apply in this case.

Some person has circulated the rumor that this by-law is for \$20,000. Such is not the case. The figure is \$10,000 and there will be no change.

—RIDEAU STREET.

THE ARBITRATORS MEET

In Connection With Request of K. & P. Operators. This afternoon there was a meeting of the arbitration board in connection with the request of the Kingston & Pembroke railway operators for an increase in wages.

The session, which was of a private nature, was held in the office of J. L. Whiting, of the purpose of mapping out the programme for the inquiry.

The board is composed of Judge Gunn, Ottawa, J. G. O'Donoghue, Toronto, and J. L. Whiting, of Kingston.

Five Acts At Bijou. Five good acts are offered at The Bijou, to-day and to-morrow. The program is entitled "A Tale Of The Crusades." The first act shows Richard Coeur de Lion, king of England, despatching a brave knight, Sir Aymee de Valence, with a despatch to the king of France.

Returning he is captured by Saracens and carried prisoner to the Sultan Suliman, and consigned to the deepest dungeon.

The Christian knight seen from the windows of the harem by Zuleika, the sultan's beautiful daughter, was released. The knight carried Zuleika, his sweetheart, to King Richard's camp.

Suleiman, furious with rage, pursued but Sir Aymee's magnificent horsemanship wins the day. Believing the despatch he is rewarded by the king with the hand of the beautiful Princess Zuleika.

There is also presented a pretty romance-entitled "A Summer Flirtation" and two comedies, "The Shoemaker Of Copenhagen," an episode in the history of the German army, and "How Leaven Jones Saw The Carnival."

The last is the experience of a flirtatious married man, who visited the carnival at Nice. Will West sing "It's Always Warm Weather Indoors."

The Concrete Walk Question. The chief matter before the city council at its meeting, this evening, will be the concrete walk construction by-law, which will be opposed by Alds. Carson and Elliott on the ground that walks are recommended which are in fairly good condition.

The members of the Board of Works will defend the construction of all the walks they recommend, fifty-six in all, which were re-examined last week. This promises to be a merry debate.

Lennox and Addington Council. The standing committees for the year 1909 are: Finance—M. Ryan, chairman; G. F. Ruttan, secretary; Messrs. Walker, Edgar and Wartman.

County property—Charles Anderson, chairman; S. Gilmour, secretary; Messrs. Hamby, Dawson and Allison.

Roads and bridges—C. W. Hamby, chairman; J. F. Dawson, secretary; Messrs. Burleigh, Loyt and Kimberley.

Education and printing—Clark Walker, chairman; C. F. Ruttan, K.C.C. secretary; Messrs. Jammer, Lane and Anderson.
