FED BABY TO HOGS

AND THE OTHERS DISPOSED OF WITH AXE.

Negro Youngster's Terrible Crime Because Stepmother Left Him to Care For Family.

New Orleans, April 21.—Incensed because his stepmother had left him at home, near Opelousas, La., in charge of his little step-brothers and step-sister, Thomas Godfrey, a twelve-year-old negro, fed the hogs and later, with an axe, inflicted fatal wounds on the heads of the two other children. The step-mother reported the triple crime to the parish authorities, and Thomas was placed in jail at Opelousas. She says she found the baby in the pen with the hogs when she returned home. His hands and feet had been eaten off, but it was still alive. She straightway whipped Thomas, and when she went for a doctor to attend the baby, Thomas seized an axe and attacked his six-year-old step-brother, inflicting several deep wounds. His young step-sister interfered and he crushed her skull with the axe. The girl is dying and the other two children have little chance for recovery.

KINGSTON LADY MARRIED

To a Postoffice Man in Sioux Falls, South Dakota.

The Sioux Falls (South Dakota) Daily Press, of April 18th, contains the following: On Saturday, April 10th, at high noon, a very pretty home wedding was solemnized in this city. The contracting parties being Frederick P. Stone, one of the popular clerks in the local post office, and Mrs. Isabel Spencer, of this city.

The affair was altogether informal and while the friends of the couple had anticipated a wedding in the near future, they were nevertheless taken considerably by surprise. The ceremony took place at the home of the bride, 413 South Phillips avenue, and was conducted by Rev. Frank Fox, of the Congregational church, in the presence of relatives and a few intimate friends. The groom is a man of high respectability and sterling qualities of character and is exceedingly popular with his associates. For the past sixteen years he has held a responsible position in the post office, while the bride is a lady of unusual refinement and rare personal charm.

To show their appreciation of their tried and true fellow workman, the employees of the post office presented Stone with a handsome chair, as an acknowledgment of the esteem in which he is held by his associates in the office. After a short trip, Mr. and Mrs. Stone will be at home at 802 South Main avenue.

Mrs. Stone was the wife of the late Robert Spencer, merchant tailor, of Kingston, and a resident here for thirteen years. Her son, Ralph Spencer, now clerk in the Merchants' Bank at Lancaster, will join his mother at Sioux Falls, where he will make his home.

SMITH'S FALLS MOURNS

DEATH OF C. B. FROST, A LEADING CITIZEN.

Vice-President of the Frost & Wood Company and a Native of the Town—One of Its Most Progressive and Popular Citizens.

Smith's Falls, April 21.—Smith's Falls sustained a distinct loss, yesterday, in the death of C. B. Frost, vice-president of the Frost & Wood company. He was in his office all day Monday, but during the night was taken with a bilious attack and was quite ill, Monday morning, though not dangerously so. At three o'clock in the afternoon heart failure intervened, and in a few minutes he had breathed his last.

His sudden taking away has been a great shock to the whole town, and on every hand are heard expressions of sympathy for the bereaved family. He was in his sixty-eighth year, and was born, lived and died in Smith's Falls. From boyhood he was connected with the Frost & Wood business, and worked unceasingly for its welfare. Few men were so absorbed in their business as he was, and it is gratifying to know that he had the satisfaction of assisting in making it one of the biggest implement works in Canada. He was a man of foresight, disposition, but of keen foresight, good judgment and business acumen. Of unswerving probity and integrity, he enjoyed the confidence and goodwill of the whole community, and in his passing Smith's Falls has lost a good friend. He leaves three brothers—Senator F. T. Frost, W. H. Frost, proprietor of the Smith's Falls Malleable Iron Works, and George H. Frost, proprietor of the Engineering News, New York, and other relatives.

Another Elopement?
Barrieffield was alive with rumors, to-day, to the effect that a young man there had eloped with a married woman, who also lives in Barrieffield. How true the story is, could not be ascertained. The police have not been notified of any such occurrence.

Chicken Thieves Busy.
Chicken thieves are again at work in the city. On Tuesday night a resident in the west end of the city lost three valuable game fowl. This is the second time the man has lost birds during the past six months, and has not found any clue to the robbers.

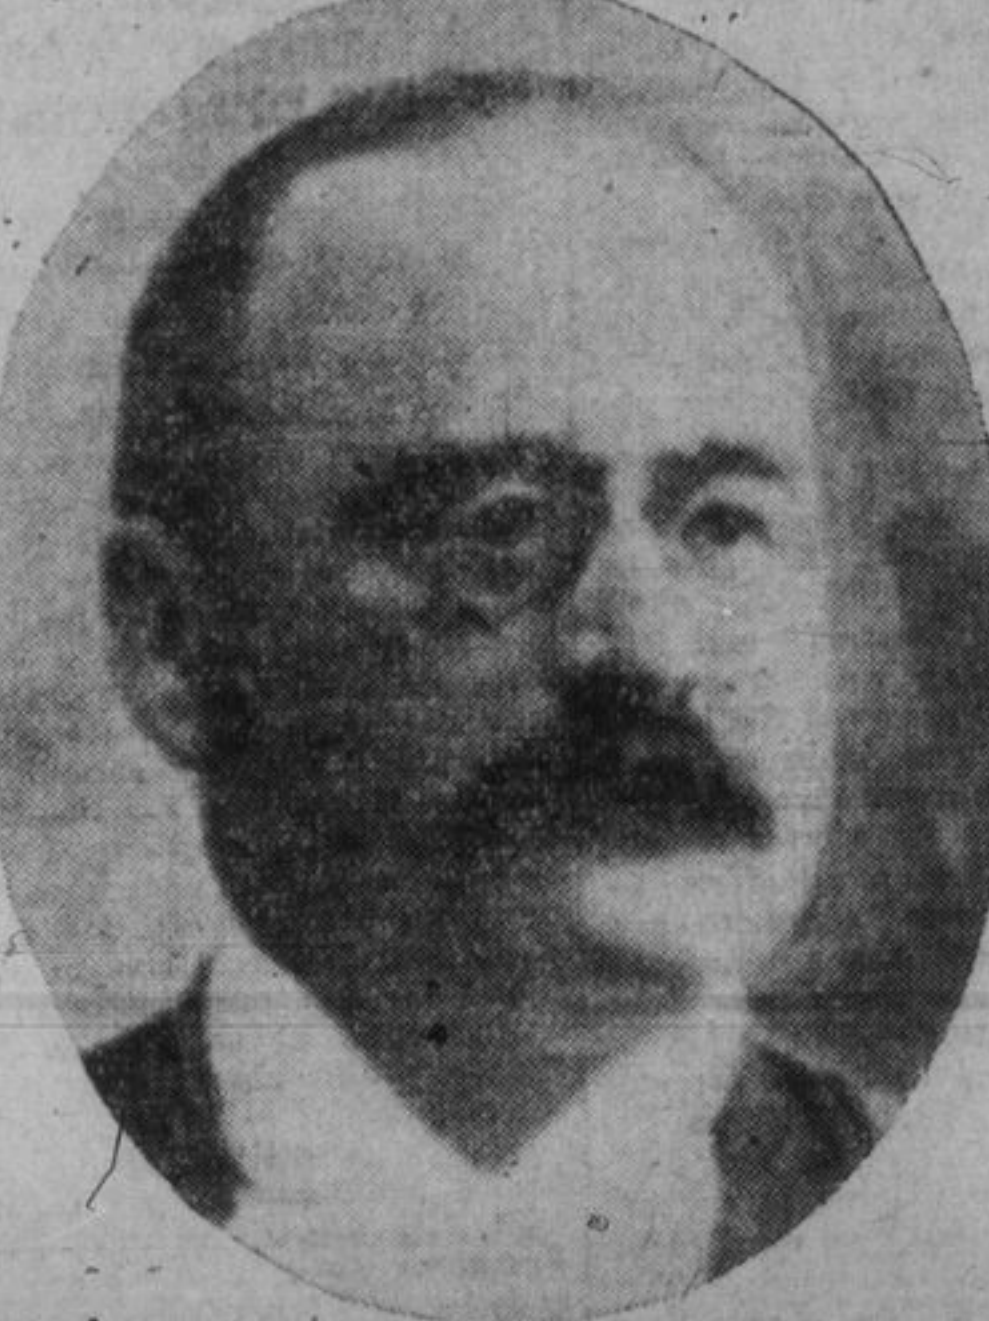

Married In St. George's.
Canon Grant officiated at a military wedding in St. George's cathedral on Tuesday afternoon, the contracting parties being Frederick Joseph Hager, driver of "B" Battery, and Miss Nora Evelyn Dolino, of this city. The groom was supported by a brother-in-law, A. Blakely, of "B" Battery, and the bridesmaid was Miss Lena Lloyd. The wedding was a pretty one.

Made Presentation.
A pleasant affair took place last evening at the gathering held by the Ladies' Aid of Cooke's church, when the ladies presented one of their members, Mrs. Ella Lennox, who is leaving shortly for Belleville, where she will reside, with a hand satchel. Mrs. Lennox has been a valued member of the Ladies' Aid and will be much missed in the church work in which she was always ready to lend a helping hand. Rev. Dr. McTavish made the presentation at the same time referring to the good work of Mrs. Lennox while she was identified with the society.

Had Arm Broken.
Samuel Treganna, a well-known farmer of Pittsford, met with a severe accident, and, as a result, had his right arm broken. Mr. Treganna was putting the milk cans in a rig when the horses started off and he was thrown out. He was able to get up and ran after the horses but did not know that his arm was broken until he endeavored to take hold of the lines. The injured man had the fracture set and was able to come into the city to-day. Mrs. Treganna is at present quite seriously ill, having been removed to the general hospital on Tuesday.

He Got In Wrong.
A good joke is being told, at the expense of one of the students attending Queen's. He made up his mind he would attend the Edith Miller concert, last night, but did not take the trouble to read the advertisement in the Whig, giving the time and place, for the event. Entertainments of such a character were usually held in the opera house, so, without making any inquiries whatever, he stepped into the Grand, purchased his ticket, and was comfortably seated in the balcony. His surprise, upon being introduced to "Tommy" Burns and "Jack" Johnson, in the fourteen-round contest, can well be imagined. He waited until about the fourth round, and then stepped quietly out. He tried to keep the joke a secret, but like all good things, it managed to leak out. The Edith Miller concert was on, at the city hall, but when the student got out of the opera house, he felt too cheap to go on farther.

DIED AT COLLIN'S BAY.

Daniel E. Grass, at Advanced Age.

One of the oldest residents of the township of Kingston passed away at Collins Bay early on Wednesday morning in the person of Daniel E. Grass. Deceased was born in the township of Littleton, over ninety-four years ago, and was a United Empire Loyalist. He lived in the vicinity of Kingston all his life, spending his last few years at the home of his granddaughter, Mrs. L. A. Wartman, Collins Bay. Up to the last Mr. Grass retained possession of all his faculties, and could hear and see well.

Mr. Grass was a well-to-do farmer, and lived to see many changes come and go, many friends pass away, but had the pleasure of having his grand children and great-grandchildren grow up around him. He was well known and had many friends, who are sorry to hear of his death. He was a Methodist in religion. He leaves two sons, Michael and Peter.

Pirates At The Bijou.
Almost the only pirates left in the western hemisphere are the fish pirates of America, but they are a desperate and lawless lot. To-day and to-morrow "The Fish Pirate's Daughter," a thrilling drama, is on at the Bijou. It is full of thrilling and exciting situations. There are two comedies, "The Wax Man and the Girl" and "The Professor and the Student Who Traded Souls." Illustrated songs,

KILLED ON RAILROAD.

James Currie Struck By Train—His Companion Back.

(Continued from Page 2.)

The companion of Currie arrived back this afternoon. His name is Hays, and his wife was Mrs. Currie's companion on her trip. Hays said that he and Currie left here to go to New York, and when walking along the tracks near Hudson, an express struck Currie and killed him instantly.

R. J. Reid, undertaker, received word from the coroner at Hudson that the remains would be brought here on payment of \$73. It is likely that they will have to be buried at Hudson, as the deceased's wife has no money.

Currie sold his furniture for \$50, and had over \$10 when he went away with Hays, last Friday. There should have been at least \$25 in his possession when he was killed. Before going away he boarded in a house on King street.

Mrs. Hays was also solicitous about her husband, who had departed with Currie, a week after their wives had taken their little joint abroad, without asking their husbands' leave. She declared if she could only find him she would never leave him again. Hays and his wife came here from Watertown last fall. Hays was anxious to get his wife back, but Currie was not.

Before he left Kingston the latter declared to his friends at the labor union rooms that he never wanted to see his wife again. He was anxious about placing his boy in safe hands. It was Currie's intention to get employment on a steamboat at his old trade of fireman.

MASSACRE OF CHRISTIANS

Has Been Renewed With Redoubled Vigor.

Constantinople, April 21.—The massacre of Christians, by fanatical Mohammedan hordes, has been renewed with redoubled fury throughout a large part of Asia Minor. Antioch and Biredjik, in the province of Aleppo, and Damascus, in Syria, are the new centres of the outrages. The entire province of Aleppo is in a panic and the few troops on hand are absolutely powerless to protect the people. Entire villages have been destroyed and burned and the foreign population is fleeing to the consulates for protection. The British cruiser Diana has landed a strong force at Alexandretta.

Conditions Are Better.

Niagara Falls, Ont., April 21.—The conditions in connection with Niagara's great ice glacier are slightly improved this morning. The south-east wind is assisting in holding back the ice and the upper river and Lake Erie ice, and the wind is assisting in holding back the ice and the upper river and Lake Erie ice, and the wind is assisting in holding back the ice and the upper river and Lake Erie ice.
