HOW PRICES CLIMB UPWARD

As an example of the growth in value during recent years of property in Kingston take a row of houses and vacant lot which was purchased about a year ago for \$3,300, and offer of \$4,000 was refused for these without the lot. Many other examples can be quoted. There is an opportunity for all who have a little capital to invest to make money out of Kingston real estate. It is getting more valuable every year. Whether you buy for speculation, or as a steady, interest-paying investment, you cannot fail to profit if you make a good selection. I can help you in that. On the market-to-day are, etc., 477 and 479 Princess St., 129 Division St., 157 York St. See office list.
McCANN,
 51 Brock St.,

BOARD OF EDUCATION CALLS BACK UNVACCINATED PUPILS.

Decides to Increase Public School Salaries—Asks the City Council For \$4,000 For Gymnasium—Prizes For Writing.

The Board of Education last evening decided to admit unvaccinated pupils to the schools again; increased the salaries of public school teachers, asked the city council for \$4,000 with which to build a gymnasium for the Collegiate Institute, and received offers from B. W. Robertson and Hon. William Hartly to give fifty dollars each for writing competitions, in the hope that the writing of school children would be thereby improved.

In attendance at the meeting were Trustees Godwin (chairman), Thompson, Roughton, Anglin, Macnee, Craig, Meek, Richardson, Renton, McCarthy, Metcalfe, Chown, Bennett, Lamert, Marshall, Donaldson, Henderson and Walker.

Among the communications received were these: From Laura M. Ryder, asking to be appointed entrance examiner; J. B. Hutcheson, applying for position of depot caretaker; Miss Bowden asking for use of household science kitchen once a week; treasury department, Toronto, enclosing cheque for \$1,305, for normal, household science and special technical instruction; Mrs. E. J. Gallagher, applying for position of public school teacher; Miss May M. Taylor, applying for position as temporary teacher; city clerk asking for appropriation for the year.

Prizes For Writing.
 B. W. Robertson wrote stating that with the object of trying to improve the writing in the schools in the city, he and Hon. William Hartly would give \$50 each as prizes to be given before the summer holidays. Mr. Robertson asked that a committee be appointed to make arrangements, with a committee from the separate schools. The matter was referred to the management committee.

There was a short discussion on the matter of unsatisfactory writing and spelling of the pupils of the schools. This matter will be discussed more fully later, when Inspector Kidd reports upon the conditions that exist.

Increase For Teachers.

In explaining the reason why the management committee recommended increases to the public school teachers, Prof. Marshall said that Kingston had almost the lowest minimum salary of any place of its size in Ontario. The maximum salary of other places was also higher, so it was deemed only right to make the minimum salary \$325 and the maximum \$800. To equalize matters, it was decided to reduce the yearly increase from \$50 to \$25. The minimum change would benefit three teachers and the maximum sixteen. The increase would be \$1,500 more than last year.

Mr. Thompson said it was injudicious to increase the teachers' salaries, until it was seen just how the city stood financially. This was a very critical year in the history of Kingston as far as its finances were concerned.

Mr. Donaldson said that having looked over the schedules of other places, he was satisfied as city council representative, to support the management report, and withdrew an amendment to strike out the first clause.

Mr. Meek pointed out that the Kingston salaries were ridiculously low. With all the desire to economize, he couldn't help seeing that the teachers must be paid more money. No place in the province was paying such a minimum salary as \$275. The increases placed the city just where it had to be placed, and would prevent good teachers drifting into other occupations.

The recommendation to make increases was carried almost unanimously.

The salary of J. Fraser, of the Collegiate staff was fixed at \$1,150. It was understood it would be \$1,200 next year, when an extra \$50 would be secured from the School of Pedagogy.

Reports Of Inspector.
 Inspector Kidd reported that the following pupils were absent from school on account of compulsory vaccination: Central school, 31; Victoria, 22; Frontenac, 34; Louise, 6; Cataract, 16; Sydenham, 1; Rideau, 15; Depot, 7. Total, 132.

The inspector also reported that during 1908, there were 271 pupils who withdrew from the schools. Of these 116 passed the entrance examinations, 71 moved from the city; 61 went to work; 9 are staying at home; 5 went to private schools; 4 went to business college; 1 is ill, and 1 died.

The inspector further reported that during January the school registration was 2,287, average daily attendance, 1,833. Figures for the same month last year, 2,197, and 1,855. New pupils admitted number 27, of whom 20 were recent arrivals in the city. There were six cases of truancy.

Principal Ellis reported that the Collegiate enrolled attendance during January was 403, average attendance, 372. Figures for same month last year 407 and 368.

Vaccination Ban Removed.
 Mr. Macnee moved, seconded by Mr. Donaldson, that inasmuch as the city council has seen fit not to enforce its own legislation, having by proclamation demanded compulsory vaccination, and the board of health does not show any desire to push the matter, the resolution passed by the board on January 7th, be reconsidered and that all pupils now out of the schools, and not vaccinated be admitted, this resolution to take effect from this date.

Dr. Evans asked to speak on the vaccination question, and asked if pupils who were kept out of the schools for the past three months would receive any allowance in the way of fees, and also if such children would be prevented from trying the entrance examinations. The chairman said that no pupil could be prevented from trying the entrance. Mr. Thompson, Mr. Henderson, Mr. Marshall and Dr. Anglin, objected to the references in the resolution to the

city council and the board of health. Mr. Meek, Mr. Renton and Mr. Bennett, supported the resolution, deeming that the city council was certainly responsible for keeping so many children out of school. The council had forced the board to do what it did. Mr. Macnee finally changed his motion, eliminating the references to the council and the board of health, and it was adopted.

THE HALLS OF QUEEN'S

J. S. Willison, of Toronto, to Give An Address.
 Prof. W. C. Baker addressed the meeting in Convocation hall on the subject, "Science and Belief."

J. S. Willison, editor of the Toronto News, will deliver an address on "British and American Ideals" in Convocation hall February 18th, at 8 p.m. Mr. Willison, of the News, comes to Queen's under the auspices of the political science and debating club and is a man of wide reputation both as a journalist and as a speaker.

The association football club, at a meeting held last night, nominated the following officers for the ensuing year: Hon. president, Prof. J. F. MacDonald, M.A.; president, J. V. Trimble, vice-president, Bert Mohan; secretary-treasurer, P. T. Pike, captain, A. D. Carmichael; committee, A. C. Fasselmann (arts), T. D. Sneath (science), C. F. Williams (medicine). It is the intention of the new executive to arrange a series of "inter-collegiate" matches in "soccer" to be played next fall.

The annual sale of the magazines and papers of the arts reading room will take place in Convocation hall immediately after the regular meeting of the Alma Mater society.

The final year in arts is considering a fellowship in political science or very seriously a scheme by which history will be established as a memorial.

B. A. Hotel Arrivals.

McNee McMinus Munroe and wife, Boston; F. L. Hall, J. H. Mendels, Perth; S. E. Schomfield, Chicago; F. A. Bigwood, Charles S. Proctor, F. Musgrave, A. W. Stickle, W. C. Hamlin, W. J. Sykes, W. F. Selby, W. J. Stewart, H. J. Surtees, W. W. Cole, Toronto; Alexander Davis, Picton; D. Patterson, J. H. Herberts, R. G. Coulson, E. E. Chisnall, Montreal; Rev. J. de P. Wright, Murray; S. Bennett, W. M. Mitchell, Port Hope; John H. Tabor, Halifax; James Irwin, Campbellford; Rev. J. W. Aytoun, C. Whittaker, Parham; G. N. Asselstine, Gananoque; N. E. Asselstine, G. S. Elliott, Verona; E. C. Plant, Ottawa; John W. Hopkins, Buffalo, N.Y.; F. M. Edgar, Cleveland; J. A. Kerr, S. W. Vermylen, E. Ketcheson, P. Forin, Belleville; William Keatinge, Hastings; Hy. Glendening, Manilla; James Anderson, Mountain View; G. L. Dunn, Hamilton; Gen. Lake, Lieut. Col. Heward, Ottawa; W. J. A. Sander, Oxford Station; W. J. Warner, Mount Forest; Daniel Godwin, Trenton; A. B. Sewall, Cheboygan; George Benson, Peter Martin, Austin, London; L. J. Freeman, Berlin.

Death Of Mrs. Munro.

Death, on Thursday noon, removed another old and much respected resident of the city, in the person of Mrs. Munro, relict of the late Charles Munro, who passed away at her home, 55 Wellington street. Deceased was ninety-two years of age, was born in Ireland, and had lived in Kingston since she was nine years of age, and was possibly the oldest resident of the city. She was beloved by a large circle of friends, and her death was learned with sincere regret. She leaves one daughter, Mrs. Welch.

Three Lucky Men.

We have just three coon coats left and who are going to be the lucky men to secure them?
 1 coat, good value at \$60, now \$41.
 1 coat, good value at \$65, now \$47.50.
 1 coat, good value at \$70, now \$52.50.
 Come in and examine and compare at Campbell Bros.' big clearing fur sale.

"Queen Zenora" Postponed.

"Queen Zenora," the arduous opera that was to have had its initial performance at the Grand Opera House on Thursday evening was postponed. During the afternoon Mrs. Munro, grandmother of Miss Phyllis Welch, the leading lady, passed away, and for this reason the performance was postponed. It will be produced on Monday, Tuesday and Wednesday.

Labor Men At Theatre.

Last night members of the different labor unions, to the number of about 150, met at labor hall and marched to the King Edward theatre, where they were the guests of the management. The pictures were much enjoyed and the labor men wish to thank the management for the courtesy extended to them.

May Return At Once.

Unvaccinated pupils may return to school at once. They are no longer prohibited from attending.

All Skates At Cost.

Automobile skates a specialty. Stachan's.

Old tomatoes with fresh labels are all right if you have an accident policy, but if you don't want to cease to be, use Niagara hand packed in gold lined sanitary cans, 2 1/2 lbs. Look at the quality and flavor and weight, and you will be satisfied. Gilbert's.
 The fourth of the series of students and young people's services is to be held in the Sydenham street Methodist church on Sunday evening, and will be followed by the usual "At Home" in the church parlors.
 Thomas Mills, 79 Clarence street, has several choice building lots for sale. Terms of payment easy.

THE WOMAN'S COUNCIL THE ANNUAL MEETING HELD YESTERDAY.

Reports of Various Branches Showed Splendid Work Done During the Year—The Officers Elected.

The annual meeting of the Woman's National Council was held, at three o'clock, yesterday afternoon, in the city council chamber. Mrs. Fraser, the president, occupied the chair.

The fifteenth annual report was read by Miss Machar. It stated that the members had every reason to be encouraged, for work done, especially when the difficulties were considered. All the city charities are now represented on the executive, and all consideration given to general objects. The report spoke of the persistent attempts to spread immoral literature, post cards, etc., among the young people, and that the council should still maintain a vigilance committee to work against this silent but bitter foe. Mrs. Skinner, Mrs. Oberdorfer and Miss Machar attended the annual meeting in Ottawa in October last.

The treasurer's report, read by Mrs. Jordan, showed that the receipts were \$53.79, and the disbursements \$37.35, leaving a balance of \$16.44.

Miss Gibson read the report of the Ladies' Musical Club, showing a very successful year in every way. One hundred and sixty five members are now enrolled, and eight recitals have been given during the year.

Miss Muckleton read the annual report of the Orphans' Home, showing a most successful year, despite the great difficulties encountered. There are now over seventy children in the home, and many had been refused admission on account of lack of room. The total expenditure for the year was \$4,264.73.

Miss Machar's report on the Poor Relief Society also showed a very successful year, as also did the Y.W.C.A. report, read by Mrs. Stodling. Much work was done during the year, but the ladies should help this institution more, as they were still in debt on account of the building. The boarding-house part paid for itself. The gymnasium, cooking, sewing and night school classes were all well attended.

Mrs. Skinner, read the report of the city union of the King's Daughters, showing that these five societies making the union had done marvellous work during the year. The report of the Hotel Dieu Auxiliary was read by Miss Bonan, showing a most successful year, during which \$1,108 was collected and expended to aid the sisters of the Hotel Dieu in the care of the sick and the orphans.

The reports of the House of Industry and the Children of Mary all showed good results. They were presented by Mrs. Jordan and Miss Brophy, respectively.

J. B. Walkem, K.C., read the report of the Victorian Order of Nurses, showing that during the past year this noble order had accomplished much. During the year Miss Hulse, the Victorian nurse, had made 950 visits, 850 of which were nursing visits, and were made on sixty-one patients, of which thirty-one were paying patients.

After the reports were read numerous matters of local interest were considered, including a discussion on the garbage question. Miss Dickson, one of the committee on this subject, was

"Kingston's Famous Fur Store."

Our Surprise Fur Sale Is Just Half Over.

Don't let the lateness of the season prevent anyone from securing a snap in a fur or fur-lined garment or a set of furs. The Surprise Sale during February affords a splendid opportunity.

present, and spoke on the question. The following officers were elected for the year:
 Hon. Presidents—Lady Cartwright, Mrs. Hiram Calvin.
 President—Mrs. Hugh Fraser.
 Vice-presidents—Mrs. Skinner, Mrs. (Col.) Gordon, Mrs. Joseph Swift, Mrs. Oberdorfer, Mrs. Edward Stacey and Mrs. Cochran.
 Corresponding Secretary—Miss Machar; assistant, Miss Drummond.
 Treasurer—Mrs. Jordan.
 Recording Secretary—Miss Ronan.
 The following letter was received at the meeting from the Victorian Order of Nurses: "Many people in Kingston may not know that the nurses of our order can be employed by people who can afford to pay a fee for her services. For instance, when a patient requires her services for a short time each day, but does not require the services of a special nurse, the Victorian Order nurse steps in, and is a great boon to the patients, who perhaps requires a trained nurse to make them comfortable for the day. All Victorian Order nurses are fully graduated nurses and the Kingston nurse has had a special course in massage."

AT BOARD OF WORKS INFORMATION CONCERNING WALKS CONSTRUCTED

Is Given the Members By the City Engineer—The Value of New Buildings is Desired—Petitions Are Dealt With.

At the regular meeting of the board of works, held yesterday afternoon, the chairman, Ald. Graham, presided, and also present were Alds. Toy, Kent, Free, Hartly, Hoag. A small batch of accounts were passed at the opening of the meeting.

Engineer Craig submitted a statement with reference to permanent walks in the city, giving a complete list of all the walks built from 1885 to Dec. 31st, 1908, together with a summary of the total lengths, and total costs by years.

The total mileage of walks was given as 54,669; permanent walks, 33,858; asphalt, 4,366 miles; wooden, 20,850; concrete, 29,533.

It was decided to have the report sent on to the council and recommend that it be printed for the information of members.

No action was taken when the letter of Prof. D. H. Marshall, protesting against the payment of \$27.60 for the tearing down of a fence, which encroached on city property. Prof. Marshall reported the account to be an unjust one.

The petition of H. Stratford and others, protesting against the construction of a granite walk on Charles street was filed for future reference. Action will be taken when the board makes its annual inspection of walks.

The engineer asked for power to call for tenders, for street watering, and repairs necessary to the water works, and this was granted. He pointed out that the carts required to be painted, and street watering contracts let for a term of three or five years. On the last occasion the contracts were for five years and proved satisfactory.

All the members appeared to favor the proposal to have the engineer, when giving out permits for the erection of buildings, keep a record of the value of said buildings, but action was deferred for the present, but no doubt will be taken at the next meeting. The engineer pointed out that this was the custom in nearly all the cities in Canada, and only recently he had been asked by several publications to give the necessary information. In order to secure this information it will be necessary to amend the by-law regarding the issuing of permits.

The Domino Dance.

The domino dance held at the city hall on Thursday evening was a grand success. The hall was tastefully decorated, and the floor in excellent condition. The two hundred guests were received by Mrs. W. N. Bermingham, Mrs. Garrett, Mrs. H. H. Horsey, Mrs. Norman Stuart Leslie, and Mrs. Francis Hill Macnege. The Gaiety orchestra furnished excellent music. The pleasant affair was brought to a close about two o'clock this morning. Frederick McParland, Stanley Cunningham, Frank Strachan, William Burnton and Irving Martin composed the energetic committee in charge of the affair.

Entire Stock.
