HEALTHY PLANTS

Require the Most Careful Attention As Well As Good Soil.
Did you ever see a rosebush which, despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. \$1 bottles guaranteed. G. W. Mahood, special agent.

RYAN TO BE HANGED ON JUNE 3 RD. FOR KILLING HIS BROTHER.

He Claims He Knows Nothing of the Crime—Judge Latchford Refused a Reserved Case, but Noted Prisoner's Counsel's Request.

North Bay, Ont., March 25.—Judge Latchford, this morning, sentenced Maurice Ryan to be hanged on Thursday, June 3rd next, for the murder of his brother, Francis Joseph Ryan, on or about November 13th, 1907.

The prisoner, when asked if he had anything to say why sentence should not be passed on him, replied that he knew nothing of the crime. His counsel, G. L. T. Hill, asked for a reserved case, averring that the remains had not been identified conclusively. The application was refused, but noted.

His lordship was visibly affected, and his voice trembled in passing sentence. The prisoner sank sobbing to his seat in the dock, but recovered composure almost immediately, and walked firmly from the court room to take his place in the condemned cell. Judge Latchford told the prisoner he could hold no hope of mercy and urged him to make his peace with God. The court room was crowded, and the scene was a most impressive one.

The Cleveland-Sarnia company is composed of Cleveland and Sarnia capitalists.

Fort Worth, Texas, March 25.—Fifteen persons are dead as the result of the terrific storm which struck the north-western corner of Barton county, Texas, shortly before midnight, Tuesday. Flying Geese Predict Spring.

Niagara Falls, N.Y., March 25.—River men at this city and at Lewiston have reported a number of flocks of wild geese flying northward. This migration indicates the near approach of warm weather. It is an unusual thing for so many geese to be seen at this time of year. Another peculiar feature of the unusual spectacle was the close proximity of the flying geese to the ground. They barely skimmed the tops of the trees.

THE TWO KIDNAPPERS. Definitely Identified by Boy They Abducted.

Cleveland, O., March 25.—Willie Whittle, yesterday, identified the man and woman held on suspicion by the Cleveland police as the persons who kidnapped him from the school at Sharon, Pa., last Thursday, and held him for the \$10,000 ransom, which was paid by his father, Attorney J. P. Whittle, on Monday.

Whittle said the man who gave the name of James H. Boyle was the one who took him from school, and carried him through a tortuous route to Cleveland, then to Ashabula, back to this city, and placed him in the house in the east end where he was held until the money was paid. Willie also declared that the woman was the one who cared for him at the house where he was detained, and who acted the part of the nurse.

Boyle said the woman is his wife. The police have no other identification of the couple than the names given. So far as the man is concerned the police believe the name is correct. Boyle is said to reside in Sharon, and is a plumber by trade. He is said to have a widowed mother, four brothers and a sister. The woman, who is accredited with being the wife of Boyle, declared soon after her arrest that her identification would cause a sensation in Sharon. When the identification was completed Mr. Whittle would say nothing regarding the woman. He said he knew Boyle slightly.

Immediately after Willie Whittle had seen the man and woman at the Central police station they were taken to the county court house.

A woman known as Mary Diener, who the police say may have been an associate of the kidnapers, or was implicated in the plot, committed suicide yesterday by drinking morphine. The woman drank the poison while standing in front of a drug store in the east end, not far from the house in which Willie Whittle was detained here. She died in an ambulance while being taken to a hospital.

OLD MATTER REVIVED PROTECTION FOR OVER HEAD BRIDGE.

after Will Be Taken Up By the Board of Works—Bridge Was Complained of By City in October, 1906.

The question of a subway for the Montreal Road crossing, over the G.T.R., is not the only one that will be considered by the city fathers. The old question of better protection of the overhead bridge at River street, over the G.T.R. tracks, has been revived, and will be taken up by the board of works. In October, 1906, the city complained to the railway board, about this bridge, stating that as it was so low many accidents were caused to railway men on top of the cars. The railway board had an engineer inspect the bridge at that time, and the substance of his report was that there was very little vehicular traffic over it, that in order to obtain the statutory height of twenty-two feet six inches above the rail, it would be necessary for the G.T.R. to extend their bridge on top of new abutments, to purchase a strip of land along the right of way, on the west side. The cost of this work, he reported, would be out of proportion to the traffic, and on that account, he was of the opinion that the use of the overhead bridge should be discontinued, and traffic be diverted to the highway crossing, now existing south of the bridge, which crossing, in his opinion, should be protected at the cost of the G.T.R., in view of the discontinuance of the bridge, and on account of the large number of trains.

The board of works, however, in taking up the matter, decided that the bridge could not be dispensed with, and suggested that a draw bridge might be practicable, as there is always a signal man there for protection. Nothing further was done in the matter, however, and now City Solicitor McIntyre has received from Mr. Cartwright, of the railway commission, a report from Engineer Simmons, who visited the bridge on February 12th, with Mr. Bond, a resident engineer of the G.T.R. Mr. Blacklock, he said, had suggested that the bridge be raised to a statutory height and used for foot passengers only, and that vehicular traffic go around Catarqui street. He considered this suggestion a good one.

DEAD RUSSIAN IN A TRUNK.

Found in Rome, and Rumor Says it is Body of Azeff, the Spy.

Rome, March 25.—Italy was much excited over the discovery of a trunk in which was found, yesterday, in a trunk in boarding house here. It is believed that it had been in the trunk twenty-three days, and it is so much decomposed that identification is impossible.

A report that the body is that of Azeff, the Russian agent provocateur and spy, is denied by the police, who declare that it is impossible. A medical examination indicates that the man died of suffocation.

THE "SPIRIT" MOVED HIM.

An old negro preacher approached a Southern physician and offered a scrap of paper. "Please sah, yo' read dat," he said.

The physician found it to be an advertisement in which it was asserted that whiskey was the only genuine and reliable specific for malaria.

"But you haven't any malaria, uncle," he assured the old man; "none of it around here at all."

"Whar do dey hab it wust, Mars' Jeems?" the other then asked, curiously.

"It's pretty bad down on Cypress River," the physician told him, naming a locality some twenty miles away. A few days later the physician was passing the old fellow's cabin, and observed him climbing upon a sickly wagon piled high with household goods. "Moving, Uncle Ned?" he asked. "Where are you going?"

"Mars' Jeems' the old man said, solemnly, 'ah done had a call; de spirit done move me to go to wuck in de Lord's vineyard on de banks ob Cypress Ribber!'"

Made Ample Apology.

The Niagara Falls Record publishes a resolution passed by the official quarterly board of the Lundy's Lane Methodist church, speaking in high terms of the pastorate of the Rev. A. E. Lavell, and repeating the invitation extended to that gentleman to remain for a fourth year at an increased salary. Apologies, full and ample, over their own signatures, are also published by those responsible for the circulation of a circular purporting to be a statement from the church, at the request of the members of the congregation. Mr. Lavell has accepted a call to the pastorate of the Paris Methodist church, to take effect next June.

NEW BISHOP OF TORONTO. Consecrated in St. James' Cathedral This Morning.

Toronto, March 25.—Great interest was manifested here, this morning, in the consecration as bishop of Toronto of Archbishop Sweeney. The ceremony took place in St. James' cathedral, which was crowded unaccountably, while a large crowd gathered outside of the building watching the procession of clergy from the schoolhouse and other incidentals prior to the beginning of the ceremony proper. Exclusive of the choir, there were 150 clergy and officials in the procession, as it passed down the west aisle and up the centre of the church. The junior clergy, led by the choir, marched first. They waited at the steps of the chancel and the bishops, present passed between them. Then from the vestry came Bishop-elect Sweeney, attended by the bearer of the staff of office. Canon Welch, and others of the St. James' clergy, arrived at the chancel steps, the bishop-elect knelt and remained in that position till the end of the communion service. Directly after the strains of the processional hymn had died away, the senior bishop, Bishop Hamilton, of Ottawa, administered the communion service.

The epistle was read by the only representative of the Anglican church from across the border, the Bishop of Harrisburg, N.Y. It was I Timothy iii, 1. The gospel was taken by Bishop Dunn, of Quebec, and was from St. Matthew xxviii, 18. Bishop Dumoulin, of Niagara, preached the sermon, his text being from Joshua 5 and 5. Following the questions to the bishop-elect, the bishop-elect, "Veni, Creator Spiritus," was chanted. This finished, Bishop Hamilton placed his hands on the head of the kneeling bishop-elect, the remainder of the bishops standing all round the two, and pronounced the stately and solemn words of instruction in the latter part of the consecration service.

Afterwards one by one the robed figures bent forward and touched the bowed head in token of brotherhood and blessing, and then the procession moved slowly up to the altar and thence down the centre aisle and out of the west door to the triumphant strains of the hymn, "Saviour, Blessed Saviour."

Mrs. Squires was an old resident of Sarnia, her husband, William Squires, a painter, having died twenty years ago. No relatives survive in this country. Deceased was born in England.

WANTS PART OF MONTREAL.

His Lawyers Tell John Macdonald He Has a Good Case.

Saranac Lake, N.Y., March 25.—Some interesting financial possibilities have lately developed in the affairs of John Macdonald, a cooper, plumber, who recently removed from Saranac Lake to Plattsburgh. The Macdonalds are claimants for a very substantial portion of the city of Montreal, Canada. This land now is valued at \$8,000,000, and was a war-time grant from the British crown to the great-great-grandfather of John Macdonald, according to the latter's story. The Macdonalds have engaged counsel in Canada to prosecute their claim and these attorneys assure them that the case is a strong one. Should the Macdonalds win, the former Saranac Lake man figures he will receive \$250,000 as his share.
