THE BOARD OF TRADE OPPOSE THE EIGHT-HOUR DAY BILL.

Will Support Manufacturers' Association Petition to the Government—Several Industry Matters Before Industries Committee.

The Board of Trade held its monthly meeting last evening, there being a very good attendance.

The hotel committee reported that the Macdonald Park scheme was still under consideration, and that a proposition had been made to Dr. Dupuis, whose reply was being awaited.

It was reported that the industries committee had several offers of establishment before it.

The railway committee has taken active steps to secure better train accommodation from the G. T. R., and hope for a satisfactory reply from the officials in Montreal.

It is at least expected that the suburban service will be improved.

A communication was received from the parliamentary committee of the Canadian Manufacturers' Association, asking the Kingston board to act with other bodies in opposing the proposed labor bill.

It was pointed out that the passage of the bill would be a menace to the business interests of the country.

The board decided to accede to the request of the Manufacturers' Association, and a committee was appointed to draft a resolution.

REGIOPOLIS VS. PORTSMOUTH For the Championship of the City Hockey League.

The tie between Regiopolis and Y. L.C.R.A. for the championship of group "B" of the senior series of the city hockey league was played Tuesday night at the Royal rink.

The game was fast and clean, and was witnessed by a large number of spectators.

Portsmouth will now play Regiopolis, winners of group "A," on the covered rink, Friday night, for the city championship, and the winners will receive the J. J. Hart Trophy.

PROF. JORDAN'S NEW BOOK Regarding "Biblical Criticism and Modern Thought."

Just issued from the Edinburgh press. An important new book, entitled "Biblical Criticism and Modern Thought," by Prof. Jordan, of Queen's University, Kingston.

In this volume Prof. Jordan has endeavored to sketch to some extent, what may be called the background of the Bible.

He is convinced that one of the great needs of our time is a clearer understanding on the part of ministers, Sunday school teachers and intelligent laymen of the work done by the Old Testament in preparing for the Christian faith and of its historical setting in the life of the Hebrew people.

In this volume he maintains that the scholarly labor spent upon the Old Testament during the last century has had the effect of making the Bible both more intelligible and more interesting, and by showing the wonderful victory achieved by Israel's prophets and teachers has given new force and meaning to the idea of revelation.

No where more clearly than here do we see the righteous purpose of God working itself out in the sphere of human history.

The appearance, at this critical moment, of this important work, will be heartily welcomed by the thoughtful and reading public. Price \$2 per copy. R. Uglow & Co., agents for Canada.

A REPAIRING OUTFIT.

Established in A. E. Herod's Up-to-Date Shoe Store. A unique and interesting piece of machinery—the only one of its kind found between Toronto and Montreal—is to be seen in daily operation in the boot and shoe store of Alfred Herod, 286 Princess street.

It is a model A, Goodyear shoe repairing outfit, erected under the superintendence of A. L. Baldwin, of the United Shoe Machinery company, Montreal.

Mr. Baldwin, who, this morning, was here with his family, is busy these days explaining the workings of the machine to Mr. Herod's customers.

The outfit consists of a substantial frame about fourteen feet long, with shaft running entire length, from which all machines are driven by motor. A blower system removes all dust and chips. On one end is mounted the stitching machine, and it sewed a sole, yesterday, at least half an inch thick, in less time than a shoemaker could get his thread ready for waxing.

The machine makes a lock stitch, and does the work evenly and thoroughly. Attached to the frame are edge trimmers, buffers, finishing and cleaning apparatuses that put the finishing touches on a shoe "while you wait." Everything in resoling shoes, from stitching to the final brushing, can be done by this handy machine.

The rapidity with which the work can be performed has enabled many shoe repairers to advertise "Repairs while you wait," and make their promise good.

Mr. Herod invites his friends, and all others who are interested, to call and see this novel and time-saving device in operation. And if you've any shoes that need doctoring—take them along with you.

Death Of Mrs. J. McKendry.

Jane McKendry, wife of Joseph McKendry, Brewer's Mills, died at her home on Tuesday afternoon, after a long illness. Deceased was in her eighty-fourth year, and had lived in Brewer's Mills for many years.

Besides her husband, one daughter, Mary Jane, and five sons, Joseph, at Victoria Harbor; Alexander, William and John at Waubesaene, and James on the government dredge staff survive.

The banks at Arden and Mountain Grove are kept open only part of the year, said the general manager. "They're for the use of cheesemakers, you know, and they don't make cheese in winter."

See Bibby's new \$2 hats. Recruit classes opened at the armories on Tuesday evening and quite a number of young men reported to enter the corps. The first night not much was done, but by the end of the week all will be in running order.

See Bibby's \$2 hats. Staffed will be in charge of the classes during the four or five weeks' term. About two hundred recruits will be enrolled, and then the regiment will be up to strength.

WHO'LL BE APPOINTED To the Vacancies on the Board of Health?

The matter of appointing four members to the board of health, in place of those resigned, will likely be discussed by the civic finance committee on Friday evening. One of the members of the committee stated that the resignations would be accepted at the council meeting next Monday night, and substitutes appointed. He couldn't tell who would be appointed.

If a medical doctor couldn't be got to serve, he said, that others would be chosen. The matter of the resignations of the four members of the board of health was discussed at the board of trade meeting, last evening, and regret was informally expressed that the council and the board should have clashed in so unfortunate a manner.

Important Announcement.

G. W. Mahood desires to announce to the readers of the Whig that they have secured the agency for Parisian Sage, the marvellous dandruff cure and delightful hair dressing.

G. W. Mahood is glad to state that Parisian Sage is a rigidly guaranteed hair restorer.
