Phone 873. 273 Bagot St.

stood Kingston, 17, Belleville, 2, and the final score, Kingston, 20, Belleville, 10. The teams:

Kingston seniors—Moxley (Capt.), Bews, forwards; King, centre; Bearance and Pound, defences.

Kingston juniors—King (Capt.), Orr, forwards; Moore, centre; Fleming, Davis and Reid, defences.

The seniors now go into the semi-finals with Peterboro.

C.L.C. Baseball Club.

The employees of the locomotive works do not believe in allowing the club to have a monopoly of being the first to herald the approach of spring, therefore, this year, they anticipated "Mr. Red Breast" by calling a meeting of the baseball "fans," which is a sure indication of green fields, daisies and daffodils.

Over two hundred employees gathered in the offices of the company last evening, for the purpose of re-organization of the C.L.C. Baseball Club, champions of the Kingston Amateur Baseball League, and holders of the "Jim" Baker trophy, and to judge from the enthusiasm displayed, it is a safe bet that the team to represent the works this year, will take a lot of beating before it allows the cup to move into its present resting place.

Ald. "Jock" Hartly was in the chair, and the officers elected for the season of 1909 were as follows: Honorary president, Hon. William Hartly, M.P.; honorary vice-president, C. J. Birmingham; president, Dr. J. J. Hartly, vice-president, William Hartly, Jr.; manager, P. J. Moran; secretary-treasurer, William L. Kennedy; scorer, A. McCutcheon.

Much regret was expressed at the retirement of the former secretary-treasurer, B. J. Tierney, who has proven himself to be a most efficient officer, and his resignation was reluctantly accepted by the president.

This year's team will be strengthened by the addition of three or four new men, who are now employed at the works, and they confidently expect to be able to lead all the other teams to the pole this season.

After the business of the meeting had been finished, cigars and light refreshments were passed around, and a little impromptu concert took place, which continued till about midnight.

The various athletic organizations connected with the establishment are now in a flourishing condition, and the reports from the various officers are most encouraging.

MEDICAL MISSION WORK

In Palestine Described By Rev. S. H. Gould, M.D.

A speaker who has facts marshalled so clearly that not a point is lost, is Rev. S. H. Gould, M.D., who lectured on his medical mission work in Palestine at St. George's hall on Thursday. His limelight views of the Holy Land are beautiful, and with the speaker's illuminating comment, the holy city—Nazareth, Gaza of the Philistines, Ramoth and the Mountains of Gilboa, and many another city and district familiar enough by name, but hardly grasped as visibly existing, were lifted from the mist of unreality into the clear certainty of actual fact.

Dr. Gould said that in one year, 86,000 patients had been treated in Jerusalem. He himself, with his dispensary, rough operating table, etc., loaded up on a camel, and with a dispenser to assist, travels about, often performing operations in the open air under the shelter of an olive tree.

Tuberculosis, in its various forms, is rampant, the disease being in the close atmosphere of the harems, and in the dirty houses of the people. The missionary hopes to have a hospital established in the holy land, supported by the W. A. of Canada, and each bed therein the special charge of some particular branch of the society.

Dr. Gould mixes enough humour with his serious information to make the latter all the more telling. The diocesan board of the auxiliary was fortunate in having our own Palestinian worker for one of its "Moslem World" study nights.

RECOVERED BY POLICE.

Hammer Stolen From Division Street Resident.

Constable Bateson yesterday afternoon secured the fourteen-pound sledge hammer, reported stolen by John Taylor, Division street, in Circles' second-hand store on Princess street. It is claimed that the hammer was sold to Mr. Circle by two lads, and now there is trouble ahead for the youngsters.

This case is an evidence of the large amount of petty thieving going on in the city.

Civic Committee Meetings.

Two civic committees are called to meet to-day. At four o'clock the long-lost fire committee, captained by Ald. Rigney, is expected to gather in the city buildings to take up important business after a vacation of six weeks. This evening the finance committee will meet. This committee will have before it the British-American hotel proposition, the Board of Health resignations and will hear a deputation from the general hospital governors, who will ask for an increased civic grant to keep the institution from closing up.

Large Imports.

For the last few weeks Campbell Bros., the Princess street hatbers, have been receiving almost daily consignments of hats from the leading hat centres of the world until now they have the largest stock of nobby new hats they have ever had and probably the largest ever assembled under one roof in Kingston.

Fort Hospital Again Closed.

The contagious hospital at the fort is again closed, as nobody requires to live there. Yesterday, the three remaining patients were discharged, so for the second time this year the hospital has been forced to close its doors.

Was Most Successful.

Mrs. Anderson, Ottawa, suffering from an internal complaint, at the general hospital, was slightly improved to-day. Dr. Anglin performed an operation on Thursday, which was most successful.

Remember Victorian Order of Nurses.

and take a cup of tea or coffee at best's. Served every afternoon this week, from 3 to 6.

WORK IS SATISFACTORY

INSPECTOR'S REPORT ON PENMANSHIP OF SCHOOLS.

Says That Free Rapid, Legible Hand is Being Acquired By the Pupils—The Aim of the Teachers.

At the last meeting of the board of education, Inspector Kidd was requested to submit a report concerning the penmanship of the pupils of the Kingston public schools. At the meeting of the board, last night, Mr. Kidd submitted the following report:

"Since your last meeting, I have visited all the classes and examined the work, books and written exercises of the pupils. I have also given careful attention to position, movement and form, and to the methods of holding the pen.

"Our teachers aim at legibility, speed and beauty, and they are endeavoring to secure a pleasantly rounded hand, easy to write and easy to read.

"The supervisor, Miss Barney, directs the penmanship in all the classes but each teacher is held responsible for the work of her own class. In all classes where the teacher gives careful and constant attention to correct form and freedom of movement, the work is excellent. Teachers who accept only the best a pupil can do, are seldom disappointed, but those who will accept careless work, or scribbling, will get it.

"After a careful inspection of the work in penmanship in the public schools, I am of opinion that a free, rapid, eligible hand is being acquired by the pupils, and that satisfactory work is being done. Specimens of the pupils' work in all the classes are before you. These are not selected, or prepared specimens, but the regular daily exercises. In most cases the papers of every member of a class are given. The work books and exercise books are also submitted for your inspection."

NEW STEAMSHIP MANAGER. M. McDuff who has been appointed manager of the Canadian Pacific Atlantic Steamships with headquarters in Montreal. Mr. Arthur Peers is the European manager.

Another Fishery Overseer.

John McGuire, game and fishery overseer, Jones Falls, has been notified of his appointment to be a district overseer commencing April 1st. He will have joint jurisdiction with all the local overseers between Kingston and Portland on the Rideau and all the inland lakes and streams between those two points. He will patrol those waters with a gasoline launch built by himself and chartered by the fishery department at a cost of \$100 per annum, oil and gasoline to be furnished by the fishery department. This change has been made by the department as an experiment to try to better enforce the fishery laws and if possible to afford better protection to the fisheries.

LIKELY FAINTED.

Hamilton, March 17.—Mr. Kinrade thinks his daughter, Florence, fainted during the murder tragedy, which would account for her not having a clear remembrance of the details of the shooting. The incident is likely to be finished to-night. The doctor will testify this afternoon and the other fourteen witnesses to-night.

Was Very Successful.

The ladies' aid of Queen street Methodist church had a very successful sale and tea at the pleasant home of Mrs. William Nicholls, Clarence street, on Thursday afternoon. The attendance was very large and some \$35 were realized. Mrs. W. Cookburn, Mrs. W. Nicholls and Mrs. J. Nicolle received the visitors and later they were ushered into the pretty tea room where Mrs. D. De Carteret and Mrs. R. J. McLellan dispensed refreshments all served tastily by a bevy of young ladies. After the affair was over Mrs. Nicholls entertained the aid officers and the helpers to a recherche supper. During the afternoon choice selections were rendered by Miss Singleton, which were very much appreciated by those present.

No Wonder At All!

J. B. Walkem, K.C., chairman of the Board of Education finance committee, was congratulated last evening by his conferees "for getting his budget through in ten minutes." Mr. Meek reminded the board that Mr. Walkem was an ex-alderman and had slipped things through there in easy fashion. It was unusual to get a Board of Education budget through in such brief time. But what else could be expected? Didn't a Portsmouth lad at a recent examination declare that Earl Grey, Sir Wilfrid Laurier and J. B. Walkem were the three greatest men in Canada!

Select Snowflake Potatoes.

\$1 bag, at Gilbert's.

PERSONAL MENTION.

Movements Of The People—What They Are Saying And Doing.

Miss Bertha Pipe, Watertown, N.Y., is visiting friends in the city. Capt. W. S. Hughes, King street, is confined to his home with a severe cold.

Prof. Cappon will lecture at the normal school, Hamilton, this evening.

Rev. E. D. Silcox, Toronto, has declined the call to Bethel Congregational church, Johnson street.

H. T. Wallace, B.D., Kingston, will occupy the pulpit of the Presbyterian church, Athens, on Sunday.

J. Porter and Mrs. Vanorder, Kingston, attended the funeral of the late R. L. Porter, at Concession, on Monday.

Ames McLean, an Athens student at Queen's, is under treatment in the hospital for injuries received while playing basketball.

Capt. Charles Williams, of the Lake Nipissing district, well known in the city, has been renewing old acquaintances here.

L. A. Marlin, of Queen's, has been appointed science master of Bowmanville High school, his duties to begin after Easter.

Major C. F. Winter, D.A.A.G., Ottawa, is detailed for duty as the secretary of the board of visitors at the Royal Military College for 1909.

Miss Sarah Ritchie, found burning on a couch in her room in Cincinnati, was born in Kingston, was sixty years of age, and had lived in Cincinnati for thirty years.

Dr. C. Y. Ford, Kingston, will judge poodles, Scottish, Welsh, Skye, Bedlington, Dandie Dinmont, black and tan terriers, Pomeranians and all toys at Buffalo show, March 23rd to 26th.

Principals Ellis, Dean Lovell and Prof. J. A. Matheson are the Kingstonians who take part in the various sections of the Ontario Educational Association meeting in Toronto, on April 13th, 14th and 15th.

Capt. and Quartermaster W. P. Butcher, R.C.R., Toronto, is attending that portion of the "long course" required to be taken at the Royal Military College, Kingston, in preparation for the promotion examination in next May.

CHARGE WAS DISMISSED.

The Complainant Did Not Appear to Prosecute. William Frederick Bauder, living at the Bath road, found that he came to the police court on Friday morning just in time to be too late. Yesterday, he had a warrant issued for the arrest of "Harry" Murphy, his hired man, charging him with the theft of a horse and cutter. When the case was called in the police court, this morning, Bauder failed to put in an appearance, and the case dismissed. Ten minutes after the case was disposed of, Bauder reached the police court, and was sadly disappointed when he found that the accused was gone, and that his case was thrown out.

J. McD. Mowat appeared for Murphy and pleaded "not guilty" to the charge.

Chief Bailie, told the magistrate that Bauder had been notified to attend court, whereupon the magistrate dismissed the charge. Bauder told the constables that he drove in from his farm as fast as he could, but no doubt in the future he will not forget the hour set for police court.

Murphy was placed under arrest a short time after the warrant was taken out, by Constable Bateson. Murphy was located in the Albion hotel, and the horse and cutter were found in the stables at the Windsor hotel. Murphy strongly denied the charge lodged against him.

Wild Animal Show In Kingston.

The biggest, greatest, most wonderful wild animal show in the whole world—the celebrated, illustrious, unequalled, unapproachable "Zoo," of London, England, is being shown in moving pictures at the Bijou theatre to-day and to-morrow. The rarest and most wonderful animals, such as the hippopotamus, rhinoceros and walrus are brought before you with such extraordinary closeness and clearness that you seem almost able to touch them. You can absolutely count the hairs on the great polar bear and see the color of the pelican's eyes. All the animals are up and doing instead of lying asleep as you see them often under canvas and is finer than the finest menagerie you ever saw and you can see the animals better. Don't miss this great chance. There is also shown a splendid double length drama, quite new, entitled "The Convict's Child," and a roaring comedy, "A House Full of Trouble."

Hope Of Kingston.

At the session of the Juvenile Temple, held in the Sons of England hall, last night, at seven o'clock, members of the adult lodge provided the programme. Three new members were initiated into the adult lodge, and H. F. Norman, B. Sewell, and Miss Seals were elected chaplain, guard and deputy marshal, as named, in place of Mrs. Leitch, T. Leitch and Miss Leitch, who resigned, as they are leaving the city. A committee was appointed to consider the formation of an association football club in connection with the lodge. The evening's programme was papers by members on "How to Improve the Lodge," and several practical suggestions were made, which will be given a trial.

Scarlet Fever Cases.

Mrs. Ellen Graham, Earl street, and her seven children were removed from her residence to the general hospital, on Thursday evening, suffering from scarlet fever. Some employees at the Locomotive Works, who lodged with Mrs. Graham, are quarantined in the house for ten days.

Notice, Notices.

Printing, ruling, book-binding, embossing, at British Whig office, the home of good printing.

Bibby's \$1 shirts are beauties.

Francis J. Robinson, Westmount, writes a London paper that Montreal has between 20,000 and 30,000 people out of work.

See Bibby's handsome \$1 shirts.

Four pounds new legs, 25c., at Gilbert's.
