LONGBOAT WAS HERE WITH HIS WIFE ENROUTE TO DESERONTO.

The Indian is Looking Well—Will Rest Three Weeks—Does Not Know When the Fifteen-Mile Race Will Come Off.

Mr. and Mrs. Thomas Longboat, Frank Maracle, the Indian runner's brother-in-law, and his cousin, arrived at one o'clock, today on the Cape Vincent stage, from New York. The news that the world's greatest runner was coming to the city soon spread, and when the stage arrived about one hundred people were there to give him welcome. Longboat looks to be enjoying the best of health and is in fine spirits.

"How do you feel after your race in New York?" was asked the good-natured red man.

"Fine," answered "Tom" displaying that well-known smile.

When asked if he had been through a hard race or had any danger of being defeated by the Englishman, "Tom" again displayed that smile of confidence, and said: "Not much."

Longboat stated that the arrangements were not all completed yet for the fifteen-mile race with Shrubbs in Buffalo, but if the race did come off, he had no fear of the result. "I have very near as good a chance at that distance as I had at the other," said Longboat, "and I think I can beat him."

Longboat was a little backward in telling anything about his plans for the future. Mrs. Longboat said that she and her husband were going to the reserve at Deseronto and would remain there for at least three weeks, to give "Tom" a good rest. She said he trained faithfully with his race with Shrubbs, and that there was never any danger of his defeat. When asked about the race at fifteen miles, she stated that she did not know when it would come off, but had no fear of the result. Mrs. Longboat is a bright and clever little woman and seemed quite pleased when any questions were asked about the race in New York.

Mrs. Longboat very kindly opened a large picture of the start of the race in New York, presented to Longboat by P. T. Powers. The picture shows the two men on the line waiting for the crack of the pistol to start them on their long grind of twenty-six miles, 355 yards. Mrs. Longboat, her brother, and cousin are plainly seen in the picture, as are also the trainers of both runners.

A cab was waiting for the party after the baggage had been attended to, and they drove to the Iroquois hotel. They had dinner there and left at 3:19 for Deseronto. Three hearty cheers were given the great runner as he left the wharf for the hotel, and also when the train pulled out for the west.

FORT HOSPITAL CLOSED.

The Last Case Left For Home Last Evening.

Today the contagious disease hospital at the fort was closed by Medical Health Officer Bell, the last case having left there last evening. There has not been a new case in Kingston for two months and the disease which caused such alarm in November is now a thing of the past. Everything in the hospital apartments has been safely stored, ready for use at any time it may be necessary to re-open the hospital.

"Hand Sapolin" removes stains like magic. Sold in Kingston at Gibson's Red Cross Drug Store.

LIVINGSTON'S

WALSH WAS OUT

And Showed the Rail Birds Some Wrinkles.

Queen's seniors had a good practice at the covered rink, on Wednesday afternoon, at five o'clock. "Marty" Walsh was out in uniform, and clearly showed the rail birds that he was still in the game, and knew pretty near all the tricks of the trade. His appearance drew a large number to the rink. The Presbyterians will be in fine shape for their game with Laval on Friday evening, and should give them a good game.

The junior game, on Monday, is causing a lot of talk. The junior soldiers are a fast bunch and should give the collegiates a very hard fight, if they do not defeat them. The game should draw a large crowd.

Two College Matches.

Two good hockey games will be played at the covered rink, on Friday evening, the first game starting at 7:30 o'clock. McGill II will meet Queen's II in the second game of the second round of the intermediate Intercollegiate series. McGill have a lead of three goals from last Friday's game in Montreal, and have great hopes of holding their lead. Queen's feel equally confident that they can overcome the lead and win out.

Queen's seniors and Laval will take the ice immediately after the intermediate game. James Sutherland will referee the senior game. Laval are very anxious to have him officiate.

Ladies' Carnival Bouspiel.

The second day's play of the ladies' carnival bouspiel in Montreal resulted:

Kingston 1.	Montreal 2.

Gets What He Deserves.

The Petrolbo Evening Review has the following complimentary remarks in yesterday's issue:

"Referee Sutherland, of Kingston, is coming in for numerous bouquets for the way he handled the Petrolbo-Lindsay game last Friday evening. And every one of them is deserved. Mr. Sutherland was all to the good."

Sporting Notes.

The Stanley cup is nearer to Ottawa than it has been for three long years.

Rochester Baseball Club has secured Beecher, the New York pitcher, who finished with Newark last season.

Apply, the English distance runner, will make Toronto his training quarters for his races in America.

"Tom" Flanagan has been offered \$700 to go on the stage at Montreal and tell his story of the Longboat-Shrubbs race.

The National baseball commission is investigating the charge that the umpires in the last world's series were tampered with.

The Toronto Baseball Club has decided that the team, this year, will train at Chatham, Ont. It is likely the team will report around April 15.

May 25th to 29th are the dates which will likely be set for playing the lacrosse games between the Capitals, of Regina, and the New Westminster team for the Minto cup.

Capt. Bruce Stuart, of the Ottawa Hockey Club, has declined an offer of \$400 to play one match with the Cobalt Hockey Club against Halesbury for the Temiskaming League championship.

Frank Gotch, world's champion heavyweight wrestler, has signed articles to meet Raoul de Rouen, in a match for the world's title and purse of \$10,000, at Kansas City, March 15th.

WILL AGAIN ATTEMPT

To Get Unvaccinated Pupils Back to School.

At the Board of Education meeting this evening, the trustees will again be asked to admit to the schools all who have not been vaccinated. At the board meeting a month ago, a resolution of W. J. Berton to have the unvaccinated admitted was defeated, although at a previous meeting the physically unfit for vaccination were given the privilege of returning. In view of the fact that the disease which caused such a scare in the fall has been completely wiped out, now there is no reason for keeping from 100 to 150 children from school because their parents will not have them vaccinated.

"Queen Zenora" To-Night.

This pretty musical comedy should receive the hearty support of the citizens, for Mr. Tolgmann and his company have been working every afternoon and evening for the past three weeks to make a good showing on behalf of the aldermen, Queen Zenora and her ladies, fairies and elves, and judging from the final rehearsal last night, success is assured. There are many beautiful songs and choruses, drills, dances, etc. The health officer's song, "The Good Old Fashioned Way" is sure to make a hit. There will also be songs by Norma Hughes, Irene Hoag, W. Mack, and the choruses "Off to War" and "Build a Tank," will be along with the price of admission. Grand Opera House, to-night, Friday, Saturday, and Saturday matinee.

Death of H. R. Berry.

The death occurred on Thursday of a well-known and much respected resident of the city, in the person of Hugh Robert Berry, at his home, 269 Bagot street. Deceased was thirty-eight years of age, and had been ill for about six months. He was employed as a driver for the Kingston & Pembroke railway for some time, and had a host of friends who will be very sorry to learn of his death. He is survived by his wife. The funeral will take place from the family residence on Saturday morning at 9:30 o'clock, at St. Mary's cathedral, where a requiem mass will be sung for the repose of his soul.

To-Night.

Bible reading in Bethel hall eight o'clock. Subject: "Paganism How Obtained, How Maintained." All welcome.

The company presenting "The Merry Widow," at the Grand, last evening, left this morning for Hamilton, the home of the star, Charles Meakins. A banner house should greet him there.

A large contingent from Gananoque, Deseronto and Napane, arrived in the city last evening, to attend the performance of "The Merry Widow." Some from a distance could not secure seats.

It is just as satisfactory to buy drug store wants by telephone from Gibson's Red Cross Drug Store, as if you visited the store. Phone 230.

As a girl goes through a continuous performance of brushing back the straggling locks of hair from her forehead she vaguely wonders what a man does with his hands when they are not working.

Just as a man is cheering himself up with the thought that a screwdriver will be at the bottom of his chest, he will need comes the announcement that the old double-breasted frock coat is no longer in style.

You can order a hot water bottle or a box of seditious powders, in fact anything sold in a first class drug store, by telephone. Gibson's Red Cross Drug Store has the most prompt delivery in the city. Phone 230.

WANTED TO GO TO JAIL.

Two Men in Hard Luck Call at Police Station.

Becoming despondent over not being able to secure employment two men walked into the police station this morning and asked to be sent to jail.

"We cannot get work and we do not want to steal," said one; "we would like you to send us to jail."

The men were given protection and the magistrate will probably decide what action will be taken. They gave the names of William Stirling, aged twenty-eight, and Robert McLaughlin, aged thirty, and said that they came here from Toronto. In the latter place they had been unable to secure work, and came on as far as Kingston, believing that their luck would change, but it did not. Colclough is an Englishman, and Stirling claims Scotch ancestry, as his native home. They both look to be able to do a good day's work, and might be set to work by some citizen doing charitable work, as their case appears to be a deserving one. One of the men is sadly in need of a pair of shoes.

BETHEL CHURCH.

The Annual Meeting Held on Wednesday Evening.

The annual meeting of Bethel-church was held Wednesday evening. B. W. Robertson presided. Highly satisfactory reports were presented by the church treasurer and by the treasurer of the Sunday school, ladies' aid missionary circles and the Y.P.S.C.E. The total receipts materially exceeded those of the previous year. Twenty new members had been received into fellowship, ten on profession of faith and two by letters from other churches. It was decided to adopt the duplex envelope system for weekly offerings and a united effort will be made to still further increase the collections for home and foreign missions. The following are the officers elected for the present year: Secretary, George Mills; treasurer, J. Veale; missionary treasurer, B. W. Robertson; ushers and collectors, Thomas Clouston, Herbert Coffey, Hugh Free, Roy Day, B. W. Robertson, George Mills; auditors, B. W. Robertson, Frederick Wilson.

On Mission Work.

At Cook's church, last evening, two very interesting addresses were given by R. J. McDonald and P. J. Pilkey, students at Queen's, on work in the home missionary field, referring to their experiences last summer in New Ontario.

Buy tooth paste or powders at Gibson's Red Cross Drug Store. Phone 230.

BOARD OF EDUCATION

Some Recommendations For Meeting To-Night.

The regular meeting of the Board of Education will be held to-night. The management committee will recommend:

That in order to accommodate the students of the faculty of education in the domestic science department, committee found it necessary to reduce the time of Miss Bates' class from two hours to one hour per week. That Miss Florence Hentig be appointed entrance examiner for the year 1909. That, regarding W. Nelson's complaint to the board that his son had "spaces" in the Collegiate Institute amounting to about one day per week, your committee received a letter from Mr. Neilson stating that he had been laboring under a misapprehension. He had interviewed Principal Ellis, who has made arrangements that will reduce the "spaces" complained of to a minimum.

That the request of A. A. Jordan for leave of absence from school for two hours per week to attend lectures in Queen's University, be granted, he to supply a teacher with qualifications equal to his own.

That a copy of Miss Mechar's history of Kingston be placed in each of the city schools.

That no action be taken on inspector's suggestion re Collegiate Institute, to put seats in boys' waiting rooms, and to provide similar waiting room for girls.

That art models to the value of \$25, and tables and physical apparatus to the value of \$75 be provided, as recommended by the inspector, with a view to more individual work on the part of pupils.

That Inspector Wetherell's report is on the whole very creditable to Mr. Ellis and his staff, that the lower grading in one or two classes was, with the exception of science, due to a distribution of work which Mr. Ellis thought to be in the interests of the school, but which will be altered according to the inspector's suggestion, and that the lower grading in science was due to the teachers having followed the seasons in their work rather than the order in which the topics are enumerated in the syllabus.

The management committee will recommend: That the minimum salary for graded female teachers in the public schools be advanced from \$275 to \$325, and the maximum from \$550 to \$600, with a yearly increase of \$25. The maximum will be reached in eleven years.

That the following teachers whose increase of \$50 per year would be cut down to \$25 by the new scheme, be given the increase under the present system, viz., \$50 per year, until the old maximum of \$550 be reached, when they can go on at \$25 per year as provided: Misses Scott, Cannan, V. Norris, L. Wilder, Hewton, Fraser, Pound, Walsh, Ryder, Hipsion. That the salary of Miss Barney, instructor in writing be increased from \$525 to \$550. That a supply of colored crayons be purchased for the junior classes of the public schools. Estimated cost, \$50. The committee considered the Collegiate Institute salary schedule also, and taking into consideration the amounts granted on behalf of Pedagogy, found that, with the exception of Mr. Fraser's salary, it compared favorably with those of other places. The committee recommends that Mr. Fraser's salary be increased from \$1,050 to \$1,150, the increase to be procured from the sums granted by the university on behalf of the faculty of education; the board to remain responsible for the sum of \$1,000 as heretofore.

That the board, before renewing its agreement with the university concerning the faculty of education, make applications to the university for the bulk sum of \$3,900, this to include the amount to be paid in supplementary salaries. The receipt of this sum would place the matter of distribution entirely in the hands of the board.

The finance committee will recommend: That the tender of the Whig Publishing company for printing for the ensuing year, being the lowest, be accepted. The figures are: Minutes, per page, 70c.; listed printing, \$102.20.

2. That the insurance on Frontenac and Victoria schools be renewed as follows:

Frontenac School—The Atlas Co., \$2,000. J. S. R. McLean, agent; The Northern Co., \$2,000. Smyth, King & Smyth, agents; The Sun Co., \$2,000. Thomas Power, agent; The Anglo-American Co., \$2,000. T. J. Lockhart, agent; The Metropolitan and the Standard Co., \$1,000. G. Bateman, agent.

Victoria School—The Norwich Union Co., \$4,000. James Marnee, agent; The Scottish Union and National Co., \$2,000. D. A. Givens, agent; The Northern Co., \$1,000. G. Laturney, agent; The Hand-in-Hand Co., \$2,000. R. Davis, agent.

The property committee will recommend that the resignation of W. Amey, caretaker of the depot school, be accepted, and that J. B. Hutchison be appointed at the old salary, viz., \$90.

That the resignation of Mrs. Gould, caretaker of the board rooms and domestic science department, be accepted, and that A. Lanigan be appointed to the vacancy at the former salary, viz., \$100.

To Aid Tuberculosis Hospital.

The students German club of Queen's intend holding their annual dramatic entertainment on Tuesday evening, the 16th inst. The proceeds will go to the La Salle chapter of the Daughters of the Empire to aid in building a hospital for tuberculosis patients.

Cheap Trips To Bermuda.

The attention of the travelling public is called to the cheap rate New York to Bermuda and return of \$30, advertised in another column by the Quebec Steamship company. Tickets can be procured from J. P. Hanley and C. S. Kirkpatrick, Kingston.
