THE SPORT REVIEW

THE MIC-MACS DEFEATED THE ROYALS

By Four Goals to Three—They Are Tied For the K. A. H. L. Championship—Will Play Final Next Monday.

Mic-Macs and Royals stand a tie in the semi-finals of the Kingston Amateur Hockey League, and the play-off will be at the Kingston covered rink. At Royal rink, on Tuesday evening, the Mic-Macs defeated the Royals, four goals to three, in one of the hardest games played in that series. Each team has lost only one game, and that game to each other, so they were certainly evenly matched. The game had aroused much interest and a large crowd attended. The Mic-Macs won last year's championship and stand well in line to win again.

The game was close from start to finish, and was anybody's game until the final whistle blew. At half time the score stood a tie, each team securing two goals. For the winners, Sowards, Nicholson and Metcalfe played the best game, and for the Royals, Cherry, "Monty" Ainslee and McCarty were stars. The teams lined up as follows:

Mic-Macs (4)—Sowards, goal; Evans, point; Dick, cover; Nicholson, centre; Mercall, rover; Driver, left wing; Dovesley right wing.

Royals (3)—Kennedy, goal; Cherry, point; Muckler, cover; Charles, centre; M. Ainslee, rover; B. Ainslee, left wing; McCarty, right wing.

Referee—Allan Davidson.

The final game, to decide the tie, will be played on Monday evening, and should draw a large crowd, as these teams play better hockey than either the local junior O.H.A. or junior Intercollegiate teams.

Hockey Championship.

The final games for the championship of the City Hockey League will be played on the covered rink on Friday evening next. In the senior series Regiopolis College will meet Portsmouth for the handsome J. J. Hartly trophy. In the junior series Regiopolis II and Portsmouth II will play off for the W. W. Gibson cup. The City Hockey League has been most successful this year and all the games have drawn large crowds. Fourteen teams took part in both series and all were fast. The final games should draw large crowds.

No Word To Hand.

Dr. J. J. Hartly was seen, by the Wig, this morning, and stated that no word had yet been received by Queen's from the trustees of the Sir Montague Allan trophy, but he hoped to have news from them to-day. Last evening Dr. Hartly was talking to Mr. Drinkwater, one of the trustees, and was informed that the matter would be settled at once and that Queen's would be informed by telegraph to-day. The locals would like home and home games but if this is not granted will play a sudden death game on neutral ice. Dr. Hartly said that no arrangements had been made with St. Michaels for games.

Turned The Tables.

The Kingston & Pembroke railway hockey team turned the tables on the Grand Trunk, in the return match played, last night, at Royal rink, defeating the "Trunkers" by a score of 2-1. In the first game, the K. & P. men were defeated by a score of 4 to 2, and at that time they declared that in the second game they would take the scalps of their opponents. Frederick Muckler again decided to risk his life and act as referee for the "bunch," and managed to squeeze through the affair without any serious mishap. The weather man was against the railroaders, but this did not prevent grand stand playing on both sides. It is safe to say that never before was such a warm struggle witnessed at Royal rink, and one enthusiast remarked that it had everything in the O.H.A. beaten to death. Welch, in goal for the K. & P., was a regular Stonewall Jackson, and refused to allow anything to get past him, without the necessary ticket. It is said that the one shot accidentally slipped into the nets while he was busy fixing his skates. Hartly was Muckler's rover, distinguished himself with some stellar work, and Driver and Dickson, on the wings, were shining lights. The rest of the company gave able support. Reilly, in goal for the G.T.R., did good work, but he did not carry any horsehoes and that was all there was to it. Hartly's net was a regular whirlwind. Morgan and Joyce showed up remarkably well. The game was the one

STARTLING STATEMENT.

It's Statements Like That of H. Heyman, Kingston, Ont., That is Making Mi-o-na World Famous For Obstinate Stomach Complaints.

H. Heyman, 132 Colborne street, Kingston, Ont., says: "Mi-o-na is worth its weight in gold as a remedy to quickly cure long-standing cases of dyspepsia. Four years I had suffered with my stomach and could find no cure nor even relief. I could not eat anything, as it would sour and form gas on my stomach that had a pressure on the heart. Heavy pains would come around my sides and pit of my stomach. I was unable to sleep for this and there was nothing to relieve my miserable condition. I was weak and languid and would feel as tired in the morning as on going to bed and perspiration would break out all over my body. I would be unable to do anything that I would fall to my knees. My head would ache and spells of dizziness would leave me unable to see. Doctors had termed the trouble gastritis, but failed to benefit me. I tried Mi-o-na on advice of a friend, which has cured me when all else failed. I am sound and well and feel grateful to Mi-o-na for my present health. It's the known results obtained by Mi-o-na that places it far and away above all other remedies and confirms G. W. Mahood in offering to refund the money if Mi-o-na fails to cure stomach trouble. 50c. a box. Relief in twenty-four hours.

topic of conversation in railway circles to-day. The teams lined up as follows:

K. & P. Railway—Goal, Welch; point, Irvine; cover-point, Davidson; rover, Mackie; centre, Ward; wings, Driver and Dickson.

G.T.R.—Goal, Reilly; point, Ball; cover-point, Allarie; centre, Harro; rover, Driver; wings, Morgan and Joyce.

The Teams For Belleville.

The Y.M.C.A. basketball teams had a fine practice last night, and appear to be in good shape for the game at Belleville, Thursday night. The team will leave at 3:15, Thursday afternoon, and will be accompanied by a number of the boys. The teams will line up as follows:

Seniors—Moxley and Bewes, forwards; King and Birch, centre; Pound and Bearance, defence.

Juniors—King and Orr, forwards; Moore, centre; Davis, Fleming or Reid, defence.

Y.M.C.A. Athletics.

The athletic contest for the senior and intermediate departments at the Y.M.C.A., will be held on the last two days of this month. The swimming contests for the trophy will wind up, Wednesday, March 24th. To all those who have not competed in these events this will be their last chance.

Toronto Comments.

Toronto News: "The better team won." This from noble "Punk" Steacy, manager of the defeated champions, gives an insight into the game that the boys put up, and shows how well they earned their laurels. Defeat does not mean a poorly played game in Kingston. They were in good form. George Richardson, Davidson and Crawford shined. Richardson shone individually and played a fine combination game with either of the other two or both. Hiscock was in great form in goal. Powell's playing, however, was inclined to be a little questionable. Kingston worked hard, but not cleverly enough for St. Mike's. The 14th regiment team had made for itself a name in Canadian hockey. This has not been chance work. Every hit of it they have earned. And they are as good as their name.

Toronto Star: "This was the first time that the 14th regiment team had ever been beaten on their own ice but they took their defeat like the good sportsmen they are and gave the victorious young collegians every credit for their magnificent victory. The Soldiers had no excuses to make. They admitted they were beaten by a superior team, and they were glad to be the smartest little hockey aggregation seen in Kingston in many years. "Chaucer" Elliott handled the game in his usual capable manner. He kept the play clean, and was on the job, alert and vigilant, all the time. His work was satisfactory to both teams and the spectators. The crowd, astonished at the showing St. Michael's made of the soldiers came to scoff and remained to cheer. After the game the spectators swarmed on the ice and took the St. Michael's sticks and colors as mementos of the occasion. "Chaucer" Elliott was in luck to pick to Captain Jimmy Disette, of the winning team.

Toronto Telegram: It was simply system and organization against individual play. It was getting to Kingston; not to be able to strike their goal, and finally Elliott got "Chaucer" Elliott intimated that his championship was going to be decided by clean hockey.

Senior O.H.A. Honor Roll.

- 1891 Ottawa-Queen's 4-1

Sporting Notes.

Alfred Shrubbs, the British runner, has written to Ottawa friends to see if a race can be arranged there about March 17th or 20th.

A match of twelve miles has been made between St. Michaels and Simpson in the Ontario Thunders, to be run in the Toronto Armory, on March 20. Toronto Globe: St. Mike's won two championships last night, the O.H.A. senior and the Northern City junior. Next week St. Michael's will have another team in the final of the Intercollegiate league.

Toronto Mail-Empire: St. Michael's victory was an agreeable surprise to Toronto fans, who expected Kingston would display their usual reversal of form on their own ice, in spite of a weakened defence.

The negroes of Galveston, Tex., held a mass meeting Sunday and appointed committees and sub-committees to arrange for a big reception to Jack Johnson, the pugilist, when he reaches his home in that city.

Harley and John Davidson, formerly of Toronto, and Allan Moore, the American champion roller skater, competed in the international roller skating race in London, Eng., recently. Elimination heats were skated in several English cities, and the final in the big Olympia rink, in London. Moore was favorite in the final, but was beaten by Harley Davidson, whose prize was \$750 and a \$200 medal. Wilson, of England was third.

Toronto World: St. Michael's won because Lovess checked George Richardson as he never checked before. Every man was a star only because he played his position and played it well and to-day the small handful of Hibernians who journeyed to Kingston, will tell you how the trick was accomplished and the celebration was started in Kingston last night will not cease easily till St. Patrick's Day.

Women over forty years of age, who cannot sleep or rest well at night, should take one teaspoonful of St. Regis Lumbago Cure. Tea and coffee served at Best's, all this week, from 3 to 6, in aid of Victorian Order of Nurses.

ROBERT F. ELLIOTT

ELECTED PRESIDENT OF REFORM ASSOCIATION.

John McE. Mowat Retires After Five Years Splendid Service—Resolutions of Confidence in Party Leaders.

The annual meeting of the Kingston Reform Association was held last evening, in the Reform Rooms, Golden Block. In addressing the gathering, John McE. Mowat, the retiring president, thanked the liberals for the hearty support they had given him during the five years he had served at the head of the association. He had gone through a number of strenuous election campaigns, and how that a calm had settled over the political world, he felt that he had earned the right to step down. He had been requested to resign his name to be brought forward for re-election, but had refused to do so, as he thought he had served a good long term. Mr. Mowat then called for nominations for the position of president.

Only one name was proposed—that of George W. Mitchell, one of the present day liberal warhorses of Kingston. Mr. Mowat declared, A. D. Elliott the unanimous choice of the meeting, and the announcement was received with applause. Alderman Elliott was warmly received when he stepped forward to take the chair. Mr. Mowat stated that he had never vacated a chair with greater pleasure than on this occasion, for he felt that he was handing it over to a worthy successor.

Alderman Elliott in thanking the liberals for the honor they had conferred upon him, said he could not hope to be as successful as the worthy retiring president, but he would try and do what he could for the reform party. He was pleased that this year there would be smooth sailing, so far as elections were concerned. He then moved the following resolution, seconded by Alderman Carson:

"We, the members of the Reform Association of the city of Kingston and village of Portsmouth, assembled in regular meeting for the first time since the recent election, do hereby desire to express and place on record our deep satisfaction with the national verdict so signally rendered by the people of Canada, on the 26th of October last, and by which an efficient and progressive liberal government was again entrusted with the administration of the affairs of this great country. We gladly recognize that the most potent factor in securing that verdict from a grateful people was the splendid personality of our honored chief, Sir Wilfrid Laurier, the man whose many gifts and graces of mind and heart have not only qualified him to carry out the duties of the great office he held, but have also contributed towards him to-day one of its most valuable assets.

"We desire to tender to him and the men who are his associates in the government of the country our sincere appreciation of their endeavors to carry out the duties of the great office, and to assure them of our unbounded confidence in their statesmanship and ability to deal with all public questions in such a wise and masterly manner as will reflect lustre on the liberal party and tend to the progress and prosperity of the people of this entire Dominion.

Mr. Mills said that there was a safer man in Canada to follow than Sir Wilfrid Laurier, who had been faithful to the people, and had been faithful to them. The local member in the Commons, Hon. William Hartly, like Sir Wilfrid in that respect, had been faithful to the people, and he too had been sought for the office he held. The resolution was unanimously adopted.

Alderman Joan Carson moved, seconded by J. B. Cooke, that a vote of thanks be tendered Mr. Mowat for the five years' faithful service he had given to the association. A resolution that would find unanimous endorsement. In reply Mr. Mowat said that the labor he had given to his office had been a labor of love, and the resolution of appreciation more than compensated him for his labors.

On motion of G. A. Bateman and Alderman R. E. Kent, the gratitude of the association was extended to Hon. William Hartly, M.P., for his great service to the liberal party. Mr. Bateman said that it was with reluctance that Mr. Hartly entered the field again, but he came out once more and fought the liberal's battle and gained the victory. The president's call for three cheers and a tiger for Mr. Hartly was responded to lustily.

A resolution of confidence in Hon. A. G. Mackay, leader of the liberal opposition in the Ontario house, was moved by Alderman Carson, seconded by Archibald Strachan and heartily adopted. The president said that the liberals should be grateful to Mr. Mackay for the hard fight he was putting up against the strong government in Ontario.

The meeting adjourned early, after giving three cheers for the king.

REFUSED TO GO AWAY

When Cobbler Ordered Him Out of His Shop.

On Tuesday afternoon, a suspicious looking character entered the shoe repairing shop of Mathew Patterson, 421 Brock-street, and asked to have a pair of rubber heels put on his shoes. The cobbler said all rights, and the charge would be fifty cents. The man said he did not have any money, but would give him something just as good in exchange. He pulled out a pair of new gloves and a gold locket and chain, which he offered for the rubber heels. Mr. Patterson would not take them and ordered the man off his premises, but he refused to move, and at eight o'clock last evening, Mr. Patterson went to the police station and told his story to Sgt. Nesbitt. Constable Craig went up with him to see how the man came by the articles and why he would not go away, but he could not be found. The cobbler said he was a man of average height, sandy hair, and wore a light cap and gray coat.

GOLD WATCH PRESENTED

To Prof. Mitchell, Formerly of Kingston Dairy School.

Prof. J. W. Mitchell, B.A., of Manitoba Agricultural College, was the recipient recently of a beautiful gold watch, presented to him by a few of his many friends in Eastern Ontario. Prof. Mitchell's monogram was beautifully inscribed on the outside of the case and on the inside was the following inscription: "Presented to J. W. Mitchell, B.A., by associate members of the Eastern Dairymen's Association, 1909."

Prof. Mitchell resigned his position as superintendent of the Eastern Dairy School, Kingston, last November, to accept the position of dairy husbandry in the Manitoba Agricultural College, a position which he is well qualified to fill. The Eastern Dairy School flourished under his able management and his many friends in the east feel confident that he will more than make good in the new and responsible position which he has been called upon to fill, and they wish him every success in his undertaking.

Hymns Which The Patients Fear.

Those ladies who come here every Sunday afternoon to hold religious services are very kind, said the man in the hospital ward who was convalescing from typhoid fever, "but I wonder if they ever give any thought to the hymns they select. Two or three times a week something is scribbled out of here covered with a sheet. We hardly need a town crier to tell us that in the case of life we are in death. A good part of the time it's hard to think of anything else. On Sunday afternoons, when we've listened to 'Nearer My God, to Thee,' 'Would Not Live Always,' and a few more hymns like that, we are so blue that indigo wouldn't make a mark on us. It's an actual physical detriment. There used to be hymns that would break a fellow up. 'It's lucky for us the organ grinders are more cheerful in their selections. A few yards of ragtime are as good as a tonic.'

Hoping For A Report.

The women interested in the garbage questions are anxiously waiting for the meeting of the finance committee of the city council, on Friday, hoping for some report on the plans submitted. The board of health sent a resolution to the council, asking for virtually the same thing for which the women petitioned, so the latter hope no further time will be lost before the council makes some arrangements for the collection and disposal of garbage.

Perhaps That Was It.

Everybody's Magazine. In order to play "Rosemary" some years ago John Drew shaved off his moustache, thereby greatly changing his appearance. Shortly afterward he met Max Beerbohm in the lobby of a London theatre, but could not just then recall who the latter was. Mr. Beerbohm's memory was better. "Oh, Mr. Drew," he said, "I'm afraid you don't know me without your moustache."

Breaking The News.

Everybody's Magazine. Patrick arrived home much the worse for wear. One eye was closed, his nose broken, and his face looked as though it had been stung by bees. "What's the matter with you?" asked his wife. "That Dutchman Schwartzheimer 'twas him!" explained Patrick. "Shame on ye!" exploded his wife without sympathy. "A big shalpeen the likes of you to get bate up by a little omadmoon of a Boothman the size of him! Why—"

"Whist, Nora," said Patrick, "don't spake disrespectfully of the dead!" And you can't always tell by a girl's looks whether she has a cold in her head or is in love. Fools never listen to the wise, but the wise occasionally give ear to fools.

Asthma, Bronchitis, and All Chest Troubles. Are quickly checked and cured by using Cripp's Asthma Cure. These troubles become chronic when not attended to; breathing becomes difficult and painful; and the heart weak for want of a sufficient supply of oxygen.
