Elevators to Be Built in the West.

## THEY ARE RUSHING IN

AMERICAN INVASION OF WESTERN CANADA.

Thought Some 70,000 Will Settle in the North-West This Year—Melville is the Great Settling Place for Newcomers.

Winnipeg, April 15.—The American invasion of Western Canada is more pronounced this year than ever before in the history of "the last west." Every north-bound train brings prosperous American farmers who have sold out "south of the line" to make their home under the British flag. It is not by tens and dozens that they are coming, but by hundreds and thousands, and estimates carefully prepared by government agents show that fully 70,000 Americans will settle in Western Canada this year.

The majority of these homeseekers hook to various Saskatchewan points where most of them buy land, only a small percentage of them taking up homesteads. Hearing of the large profits made in the past in the new towns, a number of them are locating along the route of the Grand Trunk Pacific railroad—Canada's new trans-continental. The divisional points along this system are attracting considerable attention on account of the possibilities for them becoming cities within a very few years. However, Melville, which is to be the operating base of some 2,000 miles of the company's system, seems to be the favorite of them all. There a town of 1,300 people, mostly Americans, has sprung up within the past eight months. A year ago Melville was nothing but bare prairie; last December it was incorporated as a village and in November of this year it will be incorporated as a town. The statement issued by the assessor places the value of the property in Melville at \$724,000, and these figures will be doubled before another month if only one-quarter of the buildings planned for immediate construction are erected.

Rapidly Melville is becoming the American city of Western Canada, for it is American capital and American population, to a very large extent, which has built up the prosperous little town during the past nine months. The National Elevator company has plans for building 400 elevators in Western Canada. The company is a new one formed for this purpose and has a capital of \$5,000,000 and will have 100 new elevators ready for the 1909 crop.

Explaining the need for these elevators, Dr. John G. Knoll, of Buffalo, N.Y., one of the chief officers of the new company, said: "Americans do not begin to realize the wonders of the Canadian North-West. There are 15,000,000 acres under cultivation now, and in the near future 165,000,000 will be cultivated. The figures are staggering. Every year 200,000 persons from the United States and Europe are going into this district. The increase in land cultivated is twenty-five per cent. each year. At the present minute there are 974 elevators in operation, and there should be 3,500 of them. When all the land is under cultivation there should be 16,000 elevators to take care of the grain."

They Lead the Procession. Campbell Bros., \$2, \$2.50, \$3, \$4 derbies lead the procession and are constantly gaining on their lead.

Have your carpets cleaned, sewed and laid by H. Milne. Bibby's \$2 hats are favorites.

## DAILY MEMORANDA.

See "Gully," at Y.M.C.A. Campbell's... Court Frontiers L.O.F. Meeting... Bion Theatre—Splendid double-length drama, "A Hero of the New York Bowery," "A Sacrifice for Love," Illustrated Song.

## April 15th, in Canadian History.

1861—William (Billie) Garman, poet, editor and journalist, was born, Fredericton, N.B. 1874—The Agricultural College and Experimental Farm were established at Guelph. 1897—Death of Colonel Denison, M.P., in Toronto. 1902—Lord Strathcona presented the King in London with an address and general medal from the citizens of Montreal. 1907—Opening of the fourth conference of the Premier of the British Colonies and the British Colonial Secretary at London.

## CANCER IS CURABLE.

Symptoms, However, Must Be Attended To. Boston, Mass., April 15.—Cancer may be effectually cured, according to an address by Dr. James G. Mumford at the Harvard Medical School. "Cancer is incurable," he said, "only if you make it so by delay. It is readily curable if undertaken by a properly qualified surgeon. Patients come too late to the surgeon, partly because they are ignorant. The early symptoms of cancer are trifling. A slight, persistent sore on the tongue or lips, a painless lump in the breast, a slight persistent dyspepsia, which does not yield to treatment such are the symptoms of early cancer. "Another important factor is the patient's age. Cancer rarely occurs before the age of thirty-five. They are not common before forty. Cancer in the young are more serious than in the old. Those of us who are in the middle period of life must not neglect apparently trifling but persistent sores, swellings and bleedings. "A few words as to remedies other than the knife. The X-rays have been found to have a certain value, and splendid work in this field has been done in the hospitals at Boston. The radium rays have apparently proved even more effectual than the X-rays, but the radium method, because of the expense of radium, is not yet very practical."

## THE NEW GRAND VIZIER.

The Troops Are Satisfied and Back at Barracks. Constantinople, April 15.—Tewfik Pasha was installed as grand vizier, yesterday afternoon, and most of the troops returned to their barracks, satisfied that their demand had been granted. The city is, however, in a state of anarchy, tempered by the moderation and good nature of the troops. Mobs, yesterday, completely destroyed the offices and contents of the Sherrinamet and the Tanin, organs of the Committee of Union and Progress. The only object of deliberate violence was the clubhouse of Turkish women, at which a fusillade was fired. There were no casualties. There have been perhaps a few scattered tragedies and indiscriminate firing by troops in celebration of the success of the mutiny.

## SHOCKED BY REVELATIONS.

Penitent Hands Over \$25 Conscience Money. Montreal, April 15.—Somebody's conscience has received a prick by the recent revelation respecting the marine and fisheries department, for C. A. Lebel, acting agent of the department at Montreal, has \$25 to be forwarded in restitution to Hon. L. P. Brodeur at Ottawa. The money was received through the confession of Father Loisieu, from a penitent as belonging to the department. The like has not been known at the marine department office in Montreal for the past twenty-five years.

## HE SAVED THE BABY

### THE BRAVERY OF AN EIGHT YEAR OLD LAD.

Rushed Through the Flames Carried Out the Infant—He Was Badly Burned Through His Bravery. Cleveland, April 15.—Making his way through smoke and flame, eight-year-old Roy Smith, last night, rescued a baby from a burning house. The boy brought the child to safety, but was badly burned about the arms in making the rescue.

The baby is the one-year-old son of Mr. and Mrs. Scott MacLure, of No. 4914 Pierce court S.E. While the parents were across the street to visit friends the baby was left alone in the house. The father and mother had hardly left the house when a large curtain near an open window was blown against a stove in which there was a fire. The curtain caught fire and soon the entire room was ablaze. The baby was in bed in a room nearby. The house was filled with smoke and Roy Smith, who lives next door and was playing in the yard, noticed flames in the window. He had seen Mr. and Mrs. MacLure leave and knew the baby was still in the house. Shouting with all his might to arouse the neighbors, he ran into the house. Although the smoke nearly suffocated him and he had to pass through the blazing room, he fought his way to the bed he rolled the baby in the bedclothes and staggered back through the flames to the door. By the time he arrived outside a crowd of neighbors had collected and he was relieved of his burden. He was badly burned about the arms. Firemen extinguished the flames.

## COMPERS TO VISIT EUROPE.

Will Study Conditions of the Laboring People. Washington, D.C., April 15.—After laying before the executive council of the American Federation of Labor a detailed report of his proposed trip to Europe to study and report upon the industrial, sociological and economic conditions of the laboring people in those countries, President Compers announced that he would sail from New York on the Baltic on June 23rd. The council authorized an expenditure to meet the expenses of the trip. Mr. Compers will visit England, Germany, France, Sweden, and Italy. An invitation from the Italian commission, general of immigration for him to visit Rome was accepted.

Notice. For all kinds of printing, ruling, book-binding, embossing, etc., try the Whig office. Note the quality and the price.

## BUSY TORIES

Tried to Open Attack on Pugsley.

## WAS OUT OF ORDER

A BATTLE ROYAL OVER THE POINT.

Dr. Daniel Was Not Prepared to Make a Definite Charge, But Only Wanted an Investigation—Asking About the Central Railway Report.

From Our Own Correspondent. (Ottawa, April 15.)—The conservatives made another effort, yesterday, to probe the matter of the Mayes affidavit which was read at a public meeting in St. John, by Premier Hazen, on the eve of the general elections. This affidavit made grave allegations against George Meavily, of St. John, and Hon. William Pugsley, but it will be remembered, that the dates did not tally, though afterwards they were altered. The effort, yesterday, failed for the speaker ruled out of order, on Mr. Pugsley objecting, the reading of the affidavit by Dr. Daniel.

There was a battle royal over the point of order, and though the house did not quite resemble the bear garden, it did about a fortnight ago, during the Foster-Laurier incident, it came very near it. The point that the speaker made, and that the premier insisted upon was that the reading of the affidavit could only be permitted if a definite charge followed. Dr. Daniel's effort was directed to moving a resolution calling for an investigation by a committee of the house. When the house rose at six o'clock the point of order was still in debate, and it is not quite clear which action the government will take if the matter is brought up again. The New Brunswick Central railway commission's report also came up in the following fashion: Mr. Foster—I would like to ask the first minister a question. In addition to the one I put to him, yesterday, and that is, as to whether he has yet received any copies of the report of the New Brunswick commission, and if when he receives them he will lay one upon the table of the house, so that it may, if the house thinks proper, be printed for the information of the members of the house.

Sir Wilfrid Laurier.—In regard to the latter request of my honorable friend I do not think we are called upon to lay the document upon the table of the house and to have it printed. I may say that I, this morning, sent to the library to get a copy of that report. I received about twelve o'clock, and that is, as to whether he has yet received any copies of the report of the New Brunswick commission, and if when he receives them he will lay one upon the table of the house, so that it may, if the house thinks proper, be printed for the information of the members of the house.

## IF A MAN GETS DRUNK.

Wife May Draw His Pay For a Year.

New York, April 15.—A despatch from McKeesport, Pa., says: Henry St. Arthur, McKeesport's thirty-year-old mayor, who also sits as police magistrate, ruled that any man found drunk and brought before him must sign papers permitting his wife to draw his salary for one year from date. A six months' sentence in the workhouse will be the alternative. "If a drunk" has no wife his next of kin will draw his wages, it being the intention of the new mayor to shame, if possible, the drunken men of McKeesport into sobriety.

## SOME FINE BUILDINGS

### ARE TO BE REARED IN HAVANA SOON.

Large Sections of Land Will Be Sold to Provide Funds—Palaces For the President and Courts of Justice.

Havana, April 15.—President Gomez is preparing a message asking congress for authority to dispose of large land properties which this state owns in Havana in order to carry out a vast plan for the construction of several palatial buildings. The arsenal lands belonging to the state will be exchanged for the Villa Nueva station site and all lands belonging to the United Railways of Havana along Prado street, San Jose and Dragones streets. The railway station site will be used for the arsenal, and on the Villa Nueva lands the residential palace will be built, including offices for four government departments. This handsome building, the plans of which have already been submitted to President Gomez, will greatly enhance the Prado, which is Havana's main street. Another place for the courts of justice will be built on government lands on Zuluetta street. The congressional palace will be built on grounds belonging to the state at the end of Zuluetta street, which were selected for that purpose in President Palma's time. This last project has been enlarged and will at once be taken up. The facilities have been offered to President Gomez by constructing companies, for finishing all these buildings within three years, with gradual payments by the state for twenty years, thus before the end of his term President Gomez expects to make Havana one of the most beautiful cities in America. He has discussed the project with the representatives of all parties, who have approved. La Discusion, the conservative organ, has praised this plan enthusiastically. The message only awaits a few details in the negotiations now going on between President Gomez and the United States railways of Havana.

## Governor Tweedie.

Fredricton, N.B., April 15.—The following telegram has been sent to the Montreal Star at the instance of Governor Tweedie: "To the Editor of the Star, Montreal: I am, instructed by His Honor, the lieutenant-governor of New Brunswick, to call your attention to an article in the Star of the 12th inst., alleging that he was in Montreal on that date or the previous day. The lieutenant-governor went to his home in Chatham on Thursday last to spend the Easter holidays, returning to Fredericton to-day, and was not out of the province" during that time. (Signed) R. S. BARKER, "Private Secretary."

## Gave His Boy a Cigarette.

Ottawa, April 15.—Isaac St. George was fined \$7 by Deputy Magistrate Askwith on the charge of supplying his son, who is under sixteen years of age, with a cigarette. The boy was noticed smoking on the street, by a constable, and when questioned stated that his father had given it to him. Mr. St. George's conviction followed. It was the first case of the kind to be tried in the city.

## Quarantine Houses.

St. Thomas, Ont., April 15.—The town of Waterford is in a quagmire. There has been considerable sickness, those affected having a rash resembling smallpox. The doctors failed to agree and at a conference held by the council and medical men in the city it was decided to quarantine all the houses affected and persons exposed to the disease.

## HARMED BY CIVILIZATION.

Mene the Esquimaux Boy, Starts For Home.

New York, April 15.—Mene, the Esquimaux boy brought here in 1896 from the region of the Humboldt Glacier in Greenland by Peary, and who recently disappeared from this city, has written to Chester Beecroft announcing his intention to return to his people. "When this reaches you," the letter reads, "I will be well on my way, as it will not be mailed for three days. Never mind where I am, I am just working north. I am homesick and disgusted, and when Commander Peary told me he had no room for me on his ship I lost hope. Then when Professor Bumpus, of the Museum of Natural History, refused to give me my father's body so that I could bury it, or give me my sled and gun, I gave up believing that your Christian belief, which you taught me, was meant for a poor Esquimaux boy. After all, my own people are more humane and kind, and I am going home. Your civilization has done nothing but harm for me and my people. Good-bye.

Count Szechenyi.

Who with the Countess, formerly Miss Gladys Vanderbilt, has just arrived in New York.

## IF A MAN GETS DRUNK.

Wife May Draw His Pay For a Year.

New York, April 15.—A despatch from McKeesport, Pa., says: Henry St. Arthur, McKeesport's thirty-year-old mayor, who also sits as police magistrate, ruled that any man found drunk and brought before him must sign papers permitting his wife to draw his salary for one year from date. A six months' sentence in the workhouse will be the alternative. ## LATEST NEWS

Dispatches From Near And Distant Places

## THE WORLD'S TIDINGS

GIVEN IN THE BRIEFEST POSSIBLE FORM.

Matters That Interest Everybody—Notes From All Over—Little of Everything Easily Read and Remembered.

The Welland canal opened to-day. An earthquake is reported from near St. John, N.B.

Tenders for enlarging the Ontario parliament buildings will be called for. Two young women, cabin mates on the Lucania, committed suicide at sea.

William Weldon, St. Thomas, aged seventy-nine years, was found dead in bed at his residence.

Soldiers in Constantinople tramped the streets all day on Wednesday, firing promiscuously in the air.

Hon. Rodolphe Lemieux's resolution to increase the pay of post office employees was adopted by the House of Commons.

The opposition started an attack on Hon. William Pugsley in the house, when Dr. Daniel attempted to read the Mayes affidavit.

The sportsmen of the Adirondacks are opposed to the Maxim gun. It is used, they claim, encourages poaching.

At London, Canon W. H. Cooper, at one time a missionary in Canada of the Society for the Propagation of the Gospel, is dead.

At Pembroke, Rev. Charles A. Tanner, Windsor Mills, Que., was unanimously elected moderator of the Protestant synod of Montreal and Ottawa.

Winston Churchill says it is not the British government's policy to take the United States navy into consideration in framing the British naval estimates.

The American who threw himself from a cliff at Torregaveta, Italy, last Tuesday, and was killed, has been identified as Ludwig Stettheimer, of New York.

The Presbyterian church at Fredericton, Caldwell county, Kentucky, was robbed, Tuesday night, and night riders are suspected. Bloodhounds have been put on the trail.

According to official despatches received in Washington, there is a renewal of alarm on the frontier of Salvador over the remaining movements of the Nicaraguans.

Ex-Ald. Gilbert Marsolin, who had been in delicate health for some time past, died Tuesday night, at his residence, 654 St. Joseph Boulevard, Montreal, at the age of sixty-one years.

Dominion Pelletier was shot down at the door of his stable at St. Etienne, De Beauharnois, Que., by a man who hid in a barn near by, and fired through a hole which he cut in the door.

Six large icebergs are visible from the wireless station at Cape Race, Nfld. The bergs have been in the same position since early Monday, the wind not being strong enough to carry them to sea.

R. U. Edwards, editor of the "Eye Opener," Calgary, is considering a very flattering suggestion from some Toronto business men to move his paper from Calgary to Toronto, and he will probably accept.

Acting for the parents of James Battersby, one of the three young men killed near Pelton last fall, by the W.C. & L.S., J. W. Hannay, of Windsor, issued a writ against the railway company, claiming unpaid damages.

It is understood that Lieut.-Gen. Sir Beauchamp Duff, who is chief of the staff in India, will be offered the post at the Indian office about to be vacated by Sir O'Moore Creagh, who will leave for India in June or July.

Unable to reach a satisfactory arrangement with the company, the Winnipeg street railway employees will ask for a board of arbitration under the Lemieux act. A nine-hour day without a wage reduction is the main contention.

The satchel said to contain \$18,000 in stocks, reported missing by a man who registered at an hotel in Buffalo as Dr. Jackson, Port Huron, Mich., was located at Sayre, Pa., and returned. The man had picked up the wrong bag by mistake.

Enrico Caruso, the great Italian tenor, is in grave danger of completely losing his voice. His doctors have for some time tried to persuade him to give up cigarettes and late suppers, but without effect. He has sailed from New York to undergo treatment in Europe.

The International Deep Waterways Commission expects to be able before another month passes to report upon the advisability of a system of dams and piers in the connecting rivers to raise the level of the water in the great lakes.

At Orangeville, Mrs. Mary Gray is suing Jeremiah Morrison for \$10,000, claiming that her husband, William C. Gray, died from injuries received from being ejected from the defendant's hotel, August 26th last. The defendant denies the charges, and states the deceased died from natural causes, alleging the inquest held fully established this fact.

## Assemble For Inspection.

London, April 15.—The first, second and third division of the home fleet of the Atlantic division, comprising sixty-two ships, will assemble at Spithead, June 6th, for inspection by the colonial journalists.

Fresh Oysters, Fresh Oysters. Edwards & Jenkin, Phone 775.

Carpets cleaned by our electric process. H. Milne, Bagot street.

## LAKE MEN ARE IDLE.

Many Will Not Work With Non-Union Engineers.

Buffalo, N.Y., April 15.—Insurance on shipping went into effect at midnight last night, marking the opening of navigation on the great lakes. The labor troubles are still a long way from a settlement. Four package freight lines are ready to start with union men as soon as ice conditions permit, and one line claims to have enough non-union men ready to man its fleet. The Lake Seamen's Union, the Marine Firemen and Water Tenders' Association, and the Marine Cooks and Stewards' Union have refused to work on boats with non-union engineers. These men, numbering about 15,000, are idle to-day.

## Mirage Like A Vast Castle.

San Diego, Cal., April 15.—Mirages of the ocean are occasionally seen here, but those that were witnessed off Point Loma have had no parallel here. One took the form of a vast castle rising from the ocean off the Coronado Island. It remained visible for several minutes. Then it disappeared in a cloud of mist which soon vanished, and in its place was the reflection of what appeared to be a large city.

## Finds Bride In Sock.

Reading, Pa., April 15.—Charles G. Hall, of this city, has announced his engagement to Miss Annie Harrison, of Cincinnati. About six months ago he bought a pair of socks in a department store. On removing the socks he found a piece of paper on which was written in ink in a dainty feminine hand, "Answer to Miss Annie Harrison, No. 614 Cleveland avenue, Cincinnati, Ohio." Mr. Hall answered and now they are engaged.

## Endured 104 Volts.

Guelph, April 15.—For two minutes George Barron, plumber for Frederick Smith, Quebec street, endured a current of electricity of 104 volts passing through his body. He had hold of a water pipe charged with electricity and could not let go. A fellow workman who went to his assistance was dashed to the ground. Another man went to the rescue and with care he jerked Barron from his position. He was not badly injured.

## Baby Born As Mother Is Slain.

New York, April 15.—A child was born to Mrs. Charles Dwyer just as she was dying from a bullet wound inflicted by her husband last Friday. The infant only lived a short time, the tiny body being laid beside the mother in her coffin and buried with her, yesterday.

## Two Years In Prison.

St. John, N.B., April 15.—R. Earlich, who came here a few months ago from the United States and was engaged for a time as an insurance collector, with F. S. Farris, was found guilty of obtaining money fraudulently, and was sentenced to two years in Borchester.

## MAY HAVE SENSATION

### KINRADE INQUEST REOPENS NEXT WEEK.

Many People Believe That the Authorities Are Baffled, and Will Have Nothing New.

Hamilton, Ont., April 15.—The Kinrade murder inquest, which was abruptly adjourned a month ago, after a series of sensational and dramatic events, will be resumed in a week, and Hamilton is again getting keyed up to the excitement that prevailed during the early stages of this remarkable case. At the same time many people believe the inquest is already virtually ended, and that the authorities are completely baffled. "I am sure we will have a big sensation in this case, and before very long" was the statement made by an officer who refused to permit his name to be used, in view of the orders from the attorney-general's department that the police were not to discuss the case for publication. Detective Miller's attitude has not been so optimistic. It is reported here that Florence Kinrade, who is at the Delmonte hotel, Preston, with her mother, is broken down in health. She will, it is said, be one of the first witnesses called at next session of the inquest. There is a great demand from well-known citizens for admission to the inquest. There was such a crush at previous sessions that the police will issue no tickets this time. Coroner Anderson will attend to that.

## Lost Life In Snowslide.

New York, April 15.—James Montgomery, Jr., has lost his life in a snowslide at Valdez, Alaska, according to a message received by his father. Young Montgomery was graduated from Harvard in 1906, and was a member of the football team for four years. Soon after graduation he went to Alaska to do prospecting for copper along the Kennecott river. He was of a venturesome nature, and penetrated the country for several hundred miles in quest of metal. The telegram announcing his death gives no details of the accident.

## Milliner Suing Evelyn.

New York, April 15.—After a long hunt, process servers located Mrs. Evelyn Nesbit Thaw at a house on West 33rd street, last evening, and served papers in supplementary proceedings in the suit of Miss Elise Hartung, a milliner, who got judgment against Mrs. Thaw last September for \$25.

Mrs. Thaw was found playing with a snake, which was coiled around her left arm. When told of the proceedings she said: "I'll be there, but the whole thing is a farce. I don't owe the money."

Bibby's, the \$2 hat store.

## PROBABILITIES.

Toronto, Ont., April 15.—(Ottawa Valley and Upper St. Lawrence, 10 a.m.) Showery. Montreal and Eastern Townships elsewhere not much change in temperature.

### Steady's

OUR WASH GOODS

Without a doubt our Wash Goods this season are the dearest in the market. They are going fast and we would advise you to select the materials for the Wash Dresses you have planned for the warm weather. Just now assortments are most complete and prices never lower.

- ### WE ARE OFFERING:
- Serpentine Crepes,
