

Partnership Sale.

Our Midwinter Sale, always a big event, will, this year be of unusual interest, on the 19th, we admitted Mr. C. E. Taylor into co-partnership—you know him—he will help to keep things hustling to your satisfaction, as well as ours. We are just through stocktaking and intend to mark the partnership event by a sale of unusual pleasure to you—reductions have been made and will continue until Feb. 25th only. On the 4th you will vote for the "GIVING WORK TO OUR MEN" By-Law. Don't fail to do that. We will save you enough in these reductions to pay your extra taxes for years to come. We seldom boast, of our business record here during the past 14 years, but it's worth looking at just now, starting in a very modest way, steadily growing, wiped out by fire, crushed by depression and war, crippled some but again rising, and to-day showing one of the largest and best equipped House-furnishing Businesses in Canada. **THESE ARE REASONS** for this. You know them—and we purpose keeping these reasons in evidence RIGHT ALONG. We intend you will remember this new partnership arrangement. Here are just a few of the money stacks, but the three warehouses are full of them.

Handsome Arm Chairs, \$3.00, reduced to \$2.10.
Parlor Centre Pieces, (see window full) \$2.00 and \$2.50, reduced to \$1.25.
Large Handsome Sideboard, \$70, reduced to \$50.
Mahogany Parlor Cabinet, \$56, reduced to \$42.
Hall Rack, a beauty, \$45, reduced to \$34.

SPECIAL.
Brussels Carpet, \$1.40, reduced to 95c.
Brussels Carpet, \$1.15, reduced to 85c.
Parlor Suite, 3 pieces, \$95, reduced to \$72.
Watch this space, or better still, come and see for yourself. Terms for sale goods are strictly CASH.

Yours for Business. Phone 90.

CROSSING PROTECTION

QUESTION DISCUSSED BY SPECIAL COMMITTEE.

G.T.R. to Be Asked Concerning Proposed Diversion of Road—Better Protection Asked For in Meantime—Action on Locomotive Works' Request.

The question of a subway for the Montreal Road crossing, over the G. T. R., was discussed at a joint meeting of the finance committee and the board of works held yesterday afternoon, the matter having been referred to the two committees, at the meeting of the city council, on Monday night. Mayor Couper occupied the chair, and also present were Aids. Carson, McCann, Toye, Kent, Hoag, Chown, Graham, Elliott and Hart.

When the question was introduced by Mayor Couper, Aid. Chown said that the question to be first considered, was that brought before the council by Aid. Nickle, in reference to the report that the G. T. R., so it was reported, proposed making a change in the route of the track, in the vicinity of the crossing, in order to do away with the heavy grade. He was of the same opinion as Aid. Nickle, that the city and county should act together, and ascertain the policy of the company on the matter. He asked for information from City Solicitor McIntyre, who was present.

Mr. McIntyre stated that Aid. Nickle had also asked him concerning the matter. He said that in May, 1903, there had been some talk of the company diverting the road, and at that time, it had been considered unwise to take up the question of a subway, if the company intended making any change. He was in communication with the Grand Trunk solicitors at this time, and the information gleaned, was that the company had not a plan of this kind under consideration.

Aid. Chown referred to the great change made by the company on the road near Belleville and felt sure that the company intended doing something to do away with the grade near Kingston. He desired to have the company written about the matter.

Aid. Elliott informed the members that this same question had been taken up with the company by Ex-Mayor Mowat.

The members of the committee were unanimous on the one point, and that was that the level crossing should be better protected, but the main question appeared to be in regard to the ways and means to be taken, to bring about this much-needed protection.

Aid. Kent said that the council should never allow the question of the proposed changing of the route to drop, as the city was losing money by not having the railway touch in the city. This point should be accomplished, even if the city had to pay for it.

In regard to the protection of the crossing, Aid. Carson said that he understood the G. T. R. were about to have a night watchman at the crossing.

The committee finally passed a motion, framed by Aid. Chown, to this effect: That the city solicitor be instructed to correspond with the secretary of the railway commission, pointing out the necessity of probable changes in the line, in the vicinity of Kingston, and the large amount of money expended in construction work for similar changes on the road, between Kingston and Toronto, since the order-in-council was made, and advising that the committee is taking up the matter with the G. T. R., as to the probable diversion of the line, and asking that the order-in-council, calling for better protection, be deferred until the committee is given to understand definitely, the policy of the company; that in the meantime, temporary precaution be taken to have the crossing protected.

It was reported that a subway would cost between \$25,000 or \$30,000. The committee also decided to have the city solicitor communicate with the Grand Trunk on the question.

Aid. Elliott said that he did not like the idea of having the matter "held up" as it were. What if there should be another accident at this crossing in the meantime? He was anxious that the matter be taken at once, to have a night watchman appointed, to guard the crossing. He wanted mayor to get in touch with the county and G.T.R., and arrange for the placing of a man at the crossing at night.

Another matter taken up by the committee was that of the application of the Canadian Locomotive company, for the leasing of some land, which came before the city council at its session on Monday night. It is the intention of the company to further increase its capacity, and it is desired to build an up-to-date erecting shop. The only available place left for this extension, is at the northerly side of the present boiler shop, and extending over and covering the extension of Earl street, east of the present office of the building. This ground the company wish to lease. C. Berningham and the company's solicitor, J. L. Whiting, appeared before the committee, to give any information desired.

The sewer running over this land desired at once, brought about a discussion, and Mr. Berningham said that one proposition was to divert the sewer along Ontario street, to William, the company to pay the cost. The city engineer had, however, another plan considered to be a better

What Beautiful Hair!
How often do we hear that exclamation of a certain woman's hair or of a certain man's hair.
A prominent scientist and hair specialist emphatically states and has proven, that any man or woman can have luxuriant, lustrous hair, by using a famous prescription called Parisian Sage.
Parisian Sage is now made and sold in Canada. G. W. Mahood, the druggist, is the agent in Kingston, and the readers of the Whig can buy from him for only 50c. a large bottle.
G. W. Mahood knows that Parisian Sage will beautify the hair, cure dandruff and stop falling hair, and for that reason he sells it under a guarantee to cure or money back.
If you cannot obtain Parisian Sage where you live, you can get a bottle for 50c. from Giroux Mfg. Co., Fort Erie, Ont., express charges prepaid.

What Can You Eat?
If you have to be constantly mindful of what you eat, your stomach needs the kind of help that Dav's Dyspepsia Cure always gives. This remedy helps to digest food and so increases the muscular power and the digestive fluids of the stomach that normal digestion returns. Each bottle contains sixteen days treatment. For sale only at Wade's drug store.

Offers To Wormwith Co.
The Wormwith company has received liberal offers to locate its factory from the following places in the province of Ontario: Stratford, Uxbridge, Prescott, Ganarone, Niagara Falls, Iroquois, Deseronto, Peterboro North Bay, Chatham, Annapolis, Welland, Alexandria, Port Hope and Guelph. The president of the Board of Trade, Port Hope, was in Kingston this week in connection with the matter, indicating that Port Hope is still interested. The above list shows what value other cities and towns put upon a live industry like the Wormwith Piano factory.

When Out Voting.
Drop in and inspect the bargains at Campbell Bros' clearing fair sale.
"A \$5 sponge for \$4.25," special out price, at Gibson's Red Cross drug store.

MISSIONARY WORK

ADDRESS DELIVERED AT THE INSTITUTE.

Rev. F. W. Anderson, Rev. F. C. Stevenson and Rev. C. H. Shortt, Were the Speakers Last Night—A Fine Meeting.

Most inspiring were the addresses delivered at last night's session of the Missionary Institute, held in the school room of Sydenham Street Methodist church, and which was quite largely attended. Rev. C. A. Sykes presided, and the opening prayer was offered by R. B. Nelles.

Addresses were given by Rev. F. W. Anderson, M.A., Toronto, on "The Young People's Missionary Movement;" by Rev. F. C. Stevenson, M.D. Toronto, on "Stewardship of Money, Time and Talent," and by Rev. C. H. Shortt, of Tokio, Japan, who dealt with missionary work in that country. The addresses were of a most interesting nature, and the meeting proved a most helpful one for the workers. Rev. J. M. Brown, D.D., of Toronto, was to have given an address, but was unable, much to the regret of all the workers, to be present, his duties occupying his attention in another field.

In dealing with the young people's missionary work, Rev. Mr. Anderson referred to the great effort put forth in recent years, by the churches, for the great cause of missions. Missionary work was in catching the spirit of God; and following out His command. We, as God's disciples, were given the responsibility of carrying along the work. If we could not go to the missionary field, we should do all in our power to assist all who could go to take up the work. We all stood under an obligation for world-wide evangelization. Reference was made to the noble work of the Students' Volunteer Movement, and the Laymen's Missionary Movement, which was composed of the "hard-headed" business men. Both organizations were doing noble work.

Rev. F. C. Stevenson followed, with his address on "Stewardship of Money, Time and Talent." He said we must realize that we are stewards of time, and consider what we would do with the time at our disposal. A great many opportunities presented themselves in the world, but many do not know what they would set about to do; they appeared to live with no special object in life, and if asked the question, "What are you on earth for?" they could not answer. It was now time that the churches were aroused. In many cases, it was found that churches were "run down," as if through lack of stewardship. Perhaps the great fault was in not having the little things well done. The same energy should be put into missionary work, as in our own business. If our own business was so neglected, it would certainly go to pieces within six months. Business talent should be shown in the work.

And then there was the stewardship of money. We should keep a record of our giving, and in this way see if we were giving enough. Some people endeavored to see with just how little they could give and get along.

"And then some say that they have no talent," asked the speaker. "Use what you have and you will get more. Our time, talent and money will depend on whether we are stewards of God. It is a wonderful thing to be a trusted agent of God."

Rev. C. H. Shortt spent eight years in a missionary work in Japan and dealt with work carried on there. The question he said was often asked, and it was some time before we had finished with Japan; is it not time that we turned to save one other field? This idea, the speaker said, was a great mistake, as here was plenty of work to be done there for years to come. It was pointed out by some that the work had been carried on there for a long time, and that the battle had been practically won. This was a false idea, but not an unnatural one. There was yet great work to be done. It was the one aim of the missionaries to build up the nation, and not to nullify it down, and to give them something they had not.

The speaker asked for prayer for the great work. "We are only your representatives," he added, "or as someone has put it, the 'finger tips' of the church. What is to be done must be done by your prayers."

The meeting was brought to a close with the benediction, pronounced by Canon Starr.

POLLING PLACES.

Where By-Law Will Be Voted on on Thursday.

New Frillings Received This Week. CORRIGAN'S.

POWER STOCK COMPANY

Gave a Fine Play in the Grand Opera House.

The Power Stock company made its second appearance at the Grand Opera House, last evening, and was greeted by a large and appreciative audience. The bill presented was the delightful English comedy, "Sunshine and Shadows," in which the various members of the company acquitted themselves with credit. H. Powers, in the character of "Lazarus," the money-lender, kept the audience in laughter by his efforts to get a return for his investments in a business way. Wilbur Symonds made a capable "Henry Glyndon," the wronged brother. H. Gaskell, in the role of "Jack Glyndon," as the scheming villain and intriguer, was well up in his work. Little Gladys, as "Ned," the forsaken and ill-treated boy, played her part so really as to win the sympathy and applause of the audience. Helen Derby, Louise Robinson and Minnie Gordon gained approbation by their clever interpretations of their parts. The minor roles were capably filled. In the specialties, Gladys Gillan sang sweetly "Home, Bright, I Love You Better, Old Pal," and kindly responded to a vigorous encore. Louise Robinson's musical monologue was well received and applauded. Madame Bohoe and Miss Hyers captivated and delighted the audience by their brilliant selections from different operas. Madame Bohoe sang "Only Thee," from "Eva Diavola," and as an encore gave "Dear Heart." Miss Hyers gave "The Pale Moon," and a coon song in character, which were loudly applauded. To-night the company present a side-splitting comedy, with new songs and dances.

LETTERS TO THE EDITOR.

A Correction Made.
Wagarville, Feb. 2.—(To the Editor): Allow me to correct a statement made in the Wagarville items of January 25th, regarding breaking of mill and idle teams. A part of the engine was broken, but not as serious as stated. The teams continued hauling logs just the same.—S. JACKSON.

Says It Is Not So.
Washburn, Feb. 2.—(To the Editor): The statement published that Ernest Holder had perished in a storm in Bladworth, Sask., is not true. He is my nephew. I wish you to publish this statement at once.—WESLEY HOLDER.

An Employee Writes.
Kingston, Feb. 3.—(To the Editor): We have read every side of the Wormwith by-law issue, except the employees' side, and I would like to say a few words from that standpoint to the mechanics in general, of whom a large number are freeholders, as to why they should look favorably on the by-law. In the first place, when a number of men are thrown out in one line of trade, and it is the only kind of its line in the city, it means that many of them will be forced into other works, thus, in a certain measure, glutting the labour market and making it the more difficult for others to get employment. When a large number are employed in the factory, for the whole year, it stands to reason that they do not live to themselves alone, they benefit all mechanics by removing that number from a possible invasion of their line. Every man employed in the factory is a native born Kingstonian, and only asks a chance to receive employment in his own city and not to be forced to remove. All have grown to look on Kingston as home for all time.

I write this in the hope that our fellow mechanics will look favorably on the by-law on the 4th. As an owner, I will say that I will be reluctantly forced to sell should the by-law not carry.—F. J. SALSBURY.

Simple Corn Remedy.
Peek's Corn Salve simply softens the hard, dry tissue of which corns are composed and detaches it from the healthy flesh. Never fails. In big boxes, 15c., at Wade's drug store.

Remember.
That the piano works and eighty-three employees, with their families, leave the city if the by-law is not carried on Thursday.

Notice.
Office and warerooms of the Wormwith Piano company at present are 232 Princess street, next door to R. J. Reid's furniture store. Phone 373.

The breaking of an engine axle, near Kingston, of the Toronto night express, delayed the train many hours. It reached Montreal at noon on Tuesday.

"Very busy these days" curing coughs and colds. Gibson's Red Cough Syrup, 20c., not 25c.

T. B. Caldwell returned to Lanark, to-day, after spending a few days with Mr. and Mrs. A. Strachan, Bagot street.

All lines of hardware at greatly reduced prices. Strachan's.
