Board of Works on Tour This Afternoon—Victoria Street Residents' Damage Claims—City Engineers Has No Hose For Flushing.

The Board of Works had a meeting on Thursday afternoon, Alderman Graham (chairman), Toye, Harty, Kent and Free being in attendance. The engineer stated that two street watering carts were ready and could be in operation on Saturday if necessary. Street scrapping would begin next week, after the first rain.

The chairman said that the remainder of the walks reported by the engineer as requiring to be replaced would be inspected on Saturday afternoon. These walks are in Catarqui and Frontenac wards.

A petition from residents of Rideau street against street watering had to be refused, as the street watering by law, fixing the area has been passed by the city council.

The communication of C. S. Kirkpatrick complaining of debris from the British American hotel gateway flooding over his walk, was referred to the chairman and the engineer for report.

The engineer reported that the fire department had refused to loan the Board of Works any old hose for flushing purposes and to buy 400 feet of old hose from the department would cost \$80. The by-law was looked upon and it was shown that flushing was entirely in the hands of the city engineer.

The latter wanted to know how he could order flushing done when he had no hose. On motion of Ald. Free it was decided to ask the city council to furnish hose to the engineer for flushing purposes.

The engineer advised no action on the complaint of Mrs. Thomas King, Lansdowne avenue, regarding the drainage system. He stated that nothing was the matter with the system. The trouble was likely with the private drain to the house.

The board adopted the engineer's report recommending the construction of a sewer on York street, near Frontenac street.

In regard to the claims of Victoria street residents for damages to their houses through the overflowing of the sewer, the city solicitor reported he had received statutory declarations from the claimants as to the amount of the damages. One of the claimants, Rev. Mr. Pierce had reduced his amount from \$15 to \$5. The total amount claimed was \$196.38. The matter was left in abeyance.

The Gas Tank Question. There was a meeting of the Light, Heat and Power committee, on Thursday. The chairman, Ald. Elliott, presided, and also present were Alds. Carson, Harty, Rigney and Angrove.

At the last meeting of the committee, it was decided to ask the city solicitor for advice, as regards what action should be taken for the placing of the gas tank in proper shape, and the solicitor reported the committee was in a position to proceed, without any further notifications to Mr. Campbell, with the repairs of the tank, as committee may be advised, and the committee decided to report to council that the city solicitor had advised that the work be undertaken, and that the committee be empowered to proceed with the same, and report to council. After this, the next step for the committee, will be to take up the various schemes for the work.

On the advice of the city solicitor, the council will be asked to pay the account of Davis & Farnam, for \$401.09, balance due that firm for work on the tank, which was held back pending an investigation.

The sum of \$106.07 was granted for repairs to the arc lamps.

SALVATION ARMY WEDDING. Miss Autumn Kidd Becomes Mrs. George Granger.

The Salvation Army Barracks was crowded on Thursday evening to witness the nuptial ceremony of Miss Autumn Kidd and Deputy Bandmaster George Grainger. The platform and hall was beautifully decorated with flowers and flags. A banner with a motto "Soldiers and friends unite in wishing the bride and bridegroom, in their work, goods, riches and blessings, was suspended above the platform. Brigadier Hargraves, Montreal, performed the ceremony. Both contracting parties standing beneath the folds of the Army flag. The bride was assisted by Miss Norma Knapp, while Frank Pollitt assisted the bridegroom. Two pretty little maid-servants dressed in white, acted as flower girls. The ceremony was simple and impressive.

The address by Brigadier Hargraves was appropriate. He said he was glad to perform the ceremony and expected to be called upon to unite several other members of the band in a short time. He congratulated the happy couple on their union. Addresses were also made by bandman Downey, and bandman Christians. A congratulation telegram was read from bandman Green, Peterborough, and Captain and Mrs. Bliss also sent their best wishes. The band played some beautiful selections during the ceremony, the wedding march being specially noted. The presents for the bride were displayed on several tables and were admired. They were very beautiful. Mr. and Mrs. Grainger left for Toronto on their wedding tour at mid-night.

Preparations are being made for the 50th anniversary of Gen. Booth's birth on Sunday. A handsome new banner of the general was suspended in the hall.

Misses Ettinger regarding the celebration of Empire Day.

The management report was adopted. It recommended that certain nine of the public school teaching staff be given a yearly increase of \$10 for 1909 and 1910, and that Messrs. Marshall, Walker, and Metcalfe be a committee to make arrangements on behalf of the public schools for the prizes offered by B. W. Robertson and Hon. William Hart, for writing by the pupils.

Principal Ellis presented the following report regarding the collegiate institute:—Schools enrolled, 398; average attendance, 267. Corresponding numbers last year 395 and 373.

Inspectors Kidd reported that the public school enrolled attendance during March was 2,161; average, 1,893, a little more than last year. Twelve new pupils were admitted, of whom six were recent arrivals in the city. There were ten cases of truancy.

On motion of Prof. Marshall, seconded by Mr. Meek, it was decided, owing to the overcrowding of Central school kindergarten, to engage a girl for the piano at \$10 or \$12 a month.

A question of discipline in certain collegiate classes was discussed. One of the teachers has had difficulty in maintaining order in his classes. He will have to be more severe with the pupils.
