L. Lesse,
Cor. Chatham and Princess Sts., Kingston.

The Ottawa bricklayers and masons have decided to hold out for fifty cents per hour. This is the wage paid now, but the agreement expires May 11th, and its renewal is asked. This is not quite probable.

A quantity of spurious silver inferior make is being circulated in Ottawa. Aluminum seems to be the chief ingredient. The police are watching for the pushers of the "queer."

Agate Ware

We carry in stock a nice assortment of "STRANSKY" AND "ELITE" AGATE-WARE which are the best grades manufactured, and for the balance of the month we will offer 15% DISCOUNT ON ALL PURCHASES.

No. 9 Nickel Plated Copper Kettles, \$1.00.

ELLIOTT BROS., 77 PRINCESS ST.

THE CITY'S BUSINESS

THE COUNCIL MEETING HELD MONDAY NIGHT.

A Lengthy List of Communications Were Presented—Fire Department to Provide Hose For Board of Works.

The city council disposed of considerable business, at its regular session, last night, which lasted for two hours and a quarter. The budget, as printed in the Whig, on Monday night, was passed, with comparatively little discussion, and the tax rate for 1909 struck at 294 mills.

The recommendation of the fire and light committee, that for the purpose of reorganization of the department, that the resignation of Chief Elmer be asked for, caused a good deal of discussion, and the result was that the clause was referred back to the committee for further consideration, and information regarding the completing of the reorganization of the department by the introduction, if possible funds are available, of a new chief brought in from an outside city, retaining the present chief as an assistant, and his present salary.

The joint committee appointed to report on the matter of protection for the G.T.R., a matter which has been much discussed of late, recommended a straight subway, and the report was disposed of.

Mayor Couper was in the chair, and the other members present were Aids. Carson, Chown, Clugston, Elliott, Free, Givens, Graham, Hart, Hoag, Kent, McCann, McCartney, McKay, Rigney, Toye and Tweddell.

Communications.

Communications were received and dealt with as follows:

From T. F. Harrison, thanking council for his appointment on the board of health, but stating that he was forced to decline the honor.—Finance committee.

T. M. Kirkwood, vice-president of the Manitoba Rolling Mills company, Toronto, wrote as follows: "Will your council agree to guarantee the interest on the bonds of a company for twenty years, to an amount of \$25,000 per mile, or fraction, for an electric railroad from Toronto to Montreal, miles to be for all miles, as in your county, providing the company agrees to carry all passengers to and from all points on the line for just one-half the present rail rates. We are not asking for a bonus or money; you will never be called on to pay any interest on bonds you guarantee during the twenty years. The county and other town councils should co-operate with you."

The communication was referred to the finance committee.

W. J. Tracey, asking for remittance of business tax for 1908, as he had been unable to do any business during the past year.—Finance committee.

C. S. Kirkpatrick, complaining about ashes and debris which accumulates on the sidewalk in front of the office of the Caledonia Insurance company, Clarence street, after every rainstorm, owing to the fact that the drain is not sufficient.—Referred to the board of works.

Harriet Asseltine, and others, petitioned for the construction of a concrete sidewalk on the south side of Johnson street, from Macdonell street east, sixty feet, and on the east side of Macdonell street, from Johnson street south, forty feet.—Board of works.

Edward Botting made application for the position of fishman, and Thomas G. Evans, B. A. Lake, W. H. Way, James Macgillivray, Henry Beardselle and William Ward asked to be given the position of mechanical engineer.

The applications were referred to the fire and light committee.

The communication from "Canada's Life and Resources," asking the city to advertise in that publication, was referred to the industries committee, with power to act, on motion of Aids. McCann and Elliott.

Rev. D. MacCallum, secretary and agent of the Children's Aid Society, wrote, asking the council that the business carried on by the different laundries of the city be placed under license for the purpose of regulating and controlling the same, and seeing that no improper persons are engaged in the business. Referred to finance and accounts committee.

The society also asked that the curfew bell be revived and by-law enacted, and that the law when so enacted, be enforced. Referred to finance and accounts committee.

The petition protesting against the construction of a cement walk-along Division street, south of Russell street, was referred to the board of works.

The governors of the general hospital wrote, extending an invitation to the members of the council to visit the institution, at any time, and the mayor urged the aldermen to accept the invitation.

Reports Of Committees.

The report of the finance committee passed as read, but the following clause in the report of the board of works was the cause of discussion.

"That the fire department be instructed to provide the board of works with all hose required by the latter department for flushing purposes under the flushing by-law, and that the net revenue received under the flushing by-law be placed to the credit of the fire department."

Ald. Rigney said that he regretted to have to take objection to this clause, but he found it necessary to do so. The fire and light committee had to replace the hose from time to time and he considered that it was only right that the board of works

AN ENJOYABLE BANQUET

HELD BY BIBLE STUDY CLASS AT THE Y.M.C.A.

A Number of Most Inspiring Addresses Were Delivered, and Growth of Association Was Outlined—Ladies Provided a Fine Spread.

The first banquet of the intermediate department of the Young Men's Christian Association was held, Monday evening. Upwards of fifty young business men, under twenty, sat down to the splendid supper provided by the Woman's Auxiliary, under the direction of the president, Mrs. Wright. The banquet was under the auspices of the Bible Study Club, which has met every Sunday afternoon during the past winter, under the leadership of J. J. Thompson, physical director, with marked success.

The chair was taken by R. B. Nelles, general secretary, and Messrs. Laidlaw, Lockett, Macpherson and Nash were guests. After supper had been taken, and a flashlight exposure made, the short programme of speeches began.

Mr. Nelles welcomed the visitors, on behalf of the class, and association, and outlined the rapid growth of the department. The development of the work along this line has been the most gratifying in the association, and next year the number is expected to be double what it is at present.

Any business man whose interest in the Y.M.C.A., as a big factor in forming a clean manhood, spiritually, morally and mentally, is lacking, would have been converted last evening had he looked into the faces of the young fellows present. It means a great deal to the city in the days to come.

D. G. Laidlaw, the chairman of the religious work committee, of the Y.M.C.A., gave a splendid address. He said this was an age of service, more than an age for money-making. The greatest success was not the visible, but the invisible. Men are seeking an ideal, and no organization supplies the stimulus to men like the association.

He paid a high tribute to the local work and staff, and conveyed the congratulations and good wishes of the board of directors.

F. G. Lockett was at his best, and received a most attentive hearing. He told many experiences in the active business world, and by them drew his conclusions. He said that business men to-day, were keen for employees who were ready to do the square thing and co-operate with his employer.

Consecrated and concentrated work won success.

Dr. C. C. Nash gave a short, pithy talk, along practical lines, and J. J. Thompson followed with a few words to his class.

The ladies were not forgotten, and heartily thanked for their part in the success of the evening. The banquet closed with the doxology. The class will not meet regularly till October, when many new members are expected to join.

Mexican Sweet Or Seedless.

Oranges, 2 doz. 25c. up.
Canned salmon, 20c., 17c., 15c., 10c. a tin.
Canned tomatoes, 15c., 10c., 3 for 25c., or 2 for 15c.
Canned strawberries or peaches, 15c. a tin up.
Canned corn, 7c., 10c. a tin.
Special discount on box and bulk chocolates, all guaranteed fresh or money refunded.
Carr's imported biscuits, 10c. and 15c. a lb.
Edwards & Jenkin. Phone 775.

Will Be Placed Here.

It is understood that a small force of the provincial police will be placed in Kingston for service in the districts hereabouts. It is proposed that when a crime is committed in any one municipality where a provincial policeman is stationed, he, at once will notify the head of his district, with full particulars, description, etc., of the culprit. These are at once communicated to every station in the province. The whole force being then on the alert, the chances of escape are reduced to a minimum and the law is vindicated.

Want Thorough Inspection.

The ladies who met, on Monday, about the garbage question, decided to send the report of the sanitary condition of the city, prepared by Drs. Connell and Etherington and Prof. MacPhail and Gill, to the board of health, and couple with it a request that there should be a thorough inspection of back yards this spring. Other years it has been done in the most cursory manner; the inspection really amounted to very little. It is hoped that public sentiment will be created so the inspection will be more adequate this spring.

Personal Distinguishments.

Toronto Telegram.

H. Macpherson, of the Ontario Power Works, "blow up" from Kingston and is stopping at the Walker house, Francis King, of Kingston, well known in marine circles in that city, is at the King Edward. He will attend the Marine Association this afternoon.

On A Trip Around.

Two French detectives arrived in the city to-day from the east. They are registered at a local hotel, and are quite busy. Nothing could be gained from them as to their business. They were in touch with the police during the morning.

Notice.

You are invited to see Nordheimer pianos on view in Kirkpatrick's Art Gallery, 129 Princess street. Also Canadian representatives for Steinway & Son's, New York. Catalogues on application.

At Police Court.

There was a short session of the police court this morning. A first appearance drunk was given a chance and the charge lodged against an elderly woman, that of using abusive language, was adjourned a week for hearing.

Hotel Proposition.

The new hotel proposition was again discussed by the board of works, at the board of trade, last night, but the committee, to-day, had no report to give for publication.

NOTED BEAUTY BECOMES BRIDE.

Jane Phillips Parham, a niece of George A. Hann, a prominent banker of Philadelphia, and who has been noted for her beauty, was quietly married, on Wednesday, to George Lyman Coane, of Westminster, Md.

and other departments should have a supply of hose for the work. The board of works derived a revenue from this work, and could afford to purchase the hose.

Ald. Graham pointed out that the hose was of no further use to the department, the board of works declining to give over the money derived from it to the light committee, and he did not see why the light committee should oppose the plan.

Ald. Chown questioned whether or not the committee had a right to be devising a means for the disposal of certain funds.

Ald. Graham would not withdraw his motion, and a motion of Aids. Rigney and McCartney, to strike out the clause, was carried by the following vote:

Yeas—Mayor Couper, Aldermen Carson, Chown, Clugston, Elliott, Hart, McCann, McCartney, McKay, Rigney, and Tweddell—11.

Nays—Aids. Free, Givens, Graham, Hoag, Kent and Toye—6.

The reports of the water works and parks committees were adopted as read.

INCIDENTS OF THE DAY.

Newspapers Picked Up By Reporters On Their Rounds.

Try Oakwood creamery, finest made, 27c. lb. Gilbert.

John J. Seamaker, Belleville, left to-day for New York.

We put rubber tires on baby carriages. H. Milne, Bagot street.

Henry Richardson, the young son of H. W. Richardson, has just completed a piece of work of which he can be justly proud. He has completed a two horse power motor and all the work he did himself. The winding up of one of these machines takes a long time.

The Cape Vincent, N.Y., stage arrived at two o'clock, to-day, and had quite a few passengers. The stage from Kingston to Cape Vincent left about an hour before the arrival of the other. The men report the crossing to be weakening every day, and say it will not last long.

CONSTABLE FILSON RESIGNED

And M. J. Armstrong Appointed to Fill His Place.

Constable "Harry" Filson, a popular member of the police force, has resigned. His resignation came before the board of police commissioners, to-day, and was accepted. M. J. Armstrong, a well-known Kingstonian, was appointed to fill the vacancy.

Constable Filson has been a member of the local constabulary for four years, and during that time, proved himself a most efficient police constable, and his resignation was accepted with general regret. The news of his leaving came as a great surprise to his brother officers, and they are all sorry to see him leave. His resignation will take effect in the course of a few days, and Mr. Armstrong will then don the uniform of blue.

Entered For Hearing.

City Solicitor McIntyre, to-day, received a letter from Secretary Cartwright, of the railway commission, stating that the subway case had been entered for hearing, but the exact date for the hearing of the case is not yet known. It was at first announced that the case would be taken up on April 6th, but it is not definitely known yet, although the city authorities will be notified in time to send a deputation to Ottawa.

Left For Toronto.

Rev. W. H. and Mrs. Sparling, Colborne street, left, to-day, for Toronto, to attend the missionary congress and other minor meetings of Methodist church committees.

NEWSPAPERS PICKED UP BY REPORTERS ON THEIR ROUNDS.
