HAS BEEN ABANDONED
SCHEME OF DIVERTING THE STORRINGTON ROAD.

Railway Board Desires Order For Subway at Montreal Road, to Be Carried Out at Once—A Report on Another Crossing.

The scheme for the diversion of the Storrington Road, has been abandoned. This announcement was made in a letter received, to-day, by City Solicitor McIntyre, from Mr. Cartwright, secretary of the board of railway commissioners.

"I am directed by the board to notify you that the scheme for the diversion of the Storrington Road has been abandoned on account of the strong opposition of the people of the county," writes Mr. Cartwright. "I am further directed to inform you that the board now desires the order for a subway at Montreal street, to be carried out without further delay."

As the order for a subway must be carried out without delay, the city must take action as soon as possible, and a meeting of the board of works will be held at three o'clock Monday afternoon, when a report will be submitted for the council, in the evening. The matter will probably be taken up by the board of commissioners on April 6th.

In regard to the protection of the crossing in front of Teto du Pont barracks, information has been received concerning the report made by the assistant engineer of the board, who inspected the crossing on March 2nd.

The assistant engineer visited the crossing, in company with Mr. Haffie, engineer for the G.T.R., and in his report says:

"I am of the opinion that the crossing might well be protected by installing a double arm semaphore at the junction, and electric bells at the crossings. The normal position of the signals would be at danger, and the apparatus to be so arranged, that a bell would be rung on the crossing when the signal was cleared for that particular track. I am of the opinion that this would afford sufficient protection, and the bells would not be so likely to get out of order as the automatic electric bell."

Died In Toronto.

The death occurred in Toronto, yesterday, of Philip E. Ward, a well-known resident of this city. Deceased was sixty years of age, and for some time was connected with the Kingston Mattress company. Some few months ago, he went to Toronto, to visit his sister, Mrs. Smezer Harris, and was in fairly good health when he went. He is survived by his wife. The remains will arrive in Kingston at noon, on Saturday, and the funeral will take place to Cataract cemetery.

A Narrow Escape From Drowning.

Capt. George Dick, a well-known sailor, had a very narrow escape from drowning this morning. While engaged in working around Cataract bridge he had the misfortune to slip and fall in. He was in a very dangerous position until rescued by friends, who heard his cries for help.

Many Going West.

The indications are that a large number will go west this spring. There will be a homeseekers' excursion on April 6th, and it is expected that quite a large number will go from this district.

LETTERS TO THE EDITOR.
Ladies, Please Attend This Garbage Meeting.

Kingston, March 26.—(To the Editor): The problem of the proper disposal of garbage sooner or later must demand the attention of the council. It will be sooner or later accordingly as the citizens demand it. It is a question of filthiness. The citizens must work together for the sake of public health, because the individual cannot achieve health alone. It is dependent upon the municipality for many of the first elements of good sanitation, good water, good drainage, proper disposal of sewage, and refuse, inspection of milk, meat and other foods. These are the elementary things which almost every citizen, no matter how low the state of his intelligence accepts.

Cleanliness is the first law of health, we are very backward in Kingston in demanding it. We allow many of our empty lots to be filled with old bottles, tins and refuse, we make no effort to create public opinion, so our citizens will keep their own backyards clean and we are quite indifferent where they dump their garbage.

Will every woman who feels that the health of her family is of sufficient importance to demand a little effort from her, come to a meeting after the Women's Aid meeting, general hospital, Monday, at half-past four o'clock. We want our women to draw attention of the council to this matter of garbage disposal. We have been waiting for it to report on the plan submitted, but fear that it will interpret our silence as indifference. Summer is coming, when your furnace will be out, and your kitchen fire low, when to have your refuse standing around is to court flies, those carriers of disease. Will you not make the effort to come to the meeting, Monday? It will not take many minutes to transact the business. By giving up half an hour, you will help convince the council we are in earnest.—A. A. CLOWN.

TEMPLE MEETING.
Juveniles to Entertain Adults
Next Thursday.

The Hope of Kingston lodge, I.O. G.T., held its weekly session last evening. One new member was initiated, and three were proposed for membership at next session. The committee appointed to arrange for a boys' meeting in the Y.M.C.A. building on Sunday, April 4th, reported that Rev. T. E. Burke has promised to address the meeting, and that a good musical programme has been arranged. H. F. Norman gave a five-minute episode on "The week's temperance work this world round; this is to be a regular feature of the weekly sessions in future, by the members in rotation. After the business was concluded, songs were given by Mrs. Brown, Miss K. Brown, George Elise, and H. P. Brown, and A. J. Keel read a short paper, entitled, "Some Members I Have Met." Next Thursday the members of the Juvenile Temple will entertain the adult lodge from 8 till 9 p.m.

AUTO-STAGE LINE
To Run Between Napanee and Kingston.

C. H. Finkle of Newburgh, was in the city to-day, making local arrangements in regard to his automobile stage line to run between Newburgh, Napanee and Kingston. Mr. Finkle says that two trips a day will be made. The auto-cars he is purchasing are capable of seating twenty passengers each. Mr. Finkle will start them on the road on May 1st. He has arranged that the Randolph Hotel will be the Kingston headquarters. The result will be that many Newburgh and Napanee people will be seen regularly in Kingston.

Proposed Lacrosse League.
A meeting of the Gananoque lacrosse team was held on Wednesday, and all were anxious to get back into the game. The secretary was instructed to write to Kingston, Brockville and Cornwall to see if a league could not be formed. Up to date the local club have received no word from Gananoque. The Kingston club have not had a meeting yet and it is not known whether they would favor a change or not. Cardinal is quite a distance away and if a team in the west, Belleville or Napanee was substituted, it would make it easier financially for all teams concerned. The locals will hold a meeting next week.

Five Acts At The Bijou.
The Bijou programme includes an exciting drama entitled, 'The Convict's Revenger,' the scenes of which are laid on the wild and romantic coast of Brittany, in France. There are two rattling comedies, 'Mr. Feary Hates Policeman,' and 'She Would Marry Only a Sport,' also a drama entitled, 'The Five Calls of Life.' The illustrated song is entitled 'Will You Meet Me.' It is a good programme.

First-Class Goods Or None.

Had Social Time.
After the regular meeting of Limestone Lodge, No. 91, A.O.U.W., held last night, the members spent a very pleasant time together, and refreshments were served. Dr. Massie favored with a fine reading.

Notice.
You are invited to see Nordheimer pianos on view in Kirkpatrick's Art Gallery, 159 Princess street. Also Canadian representatives for Steinway & Son's, New York. Catalogues on application.

Noted Inventor Here.
Dr. Graham Bell, the man who invented the telephone, is in the city. He arrived from Montreal on Thursday evening and is stopping with Principal Gordon.

Delayed Toronto Train.
Owing to the accident on the Grand Trunk at Bowmanville, a G.T.R. flyer running into an engine, the train from Toronto, due early this afternoon, was an hour and a half late.

LOCAL SPORTING CIRCLES.
Semi-Final Between Peterboro and Kingston.

Although the date has not yet been decided, it is expected that the basketball match between Peterboro and Kingston will be played here the latter part of next week. If Kingston wins out, they will then play at Toronto.

Queen's Players To Be Dined.
The members of Queen's senior football team and senior hockey team will be dined by Principal Gordon, tonight. Neither the Interscholastic or Sir Montagu Allan silverware have arrived yet, so cannot be presented. Three of the hockey team were also members of the football squad. Pen Macdonnell and Crawford, and both Campbell and Dobson have chased the pigskin, although neither played last season.

Arranged A Match.
Arrangements have been made for a basketball match at the Y.M.C.A. next Tuesday evening, between St. James and the Y.M.C.A. seniors. The losing team is called upon to provide an oyster supper, and a warm game may be expected, as both teams are very fast.

Cup Not Here Yet.
Queen's have not yet received the Sir Montagu Allan trophy from Ottawa, but it is expected any day now. A group photograph will be taken as soon as the cup arrives.

Won Keeley Cup.
By defeating the Merry Widows, by a score of 12 to 0, at basketball, in the Y.M.C.A. last night, the Die-Hards won the Keeley cup. The matches for this trophy have proved very interesting.

Presentation Of Prizes.
The prizes and trophies won in the different events at the Y.M.C.A., during the winter season, will be presented at the closing exercises, to be held to-night.

Tornado Struck Schoolhouse.
Wichita Falls, Tex., March 26.—The tornado which swept across Oklahoma struck the schoolhouse in Howard and killed two girl students and seriously injured another. Thirty-three students were in the building.

Robert Smith, proprietor of the Empire hotel, Saskatoon, Sask., April one of the most popular western hotel men, was found dead. Heart failure was the cause.

WASHINGTON SENSATION.
A Leading Society Woman Commits Suicide.

Washington, D.C., March 26.—Weary of the gay wheel of society, and face to face, as she believed, with years of physical suffering, Mrs. Pierre Lorillard, Jr., aged forty-nine, wife of the tobacco magnate, committed suicide by asphyxiation at her home near the fashionable Dupont circle, in this city, yesterday. Her tragic death has shocked the first social circles of the capital as nothing else in years. The members of the Lorillard family, famous because of its wealth, are gathering here to mourn over the unexpected blow. In spite of the coroner's certificate of death by suicide, members of the family declare that Mrs. Lorillard died of heart failure. The death was made more dramatic by occurring only a few hours after Mr. and Mrs. Lorillard had been guests of Mrs. Townsend, of Massachusetts avenue, at a dinner given in honor of Lady Paget. In fact, it is believed that as soon as Mrs. Lorillard arrived at her home at 230 Hillier Place, shortly after midnight, yesterday morning, she began to prepare for her death.

Mrs. Lorillard's bed had the appearance of not having been occupied during the night. Mrs. Lorillard had disrobed after arriving home, and when found her body was clothed in a dressing gown. The collar of diamonds she wore at the dinner had been removed, but the costly circle of diamonds that adorned her hair had not been displaced.

CRISIS IN GERMANY.
The Career of Prince Von Buelow Nearly Finished.

Berlin, March 26.—The indications are that Prince Von Buelow's career as chancellor is nearly finished. The defection of the conservatives has so weakened the bloc, on which the chancellor relies for his majority in the reichstag, that the passage of the financial reform bill, including heavy new taxes on real estate and succession duties, seems almost impossible. The financial secretary estimates the deficit for 1909 to 1913 at \$500,000,000 or \$100,000,000 annually. The reichstag, as was shown, yesterday, is quite willing to spend unlimited sums to outstrip British naval construction, but it is quite unable to agree how to raise the enormous amount necessary. Chancellor Von Buelow finds himself under a double disability. He is unable to carry the financial bill and he no longer enjoys the personal friendship of the kaiser. The latter's development is due, of course, to his courageous stand against absolutism and the emperor's personal regime in the crisis caused by the imperial interview last November.

MURDERED 300 HUSBANDS.
Russian Woman Freed Unhappy Wives From Their Tyrants.

St. Petersburg, March 26.—Charged with having committed some 300 murders, a woman named Popova has been arrested at Samara.

During the last thirty years, it appears, the woman has made a practice of riding capricious wives of her husbands by means of poison. She charged a small fee, and is said to have executed commissions with much despatch. One of her clients, tormented by remorse, has now denounced her.

Mrs. Popova has confessed to having committed the murders, but protests that she did excellent work in freeing unhappy wives from their tyrants. She never murdered a woman. A mob sought to seize her and burn her at the stake, but was prevented by the police and soldiers.

WOMAN IDENTIFIED.
Who Sat Out in Rain All Night at Toronto.

Toronto, March 26.—The woman found in the ravine north of Glenogrove avenue, early yesterday, after sitting all night in a downpour of rain, has been identified as Kate McFall, a domestic, employed in Toronto. Her brother, Joseph, made the identification. He and his sister have been in Toronto only a few months, having come here from Ireland. The woman is unable as yet to give an account of her actions, but is rapidly gaining in strength.

HONORABLY ACQUITTIED.
A Detroit Doctor Not Guilty of Fraud.

Toronto, March 26.—Dr. Archibald Walters, of Detroit, who was arrested here on a charge of fraud in connection with a Gowanda mining deal, the complainant being a local doctor, has been honorably discharged. The case having been withdrawn. It was shown that Dr. Walters owned the property in question, though he had not yet registered it, and that there was no question as to his bona fides.

Lancaster Bill Killed.
Ottawa, March 26.—The senate railway committee last evening, by a vote of 15 to 9, accepted an amendment proposed by Senator David to the Lancaster bill, to provide for greater protection at level crossings. The amendment was in the form of the bill passed last year, in substitution for the Lancaster measure, and which was not reached by the commons. The acceptance of the David amendment means that the bill will go back to the commons for consideration, but has to take its place at the bottom of the list of public bills and orders, which cannot be reached again this session unless the house consents unanimously, and this happened last year.

Now Mgr. McCann.
Toronto, March 26.—According to a decree from Rome, Very Rev. Vicar-General McCann, of Toronto, who is now in the holy city, has been raised to the dignity of a domestic prelate by the holy father. The new Monsignor had a private audience with the pope, at which the holy father asked many questions regarding the church and schools in Ontario.
