**HAVE SHORT COURSE**

**PROF. ZAVITZ TO HOLD IT  
IN PICTON.**

The Course is Free to All Interest-  
ed—Prohibited in Court—One  
Conviction—A Young Bank  
Clerk Goes Away.

Picton, Feb. 23.—The farmers are  
at last coming into their own, so it  
seems from the present announcement  
of R. M. Winslow, H.S.A. The plan is  
in fact the bringing of the famous  
short course at Guelph Agricultural  
College down to Prince Edward,  
adapted to local conditions. From  
the 9th to the 18th of March there  
will be a course in stock and seed  
judging held here, under the direction  
of Prof. Zavitz, of the Agricultural  
College. There will be various dis-  
cussions of vital interest and im-  
portance to the farmers. Henry Glendenning,  
Manilla, the prominent exponent of  
"alfalfa," will be here to tell of it.  
A conference on farmers' clubs will be  
held March 11th, under the direction  
of G. A. Putnam, superintendent of  
Farmers' Institutes, and F. C. Hart,  
Waterloo, will be a speaker. Deputy  
Minister of Agriculture James will  
give an address on Wednesday evening,  
March 10th, along lines of agricul-  
tural education, and Friday evening,  
the 12th, President Creelman, Guelph,  
will speak in the Assembly hall of  
the new Co-operative, on the occasion  
of the opening of the splendid  
new building. No better opportunity  
has ever been afforded the farmers of  
the county to inform themselves re-  
garding the fine points of judging  
dairy animals, as the very best will  
be particularly Holsteins and  
Ayrshires. The course is entirely free  
to every interested person.  
In police court, Monday morning,  
Hugh McCarthy was fined \$12 for  
the second offence against the liquor  
laws. He had been imbibing  
since he put on the Indian list. He  
said he found a flask of whiskey in  
an hotel yard. Thomas Dunn, Allis-  
onville, was up before the magistrate  
on a similar charge, but the inspector  
could not prove service of the notice  
of prohibition on the Indian list.  
R. R. Batten, the elder in the Standard  
bank, last week, for the first time,  
was transferred to the staff of the  
Western Bank, there, which bank has  
been taken over by the Standard.  
"Jack" Patten, son of Mr. and Mrs.  
William Batten, has received a trans-  
fer from the branch of the Metro-  
politan bank to the Brighton  
branch. Mr. Batten has been con-  
nected with the branch four years  
and during that time has succeeded  
well, having been promoted from ju-  
nior clerk to teller, and his latest move  
makes him accountant-teller. Last  
night, being the eve of his departure  
from his home town, Mr. Batten was  
presented with a gold watch as com-  
ing from his young men associates.  
Picton has by the decision of the  
"powers that be," lost an important  
adjunct of one of the town's all-to-  
few industrial concerns, that is the  
manufacture of cans for the canning  
of vegetables and fruits, at the fac-  
tories under the control of the Cana-  
dian Canners. Last week it is un-  
derstood, that at the annual meeting  
of the "syndicate," the decree went  
forth that henceforth all cans would  
be made at the shops in Hamilton  
and Simcoe. This means lack of em-  
ployment for fifty men, of Picton in  
the closing down of the shops in con-  
nection with the Boulter and the A.  
C. Miller & Co. factories.  
Taken sick with scarlet fever and  
five days later dying with what de-  
veloped into diphtheria, was the sad  
end of the little five-year-old daugh-  
ter of Mr. and Mrs. Lee H. Saunders,  
on Sunday. The death took place at  
the residence of the grandparent, Mrs.  
L. Butler. This home had, for  
the required term, been under quaran-  
tine because little Kathie Saunders  
had scarlet fever. He got better and  
was allowed out and the Saunders' little  
girl had only returned a day or two  
to her grandmother's.  
W. H. Ackerman, aged seventy-three,  
died, on Friday, after a lingering ill-  
ness. In his young days he was a  
blacksmith by trade and had lived  
long in town. A widow and daugh-  
ter survive.

**ROTHSCHILD DISCIPLINE**

The greatest financiers in the world,  
the Rothschilds, exact the strictest ob-  
edience to orders from their employes.  
"They once had an agent here," a  
New Orleans man recently said to a  
reporter for the Picayune, "a fine fel-  
low. They telegraphed to this agent  
at a certain season to sell their cotton  
holdings, but he knew the price  
would go higher, and, therefore, he  
didn't sell till four days later. In con-  
sequence he netted an extra profit of  
forty thousand dollars to his firm."  
"When he sent the Rothschilds the  
agency, and announced joyously and  
proudly what he had done, they re-  
turned the whole amount, with a cold  
note that ran:  
"The forty thousand dollars you  
made by disobeying our instructions  
is not ours, but yours. Take it. Mr.  
Blank, your successor, sails for New  
Orleans, today."

**Well-Known Salesman Dies.**

Cape Vincent, N.Y., Feb. 20.—Louis  
Radley, one of the best known farm-  
ers in this locality, died at his late  
home on the River road, about one  
and one-half miles below this village,  
this morning, after an illness of three  
days with diphtheria.  
He was forty-five years old and as  
survived by his widow and a son and  
daughter, Ray and Verona; also his  
mother, Mrs. Mary Rouso, of this  
village and two brothers, James and  
Oscar, both of this place, and two sis-  
ters, Mrs. Daniel Simpson of Buffalo,  
and Mrs. Frank Simpson of Buffalo,  
and Mrs. Frank Wagoner of Cape Vin-  
cent.  
Mr. Radley was a member of the  
Watertown Produce Exchange, being  
salesman for the Scotch Brook cheese  
factory for several years. He was  
strictly honorable and upright.

**A MOTHER'S TALK**

To Mothers—What Zam-Buk Did in  
Western Home.

Here is just one illustration of the  
wisdom of keeping a box of Zam-Buk  
always handy. It is a true record of  
the varied uses to which this great  
balm was put—with highly satisfac-  
tory results in every case—in just one  
family, and during a few months only.  
Mrs. C. J. Irlam, of 907 William av-  
enue, Winnipeg, makes the report as  
follows:  
"I have found Zam-Buk so very  
useful—as a household balm that I  
want to make its merits still more  
widely known. Some eight weeks ago  
my brother, C. Proctor, happened a  
serious accident. While at work, a  
rusty nail penetrated the palm of his  
right hand. The rust of the nail poi-  
soned the flesh and inflammation set  
in quickly. He went to the general  
hospital and consulted a doctor, who  
advised poulticing to draw out the  
poison. This was applied, but when  
there was no improvement after a few  
days, I began applying Zam-Buk balm,  
leaving off poultices.  
"The almost magical  
Zam-Buk soothed the pain, drew out  
the poison, and allayed all inflamma-  
tion. Healing then commenced, and  
in a few days he was able to resume  
work.  
"Six weeks ago my husband, C. J.  
Irlam, while returning from work quite  
late in the evening, was bitten by a  
dog, the dog's teeth penetrating the  
flesh on his thigh, just above the  
knee. Directly he came home Zam-  
Buk was applied to the wound, and in  
a few days the soreness was gone and  
the wound thoroughly healed.  
"A third instance to the healing  
power of Zam-Buk was provided when  
my little boy had a nasty fall. He is  
five years old, and was playing one  
day when he fell. His head struck on  
a sharp stone, which cut a nasty  
gash. As soon as I had washed the  
cut I applied Zam-Buk in the usual  
way, and it was really wonderful how  
quickly it relieved the little fellow's  
pain. Within a week the cut—a deep  
one—was quite healed.  
"Every mother who once proves the  
all-round value of Zam-Buk will never  
again be without it."  
Zam-Buk is a pure herb balm, and  
cures cuts, burns, bruises, abscesses,  
ulcers, eczema, scalds, sores, ringworm,  
chapped hands, cold-sores, frost-bite,  
bad leg, inflamed patches, etc. It also  
cures piles. Used as an embrocation it  
will be found to remove rheumatism,  
sciatica, and neuralgia. All druggists  
and stores sell at 50c. a box, or post  
free from Zam-Buk Co., Toronto, for  
price.

**Thin Blood Made Strong**

**Tiredness and Weakness Over-  
come.**

**A Joyous Letter.**  
"I admit because I neglected early  
treatment I am entirely to blame for  
the condition of weakness that for  
nearly two years made my life a real  
misery," writes Mrs. Hazen, of Beau-  
port. "At first I felt sort of flat in  
the morning and could do no more  
than pick at my breakfast. Later I  
remembered my sleep was disturbed,  
that dreamy, restless sleep, from which  
you finally awaken, feeling as if you  
could never get up. Then I became  
thin, lost my color, got nervous and  
fearful about nothing, and kept think-  
ing about myself all the time, and  
was irritable, cross and easily made  
cry. What would have become of me  
if I had not taken Ferrozone I can't  
imagine. Ferrozone put new life into  
me from the start. It strengthened  
my nerves and brought back my col-  
or, and in a little while, less than  
three months, no healthier and bright-  
er woman could be found anywhere."  
I highly praise Ferrozone and advise  
sick people to take advantage of its  
health-conferring properties."  
Ferrozone quickens the powers of  
both body and mind, simply because  
it forms lots of blood, the full of  
life and vitality. Ferrozone creates  
appetite, gives strength, vim and en-  
durance, it's good for old people, good  
for everybody that needs better health.  
Thousands of men, women and chil-  
dren use Ferrozone every day, and all  
say it's the best nourishing, strength-  
ening tonic made; try Ferrozone your-  
self, 50c. per box, or six boxes for  
\$2.50.

**THE SPORT REVIEW.**

Interesting News From the Var-  
ious Sporting Fields.

The Canadian curlers defeated the  
Border Provincians on Saturday, and  
will go to Switzerland this week.  
In a ladies' hockey match at Van-  
couver, B.C., the Victoria ladies de-  
feated those of Vancouver by a score  
of one goal to nil.  
Raoul de Rouen wants to wrestle in  
Toronto. The big Frenchman is  
matched against Gutch in Kansas  
City next month.  
Varsity II will play the first of the  
home and home games for the inter-  
collegiate intermediate hockey cham-  
pionship at McGill, next Saturday.  
Longboat has made about \$11,000  
in his short career as a professional  
runner, but undoubtedly Dorando has  
made even more than that in his  
equally brief career.  
Toronto Mail-Empire: Osgoode Hall  
are wondering if all this trouble over  
the Kingston-T.A.A.C. play-off is not  
a trifle premature. T.A.A.C. have still  
to be seen, the Legals say.  
Longboat owes a race at fifteen miles  
to Shrubb, as agreed on December  
28th, to be run in six weeks after the  
Marathon at Madison Square. "Tom"  
Planagan says he will do his best to  
have Longboat meet this engagement.  
During the last ten years soccer has  
made great strides in countries out-  
side of Great Britain, and now is well  
established in Germany, France,  
Switzerland, Holland, Norway and  
Sweden, while quite recently it has  
been introduced into Turkey and  
Italy.  
At Pittsburg four thousand boys un-  
der sixteen years of age competed in  
a modified Marathon race of ten miles,  
under the auspices of the Pittsburg  
Lender, and over 3,000 of the contes-  
tants finished the race. John L. Sil-  
vester, aged fifteen years, of the North  
Side, came in first, his time being  
one hour and one second.  
At Oswego, N.Y., John J. Hayes,  
winner of the Olympic Marathon race  
at London last summer, was beaten  
in a ten-mile relay race by W. N.  
Queal of Alexandria Bay, N.Y., and  
John L. Sullivan of Marcellus, N.Y.  
The winner's time was fifty-five min-  
utes and two seconds. Both of Hayes'  
competitors set a fast pace, which he  
was unable to follow owing to  
trouble with his stomach.  
In a brilliant exhibition of rugby  
at Brockton Point, B.C., the Aus-  
tralians defeated Vancouver by a score  
of twenty-three points to nil. The  
Wallabies, who are returning home af-  
ter a six months' tour of the Old  
Country, excelled in every department  
of the game, but Vancouver put up a  
plucky fight, and several times rashed  
the ball close to the Australian goal  
line. Magnificent kicking and passing  
by the visitors, however, prevented  
the locals from crossing their line.  
The Wallabies play in Victoria on  
Wednesday next sailing for Australia  
the latter part of the week.

**Call Queen's Better Team.**

Toronto World: Queen's, upon their  
showing, looked to be the faster team  
on hard ice, Dobson at right wing be-  
ing very fast and tricky, in fact he  
was the best man on the ice. Camp-  
bell, on the other hand, confined his  
attention in second period to getting  
even for the bumps he got in the  
opening half, but at that he scored  
Queen's first goal on the prettiest in-  
dividual rush of the night, going the  
whole length of the ice. The game was  
not a pink tea affair, the players dig-  
ging in from the start and from the  
time Rankin put Pennock down for  
the count on the first rush of the  
night, till the gong sounded, the  
something doing sign was very much  
in evidence, although none of the play-  
ers received any injuries.  
Toronto Mail and Empire: It was  
the heavy water-covered ice, coupled  
with Varsity's superior checking and  
shooting ability that beat Queen's. In  
fast going, the Presbyterians, on their  
Saturday night's exhibition, would  
have had little trouble getting away  
with the long end of the score. They  
were much the speedier outfit, and in  
Dobson, their right wing, easily pos-  
sessed the best man on the ice.

**LICENSE REPORT.**

Some of the Statistics For On-  
tario.  
Toronto, Feb. 23.—The report on the  
operations of the liquor license act for  
the year 1908, are on the table for the  
legislature. The fines collected for the  
year amounted to \$32,850, the largest  
in the history of the department, and  
while the total revenue from all  
sources amounted to \$1,020,233, the  
amount received from licenses was  
\$577,771, or about \$10,000 less than  
for the previous year, as follows:  
Brewers' warehouse licenses, \$300,562;  
distillers' licenses, \$44,655; wholesale  
licenses, \$9,457; tavern and shop li-  
censes, fines, etc., \$485,098.  
The number of licenses were reduced  
from 2,571 to 2,481, a decrease of 90.  
In 1907 there were 24 clubs with li-  
cense privileges and this number was  
augmented by 11 last year.  
The number of people arrested for  
violation of the act and 132 dis-  
missals. There were 768 informations  
laid against non-license holders,  
with the result that 548 were convicted  
and 188 dismissed.  
Of the \$32,850 collected in fines last  
year there is an increase of about 60  
per cent. over the figures of the pre-  
vious year when the fines amounted to  
only \$123,451. The amount paid out in  
respect to salaries and general expen-  
ses amounted to over \$77,686. The  
amounts paid had to municipalities  
aggregated \$111,041.  
There were 2,593 bartenders in On-  
tario against 2,240 during 1907. While  
there were 90 fewer licenses there are  
353 more bartenders.  
Women with pale, colorless faces,  
who feel weak and discouraged, will  
receive both mental and bodily vigor  
by using Carter's Iron Pills, which are  
made for the blood, nerves and com-  
plexion.

**COMPLETELY RUN DOWN**  
Lost Appetite Restored by Psychine.

Mr. Geo. Pratt, of Clarkson, Ont., says: "Four years ago my son  
Wilbert was so run down, thin and emaciated, that we thought he was going into  
a decline and feared he would never pull through the severe cold of the  
winter months. The boy had no appetite and seemed to have lost all energy  
and interest in life. He was altogether in a terribly bad shape. His condition  
caused us the gravest anxiety.  
"Fortunately I procured PSYCHINE for him and this soon gave him a  
new lease of life. It is really remarkable how rapidly this splendid medicine  
brought about a change. After taking one or two bottles he was hardly  
recognizable as the same youth. PSYCHINE effected a speedy cure and he  
was soon able to work about on the farm again. To-day he is a robust young  
fellow, and if anything stronger than his brothers. Nothing in the way of  
hard work seems to affect him. I cannot speak too highly of PSYCHINE.  
It certainly saved our boy and made a man of him."  
**NO HOME SHOULD BE WITHOUT PSYCHINE.**  
As a builder-up of the system it is unequalled. It prevents the children taking  
cold, wards off that terrible malady La Grippe and completely fortifies them
