**St. Regis Lumbago Cure**

The Best On The Market

Bedford Mills, Ont., Jan. 29th, 1909.

THE W. A. SINGLETON CO.,  
Crosby, Ont.

"Gentlemen:—Having used your St. Regis Lumbago Cure, I can heartily recommend it for Lumbago or Sciatica. I have been troubled for years with it, and since I took the second bottle I do not feel an ache or pain. You are at liberty to use my name.

"I can also say it is a great medicine for a cough; have tested it and found immediate relief.

"Yours truly,  
"HENRY BELL."

Sold by all Druggists, Kingston.

**WILL EXPIRE IN JUNE**

**AGREEMENT BETWEEN CITY AND STREET RAILWAY**

For Supply of Power For the Cars—Negotiations For New Agreement Now Opened—Students to Make Test at Light Plant.

The regular meeting of the light, heat and power committee was held yesterday afternoon. The chairman, Ald. Elliott, presided, and also present were: Aids, McKay, Harry, Angrove and Carson.

W. F. Kelly wrote, declining to fulfill contract to supply oil and asked that his cheque for \$60 be returned. Mr. Kelly's reason for not wanting the contract was that he did not wish to tender for only one portion of the supply of oil required. It was decided to return Mr. Kelly's cheque, but that in future cases, the forfeit clause be attached to all such contracts.

John M. Campbell notified the committee that he had received a letter from the committee in regard to the gas tank negotiations, and had referred the same to his solicitor. The city would not be advised of this, and the matter left in his hands, for instructions for the committee.

On the advice contained in the letter of the city solicitor, the committee will recommend the payment of \$750 to Charles Boeridge, whose son was killed by touching a live wire, and to be in full settlement of his claim.

The street railway notified the committee that the agreement with the city, for the supply of power, expired this year, in the month of June. The company wrote in reference to a new agreement.

The chairman said that it would be well for the members to study out the old agreement first, before taking up the matter.

Ald. Angrove said that the one question was as to whether or not the present agreement was suitable, and could be continued.

Information as to the cost of the power supplied to the company will be secured from the superintendent before the question is taken up.

The committee decided on motion of Ald. Carson, to allow Prof. Gill and his class of students the privilege of making a test of the light plant, they assuming all responsibility and not interfering with the workmen.

Chairman Elliott again brought up the matter of advertising the gas for cooking purposes, and suggested placing advertisements in the newspapers. His suggestion was considered to be a good one, and on motion of Ald. Angrove, the matter of advertising was left with the chairman and superintendent.

The office at the plant is sadly in need of some repairs, and it was decided to get figures on the cost of the needed alterations.

**Locating in Kingston.**

Dr. Thomas Summerville, graduate of the Ontario Veterinary School, after ten years' successful practice in the United States and Canada, has taken up residence in Kingston. Dr. Summerville was made an offer to come here and act as assistant to Dr. G. W. Bell, V.S., and he decided to accept the offer. Dr. Bell's growing business, and the rapidly increasing sales of his Veterinary Medical Warehouse, together with the shipment of it to all parts of the Dominion, made it imperative that he secure a capable assistant. From present indications, Dr. Summerville will be "able to deliver the goods." His friends (and they are legion) in this city and district, extend to him a hearty welcome back to his boyhood home.

**Your Stomach Warns You.**

Some organs can get out of order without your knowing it, but not the stomach. Pain, heartburn, water-brash, belching or a sense of fullness tell the story at once. Use Day's Dyspepsia Cure at once. It has digestive, tonic and laxative properties. Each bottle contains sixteen days' treatment. For sale only at Wade's Drug Store.

**Walks Dangerously Slippery.**

The drizzling rain which began to fall on Tuesday afternoon made the walks awfully slippery, and in the evening pedestrians took to the road with the horses. This morning the walking was worse, more rain having fallen and it being just cold enough to freeze it. The city had men at work sanding the walks.

**What Hoarseness Means.**

It means congestion of the larynx and vocal cords and probably means a surrounding congestion that will extend to the lungs unless you stop it. The Diamond Cough Remedy removes the cause of hoarseness, sore throat, coughs and colds. In bottles, 25c. and 50c., at Wade's Drug Store.

**Penitentiary For Arson.**

Provincial Officer B. Phalen and Deputy Sheriff S. Cameron, of Goderich, arrived in the city last evening with a prisoner named Joseph Samson, who will spend three years in the penitentiary for burning buildings. Mr. Phalen told the Whig that the prisoner was not right in his mind.

**Came For Two Years.**

Yesterday afternoon, a constable arrived in the city from Brockville, with Robert Burt, sentenced to two years, in the penitentiary, for abduction. The prisoner is married, with a wife and two small children.

**Your Corn Troubles.**

All corn troubles cease when Peck's Corn Salve is used. It removes all sorts of corns, quickly, surely and without pain. In big boxes, 15c., at Wade's Drug Store.

**Looking For Work.**

The police station gave shelter to three big able bodied looking men, last night. They said that they were in search of work, and were very anxious to get work at the locomotive works.

**Notice, Notice.**

Printing, ruling, book-binding, embossing, at British Whig office, the home of good printing.

**DR. WILLIAMS' PINK PILLS**

Cure Anaemia—Pale Faces, Dizzy Spells, Etc. Its Symptoms.

Watery blood is an open invitation to disease to take possession of your system. Watery blood is responsible for nearly all the headaches and backaches and aches that afflict womenkind. Watery blood is responsible for the dull eyes, sallow cheeks and the listless, dragged-out feeling that is found in so many growing girls. Good blood means good health, and good blood actually comes through the use of Dr. Williams' Pink Pills. Weak, ailing dependent women who use this medicine are made active and strong; listless pale-faced girls are given new health, rosy cheeks, bright eyes and a new sense of happiness and security. Mrs. E. S. Nightingale, Chesley, Ont., says: "My daughter was 21 for a long time with anaemia and would often lie confined to bed for three or four days at a time, and we feared she was going into a decline. A lady friend advised the use of Dr. Williams' Pink Pills and I got a half dozen boxes. By the time these were used there was a marked improvement and I got a further supply for her. The change these pills have wrought in her condition is so great that you would not think that she was the same girl. I will always have a kindly feeling for Dr. Williams' Pink Pills.

You can get these pills from any medicine dealer or by mail at 50c. a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**Genius is Sure To Madness Near Allied.**

Paris, March 10.—A frock festooned with dancing dolls as its trimming rather sounds the kind of thing that is given to us as stage and comic paper burlesques of fashion. Yet this frock trimming is an accomplished fact, and is at present being shown upon a model by a famous Paris house.

Old-fashioned old ladies might well ask, "What next?" and artistic women might well demand to know what the aesthetic justification for this childish idea is—but the fact remains, and it is doubtless one of those Parisienne novelties too subtly smart for our poor understanding.

Another ugly, and, therefore, quite unjustifiable absurdity, is the long severe sheath dress, quite plain, and modeled to the figure. Down the centre front is a row of small buttons quite close together; these terminate some little distance below the waist, and the seams here open into a fold, with insets of fabric. It is so tight, however, that when the wearer sits down the effect is that of wearing a divided skirt, and the whole thing looks extreme and vulgar; and, together with the severe hat now fashionable set closely down over the face, the effect is decidedly dowdy and unbecoming.

Another novelty, is a tendency to introduce the idea of wings on to gowns—of course, embroidery in that shape, not the real thing. This looks rather quaint when placed upon the shoulders at the back, and it would seem to take a considerable amount of assurance to wear that with any amount of cheerfulness.

Upon the front of the corsage, however, it makes rather a pretty motif. Fashion generally seems to be creeping toward a revival of the frocks of the seventies and early eighties, when the skirts were gathered and draped up to the waist, and that much ridiculed would seem to be far off from the present sheath dresses; nevertheless, the very latest tout ensemble has a decidedly 1870 look, and even the half-dressing is beginning to take this appearance.

**DISTRESS IN ENGLAND.**

Enquiry Into the Cause of it—Workhouses to Be Abolished.

Montreal Witness.

"The British Royal Commission on 'The Poor Laws and Relief of Distress,' after holding over two hundred meetings in various parts of the United Kingdom, and gathering voluminous evidence regarding the operations of the poor laws now in force, have submitted the results of their investigations in a bulky report of some twelve hundred pages. There was also a minority report of nearly 100 pages, in which they were in difference in the details of the proposed remedial measures to be adopted, they were unanimous in recommending the abolition of the board of guardians and the general workhouse. The 'council' and 'borough' councils are invited to attend to the necessities of the pauper population, and instead of a general workhouse for all sorts of dilapidated humanity, there shall be separate institutions for the children, the aged and infirm, the able-bodied men, the able-bodied women, the convalescent, the sick and the epileptic. Public assistance is recommended to replace poor law relief, home assistance instead of indoor relief, casual five and restorative treatment for inmates detained in institutions, home assistance to be adequate and administered on a uniform plan, compulsory detention for drunkards, and those of filthy habits, a national system of labor exchanges to be established and worked by the Board of Trade, insurance against unemployment, with state assistance. It will be seen that these recommendations are revolutionary so far as England is concerned, but they are in line with much that has been accomplished in other countries. The essence of the change is of a piece with the change of attitude towards criminals. In all cases the purpose is to place the subject in those conditions most conducive to his mental and moral health. The segregation of drunkards until cured would pay for itself in the diminution of disorder, just as the reformation of prisoners will morally reform them and wipe out nine-tenths of the cases that come before the minor courts.

**Italian Grand Opera.**

One of the most important attractions that will be seen here this season, in either the music or dramatic line, is the forthcoming engagement of the Italian Grand Opera company at the Grand, presenting, on Monday, March 15th, "Carmen," and on Tuesday evening a double bill, "Cavalleria Rusticana" and "Pagliacci."

The Italian Grand Opera company is said to be the greatest operative organization ever heard of outside of New York city, numbering 100 people, including an orchestra of twenty-five pieces, and carrying productions complete in every detail. The company is now playing a return engagement at the Majesty's theatre, Montreal, where the press of that city pay the most glowing tribute to the principals, orchestra, ensemble and productions.

The organization numbers among its members such song birds of international fame as Mme. Ducellier, Mme. Alcega, Mme. Bertozzi, Mlle. Madalena Bossi, Mlle. Georgina Strauss, Sig. Torre, Sig. Bari and MM. Arcangeli, Zera, Gravini, Oteri, Cilla, and others of note.

**Has Made No Statement.**

Mayor Couper has not made any intimation that the rate of taxation is to be increased. What he said was that no extra hospital grant could very well be made from the present revenue of the city. The question of increased taxation has not yet been considered by the civic finance committee, and Mayor Couper has made no statement on the matter and will not until the matter is prepared by the city treasurer.

**Discover Discrepancy of \$26,000 in Prison Books.**

Pittsburg, Pa., March 10.—Convicted prisoners, now prisoners in the Western penitentiary here, have discovered an apparent discrepancy of more than \$26,000 in the accounts of the penitentiary. The board of visitors of the penitentiary some time since appointed Henry Reber, former paying teller of the Farmers' Deposit National Bank, now an inmate of the penitentiary, to audit the books of the institution. Finding an apparent discrepancy, and being unwilling to assume all responsibility, Reber secured the assistance of William Montgomery, former cashier of the Allegheny National Bank, and J. B. F. Reinhardt, former cashier of the Farmers' and Drovers' National Bank, of Waynesburg, Pa., both convicts in the Western penitentiary, who are said to have agreed with him in his findings. Report of the alleged discrepancy was made to the board of visitors, who are awaiting the return of Warden William Johnson, before making further investigation. It is said that probably the discrepancy may be accounted for by bad book-keeping.

**Locating in Kingston.**

Dr. Thomas Summerville, graduate of the Ontario Veterinary School, after ten years' successful practice in the United States and Canada, has taken up residence in Kingston. Dr. Summerville was made an offer to come here and act as assistant to Dr. G. W. Bell, V.S., and he decided to accept the offer. **ABERNETHY'S**

**Everything She Ate SEEMED A BURDEN TO CARRY.**

**HAD STOMACH TROUBLE FOUR YEARS.**

When your food has not been properly digested, your body has not received the benefit it should. The excretions of the gastric juice have been confined entirely to the stomach, the unassimilated undigested portions of food which they cannot properly digest as readily as possible from the body, thereby only giving the blood a small percentage of nourishment with which to feed the tissues. Backlock Blood Bitters regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health and strength to the debilitated system.

Mrs. D. A. Francisco, Rosland, B.C., writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always arose in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet, which my physicians said was due to the disordered state of my stomach. I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of the wonderful cure by Backlock Blood Bitters. I used altogether ten bottles and am now perfectly cured. I wish to recommend B.B.B. to anyone who may be so unfortunate as I was.

For sale by all dealers.

**500 BROS., Props.**

**Dye to any Color At Home!**

"Maypole" is a cake of soap that washes and dyes at one operation. Not an old-fashioned dirty, messy powder dye. It gives brilliant, fast colors—dyes anything—dyes to any color or shade—Good-bye to that trip to the dye-house—dye at home with Maypole.
