DIVORCE PETITIONS.

There Are Only Six to Be Con-

Ottawa, Feb. 13 .- A false impres sion has been created as to the number of divorce cases which will dealt with at the present session of the Canadian senate. While it is true that during the past six months notice of an unusual number of cases has been given in the Canada Gazette, there is no guarantee that they will all be proceeded with. It frequently happens that after notice is given, nothing further is done.

Up to the present time only six petitions for divorce have been received by the senate divorce committee. They are: Victor Blackhall, Toronto. from his wife, Mabel Blackhall,

Annie Louise Coleman, Buckinghan Que., from Milton Delrose Coleman. Ella Tompkins, Coaticook, Que. from John Edmund Tompkins.

Alice Mabel-Ridout. Frank Parsons, Westpourne, Man. from Ellen Parsons. John Wake, of Minnesota, Man.,

from Amy Wake. It is probable that when the senate resumes, several other petitions will be presented, but in a number of cases the notices are not likely to be followed by any further action.
