### COUGHS, COLDS, "LA GRIPPE"

Every one is familiar with the distressing symptoms of the abovenamed ailments-although they do not seem serious enough to justify the employment of a physician - remember "a stitch in time saves nine" and that if these ailments are allowed to run on unchecked they may terminate in diseases most destructive in their results, such as Bronchitis, Pneumonia, Lung Troubles, and Tuberculosis.

**WILSON'S** Invalids' Port

(à la Quina du Pérou) is composed of the most efficient drugs in the Materia Medica for the cure of these complaints, and thèse ingredients are scientifically blended so as to get their most beneficent effects.

Ask YOUR Doctor. BIG BOTTLE Sold at all Pharmacies Everywhere.

### B-U-R-N-E-R-S Every "Caloric" lower burner-cup, besides being deep, is made with an air-mixer, which

latter section has nickel-plated cover for air adjustment. Upper face of burner being corrugated causes a current of air to pass between the corrugations and intermix with the gas. The air and gas are thus thoroughly blended before ignition takes place, which

prevents the escape of gas. Every burner automatically drilled, hence the uniform flame. The "Caloric" system stands for rigid gas economy,

great velocity of flame, and safety of operation. Save gas, save time, save anxiety-get "Caloric."
