Skin and Blood Diseases Banished

The Blood Quickly Purified, and the Skin Healed, by Stuart's Calcium Water. The importance of the blood to the physical system is apparent to every one. It contains in itself all the elements necessary for the nourishment and reconstruction of the tissues of the body, these elements being absorbed from the blood in the stomach. The blood is the greatest circulating medium in existence. It is the channel of transportation in the body, not only of nutritive supplies to the tissues, but also of the consumed and worthless materials that have fulfilled their purpose, and are to be ejected from the body. It frequently happens that the blood becomes impurified with impurities absorbed from the stomach, intestines and kidneys, and which, if it is unable to eliminate through the usual channels, it sends out through the pores of the skin in the form of pimples, blackheads and various skin eruptions. The skin is composed of two layers, known as the scarf-skin, or cuticle, and the true skin, or derma. The number of pores in the skin is estimated to be 2,800 to the square inch, or a total of about 7,000,000 in the entire system. If it put in one continuous tube, would measure twenty-eight miles in length. About one-fifth of the impurities of the body are eliminated through these pores. If the scarf-skin, which is constantly being thrown off, should for any reason, collect and block up the pores, skin diseases, such as furuncles, or boils, carbuncles, acne, lichen, etc., are certain to occur. Stuart's Calcium Water is the ideal remedy for keeping the blood free from impurities, and the skin devoid of eruptions, no matter what the cause may be, as the waters cleanse the entire system, and act generally as well as locally. The principal ingredient in this remedy is calcium sulphide, which is a standard U.S.P. preparation, and its powerfully-alterative, blood-purifying, and skin-healing properties are well-known to all physicians and druggists. Stuart's Calcium Water acts mildly upon the liver, kidneys and intestines, and powerfully upon the blood, and skin, eliminating impurities of every nature, healing all skin diseases, and building up rich, red blood, and restoring the complexion rosy and healthy. Obtain a box of this powerful remedy from your druggist, if you are suffering from such diseases as pimples, blackheads, boils, carbuncles, sores, herpes, erythema, urticaria, rosacea, nettle rash, warts, ringworm, etc., and you will be surprised at the efficacy with which the system is rid of these troubles. He will sell you a package for 50c., or send us your name and address and we will send you a trial package by mail free. Address: F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

The Nerves Not Understood

By Most People and By Many Doctors—Hence Their Treatments Fail. The Best Authorities Now Agree That Restorative Treatment Such As Dr. Chase's Nerve Food is the Only Rational and Successful Means of Cure. It is not so very many years since diseases of the nerves were attributed to the presence of evil spirits and more recently sufferers from nervous derangements have been told that they only imagine they are sick. When Dr. Chase's Nerve Food was first put upon the market as the only natural and effective method of curing derangements arising from exhausted nerves it was considered almost revolutionary but it's success was remarkable from the start, many who used it being cured of such severe forms of nervous trouble as locomotor ataxia and partial paralysis. Now the very best authorities claim as did Dr. Chase that the only way to cure diseases of the nerves is to make the blood rich, red and nutritious and to build up the wasted nerve cells by such treatment as Dr. Chase's Nerve Food. Mrs. W. R. Sutherland, St. Andrews, Man., writes: "In 1903 I was stricken with paralysis, fell helplessly to the floor and had to be carried to bed. The doctors pronounced it a bad case as I had no power in my tongue and left leg. For six months I lay in that condition without benefit from the doctors' prescriptions. My husband advised me to try Dr. Chase's Nerve Food and by use of this treatment all the symptoms disappeared. I can now talk plainly, my leg is all right and I can do all my own housework. I am grateful to be cured by so wonderful a remedy." Dr. Chase's Nerve Food, 50c. a box, six boxes for \$2.50, at all dealers, or Edmanston, Bates & Co., Toronto.
